INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Board of Directors of
Compass, Inc. 401(k) Profit Sharing Plan
Beltsville, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Compass, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Compass, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Plan Administrator and Board of Directors of
Compass, Inc. 401(k) Profit Sharing Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Compass, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Compass, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Cont.)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Compass, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Compass, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Plan Administrator and Board of Directors of
Compass, Inc. 401(k) Profit Sharing Plan

Other Matter - Supplemental Schedule Required by ERISA (Cont.)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Compass, Inc. 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

Note 1 - Description of Plan

The following description of the Compass, Inc. (the Organization) 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Compass, Inc. 401(k) Profit Sharing Plan (the Plan) was established January 1, 2009 (formerly SecureCare Services, LTD 401(k) Plan). The Plan is a defined contribution plan covering all employees of the Organization. Per Plan provisions, employees must be eighteen or older and have completed 90 days of service for Employer matching contributions. There are no service requirements for participant deferrals. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to defer any portion of their salary into the Plan. Participant contributions are subject to the annual Internal Revenue Code limits as adjusted each year. This may be further limited so that the Plan complies with the 401(k) nondiscrimination test. The Organization may elect to match, in part or in entirety, the salary deferrals of the participant's pay. As determined by the Board of Directors, the Organization contributed to the Plan three percent of the eligible participants' salary for the years ended December 31, 2023 and 2022. Total contributions made by the Organization for the years ended December 31, 2023 and 2022 amounted to \$304,254 and \$263,517, respectively.

Participant Accounts

Each participant's account is credited with (a) the participant's salary deferrals, (b) the Organization's match of salary deferrals, (c) an allocation of the Organization's contribution, (d) an allocation of Plan earnings, and (e) an allocation of forfeitures of terminated participants' non-vested accounts and charged with an allocation of administrative expenses. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Organization's contributions portion of their accounts is based on years of continuous vesting service. A participant is 100% vested after five years of credited service. Every year of vesting service with the Organization increases the participant's vesting percentage by 20% until fully vested. On termination of employment due to death or disability (approved by Social Security), a participant becomes fully vested in their account.

Compass, Inc. 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS (Cont.)
December 31, 2023 and 2022

Note 1 - Description of Plan (Cont.)

Notes Receivable from Participants

The Plan allows loans of up to 50% of vested account balance or \$50,000, whichever is less. The minimum loan amount is \$1,000. Interest rates are to be determined at the time of the loan and the loan is to be repaid within a 5 year period. These loans are secured by the vested portion of the participants account and bear interest ranging from 4.25% to 9.50% for the years ended December 31, 2023 and 2022.

Payment of Benefits

Upon severance of employment or after attainment of age 59 1/2, a participant may elect to receive either a lump sum distribution amount equal to the value of the participant's vested interest in his or her account, or annual installments that do not exceed the life expectancy of the participant or beneficiary. Eligible distributions may also be rolled over to another qualifying plan or IRA. Hardship withdrawals are permitted in accordance with Internal Revenue Service regulations.

Forfeited Accounts

For the years ended December 31, 2023 and 2022, employer contributions and Plan fees were reduced from forfeited non-vested accounts in the amount of \$7,989 and \$5,516, respectively. The amounts available to reduce future employer contributions and plan fees as of December 31, 2023 and 2022 were \$-0-.

Administrative Expenses

The administrative expenses related to the Plan's custodian are paid by the Plan. The Organization pays all other administrative expenses of the Plan.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America. This basis of accounting involves the application of accrual accounting; consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

NOTES TO FINANCIAL STATEMENTS (Cont.)

Note 2 - Summary of Accounting Policies (Cont.)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the guaranteed investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value provides a good approximation of fair value of the contracts held in the stable value fund because the value of the investment contracts are deemed to be no less than the accumulated balance, and that each investment purchase is made at fair value since these purchases are not distressed and are conducted between willing buyers and sellers in open market conditions with a variety of investment choices.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Compass, Inc. 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS (Cont.)
December 31, 2023 and 2022

Note 2 - Summary of Accounting Policies (Cont.)

Contributions and Related Receivables

Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from the amounts paid. The employer-matching contributions and the employer discretionary contributions are recorded in the year in which the employer designated the contributions. All participant and employer contributions are participant-directed. Management of the Plan evaluates employer contributions receivable periodically for potential uncollectible amounts based on the likelihood of collection. As of December 31, 2023 and 2022 and 2021, there were no contributions receivable and therefore, no allowance for credit loss has been established.

Payment of Benefits

Benefits are recorded when paid. Benefits paid, including deemed distributions of participant loans, to participants amounted to \$243,703 and \$138,001 for the years ended December 31, 2023 and 2022, respectively.

New Accounting Pronouncements

In June 2016, the FASB issued *ASU 2016-13, "Financial Instruments – Credit Losses"* (Topic 326) which significantly changed how entities will measure credit losses for most financial assets and certain other instruments that aren't measured at fair value through net income. The most significant change in this standard is a shift from the incurred loss model to the expected loss model. Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing an entity's exposure to credit risk and the measurement of credit losses. Financial assets held by the Plan that are subject to the guidance in *FASB ASC 326* were employer contributions receivable and participant contributions receivable.

