INDEPENDENT AUDITOR'S REPORT

October 10, 2024

To the Plan Administrator and Management of the
Knorr Brake 401(k) Retirement and Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Knorr Brake 401(k) Retirement and Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Knorr Brake 401(k) Retirement and Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Knorr Brake 401(k) Retirement and Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Knorr Brake 401(k) Retirement and Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Knorr Brake 401(k) Retirement and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Knorr Brake 401(k) Retirement and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedule Required by ERISA (Continued)

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KNORR BRAKE 401(k) RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

1. DESCRIPTION OF PLAN

The following description of the Knorr Brake 401(k) Retirement and Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, as defined under Section 401(k) of the Internal Revenue Code (“IRC”), and has been established by New York Air Brake, LLC (the “Company”) for the benefit of related employers: New York Air Brake, Knorr Brake Corporation, Anchor Brake Shoe Company and Knorr Bremse EVAC, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Board of Directors is responsible for the oversight of the Plan. The 401(k) Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Board of Directors.

Eligibility

All fulltime, permanent employees are eligible to participate in the elective deferral, employer matching, safe harbor non-elective, and fixed non-elective features of the Plan upon their date of hire. To become eligible to participate in the employer discretionary contribution, a participant must be employed on the last day of the Plan year.

Participant Contributions

Participants may contribute tax-deferred dollars through payroll deductions (elective deferral contributions) equal to the lesser of 60% of eligible compensation or \$22,500 and \$20,500 into the Plan for 2023 and 2022 respectively. In addition, participants have the option to elect to have after-tax contributions made to the Plan. After-tax contributions are included in a participant’s taxable gross income for the year in which the contribution is made. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, as defined by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (participant rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated default fund, which is based on the participant’s expected retirement date, until changed by the participant. The automatic deferral rate is increased annually by 1% until the participant reaches a 8% deferral rate.

Company Contributions

In 2023 and 2022, the Company made matching contributions equal to 50% of the first 6% of participant elective deferrals, elected to make an employer safe harbor non-elective contribution of 3% of participants’ eligible compensation, as defined by the Plan, and elected to make an employer fixed non-elective contribution of 3% of participants’ eligible compensation, as defined by the Plan. In addition, the Company, at the discretion of its Board of Directors, may also contribute to the Plan additional discretionary contributions for all eligible participants. In 2023 and 2022, the Company’s discretionary contribution was 3% of an employee’s eligible compensation. Contributions are subject to certain limitations determined by the IRS.

1. DESCRIPTION OF PLAN (Continued)

Company Contributions (Continued)

Total company contributions for the year ended December 31:

	<u>2023</u>	<u>2022</u>
Matching contributions	\$ 2,092,764	\$ 1,750,928
Employer safe harbor non-elective contribution	2,457,195	2,106,574
Employer fixed non-elective contribution	138,560	118,185
Company's discretionary contribution	<u>2,428,052</u>	<u>2,181,012</u>
	<u>\$ 7,116,571</u>	<u>\$ 6,156,699</u>

Participant Accounts

Each participant's account is credited with the participant's and Company's contributions and an allocation of Plan earnings/losses and is charged an allocation of administrative expenses. Allocations are based on the ratio of each participant's account balances to the total account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their elective deferral and rollover contributions plus actual earnings thereon. Vesting in the Company's matching, safe harbor non-elective, fixed non-elective and discretionary contributions portion of the participants' accounts is based on years of credited service, as defined by the Plan. A participant is 100% vested in the Company's matching and discretionary contributions after 5 years of credited service (20% per year). Certain groups of employees have different vesting schedules according to prior plans merged in the Plan, see plan documents for additional information.

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$1,000 with the maximum amount being the lesser of 50% of the vested account balance or \$50,000 reduced by the highest outstanding loan balance at any time in the prior twelve month period. The loans are secured by the balance in the participant's account and bear interest at a fixed rate determined by the Plan Administrator, usually the Prime Rate plus 1%. Interest rates of outstanding loans ranged from 4.25% to 9.5% at December 31, 2023. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the loan is for the purpose of acquiring a principal residence then the maximum period shall be 15 years. Participants are permitted to have only one loan outstanding at a time and may only apply for one loan each calendar year.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or installment payments.

Benefit payments from the Plan will be made in a lump sum distribution if the balance is less than \$1,000 and the participant does not direct the Plan otherwise. If a participant's vested account balance is between \$1,000 and \$5,000, and the participant fails to make a distribution election, a lump-sum amount will be rolled over to an individual retirement account without their consent.

Hardship withdrawals are permitted in the event of immediate and heavy financial need after the participant has exhausted all participant loan efforts. Participants may elect to receive a hardship withdrawal in an amount equal to the value of their elective deferral contributions.

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits (Continued)

In-service withdrawals are permitted for participants that are age 59 ½ or older.

