INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Field Payroll Retirement Plan
Gaithersburg, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed an audit of the accompanying financial statements of Field Payroll Retirement Plan, an employee benefit plan subject to the Employment Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(c) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise of the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of change in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to *29 CFR 2520.103-8* of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(c), our auditor need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding the assets held are prepared and certified by the bank or similar institution or insurance carrier in accordance with *29 CFR 2520.103-5* of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator of
Field Payroll Retirement Plan

Opinion (Cont.)

- the information in the financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Field Payroll Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Field Payroll Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Plan Administrator of
Field Payroll Retirement Plan

Auditor's Responsibilities for the Audit of the Financial Statements (Cont.)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Field Payroll Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Field Payroll Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Field Payroll Retirement Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

Note 1 - Description of Plan

The following description of the Field Payroll Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a safe harbor defined contribution plan covering employees of Field Payroll, LLC, DC Field Payroll, LLC, Special Services Patrol, Inc., Inwood House and DC Field Union Payroll, LLC (the Employers). All employees of the Employers who have reached age 21 and have completed 60 days of service shall be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of compensation, up to limits set by the Internal Revenue Service, as defined in the Plan. Participants direct the investment of their contributions into various options offered by the Plan. The Employers will make a safe harbor match equal to 100% of a participant's contribution on the first 4% of compensation. Contributions are subject to certain limitations. Total contributions made by the Employers for the years ended December 31, 2023 and 2022 were \$373,934 and \$390,555, respectively.

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the Participant's contributions and allocations of (a) the Employers' contribution and (b) Plan earnings or loss, and charged with an allocation of administrative expenses.

Earnings or losses shall be allocated to the participants in the same proportion that a participant's account bears to the total of all participants' accounts within the various investment funds.

Payment of Benefits

Upon termination of employment, retirement, death, or disability, participants will receive a lump sum payment of the employee's account balance. The participant, eligible spouse or beneficiary may also be eligible to elect a direct rollover of the vested account balance to an individual retirement account or another employer's plan.

Administrative Expenses

The costs of administering the Plan are partially paid for by the Plan and Plan Sponsor, Field Payroll, LLC. For the Plan years ended December 31, 2023 and 2022, the amounts paid by the Plan was \$105,254 and \$164,167, respectively.

Note 1 - Description of Plan (Cont.)

Vesting

Participants are fully vested immediately in their contributions and employer safe harbor match contributions, plus actual earnings thereon. For any additional discretionary employer matching contributions or employer nonelective contributions, vesting is according to the following schedule:

Years of Service (as defined by the Plan Document)	Percent Vested
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participant

Under certain circumstances, as outlined in the Plan document, the Plan allows employees to obtain loans from the Plan. All Plan assets were transferred to the Edgewood Management Corporation Retirement Plan before close of business on December 31, 2023.

Forfeited Accounts

Forfeitures resulting from terminated non-vested participants are used by the Employers to offset future matching requirements and to pay for Plan expenses. During the years ended December 31, 2023 and 2022, forfeitures used to reduce employer contribution were \$-0-. During the years ended December 31, 2023 and 2022 amounts used to pay for Plan expenses were \$16,475 and \$54,045, respectively. During the years ended December 31, 2023 and 2022, total forfeited non-vested accounts amounted to \$14,743 and \$83,659, respectively. The amounts available for future allocation at December 31, 2023 and 2022 are \$-0- and \$202,896, respectively. During the year ended December 31, 2022, the Employers made a discretionary match contribution totaling \$119,000 that was allocated to participant accounts in the following year. The discretionary match contribution was paid for in the following year using available forfeiture account balance as of December 31, 2022. The employer contributions are recognized on the financial statements net of forfeitures and therefore no amount of discretionary match is reflected on the financial statements as of December 31, 2022.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America. This basis of accounting involves the application of accrual accounting; consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

Note 2 - Summary of Accounting Policies (Cont.)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value investments. All Plan assets were transferred to the Edgewood Management Corporation Retirement Plan before close of business on December 31, 2023.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions and Related Receivables

Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from the amounts paid. The Employers discretionary match and profit sharing contributions are recorded in the year in which the Employers designated the contributions. All participant and employer contributions are participant-directed. The Plan administrator evaluates employer contributions receivable periodically for potential uncollectible amounts based on the likelihood of collection. The Plan administrator has determined that all participant and employer contributions receivable are fully collectible; consequently, no amount has been recorded as an allowance for doubtful accounts in the accompanying statement of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid. Benefits paid to participants amounted to \$2,756,345 and \$2,035,039 for years ended December 31, 2023 and 2022, respectively.

