The Plan Administrator
Abt Associates Inc. Profit Sharing and Savings Plan
Cambridge, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Abt Associates Inc. Profit Sharing and Savings Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ABT ASSOCIATES INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of the Associates Inc. Profit Sharing and Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a complete description of the Plan provisions.

General

The Plan is a defined contribution profit sharing plan with a cash deferral 401(k) arrangement established by Abt Global, Inc. (formerly Associates Inc.) (the “Employer”). In accordance with the trust agreement, the Employer administers the Plan. Fidelity Management Trust Company (“Fidelity”) is the Plan’s custodian and trustee. All regular employees of Abt Associates Inc. are eligible to join the Plan as a participant upon their date of hire. Leased employees and non-resident aliens are not eligible to participate in the Plan. Temporary employees are eligible to join the Plan after completing 1,000 hours of service during the first twelve months from their date of hire or any Plan year thereafter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Substantially all investments are participant-directed.

Participant Contributions

Participants may defer between 1% and 50% of their eligible earnings in the form of a basic contribution. If a participant is age 50 or older during the calendar year, they may elect to defer an additional 1% to 75% of their eligible earnings in the form of a catch-up contribution. Contributions are subject to dollar limits imposed by federal law. Participants may also contribute amounts representing distributions from other qualified plans in the form of a rollover (Participant Rollovers”). The Plan utilizes an auto-enrollment process for new hires and rehires. Eligible employees that do not make an election to opt in or out within 60 days from their date of hire are enrolled with a 5% pre-tax deferral rate.

Employer Contributions

Matching Contributions

The Employer will match 100% of a participant’s contribution to the Plan, up to a maximum of 5% of the participant’s eligible earnings. The Employer has the right to change or suspend the matching contribution at any time. For the Plan years ended December 31, 2023 and 2022, the Employer’s matching contribution amounted to \$7,880,135 and \$7,054,548.

Profit Sharing Contribution

The Employer, at the discretion of its Board of Directors, may also elect an amount to be contributed as a profit sharing contribution to eligible participants, as defined in the Plan. Profit sharing contributions are allocated among eligible participants in accordance with the ratio that each such eligible participant’s compensation bears to the total compensation of all such eligible participants for the Plan year. For each of the Plan years ended December 31, 2023 and 2022, no such contribution was made.

Notes to Financial Statements

Note 1 - Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, Employer matching contribution, and allocations of the Employer's profit sharing contribution, and since 2022, transfers from the Abt Associates, Inc. Employee Stock Ownership Plan, investment earnings/losses adjusted for related advisory fees, self-directed brokerage account fees (if applicable) and administrative expenses. Allocations are based on participant earnings/losses, account balance or specific participant transactions, as defined by the Plan. A participant is entitled to the benefit that can be provided from their vested account.

Vesting

Participant Contributions and Employer Matching Contributions

A participant is immediately vested in their deferred contributions, rollover contributions, Employer matching contributions and any related earnings.

Employer Profit Sharing Contributions

A participant's vested interest is based on years of continuous service. A participant begins vesting in their profit-sharing contributions after two years of credited service and becomes fully vested after five years of credited service or in the event the participant becomes deceased, disabled (as defined by the Plan), or upon the attainment of normal retirement age (59½) during their service with the Employer.

Forfeitures

A participant who leaves the employ of the Employer forfeits any non-vested balance at the earliest of five consecutive one-year breaks in service or when the participant receives a complete distribution of their vested account. The Plan uses forfeitures to reduce future Employer contributions and offset plan expenses. For the year ended December 31, 2023 the Plan used \$14,900 to offset plan expenses and did not utilize any forfeitures for the year ended December 31, 2022. The unused forfeiture balance at December 31, 2023 and 2022 was approximately \$28,700 and \$27,400, respectively.

