Independent Auditor's Report

**To the Board of Trustees
Connecticut Distributors, Inc. 401(k) Profit Sharing Plan
333 Lordship Boulevard
Stratford, CT 06615**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Connecticut Distributors, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Connecticut Distributors, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Connecticut Distributors, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the

audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Connecticut Distributors, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Connecticut Distributors, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Connecticut Distributors, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at end of year and the schedule of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CONNECTICUT DISTRIBUTORS, INC.
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

1. DESCRIPTION OF PLAN

The following description of Connecticut Distributors, Inc. 401(K) Profit Sharing Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

- A. General - The plan is a 401(k) plan (i.e. a defined contribution plan) which covers all employees of Connecticut Distributors, Inc. (the Employer) other than those under a collective bargaining agreement, nonresident aliens without United States source earned income from the Employer, leased employees and interns. Participants may enter the plan on the first day of the month following their reaching eligibility. Prior to April 1, 2022, participants were automatically enrolled in the plan at a 2% contribution once eligibility is reached unless they opt out of the plan. As of April 1, 2022, participants will not be automatically enrolled into the plan upon reaching eligibility (Note 2). The Plan was adopted in 1985. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- B. Contributions - Each participant may elect to contribute up to 80% of their compensation, as defined by the Plan and within IRS limitations, as either pre-tax or Roth contributions. The employer is required to make a safe harbor matching contribution equal to the sum of 100% of the portion of the participant's salary reduction, not to exceed 5% of the participant's compensation. Rollovers and catchup payments are allowed by the plan but are not matched by the employer. The employer may also make a discretionary profit-sharing contribution which is allocated based on the ratio that each participant's compensation bears to the total compensation of all participants. Only participants who are employed on the last day of the plan year are eligible to receive the discretionary profit-sharing contribution. Forfeitures of terminated participant's non-vested accounts may be used to reduce the employer's required matching contribution. Total Employer contributions for the years ending December 31, 2023 and 2022, totaled \$1,009,224 and \$991,797, respectively.
- C. Participant Accounts - Each participant account is credited or charged with the participant's elective contribution, the employer matching contribution and an allocation of the employer discretionary contribution, and individual account earnings or losses, and an allocation of administrative expenses. Allocations are based on participant earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.
- D. Vesting - Participants are immediately vested in their elective contributions and related earnings and in the employer safe harbor matching contributions and related earnings. Vesting in the employers' discretionary contributions and related earnings is based on years of continuous service by which vested amounts increase by 20%

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

1. DESCRIPTION OF PLAN - (Continued)

for each continuous year until the fifth year of service is completed. A participant is 100% vested after five years of service.

- E. Notes Receivable from Participants – Participants may borrow from their investment accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance, reduced by any outstanding loan balance, or \$50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. The loans are secured by the balance in the participant's account and bear interest at 4.25%-9.50% for the years ended December 31, 2023 and 2022. Principal and interest is paid ratably through bi-weekly payroll deductions.
- F. Investment Option – Upon enrollment in the Plan, the participants direct the investment of 100% of the contributions in accordance with The Ascensus Trust Company basic qualified plan document. Participants may change their investment options periodically.
- G. Plan Benefits – Participants are entitled to a lump sum distribution of their vested employer profit sharing contributions account balance at 59 ½. Participants are entitled to a lump sum distribution of their entire vested account balance at the Plans normal retirement age (65). A participant whose employment with the Organization terminates for reasons other than retirement, death or disability shall be entitled to receive the vested value of their account in a lump sum distribution, through installment payments, or through ad-hoc distributions. Balances of \$5,000 or less will be treated as cash out balances and be required to be cashed out. The participants are entitled to take in service withdrawals which includes rollovers to other plans.
- H. Forfeited Accounts – For the year ending December 31, 2023, forfeitures of \$29 from nonvested accounts had occurred with an ending forfeiture balance of \$56. In 2023, plan expenses were not reduced by forfeited funds. For the year ending December 31, 2022, forfeitures of \$42 from nonvested accounts had occurred with an ending forfeiture balance of \$27. In 2022, plan expenses were reduced by \$5,410 of forfeited funds.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value with

the exception of fully benefit-responsive investment contracts, when present, which are required to be reported at contract value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, including contingent assets and liabilities, when applicable. Accordingly, actual results may differ from those estimates.

Investment Valuation – The Plan's investments, with the exception of fully benefit responsive contracts, when present, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Excess Contributions- Amounts in excess of the IRS limits are distributed to participants by the plans year end. The plan distributed the 2023 excess to the applicable participants prior to December 31, 2023

Payment of Benefits – Benefits to Participants are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the employer. Expenses paid by the employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's accounts and are included in administrative expenses. Certain participant-initiated transaction fees may apply to participant transactions and are charged to the participants account. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Plan Restatement – The IRS requires plans to be restated from time to time, allowing for incorporation of any current regulations. The Plan was restated and the restatement effective November 15, 2021. As such, the Plan is in compliance with the requirements for periodic restatement. There were no significant changes to the terms of the adoption agreement for the plan following the restatement.

The Plan was further amended on April 1, 2022, with the most significant change being the reduction in the automatic deferral percentage as discussed in Note 1.

