To the Plan Administrator and Audit Committee of the Board of Directors
The Thomaston Savings Bank 401(k) Savings and Retirement Plan
Thomaston, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the accompanying financial statements of The Thomaston Savings Bank 401(k) Savings and Retirement Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE THOMASTON SAVINGS BANK

401(K) SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of The Thomaston Savings 401(k) Savings and Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document and the summary plan description for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan qualifying under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan is sponsored by Thomaston Savings Bank (the "Bank") and covers substantially all part-time and full-time employees of the Bank and Thomaston Mortgage Services, Inc., a subsidiary of the Bank. Generally, in order to participate in the Plan, an individual must be at least 18 years old and have worked with the Bank for at least three months. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Participants may contribute a percentage of pretax annual compensation, as defined by the Plan, up to a certain dollar limit which is set by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, additional "catch-up" contributions as allowed by law, and after-tax contributions.

Bank matching contributions may be made to the Plan based on the participant's date of hire. For Participants hired prior to January 15, 2007, the Bank will make a matching contribution equal to 50% of qualifying salary deferrals, up to 6% of Plan compensation. For participants hired on or after January 15, 2007, the Bank will make a matching contribution equal to 75% of qualifying salary deferrals, up to 6% of Plan compensation. For participants hired after July 1, 2021, the Bank will make a matching contribution equal to 50% of qualifying salary deferrals, up to 6% of Plan compensation. The Bank is also authorized under the Plan to make discretionary contributions.

Participant Accounts - Participants direct the investment of their contributions into any of the investment options offered by the Plan. The matching and Bank discretionary contributions, as applicable, are invested directly in the participant's selected investment options in the same allocating ratios.

Each participant's account is credited with the participant's contribution, any contributed amounts from other qualified defined benefit or contribution plans, and allocations of the Bank's matching and discretionary contributions, plus earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Fees associated with participant loans are charged to the individual participant's account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Generally, participants become vested in the Bank's matching contributions, plus earnings, over a five year vesting period and become vested in the Bank's discretionary contributions, plus earnings, over a six year vesting period. Participants are credited with a year of vesting service by working at least 1,000 hours. Participants actively employed by the Bank become fully vested upon death, disability or upon attaining early retirement age. If a participant terminates employment before becoming fully vested in their benefits, they are entitled to receive a distribution of their vested benefits under the Plan. Non-vested benefits are forfeited.

Notes Receivable from Participants - A participant may not have more than two outstanding loans at any one time. Participants may borrow from their vested accounts a minimum of \$1,000, up to a maximum of \$50,000, or 50% of their eligible vested account balance, taking into account the outstanding balance of any prior loan. Additionally, a participant may not borrow during any 12-month period in excess of \$50,000. The loans are secured by the vested balance in the participant's account, range from 5 to 30 years (purchase of principal residence), and bear an interest rate of Prime. Generally, principal and interest is paid ratably through payroll deductions.

Payment of Benefits - Active employees age 59½ or older can annually elect to receive a non-hardship withdrawal of any portion of their vested interest in their account. Also, an active employee may elect to receive a hardship withdrawal of any portion of their vested interest in their account, provided all hardship withdrawal criteria and Plan restrictions are satisfied. Distributions upon termination, death and disability, or for childbirth or adoption expenses, are made in accordance with the provisions of the Plan.

Forfeitures - If a participant terminates employment with the Bank at a time when the participant does not have a fully vested interest, and liquidates his or her account prior to December 31, the Bank discretionary matching contributions and the actual earnings thereon are forfeited. Forfeitures are retained in the Plan and are used to reduce future employer contributions. As of December 31, 2023 and 2022, the balance in the forfeiture account was \$40,240 and \$61,996 respectively. Bank discretionary matching contributions were reduced by forfeitures of \$76,202 in 2023.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") and the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Subsequent Events - Management has evaluated subsequent events for potential recognition or disclosure in the financial statements through October 9, 2024, the date upon which the Plan's financial statements were available to be issued.

Use of Estimates - The preparation of financial statements in conformity with GAAP and the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Great-West Trust Company, LLC (the "Trustee").

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment in Benefit-Responsive Investment Contract - In 2011, the Plan entered into a benefit-responsive investment contract, the MassMutual Diversified Bond Separate Account Guaranteed Interest Contract Fund (the "SAGIC Fund"). The SAGIC Fund maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by the SAGIC Fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the SAGIC Fund at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer and was 5.44% and 3.47% at December 31, 2023 and 2022, respectively.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance. Delinquent loans are reclassified as distributions upon default in accordance with the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Plan's administrative expenses are paid by either the Plan or the Bank as provided by the Plan Document. The Bank did not pay any administrative expenses on behalf of the Plan during 2023. Certain investment related expenses are included in net appreciation/depreciation of fair value of investments.

3. RISK AND UNCERTAINTIES

The Plan provides for various investment options which are exposed to various risks, including interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances, the amounts reported in the statements of net assets available for benefits, and the amounts reported in the statements of changes in net assets available for benefits.

4. CONTINUANCE OF THE PLAN

The Bank has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested and are entitled to receive their respective shares of the Plan's net assets after payment of all liabilities and expenses. At December 31, 2023, the Bank had not expressed any intention to terminate the Plan and expects to continue the Plan indefinitely.

5. TAX STATUS

The Company has adopted a prototype plan document and is relying on the prototype sponsor's opinion letter from the Internal Revenue Service dated November 14, 2022. The letter states that the prototype form of plan is acceptable under the applicable sections of the IRC. Although the prototype plan has been amended and restated since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

6. INFORMATION CERTIFIED

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including total investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Empower Trust Company, LLC ("Empower") and Empower Annuity Insurance Company of America.

7. RELATED PARTY TRANSACTIONS AND PARTIES-IN-INTEREST TRANSACTIONS

Certain administrative functions, including plan administration, are performed by officers or employees of the Bank. Investments are managed by Empower. These transactions qualify as party-in-interest transactions. Empower Annuity Insurance Company of America is also a party-in-interest. Notes receivable from participants also qualify as party-in-interest transactions.

8. FAIR VALUE MEASUREMENTS

Certain of the Plan's assets are accounted for at fair value. Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market

data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability;

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Such securities are classified as level 1 in the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value, as of December 31,:

	2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 21,173,302	\$ -	\$ -	\$ 21,173,302
	2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 18,897,321	\$ -	\$ -	\$ 18,897,321
