**Plan Administrator
Bio-Serv Corporation Employees Retirement Savings Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Bio-Serv Corporation Employees Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Bio-Serv Corporation Employees Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of Bio-Serv Corporation Employees Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bio-Serv Corporation Employees Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bio-Serv Corporation Employees Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bio-Serv Corporation Employees Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**BIO-SERV CORPORATION
EMPLOYEES RETIREMENT SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022**

NOTE A. PLAN DESCRIPTION

The following description of the Bio-Serv Corporation Employees Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees who have reached age twenty-one and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act (“ERISA”) as amended.

Contributions

Each year, participants may contribute up to 60% of pretax and up to 10% of post-tax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Bio-Serv Corporation (the “Company”) contributes 50% of the first 6% of base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the discretion of the Company’s Board of Directors. Contributions are subject to certain limitations.

Participants’ Accounts

Each participant’s account is credited with participant contributions, the Company’s matching contribution and allocations of Plan earnings. Allocations are based on participant earnings or account balances, in accordance with the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

EMPLOYEES RETIREMENT SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022**

NOTE A. PLAN DESCRIPTION (continued)

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' accounts and bear interest at rates that range from 4.25% to 9.50%, which commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, is forfeited. Forfeited nonvested accounts are used to reduce future employer contributions. Forfeited nonvested accounts totaled \$4,126 and \$0 at December 31, 2023 and 2022, respectively. Forfeitures of \$4,140 and \$10,977 were used to reduce the employer contributions in 2023 and 2022, respectively.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or their beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a selected period. For termination of services for other reasons, a participant will receive that value of vested interest in his or her own account as a lump-sum distribution.

NOTE B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE B. SUMMARY OF ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the Guaranteed interest account, which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain costs of the Plan administration are paid by the Company. All transactional fees are paid by the Plan.

NOTE C. INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company (the "Trustee") has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net investment gain (loss), as shown in the statement of changes in net assets available for plan benefits for the year ended December 31, 2023 and 2022.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2023.

**NOTES TO FINANCIAL STATEMENTS

NOTE C. INFORMATION CERTIFIED BY TRUSTEE (continued)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

- | | |
|---------|--|
| Level 1 | Quoted prices, unadjusted, in active markets for identical assets or liabilities. |
| Level 2 | Observable inputs other than the quoted prices included in Level 1; for example, quoted prices for similar assets or liabilities in active markets. Level 2 inputs also include inputs for identical or similar assets or liabilities in markets that are not active. Adjustments to level 2 inputs may be necessary and will vary depending on factors specific to the asset or liability, such as the condition or location of the asset, the extent to which inputs relate to items that are comparable to the asset or liability, and the volume or level of activity in the markets within which the inputs are observed. |
| Level 3 | The unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information. |

NOTE D. FAIR VALUE MEASUREMENTS (continued)

The Plan has four categories of securities—mutual funds, pooled separate accounts, guaranteed interest accounts, and collective trust funds:

- Each category is presented as a line item in the statement of net assets available for benefits.
- The fair value of the mutual funds comprises approximately 14% of the plan, pooled separate accounts comprise 22% of the plan and collective investments comprise 54% of the plan.
- The fair value of the mutual funds and pooled separate accounts are based on quoted prices in active markets.
- The fair value of the collective trust funds are based on the fair value of the fund's net assets as determined by the trustee of the funds. The financial statements of the collective trust funds disclose that the fair value measurements of substantially all of the fund's assets were based on Level 2 inputs. Accordingly, all of the fair value of the Plan's investment in the funds are based on Level 2 inputs.
- The Plan has no other fair value measurements.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$4,511,019	\$ -	\$ -	\$ 4,511,019

NOTE E. GUARANTEED INTEREST ACCOUNT WITH INSURANCE COMPANY

The Plan has an investment in Principal Fixed Income Option Group Annuity Contract Fund (“PFIF”) which is a benefit-responsive group annuity contract issued by the Principal Life Insurance Company (“Principal Life”). The PFIF is a single group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a stable value fund. As a result, the average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract. Under the terms of the existing contract, the crediting rate is currently reset on a semiannual basis. Average yield earned by the Plan for all fully benefit-responsive investment contracts with an adjustment to reflect the actual interest rate is credited to participants and calculated by dividing the annualized earnings credited to participants for all fully benefit-responsive investment contracts by the fair value of all fully benefit-responsive investment contracts.

There are no reserves against contract value for credit risk of Principal Life or otherwise.

The interest rate history for the contract is as follows:

<u>Time Period</u>	<u>Rate</u>
January 1, 2022 – June 30, 2022	1.00%
July 1, 2022 – December 31, 2022	1.15%
January 1, 2023 – June 30, 2023	1.40%
July 1, 2023 – December 31, 2023	1.70%

Changes in future interest crediting rates will not affect the amount reported on the statement of net assets available for benefits as it represents the adjustment for the portion of net assets attributable to fully benefit-responsive investment contracts from fair value to contract value as fair value is considered book value less early withdrawal charge.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contracts. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan’s ability to transact at contract value with participants, is probable.

**NOTES TO FINANCIAL STATEMENTS

NOTE F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances and the assets of the Plan will be paid out in accordance with its terms.

NOTE G. PARTY-IN-INTEREST

Plan investments include interest in registered mutual funds, pooled separate accounts, collective trust funds and a guaranteed interest account managed by the Trustee.

Transactions involving these investments are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 409(b) of the ERISA regulations.

NOTE H. TAX STATUS

The IRS has determined and informed the company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J. SUBSEQUENT EVENTS

The Plan administrator has evaluated its financial statements for subsequent events through October 10, 2024, the date which the financial statements were issued. The Plan administrator is not aware of any subsequent events that would require recognition or disclosure in the financial statements.
