DHI 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DHI 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DHI 401(k) Plan

Notes to the Financial Statements

Note 1. Description of the Plan

The following description of the DHI 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan that covers substantially all employees of DHI Group, Inc., Dice Inc., Dice Career Solutions, Inc., and Targeted Job Fairs, Inc. (collectively, the Company) who have attained age 20. Employees are eligible to participate in the Plan the first day of the month following their first day of employment. The plan has an automatic deferral provision where employees are automatically enrolled in the Plan at a deferral rate of 3% of eligible compensation unless the employee elects a different deferral rate or decides not to participate. The Plan also has a provision that increases the initial 3% automatic deferred rate by 1% each year up to 10% of eligible compensation for employees that do not elect to change their deferral rate. Participating employees are eligible to receive safe harbor matching contributions upon their participation in the plan. Nonhighly compensated employees are eligible for a discretionary qualified nonelective contribution. Employees are eligible for additional discretionary employer contributions if they are employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year.

The Plan Committee is responsible for oversight of the Plan. The Plan Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the current provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendment: The Plan was amended effective July 1, 2022, to conform with certain regulatory changes, with no significant impact on the Plan's provisions.

Contributions and investment options: Eligible employees can contribute a percentage of their pre-tax and/or post-tax annual compensation, as defined by the Plan, subject to certain limitations under the Internal Revenue Code (IRC). The Plan permits the Company to make safe harbor matching contributions of 100% of the participant's contribution, up to 1% of eligible wages plus 50% of a participant's contributions between 1% and 6% of participant eligible wages. The Plan also permits the Company to make a discretionary qualified nonelective contribution allocated to eligible participants' accounts based on the ratio of such person's eligible compensation to the total eligible compensation of all such persons. The Plan also permits the Company to make a discretionary contribution allocated to eligible participants' accounts based on a uniform percentage or uniform dollar amount. The Company did not make a discretionary qualified nonelective contribution nor a discretionary contribution during the plan year ended December 31, 2023.

Participants direct the investment of their contributions and any employer contributions into investments offered by the Plan. The Plan currently offers various mutual funds and one common collective trust fund as investment options. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contributions, including discretionary qualified nonelective contribution and discretionary contributions and (b) investment fund earnings, and charged with an allocation of administrative expenses. Investment income and administrative expenses are allocated based on participant account values. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

DHI 401(k) Plan

Notes to the Financial Statements

Note 1. Description of the Plan (Continued)

Vesting: Participants are immediately vested in their elective deferrals and certain other contributions as described in the Plan, plus earnings thereon. Vesting in the Company contribution portions of their accounts, plus earnings thereon, is based on years of continuous service. Participants vest in the safe harbor contribution at a rate of 50% per calendar year in which they worked at least 1,000 hours and are 100% vested after two years. Company discretionary qualified nonelective contribution and discretionary contributions are vested at a rate of 20% per calendar year in which they worked at least 1,000 hours and are 100% vested after five years of credited service. Participants will also become 100% vested upon death or disability as defined by the Plan.

Notes receivable from participants: A participant may borrow from his or her account a minimum of \$1,000 to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding note balance in the previous 12-month period, or the greater of 50% of their vested account balance, \$10,000 or any outstanding loan balance on the date of the new loan. Note terms range from one to 10 years. A participant may not have more than one note outstanding at any time and may not have more than two notes in a rolling 12-month period. As of December 31, 2023, participant notes receivable have maturities through October 2033. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 8.50%, with principal and interest paid through payroll deductions. A one-time fee is charged to the participant to set up the note. This amount is paid by the participant via payroll deduction. Notes receivables outstanding at December 31, 2022, had interest rates ranging from 3.25% to 7.00%.

Payment of benefits: On termination of service due to death, disability or retirement, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum cash payment, installments, or an annuity payment. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or roll over the vested balance to another plan, as described in the Plan Agreement. In addition, hardship distributions are permitted if certain criteria are met.

