THL Management Holdings, LP 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of THL Management Holdings, LP 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a—Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, and Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THL Management Holdings, LP 401(k) Plan

Notes to Financial Statements

(1) Description of the Plan

The following description of the THL Management Holdings, LP 401(k) Plan (the Plan) provides only general information. Participants of the Plan should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution retirement and savings plan covering substantially all employees of Thomas H. Lee Management Company, LLC (the Company and Plan Sponsor). Employees are eligible to participate in the Plan upon employment and attaining age 21 years. Summer interns are excluded from participation in the Plan. The Plan is subject to the provisions of the Internal Revenue Code of 1986 (the Code) and the Employee Retirement Income Security Act of 1974 (ERISA), both as amended. The Plan is administered by the 401(k) Committee of the Plan. The 401(k) Committee (the Committee) is responsible for oversight of the Plan. In addition, the Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

(b) Contributions

The Plan provides that eligible employees electing to become participants can contribute to the Plan through payroll deferrals on up to 90% of their base compensation (as defined in the Plan), subject to the Code limitations which was \$22,500 in 2023. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to \$7,500 in 2023. In certain cases, up to 100% of compensation may be deferred, including cash bonus compensation. The Plan also allows after tax (Roth) deferrals by participants. Participants may also contribute amounts representing distributions from other qualified plans subject to certain limitations, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for discretionary matching contributions. The total amount of any matching contribution (Employer Contribution) is determined annually by the Company. For the 2023 Plan year, the Company made a matching contribution of 100% of eligible participant contributions with a maximum annual matching contribution of \$3,000. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

(c) Participant Accounts

Each participant's account is credited with the participant's pro rata share of the Employer's Contribution. Each participant's account is credited directly for Employee Contributions. Investment earnings on common collective trust accounts are allocated pro rata to the participants' accounts based on the participants' account balances.

(d) Investment Alternatives

Each participant is responsible for determining how his or her individual account balance is invested. Participants may change their investment options at any time throughout the year via direct phone or online access to Fidelity Management Trust Company, the trustee and third-party administrator of the Plan.

(e) Vesting

All Employee Contributions and earnings thereon are fully vested at all times. A participant is fully vested in Employer Contributions immediately.

(1) Description of the Plan (Continued)

(f) Benefits

On termination of employment due to death, disability, retirement, or attainment of age 59½, a participant or participant's beneficiary may elect to receive either a lump sum amount equal to the value of the participant's account balance, or partial withdrawals. In certain circumstances, participants may also make hardship withdrawals. A participant who terminates employment with a vested account balance of less than \$1,000 receives a lump sum distribution.

(g) Notes Receivable From Participants

Notes receivable consist of loans to participants who may borrow up to the lesser of \$50,000 or one half of their vested interest in the Plan. The notes are generally repaid within five years in equal installments of principal and interest each pay period. Loans related to the purchase of the participant's primary residence may be repaid within a period of up to 10 years in equal installments of principal and interest. The interest rate on loans to participants is set at the prime lending rate as published by The Wall Street Journal on the date the loan is approved. The notes receivable balances of \$115,261 and \$27,199 as of December 31, 2023 and 2022, respectively, are recorded at amortized cost, which is unpaid principal plus accrued interest.

(h) Termination

The Company anticipates that the Plan will continue without interruption but reserves the right to discontinue the Plan. In the event of plan termination, participants' accounts will become fully vested and nonforfeitable.

(i) Administrative Expenses

For the year ended December 31, 2023, the Company paid substantially all administrative expenses incurred by the Plan. Certain transaction fees, such as loan set up fees and overnight check fees, are charged directly to participant accounts and are reported on the statement of changes in net assets available for benefits as administrative expenses.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles in the United States of America (US GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to US GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (ASC). The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

(2) Summary of Significant Accounting Policies (Continued)

(b) Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Payment of Benefits

Benefits are recorded when paid.

(d) Expenses

Administrative expenses of the Plan are generally paid by the Company.

(e) Income Taxes

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

(f) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(g) Other Income

The Plan received a total of \$0 in the year ended December 31, 2023 through Fidelity Management Trust Company's Revenue Credit Program (RCP) which may be used to pay for Plan expenses or allocated to participant accounts. For the year ended December 31, 2023, \$12,068 was used to pay for Plan expenses. In addition, the Plan saw an increase in the account of \$6,245 due to dividend reinvestment and market activity. The balance of the RCP account and ERISA credit account at December 31, 2023 and 2022 was \$130,643 and \$136,466, respectively.

