Independent Auditors' Report

To the Plan Administrator
of Women's Health Texas 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Women's Health Texas 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Women's Health Texas 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of the Plan

The following description of the Women's Health Texas 401(k) Plan (the "Plan"). The Plan provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

Effective January 1, 2019, the Plan changed its name to Women's Health Texas 401(k) Plan. Women's Health Texas, LLC (the "Plan Sponsor"), formerly known as Central Texas OB/GYN Associates, PLLC, adopted the Plan effective January 1, 2011. In April 2018, the Plan Sponsor changed its name to Women's Health Texas.

In June 2022, the Plan document was amended to bring the Plan into compliance with legislative and regulatory changes.

The Plan is a defined contribution 401(k) plan covering all eligible employees of the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and qualifies under Section 401(a) of the Internal Revenue code (the "IRC").

The Plan is administered by the Plan Sponsor (the "Plan Administrator"). The Plan assets are held by Matrix Trust Company (the "Trustee").

Plan Termination

The Plan terminated effective April 1, 2023. Participants became 100% vested in their accounts on the date of the Plan termination. All assets of the Plan have been distributed and the asset balance is zero at December 31, 2023.

Eligibility

Employees are eligible to participate in the Plan once they complete one year of service with 1,000 hours and are at least 21 years of age, as defined by the Plan Document, with exception of certain classes of employees identified in the Plan Document. Participation in the Plan is at the election of the employee.

Effective July 1, 2020, the Plan was amended to change the service requirement for participant contributions to 60 days of service, with no hour requirement, with entry permitted on the first day of the following quarter.

Participant Contributions

Contributions are made to the Plan by the Plan Sponsor on behalf of each eligible participant based upon the participant's elected compensation deferral through payroll deductions. The Plan Sponsor funds the contributions at the end of each payroll period.

Eligible employees have the option to contribute pre-tax and Roth 401(k) contributions. A participant may authorize the Plan Sponsor to withhold his or her eligible compensation, not to exceed the annual limit established by the Internal Revenue Code (the "IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Unless changed by the employee, eligible employees are automatically enrolled in the Plan to make contributions of 3% of their eligible compensation.

Note 1 – Description of the Plan, continued

Employer Contributions

The Plan Sponsor makes a safe harbor employer matching contribution equal to 100% of the first 4% of contributed compensation. These contributions are fully vested upon funding. The Plan Sponsor may also make a discretionary employer contribution. The Plan Sponsor did not elect to make a discretionary employer contribution for the year ended December 31, 2023.

Participant Accounts

Participants direct the investment of employee and employer contributions into various investment options offered by the Plan.

Each participant's account is credited with the participant's contributions, the Plan Sponsor's contributions and an allocation of Plan earnings, and may be charged with Plan expenses, as applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Rollovers and Transfers

Participants who have a balance in another qualified employee benefit plan, as described in Section 401(a) of the Internal Revenue Code, may transfer or rollover the lump sum values of their account directly into the Plan, provided it meets the requirements of the Internal Revenue Code.

Forfeitures

Forfeitures of unvested participant account balances may be used to reduce Plan administrative expenses and contributions. The forfeiture balance totaled \$0 at December 31, 2023 and 2022. Forfeitures used during the year ended December 31, 2023 were not significant.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000, or 50% of their vested account balance, whichever is less. The notes receivable from participants are secured by the balance in the participant's account and bear interest at which are commensurate with prevailing rates as determined by the Plan administrator. All notes must be repaid within a specified period of time, not to exceed 60 months, except those that are used for the purchase of a principal residence in which case the note can be extended for 10 years. In most cases, repayment of the note will be made through after-tax payroll deductions.

Vesting

Participants are immediately vested in their contributions and employer safe harbor contributions plus actual earnings thereon. The employer discretionary contributions are 100% vested after six years of credited service as summarized below:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years or more	100%

Note 1 – Description of the Plan, continued

Payment of Benefits

Benefits become available to participants on the earliest of four events: (1) termination of employment, (2) death of the participant (benefits are payable to the participant's spouse or beneficiary), (3) disability of the participant, or (4) the participant's retirement.

