INDEPENDENT AUDITOR'S REPORT

To the Investment Committee
Oyster Point Pharma, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Oyster Point Pharma, Inc. 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of February 29, 2024, December 31, 2023 and 2022 and the related statements of changes in net assets available for benefits for the period from January 1, 2024 to February 29, 2024 and the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of February 29, 2024, December 31, 2023 and 2022, and for the period from January 1, 2024 to February 29, 2024 and for the year ended December 31 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The Supplemental of Schedule of Assets (Held at End of Period) as of December 31, 2023 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
AS OF FEBRUARY 29, 2024, DECEMBER 31, 2023 AND 2022, AND FOR THE PERIOD FROM
JANUARY 1, 2024 TO FEBRUARY 29, 2024 AND FOR THE YEAR ENDED DECEMBER 31, 2023

1. DESCRIPTION OF THE PLAN

The following description of the Oyster Point Pharma Inc. 401(k) Plan (“the Plan”) provides only general information. For a complete description of the Plan, please refer to the Plan document.

General — Oyster Point Pharma, Inc. (the “Company” or “Administrator”) is a commercial-stage biopharmaceutical company focused on the discovery, development and commercialization of first-in-class pharmaceutical therapies to treat ophthalmic diseases. The Company is the Plan sponsor.

The Plan was formed on January 15, 2022 and is a qualified defined contribution retirement plan under section 401(k) of the Internal Revenue Code (“IRC”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is currently administered by T. Rowe Price (the “Recordkeeper”). The Plan’s assets are held by Reliance Trust Company (the “Trustee”).

On January 3, 2023, Viatris Inc. (“Viатris”), a global healthcare company, completed the acquisition of the Company and Famy Life Sciences, an unrelated party, to establish a new Viatris Eye Care Division. Effective January 1, 2024, the Administrator established the Oyster Point Pharma, Inc. 401(k) Defined Contribution Plan. As a result, no new employees entered the Plan and no contributions were made to the Plan for the period from January 1, 2024 to February 29, 2024. As a result, \$16,369,222 of net assets were transferred out of the Plan on February 29, 2024 and the Plan was subsequently merged into the Oyster Point Pharma, Inc. 401(k) Defined Contribution Plan.

Contributions — Employees are eligible to participate in the Plan if they are at least 21 years of age, and after the completion of three months of service with the Company. Excluded employees not eligible to participate in the Plan include union employees subject to terms of the contracts, nonresident aliens who have no earned income in the U.S., leased employees and interns.

Contributions to the Plan are composed of (1) employee salary deferrals including Roth 401(k) deferrals; (2) employer safe harbor contributions; (3) employer matching contributions; (4) employer profit sharing contributions; and (5) employee rollover contributions.

Employee salary deferrals: A participant may elect to defer not less than 1% and not greater than 80% of their total compensation for the year. A participant’s total deferral in a taxable year may not exceed a dollar amount which is set by U.S. Treasury regulations. The limit for 2023 is \$22,500, subject to catch-up contributions if a participant is at least 50 years old before the end of the calendar year. The maximum catch-up contribution for 2023 was \$7,500, which equates to a maximum participant contribution of \$30,000 in 2023 for qualifying participants.

Employer safe harbor contributions: The Company makes a safe harbor matching contribution equal to 100% of a participant’s salary deferrals that do not exceed 3% of the participant’s salary plus 50% of the participant’s salary deferrals between 3% and 5% of compensation.

Employer matching contributions: The Company may make a discretionary matching contribution equal to a percentage of a participant’s salary deferrals, which in any Plan year will not exceed 4% of a participant’s compensation. No employer matching contributions were made to the Plan for the period from January 1, 2024 to February 29, 2024 and for the year ended December 31, 2023.

Employer profit-sharing contributions: Each year, the Company may make a discretionary profit sharing contribution to the Plan, which is allocated among eligible participants. There were no employer profit-sharing contributions to the Plan for the period from January 1, 2024 to February 29, 2024 and for the year ended December 31, 2023.

Employee rollover contributions: A participant may be permitted to deposit into the Plan distributions from other retirement plans. This distribution may be in the form of a direct rollover, or may be deposited within 60 days of the employee's receipt of distribution from a previous plan. The participant will always be 100% vested in the rollover amount, which will be affected by investment gains or losses. Rollover amounts are tracked and can be withdrawn at any time.

Participant Accounts — Eligible participants include Company employees who have attained the age of 21 and have completed three months of service with the Company. Plan participants direct their own investments for their individual 401(k) Plan accounts. The Administrator provides the Plan participants with information on the investment choices available, the procedures for making investment elections, the frequency which a participant can change their investment choices, and other information. If a participant does not direct the investment of their applicable Plan accounts, then the accounts will be invested in accordance with the default investment alternatives established under the Plan. The State Street Target Retirement Date Series mutual funds are the Plan's default investments. If a participant does not select an investment when they enroll, their assets will be invested in the Target Date Fund closest to the year in which they turn 65 years old. Employer contributions are allocated to participant's investment options in the same manner as that of the participant's elective contributions.

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings or losses. Plan earnings and losses are also charged with a proportional allocation of administrative expenses.

Expenses are allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan, depending on the nature of the expense itself. Certain other expenses may be paid directly from a specific participant's account, if they are specifically incurred by, or attributable to, the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting — Participants are vested immediately in their contributions plus actual earnings thereon, as well as their permitted rollover contributions.

Employer safe harbor matching contributions, employer matching contributions, and employer profit sharing contributions are immediately 100% vested.

