Independent Auditor's Report

Plan Administrator
Baldor Specialty Foods, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Baldor Specialty Foods, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2023, and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baldor Specialty Foods, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Baldor Specialty Foods, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan's sponsor is Baldor Specialty Foods, Inc. (the Company, Plan Sponsor or Plan Administrator).

General: The Plan is a defined contribution 401(k) profit sharing plan established on January 1, 1997, covering eligible employees of Baldor Specialty Foods, Inc. and the following affiliated participating employers: Baldor Boston LLC, Baldor Express Transportation Co. LLC, Global Agri LLC, Baldor DC LLC, Baldor DC Realty LLC, Baldor Brix Holding LLC, Baldor Fresh Cuts, LLC, BRS LLC, Baldor Professional Services, Baldor Beverage LLC and Baldor Wine Warehouse LLC. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of Internal Revenue Code (IRC) Section 401(k) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan trustee and third-party administrator is Mutual of America Life Insurance Company (the Trustee or Mutual of America).

Eligibility: Employees who have completed six months of service and are age 18 or older are eligible to participate in the Plan.

Contributions: Each year, participants may contribute up to a dollar limit, which is set by law, as stated in the IRC. The maximum amount participants were allowed to contribute for the year ended December 31, 2023, was \$22,500. Employees 50 years of age and older are also allowed to contribute an additional \$7,500 to the Plan for 2023. The Company makes a matching contribution of 25% of participants' deferrals up to 4% of the participants' compensation. In addition, the Company may also make discretionary profit-sharing contributions. An eligible employee must work 1,000 hours of service each year and be actively employed on the last day of the year to receive employer matching and profit-sharing contributions. Highly compensated employees are not eligible for-profit sharing contributions. Discretionary profit-sharing contributions for the year ended 2023 amounted to approximately \$2,592,000.

Payment of benefits: On termination of service, a participant may elect to receive either a lump sum amount equal to the value of his or her vested account reduced by federal income tax withholding, or may elect to rollover the equity balance.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contribution, and (b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' investment options: Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via website access or direct phone access to Mutual of America.

Vesting: Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. The portion of the participants' accounts attributable to the Company's match and discretionary profit-sharing contributions becomes 20% vested after two years of credited service, as defined, and continues to vest at the rate of 20% for each successive year of service until 100% vested after six years of service.

Baldor Specialty Foods, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeitures: Upon termination of service, any unvested interest of the employer contribution account will be forfeited. Forfeitures are used to reduce employer contributions. Employer contributions during 2023 were reduced by approximately \$121,000 from forfeited nonvested accounts. At December 31, 2023 and 2022, the forfeited nonvested account balances totaled approximately \$80,000 and \$38,000, respectively.

Notes receivable from participants: Participants may borrow from their funded account the lesser of: (a) \$50,000 (as adjusted by the Plan document), or (b) up to 50% of their vested account balance. The minimum amount of any loan is \$1,000. Loans are secured by the balance in the participant's account and must be repaid in no more than five years unless the loan is to purchase a primary residence. If a loan is for a primary residence, then the repayment date is determined by the Plan Administrator. Participants may only have one loan outstanding at a time. Interest is charged by the Plan at the rate a bank or other professional lender would charge for making a loan in a similar circumstance. Interest rates on notes receivable from participants as of December 31, 2023 and 2022, range between 4.25% and 9.50%.

Note 2. Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies is as follows:

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Investment valuation and income recognition: The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses of the Plan are paid by the Plan or the Company.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are treated as distributions based on the terms of the Plan agreement.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 10, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified by Mutual of America Life Insurance Company (the Trustee)

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedules, that was prepared by, or derived from information provided by the Trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets at December 31:

	2023	2022
Investments:		
Pooled separate accounts, at fair value	\$ 47,930,163	\$ 36,257,623
Insurance investment contract, at contract value	3,945,488	3,862,868
Total investments	<u>\$ 51,875,651</u>	<u>\$ 40,120,491</u>
Notes receivable from participants	<u>\$ 2,517,293</u>	<u>\$ 2,256,004</u>

The Trustee also certified to the completeness and accuracy of \$7,386,587 of net appreciation in fair value of investments, \$61,522 of interest income on the insurance investment contract and \$84,061 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2023.

Note 4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). ASC 820 also provides that fair value may be measured at the net asset value (NAV) provided by the issuer for certain entities that calculate NAV per share.

