Independent Auditors' Report

To the Administrative Committee of the
Americare Systems, Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Americare Systems, Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Americare Systems, Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution and a regulated insurance company agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Americare Systems, Inc. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Americare Systems, Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Americare Systems, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Americare Systems, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) as of December 31, 2023 and for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution and regulated insurance company agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Americare Systems, Inc. Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE A | DESCRIPTION OF PLAN

The following description of the Americare Systems, Inc. (the “Company”) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

1. General

The Americare Systems, Inc. Retirement Savings Plan, which became effective on January 1, 1992, and most recently restated effective February 17, 2022, is a defined contribution plan. The Plan covers all employees of the Company who have one year of service and are age twenty-one or older. A year of service means the twelve-consecutive-month period during which an employee completes 1,000 or more hours of service. Employees enter the Plan the first of the month on or after meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions and Investment Options

For each plan year, the Company will contribute to the Plan the individual’s elective deferral, which is a portion of their compensation which is directed by the participant to be contributed. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company will deposit quarterly a matching contribution equal to a discretionary percentage (as determined by the Company) of the elective deferral. To receive a matching contribution participants must be active in the quarter. In 2023 and 2022, the Company matched 50% of each participant’s salary deferrals that did not exceed 3% of compensation. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Code limitations.

3. Participant Accounts and Allocations

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE A | DESCRIPTION OF PLAN

4. *Vesting*

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

5. *Notes Receivable from Participants*

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loan is limited to five years unless it is for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at prevailing rates. Principal and interest is paid ratably through payroll deductions, but not less frequently than quarterly.

6. *Payment of Benefits*

When a participant reaches the normal retirement age of sixty-five, their account will be payable to them beginning on the date of retirement or on a later date that they elect. The plan also allows for early retirement at age 55 with 6 years of vesting service. At retirement date, the participant will have the option to choose from various annuities or a lump sum payment. The Plan also allows for hardship and in-service distributions at age 59 ½ from certain accounts.

If the participant terminates employment other than normal retirement, the participants account will be treated as follows:

(A) If the amount is not greater than \$5,000, the amount will be distributed in a single lump sum payment.

(B) If the amount is greater than \$5,000, the amount will be distributed in a single lump sum payment, provided an election to waive a qualified joint and survivor annuity has been made.

7. *Forfeited Accounts*

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$5,435 and \$7,946, respectively. These accounts may be used to reduce future employer contributions and plan expenses. Employer contributions and expenses were reduced by \$35,123 in 2023 and \$32,802 in 2022 from forfeited nonvested accounts.

NOTE B | SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of these financial statements follows.

1. Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

2. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and in the principal and most advantageous market for the asset or liability. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan deems all participant notes receivable to be fully collectable; therefore, no allowance for uncollectable accounts is required. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

5. Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Americare Systems, Inc. Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE B | SUMMARY OF ACCOUNTING POLICIES

6. Administrative Expenses

Expenses of maintaining the Plan are paid by the Plan and the participants.

7. Adoption of Accounting Principle

In June 2016, the Financial Accounting Standards Board issued Accounting Standards Update 2016-13, *Financial Instruments – Credit Losses* (Topic 326), as amended by Accounting Standards Update 2019-10, to improve financial reporting by requiring timelier recording of credit losses on loans receivable, trade receivables and other financial instruments by replacing the current guidance for recording credit losses. This has been applied for the year ended December 31, 2023 with no significant impact on the financial statements.

8. Subsequent Events

The Plan has evaluated subsequent events through October 8, 2024, the date the financial statements were available to be issued.

NOTE C | SUMMARY FINANCIAL INFORMATION CERTIFIED BY THE REGULATED INSURANCE COMPANY AND CUSTODIAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal Life Insurance Company (regulated insurance company) and Principal Trust Company (custodian) except for comparing such information certified by the regulated insurance company and custodian to information included in the Plan's financial statements and supplemental schedules.

NOTE C | SUMMARY FINANCIAL INFORMATION CERTIFIED BY THE REGULATED INSURANCE COMPANY AND CUSTODIAN

The following is a summary of the unaudited information regarding the Plan at December 31, 2023 and 2022, and for the years then ended, included in the Plan's financial statements and supplemental schedules that was obtained from data that has been prepared and certified to as complete and accurate by the regulated insurance company and custodian.