Terminating participants with balances under \$5,000 are automatically distributed to the terminating participant regardless of whether participant consent is received.

On termination of service due to death prior to retirement, the account balance is paid to the participant's spouse or beneficiary in a lump sum. At the termination of service at the Plan's determined retirement age of 55, the account balance will become 100% vested with distributions being made at the request of the participant. If the participant remains employed past the normal retirement date, distributions may be deferred until termination of employment for non-owners. Active participants can withdraw benefits once they reach 59 ½ years of age. For owners of 5% or more, benefit payments will begin no later than when the participant reaches 70 ½ years of age.

Distributions During Employment

As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Plan Sponsor. The Plan does provide exceptions to this rule for withdrawals of the participant's contributions under certain circumstances (subject to the satisfaction of the Plan Sponsor) that include the following:

- Medical expenses,
- Purchase of a principal residence,
- Post-secondary education for participant or their dependents,
- To prevent eviction from or foreclosure on the participant's principal residence, and
- Payment of funeral expenses for a member of the participant's family
- Repair of damage to a primary residence that would qualify for the casualty deduction under the Internal Revenue Code

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Trustee. See Note 5 for discussion of fair value measurements.

Women's Health Texas 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 2 – Summary of Significant Accounting Policies, continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value if a difference exists. At December 31, 2023 and 2022, fair value of the contract approximated contract value. Accordingly, no such adjustment is needed.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid balance plus any accrued but unpaid interest. No allowance for credit losses have been recorded at December 31, 2023 or 2022. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Distribution, recordkeeping, audit and investment advisory fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Risks and Uncertainties

Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investment securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2024, the date the financial statements were available to be issued.

Women's Health Texas 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 3 – Information Certified by the Trustee

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits, as of December 31, 2023 and 2022.
- Net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2023.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2023.

The Plan’s independent auditor did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Note 4 – Tax Status

The Plan Sponsor has not applied for a determination letter from the Internal Revenue Service (“IRS”) to determine if the Plan is designed in accordance with applicable sections of the IRC. The Plan document is based upon a non-standardized pre-approved profit sharing plan with CODA from OneAmerica Financial Partners, Inc., which received an IRS advisory letter dated August 19, 2020. The plan instrument has been updated for legislative and regulatory changes. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the Plan Administrator believes it is subject to income tax examinations for three years.

Note 5 – Fair Value Measurements

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 5 – Fair Value Measurements, continued

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

- Level one — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level two — Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level three — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market: Fair value is estimated to be carrying value.

Stable value: This investment is a stable value fund that invests in a variety of high quality stable value investment contracts as well as cash and cash equivalents and is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total fair value
Money market	\$ -	\$ -	\$ -	\$ -
Mutual funds	-	-	-	-
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -

Note 5 – Fair Value Measurements, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total fair value
Money market	\$ 5,808	\$ -	\$ -	\$ 5,808
Mutual funds	45,525,476	-	-	45,525,476

Investments measured at net asset value				2,140,617
Investments at fair value				\$ 47,671,901

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

	Fair value December 31, 2023	Fair value December 31, 2022	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Stable value fund	-	\$2,140,617	Not applicable	Daily	12 months

Note 6 – Related-Party and Parties in Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Trustee or its affiliates. Fees incurred by the Plan for related investment management services are included in administrative expenses and net appreciation in fair value of investments. Certain fees incurred by the Plan for recordkeeping and audit fees are included in administrative expenses. Transactions such as these qualify as party-in-interest transactions. The Plan Sponsor pays directly certain other fees related to the Plan's operations.

Note 7 – Fidelity Bond

The Plan was covered as of and for the years ended December 31, 2023 and 2022 by a \$500,000 fidelity bond. As of December 31, 2023, the Plan is in compliance with ERISA fidelity bond requirements.
