INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee of
Akin Gump Strauss Hauer & Feld LLP, Section 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Akin Gump Strauss Hauer & Feld, LLP Section 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2023 and assets (held at end of the year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SECTION 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2023 AND 2022, AND FOR THE YEAR ENDED DECEMBER 31, 2023

1. DESCRIPTION OF THE PLAN

The following description of the Akin Gump Strauss Hauer & Feld LLP Section 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General—The Plan is a defined contribution plan formed under the provision of Section 401(a) of the United States Internal Revenue Code (the “IRC”), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, to enable eligible employees (including self-employed individuals, employees and professional corporate partners) of Akin Gump Strauss Hauer & Feld LLP (the “Partnership”) to save and invest funds for retirement.

The Partnership sponsors two benefit plans. The investment assets of these plans are held by the Akin Gump Strauss Hauer & Feld LLP Master Trust (the “Master Trust”). Each of the plans has an interest in the net assets of the Master Trust and changes therein. Benefit Trust Company (the “Custodian”) serves as the custodian of the Plan for the Master Trust investments. In addition, the Plan participants may elect to invest their contributions in other funds outside of the Master Trust. Voya Institutional Trust Company serves as custodian for those investments held outside of the Master Trust.

Plan Administration—The Partnership’s Retirement Committee (the “Committee”) is responsible for administering the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility—Employees of the Partnership are eligible to participate upon hire provided they are at least 21 years of age and have completed working 1,000 hours during the year.

Contributions—Participant contributions consist of pre-tax, Roth, and after-tax contributions. Each year, participants may contribute up to 100% of annual compensation as defined in the Plan, subject to the dollar limitation under section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan has an automatic enrollment feature. Participants can elect to stop or change this automatic contribution.

Partnership contributions shall be made to the Plan at the Partnership’s sole discretion. The Partnership may designate any portion of a contribution as a Partnership matching contribution, profit sharing contribution, discretionary profit-sharing contribution, qualified non-elective contribution or a qualified matching contribution.

In 2023, the Partnership made a matching contribution equal to 10% of each participant's salary reduction contributions for all participants except "non-partner attorneys", who made salary reduction contributions of at least 4% of compensation, completed a minimum of 1,000 hours of service, and were employed on December 31. Matching contributions totaled \$1,186,780 for the year ended December 31, 2023. In addition, for the year ended December 31, 2023, discretionary profit-sharing contributions of \$5,493,017 were made for participants. Partners' profit-sharing contributions totaled \$10,931,250 for the year ended December 31, 2023. The Plan had contributions receivable of \$17,067,077 and \$15,433,464 as of December 31, 2023 and 2022, respectively.

Participant Accounts—Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related partnership matching and other contributions, withdrawals, and the participant's share of investment income, appreciation (depreciation) and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting—Participants are vested immediately in their rollover, salary reduction, qualified non-elective and matching accounts. Vesting in their discretionary profit-sharing account is based on years of vesting service. A participant is fully vested after six years of credited service.

Investment Options—Participants may direct the investment of all contributions and/or account balances into various investment options, including mutual funds and a pooled separate account, which are managed by outside investment managers. Participants may also invest in two separately managed funds named the Diversified Multi Asset Moderate Fund and the Diversified Multi Asset Conservative Fund in the Master Trust which are held by the Custodian. The underlying investments of the Diversified Multi Asset Moderate and The Diversified Multi Asset Conservative funds are included in the investments in the Master Trust in Note 3 and Note 5. For participant contributions, the default investment option for automatically enrolled participants is the respective Target Retirement Fund. The Plan also provides for self-directed investment programs for participants (the "Segregated Accounts").

Notes Receivable from Participants—Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The term of the repayment of a loan generally may not exceed 5 years. However, if the loan is used to secure the purchase of a principal dwelling, a longer repayment term of up to 10 years may be permitted. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Committee. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits—On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution or a direct rollover of the participant's vested account balance. Participants with accounts transferred from the Target Benefit Plan, a plan that in 2001 was merged into the Plan and allows for an annuity payment option, may choose to receive their distribution from the Target Benefit Contribution Account in either a lump-sum distribution, direct rollover, or an annuity. In addition, hardship and in-service withdrawals are permitted if certain criteria are met.

