Independent Auditors' Report

To the Plan Administrator and Trustee of
Systems Solution, Inc. 401(k) & Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Systems Solution, Inc. 401(K) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits (in liquidation) as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits (in liquidation) for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Systems Solution, Inc. 401(K) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Systems Solution, Inc. 401(K) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Systems Solution, Inc. 401(K) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Systems Solution, Inc. 401(K) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

4B EVES DRIVE | SUITE 100 | MARLTON, NJ 08053 | P 856.985.5688 | F 856.985.8340

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Systems Solution, Inc. 401(K) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements
Years Ended December 31, 2023 and 2022

1. Description of Plan

The following description of the Systems Solution, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. This plan was terminated in May of 2023; see Note 7 for more information.

General

The Plan is a defined contribution retirement plan covering all full-time employees of Systems Solution, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees who are not subject to a collective bargaining agreement, are not union employees, and are not a nonresident alien are eligible to join the Plan. An employee must complete 3 consecutive months of employment to become eligible; if the 3-month requirement is not met, the employee will be subject to the 1 year of service requirement.

Contributions

Each year, participants may contribute 100% of their annual compensation up to a maximum of \$22,500 and \$20,500 for 2023 and 2022, respectively, as defined in the plan. Participants who reached the age of 50 before the end of the Plan year are eligible for an additional catch-up contribution of up to \$7,500 and \$6,500 for 2023 and 2022, respectively, subject to certain Internal Revenue Code limitations. Participating employers may contribute a discretionary percentage of the amount deferred by the employees. The employer may also contribute a discretionary amount and determined each year by the participating employer. For the years ended December 31, 2023 and 2022, the Company elected to contribute a matching contribution of 25% of the participants' salary deferrals up to 6% of their compensation.

The Sponsor may make a discretionary profit-sharing contribution each year. Contributions will be allocated based on the non-safe harbor allocation method in which each participant constitutes a separate classification. No allocation conditions apply.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) participant's contribution, (b) the matching and/or profit-sharing contribution's, (c) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation or contributions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of service. Unvested profit sharing contributions are forfeited.

1. Description of Plan, continued

Participant Loans

Participants may borrow from their vested account balance a minimum of \$1,000 to a maximum equal to 50% of their vested account balance. The loans are secured by the balance in the participant's account, extend for a term of up to 60 months and bear interest at 1% above prime rate. In the event loan proceeds are used to acquire the principal residence of the borrower, the plan permits a longer repayment term. Principal and interest are repaid through payroll deductions or by check.

Payment of Benefits

The vested portion of a Participant's individual account is distributable to the Participant upon (a) specific distributable events outlined in the Plan Adoption Agreement, (b) retirement, (c) termination of the plan, and (d) satisfying early retirement age conditions. Participants with account balances in excess of \$5,000 may elect to postpone distribution of benefits until required by law.

Forfeited Accounts

The Employer may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. As of December 31, 2023 and 2022, the Plan had no net forfeitures available. During the year ended December 31, 2023, the Plan did not receive any forfeitures.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the liquidation basis of accounting due to the Plan termination.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants represent participant loans and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a deemed distribution is recorded. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions payable to participants for the year ended December 31, 2023.

2. Summary of Significant Accounting Policies, continued

New Accounting Pronouncements

In June 2016, the FASB issued ASU No. 2016-13, Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments. The ASU introduces a new accounting model, the Current Expected Credit Losses model (CECL), which requires earlier recognition of credit losses and additional disclosures related to credit risk. The CECL model utilizes a lifetime expected credit loss measurement objective for the recognition of credit losses for loans and other receivables at the time the financial asset is originated or acquired. The expected credit losses are adjusted each period for changes in expected lifetime credit losses. This model replaces the multiple existing impairment models in current GAAP, which generally require that a loss be incurred before it is recognized. The new standard also applies to receivables arising from revenue transactions such as contract assets and accounts receivables. The standard has been applied prospectively with no adjustment to retained earnings needed.

Allowance for Credit Losses

When the company records customer receivables, contract assets, and financing receivables arising from revenue transactions, the company records an allowance for credit losses for the current expected credit losses (CECL) inherent in the asset over its expected life. The allowance for credit losses is a valuation account deducted from the amortized cost basis of the assets to present their net carrying value at the amount expected to be collected. Each period the allowance for credit losses is adjusted through earnings to reflect expected credit losses over the remaining lives of the assets. The company evaluates debt securities with unrealized losses to determine whether any of the losses arise from concerns about the issuer's credit or the underlying collateral and record an allowance for credit losses, if required.

