To the Plan Administrator and Participants
Dominion Group 401(k) Plan
Knoxville, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Dominion Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Dominion Management Group, LLC
Dominion Florence, LLC
Dominion Richmond, LLC
Dominion Maryville, LLC
Dominion Crossville, LLC
Dominion Hixson, LLC
Dominion Bristol, LLC
Dominion Athens, LLC
Dominion Frankfurt, LLC
Dominion Anderson, LLC

Dominion Louisville, LLC
Dominion Clemson, LLC
Dominion Louisville II, LLC
Dominion Hixson II, LLC
Dominion Johnson City II, LLC
Dominion Clemson II, LLC
Dominion Senior Living, LLC
Dominion Wellsprings Johnson City, LLC
Dominion Wellsprings Sevierville, LLC
BCA Construction

Collectively, Dominion Development Group, LLC and its above-referenced affiliates and adopting employers/entities are hereinafter referred to as the "Employers". The Plan has entered into a trust agreement with Reliance Trust Company ("RTC") (the "Trustee") and appointed this company as a Trustee of the plan assets. RTC holds the Plan's assets and uses Transamerica Retirement Solutions, LLC ("Transamerica") to provide recordkeeping services. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA") of 1974, as amended.

Reclassifications - Certain reclassifications have been made to the 2023 balances in order to conform to the 2024 presentation with no effect on the previously reported net assets available for benefits.

Eligibility - The Plan covers employees who have met certain eligibility requirements defined by employers. A hired employee can become eligible to enroll in the Plan following attainment of one year of service. Additionally, enrollment eligibility includes the employee being at least 21 years of age, a non-leased employee, and classification of management. Additionally, enrollment in the Plan can occur on as soon as the first day of the calendar year or the first day of the seventh calendar month following their attainment of the respective days of service.

Contributions - Each year, participants may contribute a percentage of their annual pre-tax compensation, as defined in the Plan, subject to the limitations provided by the Internal Revenue Code ("IRC"), which was \$22,500 for those who were under age 50 in 2023 and \$20,500 in 2022. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers multiple pooled separate accounts and a general account through the Plan's group annuity contract with Transamerica.

The Employers provide a matching contribution equal to 100% of participants' elective deferrals that do not exceed 3% of total compensation plus 50% of salary deferrals between 3% and 5% of compensation.

The Employers may, at their discretion, make profit-sharing contributions. No such contributions were made for the years ended December 31, 2023 and 2022.

DOMINION GROUP 401(k) PLAN
Notes to Financial Statements (Continued)

NOTE 1 - DESCRIPTION OF PLAN - (Continued)

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Employers' matching contribution, (b) the Employers' profit-sharing contribution, and (c) Plan earnings, and charged with an allocation of administrative expenses not paid by the Employers, withdrawals, and an allocation of Plan losses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions and employer match contributions to the Plan plus actual earnings. Participants vest over a six year period in the Company's profit sharing contributions. The Employers' profit sharing contributions become 100 percent vested upon normal retirement or termination of employment due to death or disability.

Payment of Benefits - A participant may elect to take distributions from the Plan in accordance with regulations set forth by the Internal Revenue Service ("IRS") and the plan documents.

Forfeited Accounts - At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$12,403 and \$12,165, respectively. These accounts are available to be used to pay Plan expenses or reduce future company contributions. No forfeitures were used during the year ending December 31, 2023.

Administrative Expenses - A portion of the Plan's administrative expenses are paid by the Employers.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Pooled separate accounts are valued based on the quoted market price of the underlying assets.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Employee contributions are recorded when salaries are paid. Employer matching contributions are recorded when authorized.

Use of Estimates - The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payments of Benefits - Benefits are recorded when paid.

Date of Management's Review - Management has evaluated events and transactions occurring subsequent to the statement of net assets available for benefits date for items that should potentially be recognized or disclosed in the financial statements. The evaluation was conducted through October 9, 2024, which is the date the financial statements were available to be issued.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information with the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") Topic 820, Fair Value Measurement, defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC Topic 820 also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1: Quoted prices in active markets for identical assets or liabilities.
- Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or inputs that are observable or corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation. This category generally includes certain private debt and equity instruments and alternative investments.

