Independent Auditor's Report

To the Plan Administrator
MEMBER Solutions 401(k)
Maitland, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of MEMBER Solutions 401(k) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2023 and 2022. and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4a – schedule of delinquent participant contributions and Schedule H, line 4i – schedule of assets (held at end of year), as of or for the year ended December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the MEMBER Solutions 401(k) (the Plan or PEP) provides only general information. Participants should refer to the basic Plan document, and the applicable adoption agreement for the Participating Employer which has chosen to participate in the PEP for a more complete description of the PEP's provisions.

General

The Plan is a pooled employer plan (PEP) established on March 1, 2022, as a defined contribution plan under the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act). Members Benefits Corp. is the pooled plan provider (PPP). The PEP allows any affiliated or unaffiliated employer, as defined in the Plan document, to participate in the Plan (Participating Employers or Employers) if it accepts the terms of the Plan, trust, adoption agreement and all related documents. The PEP covers eligible employees of the Participating Employers and is intended to qualify as a PEP as described in Internal Revenue Code (IRC), as amended, Sections 401(a) and 501(a). The Plan is intended to constitute a multiple employer plan, as described in the applicable sections of the IRC.

Each Participating Employer elects its own provisions related to eligibility, contributions, notes receivable from participants, and payments of benefits.

The PPP is responsible for oversight of the Plan. Transamerica Financial Life Insurance Company (Transamerica or the Custodian) serves as the custodian, processes and maintains the participant records and holds the PEP's investment assets.

As of December 31, 2023 and 2022 and for the year ended December 31, 2023, Colonial Management Group, L.P. and its affiliated companies are the sole group of Participating Employers in the PEP and comprised 100% of the net assets available for benefits and contributions to the PEP.

The PEP is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Each Participating Employer may have different eligibility requirements within the Plan. Participating Employers may define eligibility requirements based on factors such as age, service or employee type. Eligible employees shall be eligible to make contributions and receive allocations of employer contributions as specified in the applicable adoption agreement or otherwise provided by the PEP. Generally, employees become eligible to participate in the Plan after completing the service requirement of two (2) months of service and are age twenty-one (21) or older, as defined.

Contributions

Each year, participants may contribute up to 100% of their eligible compensation, as defined by the Plan and Participating Employer participation agreement, subject to applicable limits established by law. Participant contributions may be on a pre-tax, Roth, and/or after-tax basis. Under certain circumstances, eligible employees may make rollover contributions to the PEP. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants direct their contributions into various investment options offered by the PEP.

The Participating Employers in the PEP may elect automatic enrollment and escalation features. Accordingly, the Participating Employer will automatically withhold a defined percentage of an eligible participant's compensation based on the Participating Employer's adoption agreement, unless the participant affirmatively opts out.

Note 1 – Description of Plan, Continued

Contributions, continued

Under the terms of the Participating Employer participation agreements, the Participating Employers may elect to make matching contributions, profit-sharing contributions, safe harbor, qualified nonelective contributions (QNECs) and qualified matching contributions (QMACs) to the PEP. Participating Employers may also elect to make true-up matching contributions. Participating Employer contributions, if any, are recorded in the year for which the contributions apply. Aggregate Participating Employer contributions for the year ended December 31, 2023 amounted to $947,339. Participating Employer contributions are invested in funds in accordance with the participant's direction and the PEP's provisions.

Contributions are subject to certain IRS limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, their respective Participating Employer contributions, if any, and earnings thereon. Participant accounts are charged with an allocation of administrative expenses that are paid by the PEP. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their account balance into various investment options offered by the PEP which include pooled separate accounts.

Vesting

Participants are immediately vested in their individual contributions plus actual earnings or losses thereon. Participating Employer contributions vest based on schedules specific to each Participating Employer and may range from immediate vesting upon eligibility up to a graduated vesting over five to six years, as elected by each Participating Employer. Participant accounts become fully vested upon reaching normal retirement age (65), death, or disability.

Forfeitures

Account balances forfeited by participants who terminate from the Plan prior to fully vesting in their Participating Employer's contributions will be used to offset certain Plan administrative expenses or reduce future employer contributions. No forfeited account balances were used during the year ended December 31, 2023. As of December 31, 2023 and 2022, unallocated forfeited amounts totaled $16,651 and $1,141, respectively.