New Accounting Pronouncements - The management of the Plan has reviewed ASC 326 as prescribed by the AICPA and has concluded that all receivables to the plan have no significant risk of loss under the plan document, and as such, the pronouncement has no economic impact to the plan.

Subsequent Events – There were no material subsequent events in relation to the Plan. Subsequent events were evaluated through October 8, 2024 which is the date the financial statements were available to be issued.

3. INVESTMENTS

Fair value is defined as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date. When determining fair value, the Plan considers the principal or most advantageous market in which the Plan would transact, and the Plan considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, redemption restrictions, and risk of non-performance.

In addition to determining fair value, the Plan is required to establish a fair value hierarchy for valuation inputs. The hierarchy prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of the three levels, which is determined by the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1 — unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2 — quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means;

Level 3 — unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of assets or liabilities.

3. INVESTMENTS (Continued)

Below is a description of the valuation methodologies used for the fair value measurements. The Plan's investments are reported at fair value in the accompanying statement of net assets available for plan benefits. For the plan year ending December 31, 2023, \$309,321 of investments were assessed as Level 2. Some of these investments were previously part of the

Level 1 investments in the prior period. Other than above no material transfers occurred between Level 1, Level 2, or Level 3 investments during the plan year ending December 31, 2023.

Input levels by investment category are as follows:

Fair Value Measurements Using:

	Fair Value	(Level 1)	(Level 2)
December 31, 2023:			
Registered Investment Companies	\$ 34,783,388	\$ 34,783,388	\$ -
Money Market Funds	442,772	442,772	-
Self-Directed Brokerage Accounts	309,321	-	309,321
Total Investments	<u>\$ 35,535,481</u>	<u>\$ 35,226,160</u>	<u>\$ 309,321</u>

Total Investments	<u>\$ 29,183,103</u>	<u>\$ 28,935,039</u>	<u>\$ 248,064</u>

Registered Investment Companies – These accounts represent publicly traded mutual funds and cash equivalents issued by registered investment companies. They are actively traded on public exchanges and shown at their fair market value at the end of any given day. A schedule of the various funds, which is not a required part of the financial statements, is attached as supplemental information to this report as required by ERISA.

For the plan year ending December 31, 2023 and 2022, one participant chose to use the self-directed investment fund option, as permitted by the plan, which is maintained and managed by a custodian as directed by a participant. As these assets are composed of investments with observable quoted prices but are not, themselves, openly traded assets they have been assessed as a level 2 investment. These investments are included in the certified plan assets (Note 6).

4. FEDERAL INCOME TAX STATUS

The Plan has adopted a prototype “standardized” plan and the prototype sponsor has received an advisory letter from the Internal Revenue Service, dated June 30, 2020, indicating that the Plan is a qualified plan meeting the requirements of applicable sections of the Internal Revenue Code. Accordingly, Plan management believes the Plan is currently designed and operates in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Employee benefit plans are subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress for the Plan. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of a plan termination, participants will become 100% vested in their accounts.

5. INVESTMENTS CERTIFIED BY PLAN TRUSTEE (UNAUDITED)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained for the plan years ending December 31, 2023 and 2022 certifications from Ascensus LLC. (as agent of the trustee Ascensus Trust Company). The following data included in the accompanying financial statements, supplemental schedules, and contracts are certified as complete and accurate.

7. RISKS AND UNCERTAINTIES

The participants, through the Plan, invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. CHANGE IN RECORD KEEPER AND TRANSFER OF ASSETS

During the plan year ending December 31, 2020 the Plan changed record keepers and transferred the assets held by the prior trustee to a new trustee associated with the new record keeper. All plan assets were transferred during the month of March 2020. Adoption of a new prototype plan document was made, with all major terms and requirements materially the same as the preceding prototype plan.

In relation to the transfer, the participant loans received by the new record keeper were recorded at an amount \$71,166 larger than the plan level participant loan balances transferred out by the preceding record keeper. The difference relates specifically to two participants who's loans in the aggregate amount to \$32,673. These amounts were tax reported in prior years and recorded as distributed on the plan level but were maintained on the participants loan schedules due to the potential for them to be paid back with "phantom interest" as prescribed in IRC 72(p).

From the date of the transfer, one of the two participants repaid their offset loan in order to take out a new participant loan, as is appropriate per IRC 72(p). The plan level records still show the total unrepaid balance and cumulative remaining correction amount in the plan level loan balance. The remaining balance due is properly notated on the participant level, and as the remaining loan has already been reported as a taxable distribution, it is adjusted from the plan level assets to arrive at the assets reported on the plans 5500 (Note 6).

The plan administrator has evaluated the effects of the above-mentioned error in light of the following circumstances. The above error occurred during a non-recurring transfer of assets to the new record keeper. The remaining effects of the error are limited to one participant whose loan was uniquely maintained under certain provisions of IRC 72(p) and is properly notated in the participant level loan schedule. Lastly, the remaining net amount of \$29,962 related to this event and adjusted to arrive at the 5500 reported balances, is not considered material in regard to the plan as a whole. As such, the plan administrator maintains that the plan is correct and accurate in all material respects.