Such investments recorded at NAV are not classified within this hierarchy. At December 31, 2023 and 2022, all fair value investments held by the Plan were measured at NAV, as determined by the issuer based on the fair value of the underlying assets.

- (a) **Retirement target date funds:** This category contains various funds that use an asset allocation strategy designed for investors expecting to retire around the respective year and likely stop making new investments in the funds. These funds may invest in various asset classes, including equity securities, fixed income securities and money market instruments. They may also invest some or all of their assets in commodities or commodities-related investments. Typically, the more time that remains until a fund's target retirement date, the more emphasis that fund will place on achieving capital appreciation and gains as compared to preserving capital and producing income. As each fund's target date approaches, the mix of investments is periodically reallocated and adjusted to gradually move toward the objective of preserving capital and producing income. However, the mix of investments in the Retirement Income Fund is not expected to change over time. The Retirement Income Fund is intended for investors who have passed their retirement date and seek a mix of investments more geared toward the objective of preserving capital and producing income than that offered by the other Retirement Funds. The periodic reallocations of the assets of each Retirement Fund will be affected by other matters aside from the period of time remaining until the target retirement date, such as current market conditions, the economy, unanticipated events and other factors.
- (b) **Large/mid cap:** This category contains various funds that invest primarily in mid cap and large cap equity securities, both domestic and foreign, and seek long-term growth of capital.
- (c) **Asset allocation:** This category contains various funds that invest in a broad range of securities including equities, fixed income securities and government issuances based on target allocations set by the individual funds.
- (d) **Global:** This category contains various funds which invest in mutual funds which are focused on diversifying investments globally.
- (e) **Small cap:** This category contains various funds which invest mainly in equity securities of small cap companies to seek outgrowth and income.

- (f) **Fixed income:** This category contains various funds which invest in mutual funds that invest mainly in fixed income securities, such as bonds, notes, debentures, zero-coupon securities and mortgage-backed securities, of varying maturities, seeking preservation of capital and current income.
- (g) **Real estate:** This category consists of one fund, the Vanguard VIF REIT Index Portfolio fund, which seeks to provide a high level of income and moderate long-term capital appreciation by tracking the performance of a benchmark index that measures the performance of publicly traded equity REITs. The fund employs an indexing investment approach designed to track the performance of the MSCI U.S. REIT Index. The index is composed of stocks of publicly traded equity real estate investment trusts (known as REITs). The fund attempts to replicate the index by investing all, or substantially all, of its assets in the stocks that make up the index, holding each stock in approximately the same proportion as its weighting in the index.
- (h) **Money market:** Mutual of America Money Market Fund seeks current income to the extent consistent with the maintenance of liquidity, investment quality and stability of capital by investing in money market instruments and other short-term securities.

Note 5. Investment Contract With Insurance Company

The Plan has a traditional insurance investment contract with Mutual of America. With traditional investment contracts, the Plan owns only the contract itself and not the underlying assets. The insurance investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value was \$3,945,488 and \$3,862,868 as of December 31, 2023 and 2022, respectively.

Mutual of America maintains the contributions under the investment contract in a general account or interest accumulation account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The insurance investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer and is reviewed periodically for resetting. The rate credited to participants during the year ended December 31, 2023, ranged from 1.60% to 2.85%. The rate credited to participants during the year ended December 31, 2022, was 0.50%.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Baldor Specialty Foods, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Income Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated November 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and the related trust is tax-exempt.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that required adjustments to the financial statements as of December 31, 2023 and 2022, and for the year ended December 31, 2023. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 8. Related Party and Party-in-Interest Transactions

The Plan's investments are comprised of shares of pooled separate accounts and an insurance investment contract managed by affiliates of Mutual of America. These transactions qualify as party-in-interest transactions. The Plan issues notes receivable to participants, which are secured by the balances in the participants' accounts, which also constitute party-in-interest transactions.

Note 9. Risks and Uncertainties

The Plan invests in a variety of investment vehicles. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risk factors in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Prohibited Transactions

The Plan Sponsor inadvertently failed to deposit \$767,118, \$265,952, and \$111,883 of participant contributions and loan repayments during 2023, 2022 and 2021, respectively, within the required timeframe as stated by the Department of Labor regulations. The Plan Sponsor intends to deposit lost earnings by December 31, 2024 to correct these failures. The Plan Sponsor intends to file Form 5330 and pay applicable excise tax to the IRS. The lost earnings and any excise tax will be paid from the Plan Sponsor's assets and not from assets of the Plan.

Note 11. Reconciliation of Financial Statements to Form 5500