Forfeited Accounts—At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$394,429 and \$408,340, respectively. Forfeited accounts may be used to reduce partnership contributions to the Plan and/or to pay administrative expenses of the Plan. The total forfeited non-vested account balance of \$394,429 at December 31, 2023 was used to reduce the 2023 profit sharing contribution paid in March, 2024.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates—The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). GAAP requires that the Plan's management make estimates and assumptions that affect reported amounts of assets, liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition—Investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end, is presented in the statement of changes in net assets available for benefits.

Interest in the Master Trust is valued at the Plan's share of the fair value of underlying assets of the Master Trust. Earnings from the Master Trust are the Plan's assigned share of the Master Trust's earnings. The Plan's assigned share of the Master Trust may vary during the year (Note 3).

Risks and Uncertainties—The Plan and the Master Trust invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's investment in SSGA S&P 500 Index Fund of \$161,668,314 and \$125,456,898 as of December 31, 2023 and December 31, 2022, respectively, represents approximately 22% and 19% of the Plan's total investment assets. Additionally, the Plan's interest in the Master Trust of \$211,530,940 and \$197,942,790 as of December 31, 2023 and 2022, respectively, represents approximately 28% and 31% of the Plan's total investment assets as of December 31, 2023 and 2022, respectively. No individual investment accounted for more than 10% of the Master Trust as of December 31, 2023 and 2022.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits—Benefits are recorded when distributed.

Administrative Expenses—Administrative expenses incurred in the administration of the Plan are paid either by the Plan or by the Partnership.

3. INVESTMENT ASSETS HELD IN THE MASTER TRUST

Certain investment assets of the Plan are held in the Master Trust. Each of the Partnership's plans participating in the Master Trust hold a different share of some, but not necessarily all, of the underlying investments of the Master Trust. Accordingly, the net change in the fair market value of the Plan's investments does not correspond directly with the performance of the Master Trust as a whole, but is based on the performance of the Plan's interest in specific investments held through the Master Trust. The value of the Plan's interest in the Master Trust is based upon the beginning of year value of the Plan's interest in the trust plus actual contributions, less actual distributions and allocated administrative expenses plus investment income attributed to the specific investments held through the Plan's interest in the Master Trust. The Plan has a divided interest in the Master Trust.

Investment assets held in the Master Trust, at fair value, consisted of the following as of December 31:

	2023		2022	
	Master Trust Balances	Plan's Interest in Master Trust Balances	Master Trust Balances	Plan's Interest in Master Trust Balances

4. INFORMATION CERTIFIED BY CUSTODIANS

The audit of the Plan's financial statements did not extend to the following investment information of the Plan as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included in the Plan's financial statements and supplemental schedule of assets (held at end of year), that was prepared by or derived from information prepared by Benefit Trust Company and Voya Institutional Trust Company, the custodians of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the respective custodians that the investment information provided to the plan administrator by the custodians is complete and accurate.

^(B) Plan interest in investment income in the Master Trust amounting to \$2,046,828 for the year ended December 31, 2023 is not certified.

All investment balances and information included in Notes 3 and 5 are certified by Benefit Trust Company, and Voya Institutional Trust Company except for:

1. Hedge Funds, Limited Partnerships-Private Equity Funds and Common Collective Trust Funds as disclosed in Note 3 and Note 5 at December 31, 2023 and 2022, and, as applicable, the related earnings.
2. Unfunded commitments, redemption frequency, and redemption notice period as disclosed in Note 5.

3. The fair value hierarchy categorized in Note 5 has been determined by the Partnership and is not certified.

5. FAIR VALUE OF INVESTMENTS

FASB ASC 820, Fair Value Measurement, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Common and Preferred Stock—Valued at the closing price reported on the active market in which the individual securities are traded.

Mutual Funds—Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan and the Master Trust are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan and the Master Trust are deemed to be actively traded.