Forfeited accounts: At December 31, 2023 and 2022, forfeited nonvested accounts were \$36 and \$2, respectively. These accounts are used to offset the Company's future matching contributions or to pay Plan administration expenses. During the year ended December 31, 2023, forfeitures were used to reduce plan expenses and employer contributions by a total of \$41,366 and \$61,664, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements of the Plan have been prepared under the accrual method of accounting.

Accounting estimates and assumptions: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

DHI 401(k) Plan

Notes to the Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment returns for such investments.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon terms of the plan document.

Payment of benefits: Benefit payments are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 10, 2024, which is the date the financial statements were available to be issued.

Note 3. Administrative Expenses

Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Plan.

Note 4. Information Certified and Provided by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Trustee

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

Notes to the Financial Statements

Note 4. Information Certified and Provided by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Trustee (Continued)

The trustee also certified to the completeness and accuracy of interest and dividend income from mutual funds, interest income from notes receivable from participants, and net depreciation in fair value of mutual funds, pooled separate accounts, and common collective trust funds (including investments bought, sold and held during the year) for the year ended December 31, 2023, as follows:

Investment income:

Interest and dividends	\$ 1,509,853
Net appreciation in the fair value of investments	11,507,092
Interest income on notes receivable from participants	24,176

Note 5. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) requires the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. In that regard, the Topic establishes a fair value hierarchy for valuation inputs that give the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Mutual funds are reported at fair value based on the quoted market price of the fund, which represents the net asset value of shares held by the Plan at year end. The fair value of mutual funds are classified within Level 1 of the valuation hierarchy.

Pooled separate accounts: Valued at the net asset value of shares in each account held by the Plan at year end. The net asset value is not a publicly quoted price in an active market. The net asset value, as provided by the insurance carrier, is used as a practical expedient to estimating fair value.

DHI 401(k) Plan

Notes to the Financial Statements

Note 5. Fair Value Measurements (Continued)

Common collective trusts: Common collective trust funds are invested in a variety of separate accounts, mutual funds and fully benefit responsive investment contracts. The fair value of the common collective trusts is determined by using the net asset value of units of the common collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur immediately. If the plan initiates a full redemption of the collective trust, no notice to the issuer is required.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial assets measured at fair value on a recurring basis as of December 31, 2023 and 2022, are as follows:

Description	2023			Total
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Mutual funds	\$ 79,363,089	\$ -	\$ -	\$ 79,363,089
Total assets in the fair value hierarchy	\$ 79,363,089	\$ -	\$ -	79,363,089
Investments measured at net asset value*:				
Pooled separate accounts				630,860
Common collective trust				1,736,897
Investments at fair value				<u>\$ 81,730,846</u>

Description	2022			Total
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Mutual funds	\$ 63,128,188	\$ -	\$ -	\$ 63,128,188
Total assets in the fair value hierarchy	\$ 63,128,188	\$ -	\$ -	63,128,188
Investments measured at net asset value*:				
Pooled separate accounts				621,291
Common collective trust				1,516,405
Investments at fair value				<u>\$ 65,265,884</u>

* In accordance with FASB ASC 820-10, certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

As of December 31, 2023 and 2022, the Plan did not have any Level 3 assets or liabilities.

DHI 401(k) Plan

Notes to the Financial Statements

Note 5. Fair Value Measurements (Continued)

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share as of December 31, 2023 and 2022:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2023	2022			
Pooled separate accounts (a)	\$ 630,860	\$ 621,291	\$ -	(a)	None
Common collective trust funds	1,736,897	1,516,405	-	Immediate	None
Total	<u>\$ 2,367,757</u>	<u>\$ 2,137,696</u>			

- (a) Investments in this category can be transferred once every 30 days at the current net asset value per share based on the fair value of the underlying assets. Participants are not allowed to transfer back into this category until the 30-day period has expired. New contributions are allowed during this time period.

Note 6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

Note 7. Tax Status

Effective July 1, 2022, the Plan adopted a non-standardized form of a prototype plan sponsored by Principal Life Insurance Company. The prototype plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Under the accounting guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 8. Related-Party Transactions

Certain Plan investments are managed by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee and custodian as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee totaled \$230,988 for the year ended December 31, 2023.

Note 9. Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
