Independent Auditor's Report

To the Plan Administrator
Centra Health Matching Tax Deferred Savings Plan
Lynchburg, VA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Centra Health Matching Tax Deferred Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net asset available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Prior to January 1, 2009, records were maintained at a contract, not a plan level; therefore, management has not maintained, and the custodian and trustee did not provide sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Centra Health Matching Tax Deferred Savings Plan

Notes to Financial Statements

1. Plan Description

The following brief description of Centra Health Matching Tax Deferred Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document as amended and restated for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by Centra Health, Inc. (the “Plan Sponsor” or “Employer”) in January 1985, which was amended and restated effective January 1, 2022. The Plan covers substantially all employees of the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan was amended to add provisions to the Plan Document impacting Plan year 2023 and beyond, including:

- Excluding “Call-back premium” and “On-call Pay” from compensation for purposes of matching and nonelective contributions, effective January 1, 2023.
- Excluding “PTO donation/PTO foundation donation” from compensation for purposes of matching, nonelective and elective deferrals contributions, effective September 1, 2023.
- Allowing Hardship self-certification, effective October 1, 2023.

Plan Administration

The Plan is administered by the Plan Sponsor, which serves without compensation. The Plan Administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities. All assets of the Plan are held by Equitable Financial Life Insurance Company (“Equitable Financial Life”), State Street Bank and Trust Company (“State Street”), and Transamerica Financial Life Insurance Company (“TFLIC”), collectively the “Custodians”. The assets of the Plan that are held by State Street and TFLIC are managed by Transamerica Retirement Solutions (“Transamerica”).

Assets of the Plan which were held in custody through December 29, 2023 by the Custodians were transferred to the new custodian Fidelity Management Trust Company in conjunction with the change in Plan recordkeeper to Fidelity Workplace Services LLC (“Fidelity”) through an in-kind transfer effective December 29, 2023, however the transaction did not settle until January 2, 2024.

The Plan is the surviving plan of Southside Community Hospital Retirement Plan and The Virginia Baptist Hospital Retirement Plan (“Merging Plans”). These Merging Plans were restated effective January 1, 2024. The original effective dates of these Merging Plans were April 26, 2009 and January 1, 1987, respectively.

Eligibility

Employees are eligible to participate in the Plan on the first day of employment with the Plan Sponsor.

Centra Health Matching Tax Deferred Savings Plan

Notes to Financial Statements

Contributions

For the year ended December 31, 2023, participants may contribute up to \$22,500 of pre-tax annual compensation subject to certain Internal Revenue Code ("IRC") limitations. Once eligible, participants may also contribute amounts representing distributions from other qualified retirement plans, 403(b) tax sheltered annuity plans, governmental 457(b) plans, and traditional individual retirement accounts.

For the year ended December 31, 2023, if a participant is eligible to make deferrals and turns 50 before the end of the calendar year, the participant may defer an additional \$7,500 into the Plan as pre-tax contribution. Catch-up contributions are eligible for matching contributions made by the Plan Sponsor. Catch-up contributions are subject to IRC limitations.

The Plan currently provides for a Plan Sponsor matching contribution of 100% of each eligible participant's contributions up to 3% of compensation during the Plan year. In addition, certain participants who have turned 50 and achieved 15 years of service with the Plan Sponsor prior to December 31, 2010, are eligible for an additional non-elective contribution equal to 2% of the participant's eligible compensation. The Plan also provides for an additional discretionary non-elective contribution.

The Plan allows for rollover contributions which are contributions to the Plan on account of an "eligible rollover distribution" from another tax-qualified retirement plan.

Participants may contribute post-tax compensation ("Roth Contributions"), as defined in the Plan, up to the maximum allowable under the Internal Revenue Code (IRC) each year.

Participant Accounts

Each participant's account is credited with the participant's contributions, related Employer contributions, and an allocation of Plan earnings and charged with an allocation of Plan losses and an allocation of administrative expenses not paid by the Employer. Allocations are based on participant earnings or account balances or specific requested participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their voluntary contributions, including catch-up contributions, rollover contributions from other plans, Plan Sponsor contributions, and earnings thereon under the 403(b) option of the Plan. Effective January 1, 2022, participants became immediately fully vested in the non-elective Plan Sponsor contributions.

