INDEPENDENT AUDITOR'S REPORT

To the Investment Advisory Committee and Administrative Committee of
McGinnis Lochridge LLP Savings Plus Plan
Austin, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of McGinnis Lochridge LLP Savings Plus Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023, and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MCGINNIS LOCHRIDGE LLP SAVINGS PLUS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 AND 2022

NOTE 1 – DESCRIPTION OF PLAN

The following description of the McGinnis Lochridge LLP Savings Plus Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan, which covers eligible employees of McGinnis Lochridge LLP (the Sponsor) who have completed three months of service and have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was originally effective January 1, 1986, and was most recently amended March 1, 2022.

Entry Dates: Plan's entry date is the first day of the month coinciding with or following the date an employee satisfies the eligibility requirements. The Plan's entry date for the safe harbor profit sharing contribution or non-safe harbor profit sharing contribution is January 1st or July 1st coinciding with or following the date the employee satisfies the eligibility requirements.

Contributions: Each year, participants may contribute up to 80% of their annual compensation, as defined in the Plan. A participant's contribution cannot exceed the annual dollar limitation set forth by Internal Revenue Code (IRC) Section 402(g). The Plan also allows for elective deferral contributions to be made as Roth contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who are age 50 or older may also make additional catch-up salary deferral contributions that are in addition to any limits that are imposed by the Plan and federal law. Such contributions are recorded by the Plan in the period in which the Sponsor makes applicable payroll deductions.

The Sponsor may make a safe harbor profit sharing contribution to the Plan that is equal to 3% of the compensation of each eligible participant for the allocation period. The Sponsor may also use the safe harbor profit sharing contribution to offset the allocation of any non-safe harbor profit sharing contribution that would otherwise be allocated to the participant's account. Eligible employees of the Sponsor who have completed one year of service and have attained the age of 21 are eligible to receive a safe harbor profit sharing contribution or non-safe harbor profit sharing contribution. For 2023, the Sponsor made a profit-sharing contribution totaling \$1,951,666.

If the Plan is a top-heavy plan according to the definition set forth in the Plan document and the Sponsor makes discretionary contributions, the Sponsor's contributions shall be allocated such that the contributions made on behalf of any participant shall not be less than the lesser of 3% of such participant's compensation or the largest percentage of Sponsor contributions as a percentage of the key employees' compensation, allocated on behalf of any key employee that year. The Plan was top-heavy for 2023 and 2022.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's contribution and, (b) Plan earnings and losses, and charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants are responsible for their investment decisions under the Plan and any resulting investment activity. The value of participant accounts is updated each business day to reflect any contributions, exchanges between investment options, investment earnings or losses for each investment option and withdrawals.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 AND 2022

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting: Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts plus actual earnings thereon is based on years of credited service. Participants are immediately 100% vested in safe harbor profit sharing contributions. A participant is 100% vested after three years of credited service for non-safe harbor profit sharing contributions.

Forfeitures: Forfeitures of employer matching contributions are used to offset future employer matching contributions or administrative expenses of the Plan.

Notes Receivable From Participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates based on current interest rates charged by persons in the business of lending money for similar loans at the time the loan is made. Principal and interest are paid through payroll deductions.

Payment of Benefits: Upon termination of service for any reason, including death, disability, or retirement, a participant may elect to receive vested benefits in one of the following forms; lump-sum payment; life annuity, as purchased from a commercial insurer with the participant's account; or qualified joint and survivor annuity, as purchased from a commercial insurer with the participant's account.

After a participant's termination of employment from the Sponsor, if the vested amount of their account does not exceed \$1,000, their vested account balance will be distributed directly to them in cash. If the vested amount of a participant's account balance is more than \$1,000 but less than \$5,000, their vested account will be distributed from the Plan. A participant may either elect to receive this distribution in cash or to roll over the distribution to an IRA or the qualified plan of their new employer. If the vested amount of a participant's account exceeds \$5,000, they must consent to any distribution of their account.

Participants who reach age 59½ may receive an in-service distribution from certain accounts. Hardship distributions may also be made to satisfy certain immediate and heavy financial needs that a participant may have.

Administrative Expenses and Investment Management Expenses: The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all administrative expenses of the Plan are paid by the Sponsor. Expenses relating to specific participant transactions (i.e. loan setup, distribution request, etc.) are charged directly against the appropriate participant's account. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Plan Termination: Although it has not expressed any intent to do so, the Sponsor has the right under the Plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Sponsor contributions and earnings thereon.

Subsequent Events: Plan management has evaluated subsequent events through October 8, 2024, the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivables From Participants: Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit, and risks related to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- *Level 1* – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

(Continued)

MCGINNIS LOCHRIDGE LLP SAVINGS PLUS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 AND 2022

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

- *Level 2* – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- *Level 3* – Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Self-directed Brokerage Account: Accounts primarily consist of mutual funds, common stocks, and exchange traded funds that are determined by obtaining quoted prices on nationally recognized securities exchange (Level 1 inputs). The account also contains government and agency obligations, municipal and corporate obligations, and limited partnerships that are valued based upon recent bid prices or the average of recent bid and asked prices when available (Level 2 inputs). The brokerage account also holds a money market fund, which is estimated to approximate the cost basis of the deposit account balance (Level 2 inputs).

Collective Trust – Stable Value Fund: The fair values of participation units held in the stable value collective trust are based on the net asset values per unit as reported by the fund managers. The stable value collective trust provides for daily redemptions by the Plan at reported net asset values per share. However, redemptions by Plan participants to reinvest in options that compete with the stable value fund may be delayed for up to 90 days.

Collective Trusts – Target Date: This category includes target date common collective trusts whose objective is to allow participants to select the fund that best matches their expected retirement date, risk tolerance, personal circumstances, and complete financial situation, while investment managers handle the day-to-day decision-making. The funds are diversified through exposure to a variety of asset classes that may include, but is not limited to, domestic equity, international equity, emerging markets equity, global real estate, commodities, short term bond, intermediate term bond, inflation-protected bond (U.S. TIPS), world bond, and cash equivalents. Investments in this category can be redeemed daily at the current net asset value per share based on the fair value of the underlying assets.

Total investments at fair value				<u>\$ 49,135,861</u>

(*) Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Sponsor. Certain Plan investments are managed by Charles Schwab Trust Bank. These transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transaction rules under ERISA. Notes receivable from participants also reflect party-in-interest transactions.

(Continued)

NOTE 6 – TAX STATUS

The Sponsor adopted a non-standardized pre-approved profit sharing plan, sponsored by Schwab Retirement Plan Services. The pre-approved plan obtained its latest opinion letter on September 21, 2020, in which the Internal Revenue Service (IRS) stated that the pre-approved profit sharing plan, as then designed, was acceptable under section 401 of the IRC for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the determination letter, plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.