Notes Receivable from Participants — Participants may borrow from their Plan accounts a minimum of \$1,000, and maximum of the lesser of 50% of their vested interest in the Plan, or \$50,000. The participant must sign a promissory note along with a loan pledge, and will be charged an interest rate equal to 1% above the prime rate, fixed for the duration of the loan. Generally, the loan term may not exceed five years, with limited exceptions. If a participant with a loan terminates their employment with the Company, the loan generally becomes due and payable immediately. If the participant is unable to repay the loan balance and accrued interest, the participant's vested balance is reduced by the amount unpaid. A participant is permitted to have two loans outstanding at one time. Principal and interest are paid through payroll deductions.

Distributions — Participants may request a distribution from the Plan for a minimum of \$1,000. The distribution will either be an in-service distribution, a qualified reservist distribution, or a hardship distribution. Each distribution has specific criteria and benefit impacts.

Payment of Benefits — On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum or partial withdrawals of the amount equal to the value of the participant's vested interest in his or her account if the vested account balance exceeds \$5,000. If the vested account balance does not exceed \$5,000, then the participant will receive a lump sum.

For termination of service for other reasons, a participant may receive the value of the vested percentage of their account balance as soon as administratively feasible following the termination of employment.

For termination of employment at Normal Retirement Date (currently age 65), amounts will be distributed either as soon as administratively feasible, or at the participant's election, delayed until no longer than age 70 1/2.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Company in the preparation of the accompanying statements of net assets available for benefits and related statements of changes in net assets available for benefits and the related notes to the financial statements ("financial statements") follows:

Basis of Accounting — The financial statements of the Plan are prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America. The Plan's records are maintained on a twelve-month period of time (the "Plan Year"). The Plan Year begins on January 1st and ends on December 31st. As stated in Note 1, *Description of the Plan*, the Plan was merged into the Oyster Point Pharma, Inc. 401(k) Defined Contribution Plan.

Use of Estimates — The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition — Valuations of the Plan assets are generally made every business day. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by investment advisers, trustees, custodians and insurance company. See Note 4, *Fair Value Measurements*, for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of February 29, 2024, December 31, 2023 and 2022.

Payment of Benefits — Benefits are recorded when paid.

Expenses — Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company or Viatris. Expenses that are paid by the Company or Viatris, are not material and as such, are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at February 29, 2024, December 31, 2023 and 2022, and net appreciation in fair value of investments, dividend income and interest income on notes receivable from participants for the period from January 1, 2024 to February 29, 2024 and for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company, the Trustee of the Plan's assets.

4. INVESTMENTS (FAIR VALUE MEASUREMENTS)

The Company assesses the fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, a three-tier fair value hierarchy has been established, which prioritizes the inputs used in measuring fair value as follows:

Level 1 — Quoted prices in active markets for identical assets or liabilities.

Level 2 — Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; or model derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3 — Valuations derived from valuation techniques in which one or more significant inputs to the valuation model are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs to the extent possible, as well as considered counterparty credit risk in its assessment of fair value.

The Plan's investment choices are all mutual funds and are valued at the daily closing price as reported by the fund. They are open-end mutual funds that are registered with the Securities and Exchange Commission, and are deemed to be actively traded. These funds are required to publish their daily net asset value ("NAV") and to transact at that price.

There were no Plan assets as of February 29, 2024 as a result of the transfer to the Oyster Point Pharma, Inc. 401(k) Defined Contribution Plan as described in Note 1, *Description of the Plan*. The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023		
	Level 1	Total
Mutual funds	\$ 16,813,727	\$ 16,813,727
Investments at fair value	\$ 16,813,727	\$ 16,813,727
Assets at Fair Value as of December 31, 2022		
	Level 1	Total
Mutual funds	\$ 9,438,763	\$ 9,438,763
Investments at fair value	\$ 9,438,763	\$ 9,438,763

The availability of observable market data is monitored to assess the appropriate classification of financial instrument within the fair value hierarchy.

While the Plan believes its valuation methods used to assess the classification of financial instruments within the hierarchy are appropriate, the use of different methodologies or assumptions could result in a change in a financial instrument's fair value tier from year to year. In such instances, a transfer would be reported at the beginning of the reporting period.

5. TAX STATUS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a federal or state tax authority. As the Plan is tax-exempt, the Administrator and Plan management have concluded that as of February 29, 2024, December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. All tax years since inception are subject to income tax examination.

The Plan adopted a pre-approved form of a plan with SS&C Retirement Solutions LLC ("SS&C"). Effective January 1, 2023, SS&C changed the name of DST Retirement Solutions, LLC to SS&C Retirement Solutions LLC. SS&C is an affiliate of Reliance Trust Company and provides recordkeeping services to the Plan. The pre-approved plan received an opinion letter from the IRS dated June 30, 2020 as to the qualified status of the pre-approved plan. The Plan was adopted subsequent to the date of the opinion letter and the Plan's Adoption Agreement was restated effective January 1, 2023. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by T. Rowe Price. T. Rowe Price and SS&C perform recordkeeping functions for the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions. As of December 31, 2023 and 2022, the Plan held \$241,160 and \$154,462, respectively, of mutual funds managed by T. Rowe Price.

The State Street Global Advisors Target Retirement funds ("SSGA") are managed by State Street Corporation, which is partially owned by T. Rowe Price, and therefore the SSGA funds qualify as exempt parties-in-interest. As of December 31, 2023 and 2022, the Plan held \$13,265,630 and \$7,712,335, respectively, of these SSGA funds.

Due to the transfer of assets to the Oyster Point Pharma, Inc. 401(k) Defined Contribution Plan as described in Note 1, *Description of the Plan*, there were no assets held by related parties as of February 29, 2024. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

8. SUBSEQUENT EVENTS

Subsequent events are defined as material events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through October 10, 2024, the date that the financial statements were issued and determined that there have been no events that have occurred that would require adjustments to the disclosures in the financial statements.
