Independent Auditor's Report

The Plan Administrator
Larson Manufacturing Company Employee Profit Sharing Plan
Brookings, South Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Larson Manufacturing Company Employee Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Larson Manufacturing Company Employee Profit Sharing Plan (the Plan) is provided for general information purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Larson Manufacturing Company, LLC; Larson Manufacturing Company of South Dakota, LLC; Larson Manufacturing Company of Iowa, LLC; and Larson Transportation, LLC (collectively, the Company). The Company's ultimate beneficial owner is Fortune Brands Innovations, Inc. (FBIN).

Prior to January 1, 2022, employees were eligible to become participants upon completion of one year and 1,000 hours of service, as defined in the Plan, and who have attained age 18. The employees entered the Plan on the first day of January or July following the completion of the eligibility requirements. The Plan excludes collective-bargaining (union) employees and non-resident aliens. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 1, 2022, the Plan implemented a freeze on participant entry and halted non-elective employer contributions to the Plan. Participants enrolled in the Plan as of December 31, 2021 will continue to accrue service for vesting purposes under the Plan following the freeze date. Accordingly, no employee who is not already a participant in the Plan as of January 1, 2022 shall become a participant in the Plan.

On April 1, 2022, all net assets of the Plan were transferred to Fidelity Management Trust Company (Fidelity), the Trustee and recordkeeper of the Plan effective April 1, 2022. The Plan's assets are held in the Fortune Brands Innovations, Inc. Defined Contribution Master Trust (the Master Trust), along with the assets of other plans sponsored by FBIN, for investment purposes. The Master Trust investments are administered and held by Fidelity.

Contributions

The Plan does not currently allow participant contributions, but the Plan does maintain frozen employee contribution accounts. Discretionary non-elective Company contributions to the Plan are determined by the respective Boards of Directors of the participating employers subject to certain limitations. Participants are entitled to receive discretionary non-elective contributions for a Plan year if the participant is employed by the Company on the last day of the Plan year and has completed 1,000 hours of service. For 2023, the Company did not make any discretionary non-elective employer contributions. The Plan does not currently allow participants to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Plan participants direct the investments in their participant accounts into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the Company discretionary non-elective contribution, and an allocation of Plan earnings and forfeitures of terminated participants' non-vested accounts. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. A participant may direct his or her contributions and Company contributions in whole percentages to be invested in one or more of these funds. In the absence of participant direction, the participant's accounts shall be invested in the age-appropriate target date fund.

Vesting

Vesting in the Company's discretionary non-elective contribution portion of a participant's account is based on the number of years of service, as follows:

Years of Service	Vesting (%)
Less than 2	-
2	20
3	40
4	60
5	80
6 or more	100

The Plan also provides for 100% vesting at the normal retirement date (age 55) upon retirement due to disability or upon the death of the participant.

Notes Receivable from Participants

Participants may borrow from their accounts to fund home purchases at a minimum of $1,000 and up to a maximum equal to the lesser of $20,000 or 50% of their vested account balance during the prior 12-month period. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Participants may only have one loan outstanding at any given time. The loan must provide at least quarterly payments under a level amortization schedule. Loan terms range from one to five years or up to 15 years for the purchase of a primary residence. As of December 31, 2023, interest rates on existing loans ranged between 4.25% and 9.50%.

Payment of Benefits

On termination of service due to death, disability, or retirement (age 55), a participant or beneficiary with a vested account balance in excess of $5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or periodic installments over a specified period of time. If a participant terminates employment and the participant's account balance is less than $5,000, the Plan administrator will authorize the benefit payment without the participant's consent. For termination of service due to other reasons,

a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures

As of December 31, 2023 and 2022, forfeited non-vested accounts totaled $262,605 and $226,549, respectively. For the year ended December 31, 2023, approximately $30,000 of forfeitures were used to pay expenses of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan and Master Trust are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date. The Plan's interest in the Master Trust at December 31, 2023 is presented at fair value, which has been determined based on the fair value of the underlying investments of the Master Trust. The Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company, and are excluded from the financial statements. Investment-related expenses are allocated proportionately to Plan participants based on their respective account balances and are included in administrative expenses.

