Independent Auditor's Report

The Board of Directors and Plan Participants
Pacific Packaging Products 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pacific Packaging Products 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a – schedule of delinquent participant contributions for the year ended December 31, 2023 and Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Pacific Packaging Products 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Pacific Packaging Products 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The plan sponsor is Pacific Packaging Products, Inc. (the Company).

General and eligibility: The Plan is a defined contribution plan covering all employees of the Company, except for union members and employees of the Company's Puerto Rican affiliate and all non-resident aliens, who have three months of service and who are age twenty-one or older. Employees become eligible for employer discretionary non-elective contributions when they reach age 21 and 1,000 hours of service during a plan year. Employees are automatically enrolled in the Plan as of the first day of the following quarter after becoming eligible, unless the employee elects to waive participation. The default deferral percentage is 3% to a default investment. Employees become eligible for Company employer matching contributions at the same time they reach eligibility to enroll in the Plan.

The Plan is administered by the Company (the Plan Administrator). The plan assets are held by Great West Trust Company, LLC, the trustee of the Plan and Empower Retirement (Empower) provides information on their behalf. The Plan is subject to the Internal Revenue Code of 1986, as amended (the Code) and the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended effective January 1, 2024, to establish Safe Harbor contributions.

Contributions: Participants may contribute the lesser of an amount defined by the Internal Revenue Code or 100% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions in accordance with the Internal Revenue Code. The Company makes a contribution that is calculated as 3% of the employee's salary up to a maximum compensation of \$170,000, as defined by the Plan document. The Company may also contribute, at its discretion, on behalf of each participant who has elected to make a salary deferral contribution, an amount determined annually by the Board of Directors. No non-elective discretionary matching contributions were made during 2023. Participants may also contribute amounts representing distributions from other qualified plans (rollovers) provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan.

Investment options: Participants direct the investment of their contributions, as well as the Company matching contribution and non-elective discretionary contribution, into various investment options offered by the Plan. During the years ended December 31, 2023 and 2022, the Plan currently offers mutual funds and a guaranteed investment account as investment options for participants.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's discretionary contributions, and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting: Participants are vested immediately in their salary deferral, rollover contributions, and employer matching contributions plus any earnings thereon. Vesting in Company non-elective discretionary matching contributions is as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes receivable from participants: Participants may borrow from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms shall not be for a period exceeding five years except if the loan is used to acquire the primary residence of the participant in which case terms may be up to fifteen years. The loans are secured by the vested balance in the participant's account and bear interest at a comparable bank rate in effect at the time of the loan. As of December 31, 2023, interest rates on outstanding participant notes receivable ranged from 4.25% to 9.5%. Principal and interest is paid ratably through payroll deductions. In the case of termination of employment, the entire outstanding loan balance shall be payable within thirty days of termination of employment or will be treated as a deemed distribution.

Payment of benefits: Upon termination of service due to death, a participant's beneficiary may receive 100% of the vested account balance in a manner elected by the participant on a designation of beneficiary form or in a lump-sum payment equal to the value of the account. On termination of service due to other reasons, or a demonstrated financial hardship, a participant may receive the value of the vested interest in his or her account, in one of the following ways: (a) in a lump sum payout, (b) in installments over a period of time as elected in writing, not to exceed the participant's/beneficiary's life expectancy, (c) have the payment paid as a direct rollover to his or her individual retirement account, or (d) to another employer's tax qualified plan.

Forfeited accounts: Forfeitures represent the non-vested portion of terminated participants' account balances. Forfeitures may be used to reduce the Plan's expenses and/or the Company's employer contribution for the year. During the year ended December 31, 2023, there were \$9,028 of forfeitures generated on non-vested contributions. During the year ended December 31, 2023, interest income on forfeitures was \$329 and forfeitures used to pay plan expenses were \$1,437. As of December 31, 2023 and 2022, unallocated forfeited accounts totaled \$14,272 and \$6,352 respectively.

Basis of accounting: The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles (GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (ASC). The financial statements of the Plan are prepared on the accrual basis of accounting.