Segregated Accounts—These accounts are self-directed brokerage accounts which are valued at the fair value of the underlying securities. These investments are comprised of common stock and mutual fund options.

Pooled Separate Account—Valued by using the net asset value (“NAV”) of units held at year end as a practical expedient to measure fair value. The unit value is calculated by dividing the total value of the assets of the separate account by the number of units in the separate account. The unit value is not a publicly-quoted price in an active market and is determined based upon the fair value of the underlying investments less its liability.

Collective Trust Funds (including Short-Term Investment Funds)—Valued by using NAV of the funds at year end, as reported by the Custodian, as a practical expedient to measure fair value. The NAV is determined based on the fair value of the underlying investments less its liability.

Hedge Funds and Limited Partnerships - Private Equity funds—The NAV of units held is used as a practical expedient to measure fair value. The NAV is determined based on the fair value of the underlying investments held by the fund less its liability, and is derived from the latest audited financial statements or most recent capital account statements provided by the funds’ investment manager, or third-party service providers, as a practical expedient. This practical expedient is not used when it is determined to be probable that the partnership will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

* The fair values of the investments have been estimated using the net asset value of the investment.

** Redemptions may be subject to an initial one- to three-year lockup.

^(a) Hedge funds—consists of a core allocation to fund of funds and single manager funds which together provide exposure to equity long-short, event driven, credit and relative value strategies.

^(b) Collective trust funds—consists of funds focused on global asset allocation and providing exposure to floating rate debt.

^(c) Limited partnerships- private equity funds—consists of funds specializing in secondaries and direct investments, along with a fund focused on real estate.

^(d) Short-term investment funds—consists of funds seeking to maximize current income to the extent consistent with preservation of capital and liquidity by investing in U.S. dollar-denominated money market securities.

6. POOLED SEPARATE ACCOUNT

The Voya Stabilizer Fund (the “Stabilizer Fund”) consists primarily of investments in fixed income securities, mortgage-backed securities and repurchase agreements. In determining the net assets available for benefits, the Stabilizer Fund is included in the accompanying financial statements at the total NAV per units held. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Stabilizer Fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the pooled separate account, the issuer reserves the right to require 12 months’ notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments.

The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the constant NAV of \$1 per unit. It is the policy of the Stabilizer Fund to use its best efforts to maintain a stable NAV of \$1 per unit; although there is no guarantee that the Stabilizer Fund will be able to maintain this value.

7. NON-EXEMPT PARTY-IN-INTEREST TRANSACTION

The Partnership inadvertently failed to remit certain employee deferrals to the Plan during 2023 and 2022 in timely manner. The Partnership computed the lost earnings on these deposits and subsequently remitted the deposits and contribution for lost earnings to the Plan.

8. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Partnership by a letter dated February 22, 2016 that the Plan and the related trust are designed in accordance with applicable sections of the IRC.

In December 2016, the IRS began publishing a Required Amendments List for individually designed plans to be amended for each item on the list, as applicable, to retain its tax-exempt status. The Committee believes the Plan and the related trust are currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Partnership is permitted under the Plan agreement to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, the rights of all participants to benefits accrued to the date of such termination, to the extent funded, shall be fully vested and shall be distributed to the participant or beneficiary entitled thereto.

10. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of a pooled separate account managed by related entities of Voya Institutional Trust Company, a custodian of the Plan. Fees paid for investment management services were included as a reduction of the return earned on the account. Therefore, these transactions qualify as party-in-interest transactions.

Administrative revenues arise when investment managers return a portion of the investment fees to Voya Institutional Trust Company to offset the administrative expenses. Any excess resulting from this revenue sharing remains in an unallocated account from which future Plan expenses can be paid. The Plan held undistributed administrative revenues of \$27,045 and \$65,620 at December 31, 2023 and 2022, respectively.

11. SUBSEQUENT EVENTS

Management evaluated subsequent events through October 8, 2024, which is the date the financial statements are available to be issued. No events occurred that require additional disclosure or adjustments to the Plan's financial statements.