NOTES TO FINANCIAL STATEMENTS (Cont.)
December 31, 2023 and 2022

Note 2 - Summary of Accounting Policies (Cont.)

New Accounting Pronouncements

In June 2016, the FASB issued *ASU 2016-13, "Financial Instruments – Credit Losses"* (Topic 326) which significantly changed how entities will measure credit losses for most financial assets and certain other instruments that aren't measured at fair value through net income. The most significant change in this standard is a shift from the incurred loss model to the expected loss model. Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing an entity's exposure to credit risk and the measurement of credit losses. Financial assets held by the Plan that are subject to the guidance in *FASB ASC 326* were employer contributions receivable and participant contributions receivable.

The Plan adopted the standard effective January 1, 2023. The impact of the adoption was not considered material to the financial statements and primarily resulted in new and enhanced disclosures only.

Plan Merger

On December 21, 2023, the Board of Trustees of Field Payroll, LLC (the Employer), approved the merger of this Plan into the Edgewood Management Corporation Retirement Plan, effective December 31, 2023. As a result, all investments were transferred from the Plan into the Edgewood Management Corporation Retirement Plan on that date.

Note 3 - Information Prepared and Certified by Custodian

Investment Data

John Hancock Life Insurance Company, USA was the Custodian of the Plan for the years ended December 31, 2023 and 2022. All data contained in the Statements of Net Assets Available for Benefits and Statements of Changes in Net Assets Available for Benefits was summarized from information supplied and certified as complete and accurate by the Custodian of the Plan.

 December 31, 2023 and 2022

Note 4 - Fair Value Measurements

The Plan’s investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ASC 820-10 Fair Value Measurements establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in valuation technique or inputs.

Under *FASB ASC 820* the fair value of certain investments may be measured using the net asset value (NAV) per share (or its equivalent). Such investments are not classified in the fair value hierarchy. The table below presents the balances of assets measured using the net asset value per share (or its equivalent) as of December 31:

	2023	2022
Investments measured at net asset value:		
Pooled separate accounts	\$ -	\$ 12,101,477

Field Payroll Retirement Plan
 NOTES TO FINANCIAL STATEMENTS (Cont.)
 December 31, 2023 and 2022

Note 4 - Fair Value Measurements (Cont.)

In accordance with the fair value measurements and disclosure guidance, the following table presents the category, fair value, unfunded commitments, redemption frequency, and redemption notice period for the Plan investments, the fair value of which is estimated using the net asset value per share are as follows:

Category	December 31, 2023	December 31, 2022	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts (a)	\$ -	\$ 12,101,477	-	Daily	None

(a) The pooled separate accounts are investments represented by a unit of account whose per unit value is the result of the accumulated values of the underlying investments. The underlying investments are public investment vehicles valued using NAV per share. The NAV is based upon the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Employers has the right under the Plan to discontinue at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net value of each participant's account would be distributed in accordance with the Plan's provisions.

Note 6 - Reportable Transactions

A reportable transaction is a transaction, or series of transactions, exceeding five percent of the current value of the Plan's assets at the end of the year. During the Plan years ended December 31, 2023 and 2022, there were no reportable transactions.

Note 7 - Related Party Transactions

John Hancock Life Insurance Company, USA is the Custodian for all investments offered to Plan participants. Among the investment choices are units of registered investment company funds managed by John Hancock Life Insurance Company, USA. Therefore, these transactions qualify as party-in-interest transactions. Field Payroll Retirement Plan
NOTES TO FINANCIAL STATEMENTS (Cont.)
December 31, 2023 and 2022

Note 8 - Income Taxes

The Plan is a qualified prototype plan under Section 401(a) and 401(k) of the Internal Revenue Code (IRC) and is exempt from federal income taxes under provision of Section 501(a) of the IRC. The Plan obtained its latest determination letter on November 30, 2020. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 - Subsequent Events

The Plan has evaluated the impact of significant subsequent events. Except as disclosed below, there have been no subsequent events through October 9, 2024, the date the Plan's financial statements were available to be issued, that require recognition or disclosure.