Pacific Packaging Products 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies

Use of estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value (except for fully benefit-responsive contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 5). The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Risks and uncertainties: The Plan provides for various investment options in any combination of mutual funds and various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Fair value measurements: The Plan follows guidance within FASB ASC 820 – Fair Value Measurements and Disclosures (Note 5).

Administrative expenses: Administration expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net depreciation in fair value of investments.

Note 3. Party-in-Interest Transactions

Certain plan investments are managed by Empower. In addition, the Plan also issues notes receivable from participants, which are secured by the balances in participant accounts. These transactions qualify as party-in-interest transactions as that term is defined in Section 3(14) of ERISA.

During the 2023 plan year, the Plan Sponsor inadvertently failed to deposit \$268,300 of participant contributions within the required timeframe as stated by the Department of Labor's regulations. The Plan Sponsor intends to deposit lost earnings to correct this failure as soon as possible. The Plan Sponsor will file Form 5330 and pay applicable excise tax to the IRS. The correction and any excise taxes, if applicable, will be made from the Plan Sponsor's assets and not from the assets of the Plan.

Notes to Financial Statements

Note 4. Information Prepared or Certified by the Plan's Trustee

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Empower on behalf of Reliance Trust, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by Empower on behalf of the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets.

	2023	2022
Investments at contract value:		
Guaranteed investment account	\$ 13,411,726	\$ 13,618,750
Investments at fair value:		
Mutual funds	29,760,349	24,477,380
Total investments	<u>\$ 43,172,075</u>	<u>\$ 38,096,130</u>
Notes receivable from participants	<u>\$ 281,159</u>	<u>\$ 297,244</u>

Empower has also certified to the completeness and accuracy of \$3,745,923 of net appreciation in fair value of investments, \$1,599,705 in dividends and other income, and \$17,327 in interest income on notes receivables from participants for the year ended December 31, 2023.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Pacific Packaging Products 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 5. Fair Value Measurements (Continued)

The fair value measurement level for an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These securities are categorized in Level 1 as they are deemed to be actively traded and no valuation adjustments have been applied.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 29,760,349	\$ 29,760,349	\$ -	\$ -

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 24,477,380	\$ 24,477,380	\$ -	\$ -

Note 6. Guaranteed Investment Account

The Plan entered into a fully benefit-responsive investment contract with Empower through the Empower Diversified Separate Account Guaranteed Investment Contract (the SAGIC). Empower maintains the contributions in a market value separate investment account (SIA). The contract is included in the financial statements at contract value as reported to the Plan by Empower. The separate account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract value of the guaranteed investment contract was \$13,411,726 and \$13,618,750 at December 31, 2023 and 2022, respectively.

Because the SAGIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the SAGIC.

Pacific Packaging Products 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 6. Guaranteed Investment Account (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is determined for each individual plan contract based on anticipated market returns. The crediting interest rate is typically set quarterly and was 4.45% as of December 31, 2023.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to, the following: (a) the complete or partial termination of the Plan, (b) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including removal of a group of employees from plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of a group of layoffs or early retirement programs. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Income Tax Status

The Plan is an IRS preapproved plan and an opinion letter was received on November 14, 2022, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Code. Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2020.

Note 9. Reconciliation of Financial Statements for Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2023 and 2022 per the financial statements to the Form 5500:

	2023	2022
Net assets available for benefits per financial statements	\$ 43,453,234	\$ 38,553,376
Employer contributions receivable not reported on Form 5500	-	(42,669)

Note 9. Reconciliation of Financial Statements for Form 5500 (Continued)

The following is a reconciliation of the net increase per the financial statements to Form 5500 for the year ended December 31, 2023:

	<u>2023</u>
Net increase per the financial statements	\$ 4,899,858
Change in:	
Employer contributions receivable	42,669
Participant contributions receivable	<u>117,333</u>
Net income per the Form 5500	<u><u>\$ 5,059,860</u></u>

Note 10. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds and a guaranteed investment account. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11. Subsequent Events

The Plan has evaluated subsequent events through October 11, 2024, the date the financial statements were available to be issued.
