Independent Auditors' Report

To the Plan Administrator
Coler Healthcare 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Coler Healthcare 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Assets (Held at End of Year) as of December 31, 2023 and Delinquent Participant Contributions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule[s] that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of Coler Healthcare 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was formed for the purpose of providing retirement benefits to employees of Coler Healthcare, Coler Hospice, and Coler Palliative Care (collectively, the Employer) who have one year with 1,000 hours of service; are age 21 or older; and are not a nonresident alien, leased employee, part-time/temporary/seasonal employees, or covered by a collective bargaining agreement. Eligible participants can enter the Plan on the first day of each plan year and the first day of the seventh month of each plan year coincides with or next following the date eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator and shareholders are responsible for oversight of the Plan. The Plan Administrator and management determine the appropriateness of the Plan's investment offerings, monitor investment performance and report to the shareholders.

Contributions

Each year, participants may authorize payroll deductions as before-tax and Roth contributions, up to IRS limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may elect to opt out of the Plan at any time. The Plan permits rollover contributions from eligible employees who have and have not yet satisfied the age and eligibility service requirements.

The Employer makes a safe harbor matching contribution in an amount equal to 100% of a participant's contributions not in excess of 3% of compensation plus 50% of a participant's contributions that exceed 3% of compensation but does not exceed 5% of compensation.

The Plan allows an additional discretionary employer match at a rate to be determined by the owners of the Employer with no continuing eligibility requirements. The Plan also allows for discretionary profit-sharing contributions which may be made to the Plan in an amount that is determined by the owners of the Employer annually. Eligible participants must work at least 501 hours during the Plan year or be employed by the Employer on the last day of the Plan year to receive profit sharing contributions. No profit sharing or additional discretionary employer matching contributions were made by the Employer during the year ended December 31, 2023.

Contributions are subject to certain IRS limitations. Participants direct the investment of their contributions and safe harbor match into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution; the Employer's safe harbor matching, additional discretionary matching, and profit sharing contributions; and allocations of Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

A participant may direct contributions in any of the investment funds offered by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate will be the prime interest rate in effect as of the first day of the month that the loan was requested plus one percent per year. Principal and interest is paid ratably through payroll deductions.

**Coler Healthcare 401(k) Plan
Notes to Financial Statements**

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

A participant may receive a lump-sum amount due to termination of service, death, disability, or retirement. For termination of service due to reasons other than death, disability, or retirement, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or rollover their account balance into another individual retirement account. If the participant account balance is less than \$5,000, the Plan Administrator directs the Trustee to make a lump sum distribution as soon as administratively possible. The Plan permits hardship withdrawals subject to a \$500 minimum amount from a participant's deferral contributions. The Plan also permits in-service distributions upon achieving normal retirement age.

Vesting

Participants are vested immediately in their contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in the Employer's additional discretionary matching and profit sharing contributions plus actual earnings thereon is based on years of service and is subject to the following vesting percentage provisions:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited Accounts

Forfeited nonvested accounts are used to reduce future employer contributions or pay administrative expenses. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$574 and \$544, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Net appreciation (depreciation) in fair value of investments is reflected in the statements of changes in net assets available for benefits and includes realized gains and losses on investments bought and sold and the change in appreciation or depreciation from one period to the next.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

**Coler Healthcare 401(k) Plan
Notes to Financial Statements**

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the participant, as provided by the Plan agreement, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: a. Quoted prices for similar assets or liabilities in active markets; b. Quoted prices for identical or similar assets or liabilities in inactive markets; c. Inputs other than quoted prices that are observable for the asset or liability; d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plans' assets at fair value as of December 31, 2023 and 2022:

	Level 1	
	2023	2022
Money market	\$ 2,505	\$ 1,969
Mutual funds	5,850,807	4,430,163
Total	<u>\$ 5,853,312</u>	<u>\$ 4,432,132</u>

**Coler Healthcare 401(k) Plan
Notes to Financial Statements**

NOTE D - CERTIFIED INVESTMENT INFORMATION

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Fidelity Management Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following:

	<u>2023</u>	<u>2022</u>
Investments at fair value	\$ 5,853,312	\$ 4,432,132
Interest and dividends	\$ 118,862	
Interest on participant loans	\$ 93	
Net appreciation (depreciation) in fair value	\$ 811,176	

NOTE E - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee as defined by the Plan and qualifies as a party-in-interest. The Plan pays certain administrative expenses to the Trustee.

The Plan paid direct compensation to SEO CPA Group, LTD, the third-party administrator of the Plan and Northpointe Wealth Management, the investment advisor of the Plan; therefore, these transactions qualify as party-in-interest transactions.

The Plan Administrator is the owner and employee of the Employer and participant of the Plan. Family members of the Plan Administrator are employees and participants of the Plan.

NOTE F - TAX STATUS

The Organization adopted a prototype non standardized profit-sharing plan that received a favorable determination letter from the Internal Revenue Service on June 30, 2020 which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statement of net assets available for benefits.

**Coler Healthcare 401(k) Plan
Notes to Financial Statements**

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions and terminate the Plan subject to the provisions of ERISA. In the event of termination or partial termination of the Plan, all amounts credited to a participants' account, including Employer's contributions, become fully vested.

NOTE I – NONEXEMPT TRANSACTIONS

During the year ended December 31, 2023, participant contributions totaling \$24,110 were withheld from participants' pay but were not remitted to the Plan's trust within the time frame required by the Department of Labor under the plan asset rules. This constituted a loan from the Plan to the Plan Sponsor for the period. Lost earnings on the late remittances during the year ended December 31, 2023 were remitted in 2024.

During the year ended December 31, 2022, participant contributions totaling \$703 were withheld from a participant's pay but were not remitted to the Plan's trust within the time frame required by the Department of Labor under the plan asset rules. This constituted a loan from the Plan to the Plan Sponsor for the period. Lost earnings on the late remittances during the year ended December 31, 2022 were remitted in 2023.

NOTE J - SUBSEQUENT EVENT

The Plan has evaluated subsequent events through October 2, 2024, the date the financial statements were available to be issued.
