Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of the Ozarks Community Hospital 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Ozarks Community Hospital 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Ozarks Community Hospital 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Ozarks Community Hospital 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Ozarks Community Hospital 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Ozarks Community Hospital 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified in the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4i – schedule of assets held for investment purposes as of December 31, 2023, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment

information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the information in the supplemental schedule, other than the information agreed to or derived from the certified investment information, is presented, including the form and content, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material aspects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OZARKS COMMUNITY HOSPITAL 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

NOTE 1: DESCRIPTION OF PLAN

The following description of the Ozarks Community Hospital 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan originally effective January 1, 2002. The Plan has been amended and restated throughout the years to comply with tax legislation. The Plan was restated as of February 18, 2022. The Plan covers all employees of Ozarks Community Hospital (the "Company"). The Plan excludes employees covered by a collective bargaining agreement. Employees may begin deferring immediately following employment. Company matching and qualified non-elective contributions are discretionary. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions - The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code. Eligible participants are permitted to elect to have a percentage, up to 85%, of their compensation contributed as pre-tax 401(k) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company matching contributions, if any, will be determined by the Company and will apply to all eligible persons for the entire plan year. For the years ended December 31, 2023 and 2022, the company made matching contributions equal to 25% of each participant's elective contribution, up to 4% of compensation, with a maximum match of 1%. In addition, the Company may make a qualified non-elective contribution at the end of the plan year. Qualified non-elective contributions for the years ended December 31, 2023 and 2022 were \$1,490 and \$0, respectively.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans or conduit IRA's. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant accounts - Each participant's account is credited with the participant's contribution, the appropriate amount of the Company's matching and discretionary contributions and an allocation of plan earnings. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

OZARKS COMMUNITY HOSPITAL 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

NOTE 1: DESCRIPTION OF PLAN – CONTINUED

Vesting - Participants are immediately vested in their voluntary contributions, rollovers, plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after five years of continuous service. The non-vested balance is forfeited upon termination of service.

If a participant dies, becomes disabled, or reaches the normal retirement age of 65 while employed by the Company, his or her interest in the Company's contributions becomes 100% vested without regard to his or her years of continuous service.

Notes receivable from participants - The plan document includes provisions authorizing loans from the Plan to active eligible participants. Participants are allowed to have no more than one loan outstanding at any time. The minimum amount of the loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balances restricted to the lesser of \$50,000 or one half of the value of the participant's vested account balance (as of the valuation date immediately preceding the date on which such loan is approved). All loans are secured by the pledge of the participant's vested account balance, not to exceed the balances of the loans, and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings. The loans will bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator.

Notes receivable from participants are measured at their unpaid principal balance. If a participant terminates employment, the loan is immediately due. A loan is considered to be in default if a participant fails to make all or any part of a required loan repayment by the end of the calendar quarter following the quarter in which such payment was due. Outstanding loan balances in default will be treated as outstanding for the purposes of determining any future loan amounts. In the event of default, the outstanding balance of the loan, including accrued interest, will be treated as a deemed distribution subject to federal income tax. At December 31, 2023, \$3,919 of the total outstanding loans of \$433,455 were in default status. At December 31, 2022 there were no loans in default status.

Forfeited accounts - Participants who terminate their employment and are less than 100% vested in their employer account will forfeit the non-vested portion. Forfeitures are retained in the Plan and can be used to reduce future Plan administration fees or employer match. The forfeited non-vested account balance was \$0.14 and \$4, respectively, at December 31, 2023 and 2022. In 2023 and 2022, forfeitures of \$26,179 and \$17,473, respectively, were used to offset employer contributions. No forfeitures were used to reduce Plan administration fees in 2023 or 2022.

OZARKS COMMUNITY HOSPITAL 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

NOTE 1: DESCRIPTION OF PLAN – CONTINUED

Payment of benefits - Participants are eligible for distributions from the Plan upon attaining the normal retirement age, or upon death, disability or termination of employment. The Plan allows for in-service distributions if a participant reaches age 59½ and for hardship subject to Plan provisions. If a participant terminated employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. Participant account balances between \$1,000 and \$5,000 will be rolled directly to an individual retirement account when the participant does not elect to roll the balance to a qualified retirement plan or receive the distribution directly.

Investment options - Participants direct the investment of all contributions into various investment options offered by the plan. The plan currently offers various mutual funds, as well as a stable value collective trust fund, as investment options for participants.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of accounting - The Plan's financial statements are presented on the accrual basis of accounting.

Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is reported on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of benefits - Benefits are recorded when paid.

OZARKS COMMUNITY HOSPITAL 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

NOTE 2: SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent events - Management has evaluated subsequent events through September 23, 2024, the date which the financial statements were available to be issued.

NOTE 3: CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, investment income, and interest income on notes receivable from participants for the years ended December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (the trustee of the Plan).

NOTE 4: PARTY-IN INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee association, or relatives of such persons. Certain plan investments are shares of investments managed by, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the trustee of the Plan and, therefore, these transactions qualify as party-in interest transactions. The Plan incurs expenses related to general administration and record keeping. The plan sponsor pays a portion of these expenses and certain accounting and auditing fees relating to the Plan.

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

OZARKS COMMUNITY HOSPITAL 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

NOTE 6: TAX STATUS

The Plan is placing reliance on an opinion letter dated June 30, 2020 received from the Internal Revenue Service on the Plan indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is therefore not subject to tax under current income tax law. The Plan has not been amended since receiving this letter.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 7: SEPARATED PARTICIPANTS

At December 31, 2023 and 2022, the vested account balances of all terminated employees were \$2,500,978 and \$1,880,978, respectively.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

OZARKS COMMUNITY HOSPITAL 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

NOTE 9: FAIR VALUE MEASUREMENTS - CONTINUED

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds:

Valued at the daily closing price reported by the fund. Mutual funds held by the plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account:

Valued at the closing price reported on the active market on which the individual securities are traded.

OZARKS COMMUNITY HOSPITAL 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2023 and 2022

NOTE 9: FAIR VALUE MEASUREMENTS – CONTINUED

Stable value collective trust fund:

Valued at the net asset value (NAV) of units of a collective trust. The NAV is based on the contract value of the investments held by the trust. Contract value is the amount participants would receive if they were to initiate transactions under the terms of the plan. The NAV of the collective trust fund is not publicly traded but is available to current investors when plan participants access their account values. The NAV is the basis for current transactions and thus, has a readily determinable fair value.

The preceding methods described may produce a fair calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, with in the fair value hierarchy, the plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