Notes to Financial Statements

(3) Information Certified or Provided by Fidelity Management Trust Company (Trustee)

The following is a summary of the plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

	2023	2022
Investments:		
Investments, at fair value	\$ 50,681,415	\$ 41,179,131
Participant loans:		
Notes receivable from participants	\$ 115,261	\$ 27,199

The trustee also certified to the completeness and accuracy of \$6,885,421 in net appreciation in fair value of investments, \$1,128,721 of interest and dividend income, and \$3,804 of interest income related to notes receivable from participants for the year ended December 31, 2023.

(4) Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

THL Management Holdings, LP 401(k) Plan

Notes to Financial Statements

(4) Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered investment companies: Valued at the quoted net asset value (NAV) of shares held by the Plan at year-end. Registered investment companies are made up of mutual funds and money market funds whose fair values are based on quoted prices and are therefore classified in Level 1 of the fair value hierarchy.

Common/collective trusts: Investments in the stable value portfolio are stated at NAV as reported by the investment advisor. The collective trusts' underlying assets consist of fully benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed-income securities and money market funds.

Self-directed brokerage option: Comprised of exchange traded funds, common stock, money market funds and mutual funds. Valued at the closing quoted price reported on the active market on which the individual securities are traded and are therefore classified as Level 1.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

Description	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 46,526,658	\$ -	\$ -	\$ 46,526,658
Self-directed brokerage account	3,738,510	-	-	3,738,510
Stable value fund (a)	-	-	-	416,247
Total investments in fair value hierarchy	\$ 50,265,168	\$ -	\$ -	\$ 50,681,415

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 37,520,427	\$ -	\$ -	\$ 37,520,427
Self-directed brokerage account	3,069,204	-	-	3,069,204
Stable value funds (a)	-	-	-	589,500
Total investments in fair value hierarchy	\$ 40,589,631	\$ -	\$ -	\$ 41,179,131

- (a) In accordance with Accounting Standards Update 2015-07, certain investments that are measured at fair value using NAV per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Total	<u>\$ 589,500</u>			

(5) Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees relating to the administration of notes receivable from participants are charged directly to the participant's account. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a taxable benefit payment is recorded. At December 31, 2023 and 2022, there were \$115,261 and \$27,199, respectively, in notes receivable from participants. The amount of loans outstanding to a participant is restricted by the participant's vested interest or dollar amount under IRS rules.

(6) Collective Trusts

Plan participants can invest in a collective trust of the Fidelity Group Trust for Employee Benefit Plans, the Managed Income Portfolio Class II (the collective trust). The collective trust is not a mutual fund. It invests primarily in investment contracts issued by insurance companies and other financial institutions, fixed income securities and money market funds and are credited with earnings on the underlying investments. It is also charged for participant withdrawals and administrative expenses.

(7) Tax Status

The Plan Sponsor has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 issued to Fidelity, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC).

THL Management Holdings, LP 401(k) Plan

Notes to Financial Statements

(8) Party-in-Interest Transactions

Certain plan investments such as shares of registered investment companies in the Fidelity fund family and the Fidelity Advisor Stable Value common/collective trusts are managed by affiliates of Fidelity Management Trust Company, the trustee of the Plan. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity Management Trust Company for the investment management services, loan administration and other recordkeeping services were \$39,088.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) Prohibited Transactions

During the 2023 and 2022 plan year, the Plan Sponsor inadvertently failed to deposit \$683,724 and \$491,548, respectively, of participant contributions and loan repayments within the required timeframe as stated by the Department of Labor's regulations. The Plan Sponsor intends to deposit lost earnings to correct this failure as soon as possible. The Plan Sponsor plans to file Form 5330 and pay applicable excise tax to the IRS. The correction and any excise taxes, if applicable, will be made from the Plan Sponsor's assets and not from the assets of the Plan.

(11) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per Form 5500:

	December 31	
	2023	2022
Net assets available for benefits per the financial statements	\$ 50,796,676	\$ 41,206,330
Adjustment from NAV to Form 5500 fair value for interest in common/collective trusts	(23,696)	(39,685)

THL Management Holdings, LP 401(k) Plan

Notes to Financial Statements

(11) Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to Form 5500:

	Year Ended December 31, 2023
Net increase per financial statements	\$ 9,590,346
Net change in adjustment from NAV to Form 5500 fair value for interest in common/collective trusts	15,989
Net increase per Form 5500	<u>\$ 9,606,335</u>

(12) Subsequent Events

The Plan has evaluated the need for disclosure and/or adjustments resulting from subsequent events through October 10, 2024, which represents the date the financial statements were available to be issued. Adjustments or additional disclosures, if necessary, have been included in these financial statements.