Forfeitures

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$36,887 and \$18,818, respectively. Pursuant to the Plan document, forfeitures will first be used to restore previously forfeited amounts to participant's accounts. Any remaining forfeitures will be used to offset Plan expenses and to reduce future Plan Sponsor contributions.

During the year ended December 31, 2023, forfeited Plan Sponsor contributions were used to reduce Plan Sponsor contributions by \$36,769, restore previously forfeited amounts by \$340, and offset Plan

Centra Health Matching Tax Deferred Savings Plan

Notes to Financial Statements

expenses by \$9,580. During the year ended December 31, 2023, Plan management identified certain participant accounts that were incorrectly forfeited and for which corrections will be processed during the subsequent year, and related forfeiture amounts and associated earnings will then be restored.

Participant Investment Options

Upon enrollment in the Plan, a participant may direct the allocation of both the Employer's and his or her contributions. Participants may select between several investment options and change investment options daily.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, or longer for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest rates at the prime rate, as published in The Wall Street Journal on the day of the loan request, plus 1%. Principal and interest are paid ratably through payroll deductions until January 1, 2024, after which payments will be processed directly from participants. Effective January 1, 2023 all new loans issued are set up to be repaid through direct payments from the participant.

Benefits Paid to Participants

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or receive partial payment, installment payments, or an annuity. Safe harbor hardship withdrawals are also permitted by the Plan from the elective deferrals and Roth elective deferrals contributions. For termination of service for other reasons, distribution of the value of the participant's vested interest in his or her account will begin as soon as possible after the participant's request. The Plan may make involuntary cash distributions of account balances of terminated, vested participants of \$1,000 or less. In addition, the Plan may make involuntary distributions of terminated, vested participants' account balances that are above \$1,000 and less than \$5,000 subject to the applicable IRC Individual Retirement Account rollover requirements.

2. Annual Reporting Requirements

On November 16, 2007, the Department of Labor published Form 5500 revisions and related final regulations generally effective for Plan years beginning on or after January 1, 2009, which, among other things, changed the annual reporting requirements for Code Section 403(b) plans covered by ERISA. The form revisions and final regulations eliminated special limited reporting for 403(b) plans. Under the new annual reporting rules, beginning with their Form 5500 filing for the 2009 plan year, "large" ERISA-covered 403(b) plans (generally plans with 100 or more participants) are required to file audited financial statements with their Form 5500.

Pursuant to these new rules, the year beginning January 1, 2009 is the first year the Plan became subject to a financial statement audit. Prior to January 1, 2009, the Plan sponsor and TransAmerica Retirement Solutions were not required to and did not maintain records at a Plan level. Neither the Plan sponsor nor TransAmerica Retirement Solutions have been able to produce sufficient historical accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. As a result, the completeness and the accuracy of the annuity and custodial accounts, related investment income and distributions related to these accounts, if any, could not be determined.

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make certain estimates and assumptions that affect reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value with the exception of fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further information related to fair value measurements.

The Plan's fully benefit-responsive investment contract (see Note 6) is stated at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Benefits Paid to Participants

Benefits paid to participants are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Plan Sponsor, as provided by the Plan document. Expenses paid by the Plan Sponsor are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

4. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street, TFLIC, and Equitable Financial Life, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2023, as shown in the ERISA-Required Supplemental Schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

5. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Centra Health Matching Tax Deferred Savings Plan

Notes to Financial Statements

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price.

The mutual funds held by the Plan are deemed to be actively traded.

Personal Choice Retirement Account: The Charles Schwab Personal Choice Retirement Account allows each participant to self-direct his or her money into a full range of investment options, including individual stocks and bonds, as well as allowing access to additional mutual funds outside those offered by the Plan. The account is valued based on the value of the underlying assets. Since the stock prices and NAV of the underlying mutual funds are traded on an active market, the account is classified within Level 1 of the valuation hierarchy.