An asset's or liability's classification within the fair value hierarchy is based on the lowest level of significant input to its valuation. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

DOMINION GROUP 401(k) PLAN
Notes to Financial Statements (Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS - (Continued)

Registered Investment Companies

The fair value of registered investment companies (mutual funds) is based on quoted net asset values of the shares held by the Plan at December 31, 2023 and 2022.

General Account

The general account is part of a group annuity contract, which invests in stable value investment contracts. The contract value of the general account approximates fair value at December 31, 2023 and 2022.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2023, the Plan had no liabilities carried at fair value subject to remeasurement on a recurring basis.

The following tables present the Plan's fair value hierarchy for those assets measured at fair value by general type of the securities held as of December 31, 2023 and 2022:

Fair Value Measurements at December 31, 2023				
	(Level 1)	(Level 2)	(Level 3)	Total
Registered investment companies	\$ 2,728,306	\$ -	\$ -	\$ 2,728,306
General account	-	55,213	-	55,213
Investments at fair value	<u>\$ 2,728,306</u>	<u>\$ 55,213</u>	<u>\$ -</u>	<u>\$ 2,783,519</u>

Fair Value Measurements at December 31, 2022				
	(Level 1)	(Level 2)	(Level 3)	Total
Registered investment companies	\$ 2,257,143	\$ -	\$ -	\$ 2,257,143
General account	-	54,090	-	54,090
Investments at fair value	<u>\$ 2,257,143</u>	<u>\$ 54,090</u>	<u>\$ -</u>	<u>\$ 2,311,233</u>

NOTE 5 - GROUP ANNUITY CONTRACT

The Plan has entered into a group annuity contract with Transamerica, the recordkeeper of the Plan, called Transamerica Stable Value Core Option fund. The group annuity contract is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The contract is credited with earnings on the underlying investments and charged for participant withdrawals and administrative fees. The average yield on the general account was 1.18% and 0.83% for 2023 and 2022, respectively. The credited interest rate is set monthly.

DOMINION GROUP 401(k) PLAN
Notes to Financial Statements (Continued)

NOTE 6 - TAX STATUS

The initial effective date of the Plan was January 1, 2020. Effective July 1, 2022, the Plan was amended and restated and adopted the ERISA Services, Inc. Non-Standardized Pre-Approved Profit Sharing Plan With CODA (the "ERISA Services Plan"). The IRS determined and informed ERISA Services, Inc. ("ERISA Services") by a letter dated June 1, 2021, that the ERISA Services Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has not filed for its own determination letter and there were no significant changes to provisions of the Plan as a result of the restatement. Although the Plan has been amended since the pre-approved profit-sharing plan determination letter was issued the Plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust tax-exempt as of the financial statement date.

The Plan recognizes tax loss contingencies when it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated. The amount recognized would be subject to estimates and management's judgment with respect to the likely outcome of each uncertain tax position. Although the tax years ending December 31, 2020 through December 31, 2023 remain open for examination by various taxing authorities, it is management's opinion that no significant uncertain tax positions remain open at December 31, 2023.

NOTE 7 - PARTIES-IN-INTEREST

Certain administrative functions are performed by officers or employees of the Employers. No such officer or employee receives compensation from the Plan. Costs incurred for audit, legal, and other administrative functions are paid by the Employers on behalf of the Plan. There were no financial transactions recorded between the Company and the Plan other than contributions made by the Company to the Plan. The Plan invests in funds managed by Transamerica. Transamerica acts as a contract holder and record keeper for those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from prohibited transactions rules. Reliance Trust Company serves as the trustee of the Plan; Transamerica Retirement Solutions, LLC serves as the recordkeeper of the Plan.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employers and the Plan Sponsor have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their company contributions.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with its investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