	<u>2023</u>	<u>2022</u>
Investments	\$ 13,608,420	\$ 11,542,725
Investment income		
Net appreciation (depreciation) in fair value of investments	1,896,760	(2,451,790)
Interest and dividends	41,667	26,316

NOTE D | FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Americare Systems, Inc. Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE D | FAIR VALUE MEASUREMENTS

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used to measure investments at fair value at December 31, 2023 and 2022.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds

Mutual funds classified in Level 1 are valued at net asset value (NAV) of shares held by the Plan at year end. NAV represents the sum of the underlying investments and represent the price at which the funds are traded on active markets.

Pooled Separate Accounts

Pooled separate accounts classified in Level 1 consist mainly of level 1 or 2 pricing inputs, including quoted prices for similar assets in active or non-active markets. The NAV of a separate account is not publicly quoted but is available to current investors via the Employer website or when plan participants access their account values. The NAV is the basis for current transactions and the pooled separate accounts can be redeemed at NAV as of the measurement date. Therefore, the pooled separate accounts are considered to have a "readily determinable fair value." There are no conditions, limits or restrictions on redemption transactions and amounts can be redeemed on a daily basis. The pooled separate accounts invest in various mutual funds, fixed securities, short term securities, asset backed securities, mortgage backed securities, real estate and domestic stocks each with their own investment strategies.

Common Collective Trust Funds

Common collective trust funds (CCTF) are classified in Level 1 and consist of a variety of underlying investments that do not have publicly quoted pricing inputs. The fair value of the underlying investments are used in determining the NAV of the CCTFs, which is not publicly quoted but is available to current investors via the Employer website or when plan participants access their account values. The NAV is the basis for current transactions and the CCTFs can be redeemed at NAV as of the measurement date. Therefore, the CCTFs are considered to have a "readily determinable value."

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE D | FAIR VALUE MEASUREMENTS

Guaranteed Interest Account

The fair value of the guaranteed interest account is the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the Plan's assets by level, within the fair value hierarchy, measured at fair value on a recurring basis:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Common collective trust funds	\$ 4,179,471	\$ -	\$ -	\$ 4,179,471

NOTE D | FAIR VALUE MEASUREMENTS

Fair value measurements using significant unobservable inputs (Level 3)

	Guaranteed Interest Account
<u>December 31, 2022</u>	
Beginning balance	\$ 316,159
Total gains and losses (realized and unrealized) included in changes in net assets available for benefits	(10,563)
Purchases, issues, sales and settlements:	
Purchases	190,678
Sales	<u>(121,383)</u>
Ending balance	<u>\$ 374,891</u>
Total gains and losses for the year included in changes in net assets available for benefits attributable to the change in unrealized gains or losses relating to investments still held at the reporting date	<u>\$ (13,199)</u>

Gains and losses (realized and unrealized) included in changes in net assets for the periods above are reported in net appreciation (depreciation) in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

The fair value of the guaranteed interest account is discontinuance value which is the amount the plan participant will receive if they transfer or surrender their funds out of the guaranteed interest account. That can be in the form of account value less either a market value adjustment which moves with market interest rates or a flat discontinuance charge depending on the product type. The discontinuance value is described in the group annuity contract.

NOTE E | PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE F | PLAN TAX STATUS

The Plan sponsor adopted a prototype non-standardized profit sharing plan document which obtained a favorable opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the form of the Plan was acceptable under the applicable requirements of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not received a determination letter specific to the Plan itself. However, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the U.S. Department of Labor or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Penalties and interest assessed by taxing authorities are included in the provision for income taxes, if applicable. There were no penalties and interest for 2023 and 2022. The Plan is subject to routine audits by the taxing jurisdictions. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE G | RELATED PARTY TRANSACTIONS

Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Certain Plan investments are shares of pooled separate accounts and collective investment trust funds managed by Principal Life Insurance Company and mutual funds managed by Principal Trust Company. Principal Life Insurance Company is a regulated insurance company and Principal Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party in interest transactions.

NOTE H | RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. As of the date of this report, the current economic environment has increased the degree of uncertainty.

NOTE I | PROHIBITED OR NON-EXEMPT TRANSACTIONS

The Plan Sponsor failed to remit participant contributions on a timely basis in the amount of \$13,777 for 2023. As of December 31, 2023, the Plan Sponsor was in the process of self-correcting late remittances for 2023 by remitting lost earnings into the Plan in 2024. The Plan Sponsor is also working to correct certain employer contributions to participants for bonuses, auto fringes and excess matching contributions for 2023 by moving any excess matching contribution to the forfeiture account.