Pooled Separate Accounts: These funds invest directly in designated mutual funds. The separate account owns and holds the underlying mutual funds. The Plan holds units of participation in the separate account which are reported at their NAV as reported to the Plan by Equitable Financial Life. The initial NAV is established when a new fund begins and is then determined daily based on the fair value of the shares of the underlying mutual fund, the fund's dividends, and the contract's separate account charges. NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. These investments are direct filing entities.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets valued at fair value as of December 31, 2023 and 2022, on a recurring basis:

<i>December 31, 2023</i>	Level 1	Level 2	Level 3	Total

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items present in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan. These investments are direct filing entities:

<i>Year ended</i>	Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2023	Pooled Separate Accounts	\$ 1,693,247	None	Daily	None

6. Guaranteed Investment Contracts

The Plan invests in the TFLIC Stable Fund. TFLIC maintains the contributions in the TFLIC General Account. TFLIC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is declared monthly with interest credited on a daily basis at an annual effective rate. The crediting interest rate is based on a formula agreed upon with TFLIC. Certain events limit the Plan's ability to transact at contract value with TFLIC, including termination of the contract by the Plan Sponsor. Plan management believes the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

The Plan invests in a guaranteed pooled separate account, the TFLIC Guaranteed Pooled Fund, with TFLIC managed by Transamerica, which primarily invests in investment grade securities with a minimum credit rating of BBB or Baa3. TFLIC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is declared annually with interest credited on a daily basis at the annual effective rate. Certain Plan Sponsor events might limit the ability of the Plan to transact at contract value with TFLIC. Such events include, but are not limited to, a merger, bankruptcy, full or partial Plan termination, and early retirement

Notes to Financial Statements

incentive programs. Plan management believes the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

The Plan also invests in a guaranteed interest option account with Equitable Financial Life, which primarily invests in guaranteed fixed-income annuities backed by individual custodians' claims paying ability whereby the annuity guarantees principal and a minimum interest rate, plus opportunity for additional amounts in excess of the guaranteed rate. The crediting interest rate is declared monthly with interest credited on a daily basis at the monthly effective rate. Certain Plan Sponsor events might limit the ability of the Plan to transact at contract value with Equitable Financial Life. Such events include, but are not limited to, a merger, bankruptcy, full or partial Plan termination, and early retirement incentive programs. Plan management believes the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

These contracts meet the fully benefit-responsive investment contract ("FBRIC") criteria and, therefore, are reported at contract value in the statements of net assets available for benefits. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TFLIC and Equitable Financial Life, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

7. Related Party and Party-in-Interest Transactions

Certain Plan investments and notes receivable from participants are managed by the Custodians. In addition, certain Plan investments are managed by Transamerica. Transamerica is the recordkeeper for these certain Plan investments. Notes receivable from participants are also considered to be party-in-interest transactions. Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. These transactions are party-in-interest transactions which are exempt from prohibited transaction rules.

8. Tax Status

The Plan uses a volume submitter 403(b) plan document sponsored by Transamerica. Transamerica received an opinion letter from the IRS, dated March 31, 2017, which states that the prototype document, as then designed, satisfies the applicable provisions of the IRC. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the accounts of each affected participant remain fully vested. Distribution of participant account balances will occur as soon as administratively feasible upon termination of the Plan.

10. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying statements of net assets available for benefits to the Form 5500 as of December 31, 2023 and 2022:

<i>December 31,</i>	2023	2022
Net assets available for benefits per the financial statements	\$ 677,907,413	\$ 602,179,864

Add: excess employer contributions payable	159,554	-
Net assets per the Form 5500	\$ 669,994,115	\$ 594,755,458

The following is a reconciliation of net change in net assets per the financial statements to the net income per the Form 5500 for the year ended December 31, 2023:

<i>Year ended December 31,</i>	2023
Net increase in net assets available for benefits per the financial statements	\$ 75,727,549
Change in employer contribution receivable	(648,446)
Change in excess employer contributions payable	159,554
Net income per the Form 5500	\$ 75,238,657

12. Subsequent Events

Management evaluated subsequent events for the Plan through October 11, 2024, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements except as described in Note 1.