Notes receivable from participants

Plan participants are permitted to borrow from their account a minimum $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. Loan terms range from one to five years unless the loan is used to acquire a principal residence of the participant which must be repaid in a reasonable period of time as determined by the Plan Administrator. Loans are secured by the vested account balance in the participant's account and bear a reasonable rate of interest. A participant can only have one loan outstanding, unless as a result of a conversion from a prior plan, the participant has loans that were transferred to the PEP, in which case, up to one such grandfathered loan may also be outstanding for a possible maximum total of two loans outstanding. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Principal and interest are repaid through regular payroll deductions.

Note 1 – Description of Plan, Continued

Payment of benefits

Payment of benefits can be made in a lump-sum, partial distributions, or periodic required minimum distributions based on the Participant Employer's adoption agreement. Upon separation of employment due to termination of employment, death, disability, or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, in installments, or maintain their vested account balance in the PEP, based on elections made in the Participating Employer's adoption agreement. Participants with vested amounts less than $5,000 will receive a lump-sum distribution. Participants may elect to take in-service withdrawals of their vested accounts if they meet certain defined requirements, including becoming disabled, reaching early retirement age (59½), or due to heavy financial hardship, as defined.

Plan administration

The PPP is the Plan Administrator, and as such, controls and manages the control of the PEP. The PEP's investment assets are maintained by Transamerica, who maintains the records of the participant data and invests cash received, interest and dividend income, and makes distributions to participants (subject to the direction of participants).

Pentegra Services, Inc. (Pentegra) is the PEP's fiduciary and its affiliate, Pentegra Retirement Services (PRS), is the PEP's third-party administrator.

Administrative expenses

Certain administrative expenses are paid by the PEP as provided for in the PEP basic plan document. Certain other administrative expenses are paid by PPP or the Participating Employer and are not reflected in these financial statements.

Plan expense reimbursement account

The PEP utilizes an expense budget account (EBA) to pay Plan related expenses. The EBA is funded by an annual charge to participant accounts of approximately 0.25%. EBA funds can be used to pay Plan-related expenses approved by the Plan Administrator or can be allocated to Plan participants at the end of the year.

At December 31, 2023 and 2022, the EBA totaled $1,401 and $1,184, respectively. During the year ended December 31, 2023, $47,347 from the EBA was utilized to pay Plan related expenses.

SECURE Act 2.0

In December 2022, the Securing a Strong Retirement Act (SECURE Act 2.0) was passed into law. The provisions of SECURE Act 2.0 continue the reforms that began with the 2019 SECURE Act Most of the SECURE Act 2.0 provisions will become effective in 2024 and thereafter, therefore, there is no current impact to the Plan. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional SECURE Act 2.0 provisions to elect.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Note 2 – Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the PEP's investment advisor and Transamerica.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the PEP's gains and losses on investments bought and sold, as well as held during the year.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and those differences may be material.

Risks and uncertainties

The PEP provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible changes in such risks in the near-term would materially affect participant account balances and the amounts reported in the financial statements.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant notes receivable is recorded on the accrual method. Related fees are charged directly to the borrowing participants' accounts and included as administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of benefits

Benefits are recorded when paid.

Plan expenses

Reasonable expenses of the PEP, including custodian, attorneys, advisors, fiduciaries, and service providers are paid by the PEP, unless otherwise paid by the PPP or the Participating Employers. Expenses that are paid by the PPP or the Participating Employers are excluded from these financial statements. Investment advisor fees are paid from the PEP. Expenses paid by the PEP are included in administrative expenses on the accompanying statement of changes in net assets available for benefits. Fees related to administration of notes receivable from participants are charged directly to participants' accounts and are also included in administrative expenses. Additionally, certain investment related expenses are included in net appreciation in fair value of investments.

Note 2 – Summary of Significant Accounting Policies, Continued

Uncertain tax positions

U.S. GAAP requires the PEP to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2023, that it would be unable to substantiate.

Note 3 – Certified Investment Information

The PEP Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Financial Life Insurance Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2023 and 2022;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023; and
- Investment information included in the Schedule H, Line 4i – Schedule of Assets (held at end of year) as of December 31, 2023, as shown on the ERISA-required supplemental information.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental information, including assessing whether the supplemental information is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

Note 4 – Fair Value Measurements, Continued

A financial investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodology used at December 31, 2023 and 2022. During the year ended December 31, 2023, there were no transfers of financial instruments into or out of Level 3.