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks, such as interest risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – This level consists of inputs that are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 – This level consists of inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – This level consists of inputs that are unobservable inputs for the asset or liability (including the entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability) and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Plan management uses the following methods and significant assumptions to estimate fair value of investments. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds - These funds are valued at the quoted net asset value (NAV) of the shares held by the Plan at year-end, which is obtained from an active market.

Common Collective Trusts – These assets are valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments that are traded on an active market. There are no redemption restrictions or unfunded commitments related to these investments.

Common Stocks - Common stocks are valued at the closing price reported on the active market on which individual securities are traded.

Self-Directed Brokerage Accounts – These are valued based on the underlying holdings, which consist of similar investment types as those investments described above. The valuation is consistent and in accordance with the valuation methods described above.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Master Trust's investments by level within the fair value hierarchy:

December 31, 2023

	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Mutual funds	$ 80,816,319	$ -	$ -	$ 80,816,319

Common collective trusts, measured at NAV*				981,082,908
Total Investments, at fair value				$1,153,500,688

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2023 and 2022, and for the year ended December 31, 2023. Accordingly, Fidelity, a qualified institution, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Plan's interest in Fortune Brands Innovations, Inc. Defined Contribution Master Trust as of December 31, 2023 and 2022, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Notes receivable from participants, as presented in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Plan's interest in net income of Fortune Brands Innovations, Inc. Defined Contribution Master Trust, as presented in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H (Form 5500), Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such information provided by the Trustee to the related information included in the financial statements and ERISA-required supplemental schedule.

5. Interest in Master Trust

The investments of the Master Trust are maintained under a trust agreement with the Trustee. The Plan; the Fortune Brands Innovations, Inc. Hourly Employee Retirement Savings Plan; and the Fortune Brands Innovations, Inc. Employee Retirement Savings Plan each have a divided interest in the Master Trust. The value of the Plan's interest is based on the transferred-in value to the Master

Trust, plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses. Investment income relating to the Master Trust is allocated to the individual plans on a prorated basis.

The Master Trust's net assets and the Plan's interest in the Master Trust's net assets are as follows:

	2023		2022	
	Master Trust	**Plan's Interest**	Master Trust	Plan's Interest
Investments, at fair value:				
Mutual funds	**$ 80,816,319**	**$ 2,434,680**	$ 120,738,950	$ 1,793,010
Collective trust funds	**750,792,975**	**102,013,950**	981,082,908	109,946,573
Common stock	**21,796,530**	**-**	28,186,974	-
Self-directed brokerage accounts	**19,438,377**	**-**	23,491,856	-
Total Investments	**872,844,201**	**104,448,630**	1,153,500,688	111,739,583
Other receivables	**-**	**-**	26,835	-
Total Net Assets of Master Trust	**$872,844,201**	**$104,448,630**	$1,153,527,523	$ 111,739,583

The net appreciation in fair value of investments, interest income, dividend income, and administrative expenses related to the Master Trust are as follows:

Year ended December 31,	2023
Net appreciation in fair value	$ 133,535,071
Interest income	147,708
Dividend income	2,564,305
Administrative expenses	(760,021)
Master Trust Net Investment Income	$ 135,487,063

6. Income Tax Status

The Plan adopted a non-standardized pre-approved profit-sharing plan document from Fidelity, which received an opinion letter from the Internal Revenue Service (IRS) on June 30, 2020 stating that the pre-approved plan document, as then-designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity or its affiliates. Fidelity is the Trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

Notes receivable from participants qualify as party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

In April 2022, the Plan entered into a Loan Agreement with the Company in the amount of $19,020 in connection with the liquidation and transfer of Plan assets to Fidelity. This transaction is a prohibited transaction within the meaning of Section 406(a) of ERISA; the Plan and the Company intend that the loan pursuant to the Loan Agreement satisfy the terms and conditions of the Department of Labor's Prohibited Transaction Exemption Number 80-26, as amended (PTE 80-26).

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

9. Subsequent Events

The financial statements and related disclosures include an evaluation of events up through and including October 10, 2024, which is the date the financial statements were available to be issued, and there were no material subsequent events that required recognition or additional disclosures in these statements.
