Piolax Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed audits of the accompanying financial statements of Piolax Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Independent Auditor's Report (continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditor's Report (continued)

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PIOLAX CORPORATION 401(K) PLAN NOTES TO FINANCIAL STATEMENTS

1 – Plan Description

The following description of the Piolax Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan established effective January 1, 1991 by Piolax Corporation (the Company or Plan Sponsor) to provide retirement benefits to eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Transfer

In 2023, the Plan changed its trustee to John Hancock Trust Company LLC (John Hancock), and the Plan's records and all associated assets were subsequently transferred from Empower Trust Company, LLC (Empower) to John Hancock effective October 3, 2023. Effective May 2, 2022, the Plan's trustee was changed from Reliance Trust Company to Empower.

Eligibility

Upon meeting the entry date requirement, eligible employees may participate in the Plan as soon as administratively possible following the completion of 90 days of service with no minimum age requirement. Entry dates are January 1, April 1, July 1 and October 1.

Contributions

Each pay period, participants may elect to make deferral contributions of their pretax and after-tax compensation, as defined, subject to limitation as to the amount under the provisions of the Internal Revenue Service (IRS) (\$22,500 for 2023). Participants age 50 and older whose elective contributions have reached the IRS limit are permitted under the Plan to make catch-up contributions up to the IRS catch-up contribution limit (\$7,500 for 2023).

The Plan has a discretionary employer matching policy whereby the Company can change or discontinue its matching contribution. For the year ended December 31, 2023, the Company matched participant contributions at a rate equal to 40% of the participant's contribution up to a maximum of 6% of the participant's salary. For the year ended December 31, 2023, the Company contributed \$214,080 to the Plan. The Company may also make a discretionary profit sharing contribution to all eligible participants, whether or not they have elected to make contributions to the Plan. For the year ended December 31, 2023, the Company made no profit sharing contribution to the Plan. Participants may change their investment options and deferral rates at any time.

PIOLAX CORPORATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1 – Plan Description (continued)

Contributions (continued)

The Plan allows for an automatic enrollment provision that includes an automatic escalation feature that provides for a 1% automatic annual increase up to a maximum of a 6% of participants' compensation, as defined.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, and an allocation of the Plan's investment results. Allocations of the Plan's investment results are based on relative account balances, as defined by the Plan.

Investment Options

Participants have the option of directing their account balances into various investment options offered by the Plan under a group annuity contract with Mass Mutual as well as several mutual funds from other providers.

Participants may change their contribution percentages quarterly and may transfer some or all of the amounts in their accounts between fund options throughout the year.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants are fully vested in the Company contribution portion of their accounts plus earnings thereon as follows:

<u>Years of service</u>	<u>Vesting percentage</u>
0-1	0%
2	20%
3	40%
4	60%
5 or more	100%

Payment of Benefits

A participant's vested account balance may be withdrawn upon retirement, as defined, termination of employment or death during the Plan year. Distributions are made in the form of a lump-sum payment. Upon written request and approval, participants may withdraw some or all of their elective deferral contributions account balance while still employed, if the withdrawal is necessary due to financial hardship.

PIOLAX CORPORATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1 – Plan Description (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts, as defined by the Plan, a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the participant's vested account balance or \$50,000 (Note 2). Such loans bear interest at prime rate plus one percent.

The loan is collateralized by the remainder of the participant's account and is paid back over a period not to exceed five years. Participants may select a repayment term up to 10 years for loans used to purchase a principal residence. Principal and interest are paid ratably through payroll deductions.

Forfeitures

Forfeitures of terminated participants' non-vested accounts are used to reduce employer's contribution to the Plan. As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$2,410 and \$9,345, respectively. For the year ended December 31, 2023, \$8,749 of forfeitures were used to reduce employer contribution.

2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Accounting Pronouncements

As of December 31, 2023, there were no new accounting pronouncements that had or were expected to have, including those not yet adopted, a significant impact on the financial statements or disclosures of the Plan.