The following is a description of the value methodology used for assets measured at fair value:

> *Pooled separate accounts* – valued at net asset value (NAV) based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

The preceding method described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2023 and 2022:

	Fair Value Measurements as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 20,451,188	$ -	$ 20,451,188

	Fair Value Measurements as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 17,414,620	$ -	$ 17,414,620

Note 5 – Guaranteed Investment Contract with Insurance Company

The Plan invests in a Stable Value Core Account (SVCA), which is a fully benefit-responsive guaranteed investment contract with Transamerica (the issuer). Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the SVCA meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the SVCA. The SVCA is presented in the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on Transamerica's ability to meet its financial obligations. Transamerica's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 5 – Guaranteed Investment Contract with Insurance Company, Continued

There are no reserves against contract value for credit risk of Transamerica or otherwise. The crediting interest rate is based on a formula agreed upon with Transamerica but may not be less than zero. Such interest rates are reviewed on a quarterly basis for resetting. The contract value of the SVCA at December 31, 2023 and 2022, was $104,129 and $349,338, respectively. The SVCA's average interest crediting rate was 1.25% for the year ended December 31, 2023.

Certain events limit the Plan's ability to transact at contract value with Transamerica. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Sponsor or other Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The SVCA does not permit the issuer to terminate the agreement prior to the scheduled maturity date.

Note 6 – Refunds Payable for Excess Contributions

During 2023 and 2022, the Plan received contributions from participants in excess of Plan and IRS limitations totaling $17,421 and $1,357, respectively. Such excess contributions were refunded to participants in each of the subsequent years with a liability recorded and corresponding reduction of contributions in the year the excess contribution was received.

Note 7 – Party-In-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the PEP, any party rendering service to the PEP, Pooled Plan Provider (PPP), Participating Employers and certain others. The PEP's investments include pooled separate accounts and a guaranteed investment contract, managed, held, issued, and administered by Transamerica. Therefore, transactions with Transamerica are considered party-in-interest transactions. The PEP issues loans to participants, which are secured by the vested balance in the participants' accounts. The PEP also receives revenue credits from Transamerica. Such transactions are exempt from the prohibited transaction rules under ERISA.

The PEP's PPP is Member Benefits Corp. PRS provides third-party administrative services to the PEP. Therefore, transactions with the PPP and PRS qualify as party-in-interest transactions. The PEP compensates Pentegra directly for such services which is included in administrative expenses for the year ended December 31, 2023 in the accompanying statement of changes in net assets available for benefits.

The PEP utilizes an expense budget account. Fees incurred by the Plan for investment management services, are included in net appreciation of fair value in investments, as they are paid through revenue sharing, rather than a direct payment.

Note 8 – Plan Termination

At any time under the Plan and subject to the provisions of ERISA, the PPP has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. Although the PPP has not expressed an intention to do so, in the event of Plan termination, participants would become 100% vested in their account balances.

Note 9 – Delinquent Participant Contributions

For the years ended December 31, 2023 and 2022, the PEP was untimely in remitting certain participant contributions and loan repayments totaling $105,610 and $100,585, respectively. Late remittances of participant contributions constitute a prohibited transaction under ERISA section 406, regardless of materiality. Lost earnings related to the 2023 and 2022, delinquent participant contributions have not been remitted to the PEP and, accordingly, these delinquent contributions and loan repayments have not been corrected.

Note 10 – Tax Status

On June 30, 2020, the IRS stated that the Non-Standardized Pre-Approved Profit-Sharing/Money Purchase Plan with CODA adopted by the Plan, as then designed, in accordance with the applicable section of the IRC, and, therefore, the related trust is tax-exempt. The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and being operated in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified, and related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

Note 11 – Subsequent Events

Subsequent to December 31, 2023 and effective May 15, 2024, the Plan terminated its contractual agreement with Transamerica, as custodian and executed a contract with Empower Annuity Insurance Company of America (Empower) to provide recordkeeping and custodial services to the Plan. On May 15, 2024, all Plan assets and participant accounts were transferred to Empower. Further, effective March 26, 2024, the Plan's election to operate as a pooled employer plan was cancelled, and the Plan was amended and restated as a controlled group plan under the applicable section of the IRC.

The Plan's management evaluated events occurring subsequent to December 31, 2023 through October 4, 2024, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
