Independent Auditors' Report

To the Plan Administrator and Plan Participants of
Nature's Way Retirement Plan
Pittston, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Nature's Way Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2023 and the related notes to the financial statements (modified cash basis).

Management, having determined it is permissible in the circumstances, has elected to have the audits of Nature's Way Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly in all

material respects, in accordance with the modified cash basis of accounting described in Note 2.

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Nature's Way Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter- Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in

accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Nature's Way Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Nature's Way Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (held at end of year) (modified cash basis) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such

information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
(MODIFIED CASH BASIS)
YEAR ENDED DECEMBER 31, 2023
(WITH COMPARATIVE INFORMATION AT DECEMBER 31, 2022)

NOTE 1 Description of Plan

The following description of the Nature's Way Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Nature's Way Purewater System, Inc. (the Company), except for those identified in the Plan adoption agreement, who have three months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants direct the investment of their account. The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Change in trustee

Advisor Trust, Inc. (the predecessor trustee) was the trustee of the Plan's assets as of December 31, 2022 and for the period January 1, 2023 through April 30, 2023.

As of May 1, 2023, Principal Life Insurance Company and Principal Trust Company (the successor trustee) was appointed the trustee of the Plan.

The trustees held and managed the Plan assets subject to the direction of the Plan administrator and Plan participants, for the respective periods as discussed above.

Contributions

Each year, participants may contribute up to 100% of their annual compensation, as defined in the Plan. The Plan also allows for participant contributions on a Roth basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Effective January 1, 2023, the Company makes a safe harbor contribution based on a discretionary formula of matched employee contributions. For the 2023 plan year, the employer contribution was equal to 100% of elective deferrals up to 4.50% of employee compensation. The Company may elect to make a nonelective contribution to the Plan. There was no nonelective contribution in 2023. Prior to January 1, 2023, the Company made matching contributions based on a discretionary formula of matched employee contributions. Contributions are subject to certain IRS limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, including rollovers, and company matching contributions, safe harbor contributions, and nonelective contributions, if any, and an allocation of any (a) plan earnings (losses) and (b) forfeitures of terminated participants' non-vested accounts and (c) administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account balance.

NATURE'S WAY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

YEAR ENDED DECEMBER 31, 2023
(WITH COMPARATIVE INFORMATION AT DECEMBER 31, 2022)

Vesting

Participants are immediately vested in their elective contributions, safe harbor contributions, rollovers, plus actual earnings thereon.

Vesting in the matching and nonelective contribution portion of their accounts plus earnings thereon is as follows:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 but less than 6	100%

Payment of benefits

Withdrawals are allowed under the following circumstances:

(a) termination of employment, (b) retirement, (c) disability, and (d) death. In-service distributions due to hardships and attainment of age 59 ½, as defined, are also permitted. Distributions under the Plan are payable at the election of participants (or their beneficiaries in the case of death during active employment) in one lump-sum payment.

Forfeited accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture. Forfeitures are used in any permissible method (restore forfeitures, reduce Company contributions (or reallocate as Company contributions) or to pay Plan expenses, as defined.

SECURE 2.0 Act

President Biden signed the Consolidated Appropriations Act (CAA), including the SECURE 2.0 Act, into law on December 29, 2022. SECURE 2.0 builds on changes made by the SECURE Act of 2019 and the Plan document has been amended for provisions required to be effective in 2023 and will be amended in accordance with the required timeline of the act to meet the applicable provisions effective after December 31, 2023.

NOTE 2 Summary of significant accounting policies

Basis of accounting

The Plan's policy is to prepare its financial statements on the modified cash basis of accounting; consequently, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred. However, certain investments are adjusted to fair value under the modified cash basis of accounting and investment income is recorded on the modified cash basis of accounting.

NATURE'S WAY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

YEAR ENDED DECEMBER 31, 2023
(WITH COMPARATIVE INFORMATION AT DECEMBER 31, 2022)

Use of estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions. Such estimates and assumptions affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and recordkeeper. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The following table presents investments at December 31 that represent 10% or more of the Plan's net assets:

	2023	2022
Vanguard 500 Index	\$ 502,378	n/a
Principal Fixed Income Guranteed Option	341,944	n/a
Vanguard Target Retirement 2035 Inv	n/a	\$ 307,011

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the payment of benefits to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risks and uncertainties

The Plan provides for various investment options in various combinations of investment funds. Investment funds are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(WITH COMPARATIVE INFORMATION AT DECEMBER 31, 2022)

NOTE 3 Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
Level 2	Inputs to the valuation methodology include • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets • Inputs other than quoted prices that are observable for the asset or liability • Inputs that are derived principally from or corroborated by observable market data by correlation or other means If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Pooled separate accounts ("PSA") invest in a single mutual fund. The fair value of the mutual fund is a publicly quoted pricing input used in determining the net asset value ("NAV") of the pooled separate account, which is not publicly quoted but is available to current investors via the custodian. The NAV is the basis for current transactions and the PSA can be redeemed at NAV as of the measurement date. Therefore, this investment has a "readily determinable fair value." The fair value of the underlying mutual funds is based on third-party pricing vendors and utilizes observable market information. PSAs typically can be redeemed on a daily basis. Since these investments are valued similarly to mutual funds, they are treated as Level 1 assets.

NATURE'S WAY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

YEAR ENDED DECEMBER 31, 2023
(WITH COMPARATIVE INFORMATION AT DECEMBER 31, 2022)

Collective Trust Fund: Valued daily at the NAV of units of a bank collective trust as of the valuation date. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is the basis for current transactions and the collective trust fund can be redeemed at NAV as of the measurement date. Therefore, it has a "readily determinable fair value." Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The primary investment objective of the fund is to preserve principal while generating earnings at rates competitive over time with short-term high quality fixed income investments. As of December 31, 2022, the Plan did not have any unfunded commitments related to the collective trust.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, the Plan believes its valuation methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's investment assets at fair value, as of December 31, 2023 and 2022:

Investment Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total

NOTE 4 Fully benefit-responsive investment contract with insurance company

The Plan has entered into a traditional fully benefit-responsive guaranteed investment contract with Principal Trust Company ("Principal") totaling \$341,944 at December 31, 2023. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.00% and is reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuers consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the Plan to transact at contract value with the participants.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 5 Related party and party in interest transactions

Certain Plan investments are managed by the trustees (see Note 8) as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred and paid directly by the Plan for certain administrative expenses were \$26,742 for 2023.

The aforementioned trustees provided certain administrative services to the Plan pursuant to a service agreement between the Company and the trustees and the trustees' respective agents. The trustees received revenue from mutual fund service providers for services the trustees provided to the funds. This revenue was used to offset certain amounts owed to the trustee for its administrative services to the Plan.

These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

NOTE 6 Termination of Plan

Although there has not been any expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions and related earnings.

NOTE 7 Tax status

The Plan operates under a volume submitter profit-sharing plan with a cash or deferral arrangement, which received an advisory letter dated June 30, 2020 from the Internal Revenue Service ("IRS") indicating this volume submitter plan was an acceptable plan under applicable sections of the Internal Revenue Code ("IRC") for use of employers for the benefit of their employees. An employer who adopts this plan will be considered to have a plan qualified under Code Section (a), providing all the terms of the Plan are followed and the eligibility requirements and contribution or benefit provisions are not more favorable to officers, owners or highly compensated employees than for other employees. The Plan does not have its own determination letter. Although the Plan has been amended since receiving the advisory letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 Information certified by the trustees