Notes to Financial Statements

Note 1 - Description of the Plan (Continued)

Payment of Benefits

Participants are entitled to their vested account upon death, disability, retirement or termination of employment. Participants have the discretion to remain in the Plan if their vested account is valued at over \$1,000. In-service withdrawals from a participant's elective deferral and vested Employer matching contributions are permitted upon the attainment of age 59½. Hardship withdrawals are permitted from a participant's vested account. The amount of hardship distribution cannot exceed the amount needed to meet immediate financial hardship. Vested accounts valued at less than \$1,000 will be distributed in cash by the Plan administrator if the participant does not provide any payment instructions. A participant may elect to receive either a lump-sum amount equal to the value of his or her account or installment payments. The participant determines the duration and frequency of their installment payments.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum loan equal to the smaller of \$50,000 or 50% of their elective deferrals and rollover contributions plus any related earnings. Generally, loans are available with terms of up to five years. Longer terms are available for the purpose of purchasing a principal residence. Participants may have up to two loans outstanding at a time. Loans bear interest at a reasonable rate commensurate with the interest rate charged by persons in the business of lending money for loans which would be made under similar circumstances. A loan is secured by the vested balance in the participant's account. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are valued at their principal balance plus accrued but unpaid interest.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Note 2 - Summary of Significant Accounting Policies (Continued)

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Unit Values

Individual participant accounts for the common/collective trusts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the trusts, but do have an interest therein represented by units which are valued daily. The trusts earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the trusts are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Benefits Paid

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Subsequent Events

The Plan administrator has evaluated subsequent events through September 26, 2024, the date that the financial statements were available to be issued.

Note 3 - Information Certified by the Trustee and Custodian

Plan investments are held by the Plan's trustee and custodian, Fidelity Management Trust Company ("Fidelity"). The fair values of investments and investment transactions as of and for the years ended December 31, 2023 and 2022, including, interest, dividends, net appreciation/depreciation in fair values and notes receivable from participants are reported to the Plan and certified as complete and accurate by Fidelity. Information included in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) has also been derived from information certified by Fidelity. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and this supplemental schedule.

The Plan offers investment choices to allow participants to create a diversified portfolio of assets based on a participant's risk tolerance. The Plan offers a variety of mutual fund and government bond investment options and Fidelity stable value common/collective trusts which primarily hold a variety of corporate bonds, government agency debt and other asset-backed securities. Additionally, participants may manage their own assets in self-directed brokerage accounts.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4 - Fair Value Measurements (Continued)

Level II – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds (including mutual funds included in self-directed brokerage link): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Units in Common/Collective including Stable Value Trusts: Valued at the NAV of units of the underlying investments of the common/collective trusts, including a stable value fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of its underlying investments held by the fund less its liabilities. The funds are open-end commingled pools dedicated exclusively to the management of assets of defined contribution plans. The investment objective is to seek preservation of capital and a competitive level of income over time. To achieve its investment objective, the trust funds invest in underlying assets (typically fixed income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enter into "wrapper" contracts issued by a third party. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

(a) See Note 4 for the description of the common/collective trusts.

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events such as an international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 7 - Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity, the trustee and custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Fees paid by the Plan to Fidelity and other advisors for investment management services totaled \$395,239 and \$338,401 for the years ended December 31, 2023 and 2022, respectively. Notes receivable from participants also qualify as exempt party-in-interest transactions, as defined by ERISA.

During the Plan years ended December 31, 2023 and 2022, the Plan received revenue credits of \$125,830 and \$93,359, respectively, from Fidelity. The revenue credits are reported as other income on the Statements of Changes in Net Assets Available for Benefits. The credits are used to offset Plan expenses.

Along with this Plan, the Employer also sponsors an Employee Stock Ownership Plan ("ESOP") for employees. Certain employee distributions from the ESOP Plan are transferred into the 401k plan.

Notes to Financial Statements

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in all of their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 9 - Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Plan by a letter dated August 12, 2015, that the Plan as restated on January 1, 2015 is qualified, and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
