Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Morton Buildings, Inc. 401(k) and ESOP (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

General

The following description of Morton Buildings, Inc. 401(k) and ESOP (Plan) provides only general information. Participants should refer to the Plan document and *Summary Plan Description* for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering eligible employees of Morton Buildings, Inc. (Company) and their subsidiaries. Employees are eligible for the Plan immediately upon hire if they are an eligible employee and have attained the age of 18. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

The Plan's custodian for the investments in Morton Buildings, Inc. common stock, Federated Investors Treasury Obligations Instl Money Market fund, US Treasury Bills, Commercial Paper and US Government Obligations is Argent Trust Company. The Plan's recordkeeper for these investments was Crowe LLP. Effective August 2022, Crowe LLP sold their practice to Blue Ridge ESOP Associates. The Plan's custodian and recordkeeper for all other assets is Vanguard Fiduciary Trust Company.

Contributions

Participants may contribute up to 50% of their annual eligible compensation, as defined by the Plan. Contributions are subject to certain limitations, as set by the Internal Revenue Code (IRC). Participant elective contributions are made via payroll deductions and are recorded in the period the deductions are made. The Plan also allows after-tax Roth elective deferral and rollover contributions.

The Company can make two types of contributions consisting of matching contributions and profit sharing contributions. Matching contributions are at the discretion of the Company. For the years ended December 31, 2023 and 2022, the Company made matching contributions equal to 2% of a participant's contribution. Profit sharing contributions are at the discretion of the Company. If a profit sharing contribution is made, it is allocated to all eligible participants based on the Company's allocation of compensation criteria relative to the total. To be eligible for the profit sharing contribution, an employee must be eligible for the Plan, have worked at least 1,000 hours during the Plan year, and be employed on the last day of the Plan year. The profit sharing contribution is made in common stock of the Company. For the years ended December 31, 2023 and 2022, the Company did not make an elective profit sharing contribution.

Participant Investment Account Options

Participants direct the investment of their contributions, as well as the Company's non-elective matching contributions, into various investment options offered by the Plan. The Plan currently offers various mutual funds, money market funds, and a common collective trust fund as investment options for participants. Each participant has the option of directing the participant and non-elective matching contributions into any of the separate investment accounts and may change the allocation daily.

Company profit sharing contributions are made in Company stock. Participants are not permitted to change investments of Company stock until they are eligible for diversification. Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. To be eligible for this, participants must have attained the age of 55 and completed 10 years of service as a participant. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the shares allocated to their account. In the sixth year, the percentage changes to 50%.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of service. A participant is fully vested after three years of service. The nonvested balance is forfeited upon termination of service and a five-year break in service or at the time of distribution, whichever is sooner.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure the participant has the ability to ultimately obtain cash.

Pursuant to certain provisions of the Company's leveraged ESOP transaction that was executed on May 8, 2017, certain shares held by certain participants of the Plan may be redeemed at a value per share higher than the current fair market value per share. These provisions expired in May 2022.

Voting Rights

On general corporate matters, the trustee exercises the voting rights of the Company stock held in the Plan. However, on significant corporate matters, such as a Company merger or sale, each participant is entitled to vote the shares allocated to their account.

Payment of Benefits

Upon termination of service, an employee may elect to receive either a lump-sum amount equal to the value of their account or a joint and survivor annuity. At December 31, 2023 and 2022, no Plan assets were allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

Under the provisions of the Plan, the Company is obligated to repurchase participant Company common stock shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations. During 2023 and 2022, the Plan distributed and the Company repurchased from participants 18,591 and 18,784 shares, respectively, at the current appraised value or at a higher value per the Company Leveraged ESOP transaction provision, as more fully described in Note 1, *Put Option*.

Dividends on Company Stock

Cash dividends on any share of Company stock held by the Plan are received by the Plan and distributed in cash directly to the participants.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$77,450 and \$90,816, respectively. These accounts will be used to reduce future employer non-elective matching or profit sharing contributions or administrative expenses. In 2023 and 2022, employer non-elective matching contributions were reduced by \$118,230 and \$93,339, respectively, from forfeited nonvested accounts.