The Plan adopted the standard effective January 1, 2023. The impact of the adoption was not considered material to the financial statements and primarily resulted in new and enhanced disclosures only.

Note 3 - Data Obtained and Certified from the Custodian

Investment Data

Mutual of America Life Insurance Company is the Custodian of the Plan for the years ended December 31, 2023 and 2022. All data contained in the statements of net assets available for benefits, statements of changes in net assets available for benefits, and the Schedule H, Line 4i – Schedule of assets (held at end of year) for the year ended December 31, 2023 was summarized from information supplied and certified as complete and accurate by the Custodian of the Plan.

Note 3 - Data Obtained and Certified from the Custodian (Cont.)

Schedule of Assets Held for Investment Purposes

The accompanying Schedule H, Line 4i – Schedule of assets (held at end of year) represents a detailed listing of all investments held by the Plan as of December 31, 2023.

Note 4 - Investment Contract with Insurance Company Measured at Contract Value

On December 1, 2017, the Plan entered into a fully benefit-responsive investment contract with Mutual of America Life Insurance Company. Mutual of America Life Insurance Company maintains the contributions in a general account. The amount is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Mutual of American Life Insurance Company. The contract value of the fully benefit-responsive investment contract with Mutual of America at December 31, 2023 and 2022 was \$1,359,064 and \$825,500, respectively.

The guaranteed investment contract is fully benefit-responsive; contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Mutual of America Life Insurance Company, which approximates fair value, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawal or transfer all or a portion of their investment at contract value.

There are no reserves against contract value or credit risk of the contract issuer or otherwise. The crediting interest rate is based on an agreed-upon formula with the issuer.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Under the terms of the contract, the guaranteed minimum rate is 1.00%.

The value shown, is the redeemable value of the fund; there are no deferred sales charges, load assessments or interest rate adjustments that would affect the value of a withdrawal request.

Note 5 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 - Fair Value Measurements (Cont.)

ASC 820-10 “Fair Value Measurements” establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under *FASB ASC 820* are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad credit data, liquidity statistics and other factors. A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes “observable” requires significant judgment by the Plan. The Plan considers observable data to be market data, which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary and provided by independent sources that are actively involved in the relevant market. The categorization of a financial instrument within the hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the Plan’s perceived risk of that instrument.

In addition, under *FASB ASC 820* the fair value of certain investments may be measured using the net asset value (NAV) per share (or its equivalent). Such investments are not classified in the fair value hierarchy.

Note 5 - Fair Value Measurements (Cont.)

Following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2023 and 2022:

Pooled separate accounts: Valued at the net asset value of the pooled separate accounts, as reported by the Custodian and calculated in a manner consistent with Generally Accepted Accounting Principles for investment companies. The net asset value is calculated based on the values of the underlying mutual funds, domestic stocks, international stocks, and other fixed securities held by variable annuity contracts. As permitted by *FASB ASC 820*, net asset value is used as a practical expedient to estimate fair value and is not included in the fair value hierarchy. The total fair value of the Plan's variable annuities as December 31, 2023 and 2022 was \$4,758,700 and \$3,749,475, respectively.

The table below sets forth additional disclosures for investments for which fair value is estimated using net asset value per share (or its equivalent) as of December 31:

Category	Fair Value		Redemption Frequency	Redemption Notice Period
	2023	2022		
Pooled separate accounts (a)	\$ 4,758,700	\$ 3,749,475	Daily	N/A

(a) This category invests in equity securities and fixed income instruments in accordance with each fund's investment objectives. Shares are available for transactions at the closing net asset value per share on any day the NYSE is open for business.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2023 and 2022, are reported in net appreciation (depreciation) in fair value of investments.

Note 6 - Tax Status

Effective December 1, 2017, the Plan adopted a standardized form of prototype plan. The prototype plan obtained its latest opinion letter on June 30, 2020 from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letters have been relied upon by this Plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Note 6 - Tax Status (Cont.)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Reportable Transactions

A reportable transaction is a transaction, or series of transactions, exceeding five percent of the current value of the Plan's assets at the end of the year. During the Plan years ended December 31, 2023 and 2022, there were no reportable transactions.

Note 9 - Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Mutual of America Life Insurance Company. Mutual of America Life Insurance Company is the Custodian as defined in the Plan, and, therefore, these transactions qualify as party-in-interest transactions. For the years ended December 31, 2023 and 2022, fees paid by the Plan for the investment management services amounted to \$2,608 and \$4,167, respectively.

Note 10 - Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their accounts.

Note 11 - Subsequent Events

The Plan has evaluated the impact of significant subsequent events. There have been no subsequent events through October 2, 2024, the date the Plan's financial statements were available to be issued that require recognition or disclosure.