Investment Options

Investments held and maintained by Fidelity Management Trust Company. Contributions are invested, at the discretion of the participant, in one or a combination of available investment options.

Forfeitures

Company contributions which have been forfeited by employees upon termination are used to reduce the Company's contributions. In 2023 and 2022, Company contributions were reduced by \$478,553 and \$1,079,241, respectively, from forfeited nonvested accounts. Forfeiture account balances totaled \$238,911 and \$240,509 at December 31, 2023 and 2022, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and qualified institutions.

Purchases and sales of shares of securities are recorded on a settlement-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Notes Receivables from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. The Company can elect to pay certain administrative costs from forfeited nonvested accounts which are also included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Fair Value Measurement - Definition and Hierarchy

Financial Accounting Standards Board (FASB) *Accounting Standard Codification (ASC) 820, Fair Value Measurements*, provides the framework for measuring fair value and disclosing fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the ASC 820 hierarchy is provided in Note 3. There were no transfers between levels of the fair value hierarchy during 2023 or 2022.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

3. FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- *Mutual funds*: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The shares held in mutual funds by the Plan are deemed to be actively traded.
- *Interest-bearing cash*: the fair value of interest-bearing cash approximates carrying value due to the nature of the instrument.

The following is a description of the valuation methodologies used for assets and liabilities for which fair values are estimated using the net asset value (NAV) practical expedient:

- *Common collective trust funds*: valued at the NAV provided by the manager of the fund. The NAV is calculated as the underlying net assets owned by the fund, divided by the number of units outstanding. The NAV is based on the fair value of the underlying securities within the fund.

The preceding method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by Level, within the fair value hierarchy, the Plan's investments at fair value.

Fair value measurement at December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$50,481,181	\$ -	\$ -	\$ 50,481,181
Interest-bearing cash	<u>9,125,167</u>	<u>-</u>	<u>-</u>	9,125,167
	<u>\$59,606,348</u>	<u>\$ -</u>	<u>\$ -</u>	
Investments using NAV as practical expedient (a)				<u>133,551,757</u>
				<u>\$193,158,105</u>

Fair value measurement at December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 46,659,117	\$ -	\$ -	\$ 46,659,117
Interest-bearing cash	<u>9,185,166</u>	<u>-</u>	<u>-</u>	9,185,166
	<u>\$ 55,844,283</u>	<u>\$ -</u>	<u>\$ -</u>	
Investments using NAV as practical expedient (a)				<u>111,697,237</u>
				<u>\$167,541,520</u>

3. FAIR VALUE MEASUREMENTS (Continued)

- (a) In accordance with Subtopic 820-10 certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments measured Using the Net Asset Value Per Share Practical Expedient

The following table summarizes investments measured at fair value based on net asset value (NAVs) per share practical expedient as of December 31, 2023 and 2022.

<u>Investment</u>	<u>2023 Fair Value</u>	<u>2022 Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common collective trust funds	\$133,551,757	\$111,697,237	\$ -	Daily	None

The common collective trust funds provide for the payment of certain withdrawals and exchanges at contract value subject to certain restrictions. Withdrawals prompted by certain events may be paid at the fair market value of the Fund, which may be less than the contract value. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at fair value with participants are probable of occurring.

4. CERTIFIED INVESTMENTS

The Plan Administrator has obtained certifications from Fidelity Management Trust Company ("Fidelity"), the trustee, that states that the following information is complete and accurate as of and for the years ended December 31:

	<u>2023</u>	<u>2022</u>
Statements of net assets available for benefits:		
Mutual funds	<u>\$ 50,481,181</u>	<u>\$ 46,659,117</u>

Schedule of Assets (Held at End of Year)

Schedule I

5. PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Investment fees paid by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments within the statements of changes in net assets available for benefits.

5. PARTY IN INTEREST TRANSACTIONS (Continued)

Fidelity provides certain administrative services to the Plan pursuant to a Retirement Plan Service Agreement between the Plan Sponsor and Fidelity. Fidelity receives revenue from the investment service providers for services Fidelity provides to the investment funds.

In addition, the Plan issues notes receivable to participants, which are secured by the balances in the participants' account. Therefore, these related transactions qualify as party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company matching, safe harbor non-elective, fixed non-elective, and discretionary contributions.

7. INCOME TAX STATUS

The Internal Revenue Service (the "IRS") has determined and informed by letter for the non-standardized pre-approved profit-sharing plan adopted by the plan, dated June 30, 2020, that the non-standardized plan is designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). The Plan has not requested its own determination letter from the IRS. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

While total net assets available for benefits and total changes in net assets available agree between the financial statements and Form 5500 for 2023 and 2022, certain classifications differ between the financial statements and Form 5500.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 10, 2024, which is the date the financial statements were available to be issued.