Notes Receivable from Participants

The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan administrator.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds and money market funds are valued at the net asset value (NAV) of shares held by the Plan at year end. Commercial paper and corporate bonds are valued on the basis of yields currently available in comparable securities of issuers with similar credit ratings. The Plan holds an interest in a common collective trust fund, which invests in investments that pursue multiple strategies to exceed the performance of certain industrial averages. The net asset value of the fund is determined as of the end of each day or month utilizing the values of the underlying assets. The Plan's investment in Company stock is valued at its fair value as determined by annual independent appraisals.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 4. Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets

Morton Buildings, Inc. 401(k) and ESOP
Notes to Financial Statements
December 31, 2023 and 2022

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2023 and 2022:

Notes to Financial Statements
December 31, 2023 and 2022

- (A) In accordance with Subtopic 820-10, the common collective trust fund measured at net asset value per share has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2023 and 2022. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

Level 3 Activity

Activity is as follows:

	Common Stock - Company
2023	
Sales	\$ 1,720,233
2022	
Sales	\$ 1,509,416

Morton Buildings, Inc. 401(k) and ESOP
Notes to Financial Statements
December 31, 2023 and 2022

Unobservable Level 3 Inputs

The following tables present quantitative information about unobservable inputs used in recurring Level 3 fair value measurements at December 31, 2023 and 2022:

	Fair Value at 12/31/23	Valuation Technique	Unobservable Inputs
Common stock - Company	\$ 35,311,057	Discounted cash flow	Weighted-average cost of capital Sales growth rate Discount for lack of marketability
		Guideline on public company comparables	Sales growth rate EBITDA multiple Discount for lack of marketability
	Fair Value at 12/31/22	Valuation Technique	Unobservable Inputs
Common stock - Company	\$ 23,258,348	Discounted cash flow	Weighted-average cost of capital Sales growth rate Discount for lack of marketability
		Guideline on public company comparables	Sales growth rate EBITDA multiple Discount for lack of marketability

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes the common collective trust fund for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for the common collective trust fund; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2023				
Common collective trust fund	\$ 3,671,442	N/A	Daily	None
December 31, 2022				
Common collective trust fund	\$ 3,835,724	N/A	Daily	None

Note 5. Certification of Plan Custodians

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust and Argent Trust Company, qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022
- Investment income (loss) and interest income from notes receivable from participants as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2023 and 2022
- Investment information and notes receivable from participants included in the accompanying Schedule of Assets (Held at End of Year) as of December 31, 2023

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 6. Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of such an employer, or relatives of such persons.

The Plan invests in certain funds managed by Vanguard Fiduciary Trust Company, a custodian of the Plan. Fees paid by the Plan to this custodian for administrative services amounted to \$140,425 and \$143,181 for the years ended December 31, 2023 and 2022, respectively. The Plan also invests in common stock of the Company, who is the Plan sponsor. The Company also provides certain administrative services at no cost to the Plan.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8. Tax Status

The IRS has determined and informed the Company by a letter dated April 28, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Morton Buildings, Inc. 401(k) and ESOP
Notes to Financial Statements
December 31, 2023 and 2022

Effective December 1, 2017, for the portion of the Plan administered by Vanguard Fiduciary Trust Company, as more fully described in Note 1, the Plan operates under a nonstandardized adoption agreement in connection with a prototype plan and trust/custodial document sponsored by Vanguard Fiduciary Trust Company. This prototype plan document has been filed with the appropriate agency and obtained a determination letter from the Internal Revenue Service (IRS) stating that the prototype constitutes a qualified plan under section 401 of the IRC, and that the related trust was tax exempt. The Plan has been amended since adopting this prototype plan. However, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC, and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Note 9. Prohibited (Nonexempt) Transactions

In December 2017, the Company contributed \$3,979,000 in non-elective contributions to the Plan to correct Plan administration errors that were not in accordance with ERISA. The Plan administration errors related to ERISA prohibited (nonexempt) transactions in regard to the fair market value of the Company's stock in various prior years before 2017. In July 2018, the IRS approved the corrective actions taken for these prohibited transactions; however, in December 2018, the IRS determined additional interest was owed by the Company to the Plan for these prohibited transactions totaling \$631,735, which the Company contributed to the Plan in December 2018. At December 31, 2023 and 2022, the distributed funds, including earnings, to eligible participants, totaled \$258,232 and \$366,373, respectively, and are included within benefits paid to participants on the statement of changes in net assets available for benefits. At December 31, 2023 and 2022, these funds totaled \$2,105,634 and \$2,363,866, which are included in the non-participant directed funds at December 31, 2023 and 2022, respectively. The remaining funds will be distributed to the remaining participants when they become eligible for a distribution, which is typically upon termination of service.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11. Subsequent Events

Subsequent events have been evaluated through October 9, 2024, which is the date the financial statements were available to be issued.
