INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
RPC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the RPC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agree to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RPC 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of the Plan

The following description of the RPC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees except leased employees, independent contractors, certain nonresident aliens and members of a collective bargaining unit of RPC, Inc. (the Company or the Employer), and Marine Products Corporation (Marine Products), which is related to the Company through common ownership. Employees are eligible to participate in the Plan following the completion of three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was restated effective January 1, 2022.

Effective July 1, 2023, the Company acquired Spinnaker Oilwell Services, LLC (Spinnaker). In connection with the acquisition, effective October 1, 2023, the Plan was amended to allow Spinnaker employees to participate in the Plan. Effective October 1, 2023, the Plan was amended to allow for Roth contributions and allow participants to convert existing pre-tax account balances to Roth tax treatment.

Contributions

Each participant may make pre-tax and/or Roth contributions of up to 25% of eligible compensation as defined by the Plan document, generally not to exceed a maximum of \$22,500 in 2023. Additionally, participants who have attained age 50 before the end of the Plan year are eligible to make "catch-up" contributions, not to exceed \$7,500 in 2023. All employees are automatically enrolled in the Plan at a rate of 3% upon satisfying the eligibility requirements unless they elect otherwise. The initial enrollment rate of 3% automatically escalates annually by 1% to a maximum deferral of 6% of eligible compensation unless otherwise elected by the participant. The contributions are invested in a default target date collective trust fund, unless the participant elects otherwise. Participants may also contribute amounts representing distributions from other defined contribution plans and the RPC Retirement Income Plan (rollovers).

The Plan provides for a safe harbor matching contribution of 100% on the first 3% of the participant's compensation, plus 50% on the next 3% of the participants compensation, as defined in the Plan document. The Plan also provides for an additional discretionary match at the option of the Board of Directors of the Company. No discretionary match was made in 2023.

For any Plan year, the Company may make a specified enhanced benefit contribution to the Plan for each participant, employed by the Company, for no more than 7 Plan years as defined in the Plan document. No enhanced benefit contributions were made in 2023.

RPC 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contribution, earnings and losses on the investments in their account, and is charged with certain administrative expenses. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants vest immediately in their contributions and enhanced benefit contributions plus earnings and losses thereon. Participants who fail to complete an hour of service on or after January 1, 2019 vest 100% in the Company's matching contribution after three years of service, or upon the occurrence of their 65th birthday, total or permanent disability, or death. Participants who previously participated in predecessor plans may be subject to different vesting schedules. Effective January 1, 2019, participants who completed at least one hour of service on or after January 1, 2019, vest 100% in the Company's safe harbor matching contributions after two years of service.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$279,785 and \$124,165, respectively. These accounts may be used to pay administrative expenses or to reduce future Company contributions. During 2023, the Plan used \$709,122 of forfeitures to reduce the employer safe harbor match and \$37,358 to pay administrative expenses.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. Participants may only have one outstanding note at a time. The notes are secured by the vested balance in the participant's account and must bear a reasonable rate of interest as defined in the Plan. During 2023, outstanding notes receivable from participants had fixed rates ranging from 5.25% to 10.50% for the term of the loan, not to exceed 5 years. Principal and interest are paid through payroll deductions. The notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

At the time of death, disability, termination of service or retirement, the participant or their beneficiary may receive payment of the vested interest in their respective account in a partial or lump-sum distribution. At age 59.5, participants may elect a partial or lump-sum distribution of the employee portion of their account. The participant's contributions may also be withdrawn for certain hardship situations.

RPC 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Administrative Expenses

Loan origination fees and certain transaction fees for withdrawals are charged directly to the respective participants' accounts. Management fees are charged directly to a participant's investment account for those participants invested in common/collective trust funds or a stable value fund at rates established by the funds. If an investment fund in the Plan receives revenue sharing, the revenue is allocated as earnings to the participants within that fund.

A quarterly fixed fee is charged against any account with a balance greater than \$20. This fee can be adjusted each quarter as the Company deems appropriate. The custodian deposits the participants' fees into a Fee Holding Account within the Plan. This account is used to pay Plan administrative expenses such as recordkeeping, legal, audit and investment advice fees. During 2023, \$312,205 was deposited into the account and expenses totaling \$312,205 were paid from the account. Deposits to this account are included in net change in fair value of investments on the accompanying statement of changes in net assets available for benefits. Payments from this account are included either in administrative expenses in the year paid or included in net change in fair value of investments, if related to certain investment management services, as they are paid through revenue sharing, rather than a direct payment. The Fee Holding Account had a balance of \$0 as of December 31, 2023 and 2022. The Plan has an ERISA account which had an available balance of \$62 and \$61 as of December 31, 2023 and 2022, respectively, which is included in stable value funds on the statements of net assets available for benefits.

Although it is not required to do so, certain expenses incidental to the administration of the Plan are paid by the Company. The Company does not expect reimbursement from the Plan for any expenses paid on behalf of the Plan which qualify as party-in-interest transactions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Employee contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The employer safe harbor matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan, generally

RPC 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

quarterly as soon as practicable. However, some or all employer safe harbor matching contributions may not actually be contributed until after the Plan year end. Additional discretionary matching contributions and enhanced benefit contributions are payable to the Plan once approved by the Company. Any unfunded participant or employer safe harbor matching contributions are included in the employee or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2023 and 2022.

In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification 326, *Financial Instruments—Credit Losses*, the Plan estimated the current credit risk associated with the employer receivables. After giving consideration to the risk characteristics, including historical payment experience, the Plan determined that no allowance for credit loss was necessary and there was no current year activity in the allowance for credit losses as of and for the years ended December 31, 2023 and 2022.

Valuation of Investments and Revenue Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, realized and unrealized gains and losses on those investments.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received by the Plan, primarily monthly. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 7, 2024, which is the date the financial statements were available to be issued.

RPC 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule of assets (held at year end), including investments held and notes receivable from participants at December 31, 2023 and 2022, and the net change in fair value of investments and interest income for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Bank of America, N.A., the Plan's qualified institution.

4. Investments

The FASB established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Investments in mutual funds and the money market fund are stated at quoted market prices for the identical security in an active market (Level 1).

Investments in common/collective trusts are valued daily based on their net asset value (NAV). The NAVs are based on the fair value of the stocks, debt instruments, mutual funds, and other securities in the accounts. The common/collective trusts may be traded daily at its NAV (Level 1).

RPC 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

The Plan invests in stable value funds held in a common/collective trust. The stable value funds invest in fully benefit-responsive guaranteed investment contracts (GICs), which are general obligations of the insurance companies that issue the contracts, as well as synthetic GICs. The stable value funds trade at the net asset value (NAV) which is based on the contract value of the underlying investments (Level 1).

The following table summarizes the Plan's investments based on the inputs used to determine their fair values as of December 31, 2023 and 2022:

	Level 1	
	2023	2022
Mutual funds	\$ 80,617,943	\$ 143,164,060
Stable value funds	16,425,633	20,815,928
Common/collective trusts	123,853,598	9,478,501
Money market fund	21,559	87,732
Total investments	\$ 220,918,733	\$ 173,546,221

Investments are exposed to various risks such as market, currency, interest rate and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, or similar events. It is at least reasonably possible that changes in their fair value will occur in the near term, and such changes could materially affect participants' account balances.

5. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated December 3, 2013 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended and restated since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's information returns for the past three years are subject to examination by taxing authorities and may change upon examination.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, all participants would become fully vested in their account balances.
