INDEPENDENT AUDITOR'S REPORT

To the Pension Committee and Plan Participants of
Genesis HealthCare System Employee's Retirement Plan
Zanesville, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Genesis HealthCare System Employee's Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits in liquidation as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits in liquidation for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Notes 2 and 6 to the financial statements, the Board of Trustees of the Plan, voted to terminate the Plan effective December 31, 2022, and management determined liquidation is imminent. As a result, the Plan has been reported using the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules as outlined on the Table of Contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

GENESIS HEALTHCARE SYSTEM EMPLOYEE'S RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following brief description of Genesis HealthCare System Employee's Retirement Plan ("the Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. Information about the plan agreement, the vesting and benefit provisions, and the Pension Benefit Guaranty Corporation's benefit guarantee is contained in the Summary Plan Document.

General

The Plan is a non-contributory defined benefit pension plan covering all employees of Genesis HealthCare System (the "Hospital").

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered by the Hospital's Plan Board of Trustees ("Board"). The Board has overall responsibility for the operation and administration of the Plan. The Retirement Committee determined the appropriateness of the Plan's investment offerings, monitored investment performance and reported to the Plan's Board of Trustees.

The Plan is a cash balance defined benefit pension plan that reported accrued benefits to participants in the form of hypothetical individual account balances. Account balances were increased each year by a percentage, based on service, of the employee's compensation plus an investment crediting rate determined annually, based on the greater of average yield of the 30-year treasury bond for the five months immediately prior to the beginning of the plan year or 5 percent.

Effective April 8, 2009, no new participants were allowed into the Plan. In 2011, the Board amended the Plan to change the benefit formula on and after July 1, 2011, for those participants who were age 50 and older on June 30, 2011 (the "Grandfathered Participants"). This amendment also froze the benefit accrual for active participants who were under age 50 (the "Non-grandfathered Participants"). For Grandfathered Participants, the new formula applied for accruals on and after July 1, 2011. The minimum interest crediting rate, on accruals earned on and after July 1, 2011, was 3 percent. For accruals earned on or before June 30, 2011, the minimum interest crediting rate remained at 5 percent.

The Board also amended the Plan to fully vest all active participants in the Plan as of June 30, 2011.

Plan Termination

The Plan was terminated effective December 31, 2022, as indicated in Note 6. Benefit accruals for Grandfathered Participants were frozen at that date.

Payment of Benefits

Distributions were payable upon retirement, death, disability, or termination of employment. There were several forms of benefit payment available, including life annuity; 50 percent, 66 2/3 percent, 75 percent, or 100 percent joint and survivor annuity; 5, 10, or 15 year continuous and certain option; and lump-sum payment. If the present value of the total accrued benefit was less than \$1,000, the participant was automatically paid a lump sum. During the year ended December 31, 2023, the net assets of the trust were primarily distributed through a lump-sum payment or purchase of a deferred annuity contract as elected by the participant.

GENESIS HEALTHCARE SYSTEM EMPLOYEE'S RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (Continued)

Funding Policy

The Plan's funding policy was for the Hospital to contribute an amount which would meet or exceed the annual ERISA minimum funding requirement. During the years ended December 31, 2023 and 2022, the plan was fully funded allowing for full distribution of participant funds.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Due to the decision to terminate the Plan during 2022, management determined that liquidation of the Plan was imminent and the financial statements have been prepared using the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Payment of Benefits

Benefits are recorded when paid.

Adjustments to Liquidation Basis

The liquidation basis of accounting requires recognition of gains and losses, interest and dividends, and expenses expected to be earned and incurred through final liquidation (See Note 6).

Administrative Expenses

Various administrative costs are paid by the Hospital that are excluded from these financial statements.

Subsequent Events

Subsequent events have been evaluated through October 10, 2024, which is the date the financial statements were available to be issued.

GENESIS HEALTHCARE SYSTEM EMPLOYEE'S RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends (before liquidation adjustment) for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Park National Bank, the custodian.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under Financial Accounting Standard Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money market fund: Valued at fair value based on quoted market prices.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Corporate and municipal bonds and notes: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flow approach that maximizes observable inputs such as current yields or similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks.

U.S. government securities and agency obligations: Valued using pricing models maximizing the use of observable inputs for similar securities.

Limited Partnerships: Valued at the net asset value per share (NAV), or its equivalent, of the funds based on the audited financial statements, when available, with adjustment to account for partnership activity and other applicable valuation adjustments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 7,428	\$ -	\$ -	\$ 7,428
Total assets in the fair value hierarchy	\$ 7,428	\$ -	\$ -	\$ 7,428

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For the years ended December 31, 2023 and 2022, the Plan did not hold any Level 3 assets.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2022. No such investments remained as of December 31, 2023.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

(1) The Weatherlow Offshore Fund is a medium-volatility hedge of funds that invests primarily in general equities and credit markets.

(2) These funds are medium-volatility funds of funds that invest primarily in unlisted companies (companies that are not traded on a public exchange), or in some cases, listed companies are purchased and taken private. The underlying equity investments are considered to be illiquid. Commitments are generally funded in stages, as the underlying investment managers make capital calls when an investment opportunity arises. It may take several years for commitments to become fully funded. Capital is returned to investors as these investment managers liquidate underlying investments.

(3) These funds are medium-volatility funds of funds that invest primarily in private real estate that is illiquid in nature. Private real estate encompasses a broad array of globally diversified strategies and securities.

NOTE 5: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

As disclosed in Note 3, Park National Bank is the custodian of the Plan. Fees paid by the Plan for administrative expenses to Park National Bank as well as investment managers and advisors were \$339,123 for the year ended December 31, 2023. These transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6: PLAN TERMINATION

The Board of Trustees voted on December 6, 2022, to terminate the Plan effective December 31, 2022. Benefits were frozen as of December 31, 2022, for remaining active participants. The Company made sufficient final contributions to the Plan to provide fully for the accrued Plan benefits. As of September 2023, all participants have received either a lump sum payment or had a deferred annuity contract purchased on their behalf. Once the Plan receives IRS approval for plan termination, they will work to officially terminate the Plan.

NOTE 7: TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Hospital by a letter dated December 7, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with U.S. GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; the Plan received a letter dated February 23, 2023, that the Plan audit for the year ended December 31, 2019, has been completed with no changes.

NOTE 8: RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

NOTE 9: ACCUMULATED PLAN BENEFITS

The value of benefits paid during 2023 was used to approximate the present value of accumulated plan benefits for January 1, 2023. The benefits paid by the Plan through termination were determined by the actuary. The calculations of the estimated present value of accumulated plan benefits attributable to participants in the Plan at January 1, 2023, are as follows:

Value of accumulated plan benefits in liquidation:

Vested benefits:	January 1, 2023
For retired participants and beneficiaries receiving payments	\$ 6,148,480
For terminated vested and deferred disabled participants	13,319,678
For active participants	26,807,615
Total value of accumulated plan benefits in liquidation	<u>\$ 46,275,773</u>
