Independent Auditor's Report

Participants, Trustees and Administrative Committee
Morgan Murphy Media Savings & Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Morgan Murphy Media Savings & Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Morgan Murphy Media Savings & Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Morgan Murphy Media Savings & Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established on January 1, 1980, covering substantially all employees of the participating employers who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Trustees and Administrative Committee determine the appropriateness of the Plan's investment offerings and monitor investment performance.

The participating employers include Evening Telegram Company, Spokane Television, Inc., Television Wisconsin, Inc., Apple Valley Broadcasting, Inc., QueenB Television, LLC, QueenB Radio, Inc., QueenB Radio Wisconsin, Inc., QueenB Television of Kansas/Missouri, LLC, QueenB Television of Texas, Digital Buzz, LLC, and Madison Magazine, Inc. (collectively, the Company). Effective February 1, 2024, Queen Bee's Knees, LLC was added as a participating employer of the Plan.

An employee becomes eligible to participate in the elective deferral portion of the Plan once he or she attains age 21 and completes 60 days of service. Plan entry dates for the elective deferral portion of the Plan is the first of the month following the date the employee meets the eligibility requirements.

To be eligible to participate in the Company matching and profit sharing contribution portion of the Plan, an employee must attain age 21, complete 12 months of service, complete at least 1,000 hours of service during the plan year and be employed on the last day of the plan year unless termination is due to death, disability or retirement. The Plan entry date for Company matching and profit sharing contributions is the first of the month preceding the date an employee meets the eligibility requirements.

Contributions: Participants are permitted to make pre-tax and Roth contributions subject to Internal Revenue Code (IRC) limitations. Participants are subject to an automatic deferral amount which will require 4% of compensation to be withheld pre-tax unless the participant elects a contrary election. Notwithstanding any of the foregoing, a participant may elect to defer 0%. Participants contributing less than 4% of compensation and those participants subject to automatic deferrals will have their deferral percentage escalated 1% per year up to a maximum of 10% unless the participant elects a contrary election. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company elected to contribute a match of 75% of up to 4% of participants' eligible compensation for 2023 that totaled approximately \$707,900.

In addition, each participating Company may also make discretionary profit sharing contributions. The Company may elect to make a profit sharing contribution to the employees of specific participating employers equal to a percentage of participants' eligible compensation. In 2023, the Company elected not to make a profit sharing contribution.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contributions and (b) plan earnings and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of continuous service. Contributions made by the Company become 100% vested after three years of credited service.

Notes receivable from participants: Participants may borrow from their accounts amounts which do not exceed the lesser of: (a) 50% of the participant's vested account balance or (b) \$50,000 as aggregated with all the participant's loans, reduced by the participant's highest outstanding note balance during the 12-month period ending on the date of the new note. A participant may not request a new note for less than \$1,000. Notes are secured by the balance in the participant's account or other collateral that the Trustee accepts and finds to be adequate. The interest rate charged is 1% over the prime interest rate at the time the note is executed. Notes may not exceed five years unless the purpose of the note is to acquire a primary residence. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: Upon termination of employment for any reason, a participant may elect to receive their vested account balance either in a lump sum distribution, installment or a single sum distribution of a portion of their vested account balance. A participant who has attained age 59 and one half, but who has not terminated employment, is entitled to have the whole or any part of their accounts paid to him or her. A participant who has not terminated employment and has not attained age 59 and one half shall be permitted to make cash withdrawals to meet certain financial hardships. Contributions are no longer required to be suspended upon receiving a hardship distribution.

When a participant's account value is less than \$1,000, the Plan Administrator shall provide for the payment of such to the participant in a lump sum within a reasonable time following termination.

Investment options: Participants may invest their account balances into a variety of investment options offered by the Plan. Participants may change their investment options daily.

Forfeited accounts: At December 31, 2023 and 2022, forfeited non-vested accounts totaled approximately \$10,800 and \$13,000, respectively. These accounts will be used to reduce future employer contributions. In 2023, Company contributions were reduced by approximately \$11,500 from forfeited non-vested accounts. In addition, approximately \$8,900 was used subsequent to December 31, 2023 to reduce the Company contribution receivable.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees and Administrative Committee determine the Plan's valuation policies utilizing information provided by the investment custodian and insurance company. See Note 4 for discussion of fair value measurements.

Note 2. Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document.

Contributions: Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which participant compensation is earned.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Plan administrative expense can be paid by either the Plan or the Company.

Subsequent events: Plan management has evaluated subsequent events through October 9, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Custodian

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included in the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by provided by Empower Trust Company, LLC (Empower), the custodian of the Plan and a qualified institution.

	2023	2022
Investments, at fair value:		
Shares of registered investment companies	\$ 44,004,218	\$ 34,018,729
Collective investment trusts	16,882,500	15,872,816
Notes receivable from participants	245,853	288,517

Empower also certified to the completeness and accuracy of \$7,741,601 of net appreciation in the fair value of investments, \$1,186,987 of interest and dividends, and \$14,633 of interest income on notes receivable from participants related to the aforementioned Plan assets for the year ended December 31, 2023.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Morgan Murphy Media Savings & Profit Sharing Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Shares of registered investment companies: Shares of registered investment companies, other than the Empower Funds Inc. funds, are valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price and are deemed to be actively traded. The Empower Funds, Inc. funds are reported at NAV based on unit prices provided by the fund's sponsor representing the fair value of the fund's underlying assets. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Collective investment trusts: The collective investment trusts are composed primarily of fully benefit-responsive investment contracts and are valued based on the NAV of units of the collective investment trusts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trusts less their liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2023 and 2022:

	Total	2023		
		Level 1	Level 2	Level 3
Shares of registered investment companies	\$ 41,527,267	\$ 41,527,267	\$ -	\$ -
Investments measured at NAV (a)	19,359,451			
Investments at fair value	<u>\$ 60,886,718</u>			

	Total	2022		
		Level 1	Level 2	Level 3
Shares of registered investment companies	\$ 31,974,008	\$ 31,974,008	\$ -	\$ -
Investments measured at NAV (a)	17,917,537			
Investments at fair value	<u>\$ 49,891,545</u>			

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to the total net assets available for benefits. For the year ended December 31, 2023, there were no transfers in or out of Level 3.

- (b) The investment seeks to preserve principal and achieve high current income through a diversified portfolio of high-quality investment contracts. To implement this objective, the investment invested in the Putnam Stable Value Fund.

Morgan Murphy Media Savings & Profit Sharing Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

- (c) The investment seeks to outperform the MSCI Emerging Markets Index on an absolute and risk-adjusted basis over a three- to five-year period on a cumulative basis by employing a bottom-up, benchmark agnostic approach.

Note 5. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Empower Funds, Inc., which is an affiliated company with Empower. In addition, Empower Annuity Insurance Company of America, which is another affiliated company of Empower, provides recordkeeping services to the Plan. Empower is a custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2023, fees of approximately \$179,900 were paid to Empower.

Certain administrative functions are performed by officers or employees of the Company for which no compensation is received from the Plan. Additionally, the Company pays certain administrative expenses of the Plan.

Note 6. Income Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service dated November 14, 2022, stating that the form of the preapproved plan document was in compliance with applicable requirements of the IRC. The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their account.

Note 8. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