Contributions

Contributions to the Plan from employees are recorded in the period that payroll deductions are made from Plan participants.

Fair Value Accounting

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Valuation techniques used in fair value measurements need to maximize the use of observable inputs and minimize the use of unobservable inputs. A valuation method may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. Furthermore, although the Plan's Investment committee believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions could result in different fair value measurements at the reporting date. The expanded disclosure requirements are included in Note 3.

Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract discussed in Note 4, which is reported at contract value). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold during the year.

2. Summary of Significant Accounting Policies, continued

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses. The employer absorbs recordkeeping, accounting, legal, and trustee service fees.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Reclassifications

Certain reclassifications may have been made to prior year's balances in order to conform to current year presentation.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1	Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
---------	--

Level 2	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
---------	---

- a. Quoted prices for similar assets or liabilities in active markets
- b. Quoted prices for identical or similar assets or liabilities in inactive markets
- c. Inputs other than quoted prices that are observable for the asset or liability
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs that are unobservable inputs for the asset or liability.

3. Fair Value Measurements, continued

The following is a description of the valuation methodologies used for assets measured at fair value:

The fair values of registered investment companies and money markets are based upon quoted prices when available. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds are valued at quoted market prices, which represent the Net Asset Value (NAV) per share at the close of the financial markets. The NAV is based on the value of the underlying assets owned by the investment, minus its liabilities and then divided by the number of shares outstanding. Mutual funds report NAV daily and are required to transact at that price.

The following table sets forth by level, within the fair value hierarchy, the plan's assets carried at fair value measured on a recurring basis as of December 31, 2023 and 2022:

Fair Value Measurements at 2023 Reporting Date Using:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level I)	Significant Other Observable Inputs (Level II)	Unobservable Inputs (Level III)
Shares of registered investment companies	\$ -	\$ -	\$ -	\$ -
Total Investments	<u>\$ -</u>			

Fair Value Measurements at 2022 Reporting Date Using:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level I)	Significant Other Observable Inputs (Level II)	Unobservable Inputs (Level III)
Shares of registered investment companies	\$ 7,515,865	\$ 7,515,865	\$ -	\$ -
Total Investments	<u>\$ 7,515,865</u>

4. Fixed Select Contract with Nationwide Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Nationwide Insurance Company (Nationwide) totaling \$0 for 2023 and \$932,290 for 2022. Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The fourth quarter rate in 2023 was 2.02%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Nationwide, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

The following tables reconcile the beginning and ending balances of the fixed select contract with the investment company for the years ended December 31, 2023 and 2022:

	December 31, 2023	December 31, 2022
Beginning balance	\$ 932,290	\$ 871,069
Purchases	39,439	50,264
Interest Income	9,323	14,212
Benefit Payments/Fees/Other	(981,052)	(3,255)
Ending Balance	<u>\$ -</u>	<u>\$ 932,290</u>

5. Concentrations

The following table presents the fair values of investments in mutual funds that represent 10% or more of the Plan's net assets:

	2023	2022
FidAdv Gr Oppr Inst	N/A	\$1,415,597
TIAACRF LfCycInd 2040 Inst	N/A	\$929,905
NW Fxd Sel OPTN	N/A	932,290

6. Related Party Transactions

Certain plan investments were managed or sponsored by Nationwide, which is the trustee for the plan, and therefore, these transactions qualify as a party in interest. Administrative and investment fees are deducted from participant accounts prior to the calculation of investment returns.

7. Plan Termination

On May 25, 2023, Systems Solution, Inc. company was sold, and participation in the plan ceased as of that date. The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their employer contributions. In May of 2023, the Company formally terminated the plan by resolution of the Plan's Board. All account balances were distributed to the participants, who had the option to take a distribution or rollover the balance to another qualified plan.

8. Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

9. Tax Status

The Plan has an Internal Revenue Service determination letter from Nationwide Retirement Services, Inc., the Record Keeper, dated June 30, 2020, stating the form of the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan continues to be tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal Form 5500 for years before 2020.

10. Information Prepared and Certified by the Trustee(s)

The following is a summary of the plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee, Nationwide Financial Services; and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFRI 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

		2023		2022
Mutual Funds and Common/Collective Trusts	\$	-	\$	7,515,865
Nationwide Fixed Select Contract		-		932,290

11. Date of Management's Review