The Plan assessed recent accounting pronouncements, noting none that would impact the financial statements or notes to the financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

PIOLAX CORPORATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2 – Summary of Significant Accounting Policies (continued)

Cash and Cash Equivalents

The Plan Sponsor considers all highly liquid investments purchased with maturity dates of three months or less to be cash equivalents.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Pursuant to provisions of the Plan, expenses incurred in the administration of the Plan may, but need not, be paid by the Plan Sponsor. If the Plan Sponsor elects not to pay such expenses, these expenses are paid by the Plan. During 2023, the Plan Sponsor paid all expenses on behalf of the Plan, except participant loan fees which were paid from participant accounts with outstanding loan balances. Investment-related expenses are paid from the Plan from participant accounts.

3 – Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

PIOLAX CORPORATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

3 – Fair Value Measurements (continued)

Level 2—Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual Funds—Valued at the closing price reported on the active market on which the individual securities are traded.

Guaranteed Interest Accounts—These investments are principally valued using a market value formula approach. The estimated fair value of the guaranteed interest accounts ("GIA") is determined to be the calculated market value of the contract. The market value is calculated using unobservable inputs. Accordingly, the GIA is included as a Level 3 within the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Level 1	Level 2	Level 3	Total
December 31, 2022:				
Mutual funds	\$ 12,877,590	\$ —	\$ —	\$ 12,877,590

3 – Fair Value Measurements (continued)

The following table sets forth a summary of changes in the fair value of Plan's level 3 assets for the year ended December 31, 2023:

	Level 3 Assets Year Ended <u>December 31, 2023</u>
Balance, beginning of year	\$ 1,289,644
Purchases	1,100,523
Issuances	(1,253,354)

Transfer out	(216,386)
Unrealized appreciation in estimated fair value	9,343
Balance, at end of year	<u>\$ 935,312</u>

4 – Information Certified by the Qualified Institution

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock and Empower, the trustees of the Plan.

5 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per financial Statements	\$14,092,447	\$13,392,118

**PIOLAX CORPORATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

5 – Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of the increase in net assets per the financial statements to net income per Form 5500 for the year ended December 31, 2023:

Statement of changes in net assets available for benefits:	
Increase in net assets per the financial statements	\$700,329
Plus: Excess contributions payable at December 31, 2023	6,175
Less: Excess contributions payable at December 31, 2022	(19,092)
Plus: Employer contributions receivable at December 31, 2022	7,900
Net income per Form 5500	<u>\$695,312</u>

6 – Excess Contributions Payable

The Plan is subject to certain compliance requirements of non-discrimination rules under Internal Revenue Service guidelines. For the years ended December 31, 2023 and 2022, the Plan failed a certain of these non-discrimination tests due to lower level of contribution participation by non-highly compensated eligible Plan participants. Accordingly, the Plan had an excess contributions payable of \$6,175 and \$19,092, respectively, as of December 31, 2023 and 2022.

7 – Party-in-Interest Transactions

The Plan engaged in transactions involving John Hancock, the Plan's trustee, which is a party-in-interest with respect to the Plan. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are not considered "prohibited transactions" under the Internal Revenue Code (IRC) and are not prohibited by ERISA.

8 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the company contributions portion of their account.

PIOLAX CORPORATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

9 – Guaranteed Annuity Contract with Insurance Company

Prior to October 3, 2023, the Plan held a guaranteed annuity, which was a benefit-responsive investment contract, with Empower. Subsequent to the trustee change from Empower to John Hancock on that date, the Plan held a guaranteed annuity contract, which is also a benefit-responsive investment contract, with John Hancock. John Hancock maintains the contributions in a general account. Accordingly, the guaranteed annuity contract balance is subject to the claims of MassMutual's general creditors in the event of issuer insolvency. The guaranteed annuity contract is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value; thus, the contract is fully benefit-responsive. The guaranteed annuity contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan.

As described above, because the guaranteed annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed annuity contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

10 – Income Tax Status

The Plan adopted a volume submitter plan sponsored by Mass Mutual. The underlying volume submitter plan has received an opinion letter from the IRS dated March 31, 2014, stating that the form of the Plan is qualified under section 401(a) of the IRC, and therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income tax has been included in the Plan's financial statements.

PIOLAX CORPORATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

10 – Income Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no such audits in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

11 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

12 – Subsequent Events

The Plan has evaluated events subsequent to December 31, 2023 and through October 10, 2024, the date the financial statements were available to be issued and determined that there were no events that require adjustments to these financial statements.
