To the Retirement Plan Committee of

**NEW ENGLAND UTILITY CONSTRUCTORS, INC.
401(k) & PROFIT SHARING PLAN**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of ***New England Utility Constructors, Inc. 401(k) & Profit Sharing Plan*** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and schedule of assets (held at end of year) as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

NEW ENGLAND UTILITY CONSTRUCTORS, INC.
401(k) & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(1) Description of the Plan

The following description of the *New England Utility Constructors, Inc. 401(k) & Profit Sharing Plan* (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- A. General** – The Plan is a prototype defined contribution plan which covers all employees who meet specified service requirements of New England Utility Constructors, Inc. (the "Company"), a subsidiary of Centuri Group, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and Internal Revenue Code ("IRC") Section 401(k) and has been amended various times since inception.

The Company is part of a controlled group. However, the Company's parent has filed an Internal Revenue Service ("IRS") Form 5310-A which qualifies the Company as a separate line of business, and as such the Company operates its own plan.

Effective January 1, 2024, the Plan was amended and restated (the "Restatement"). The Plan also changed asset custodian and recordkeeper from The Standard to Vanguard Fiduciary Trust Company. ("Vanguard"). There were no significant modifications to Plan provisions as a result of the Restatement. In anticipation of transferring the Plan assets to the new custodian, substantially all participant accounts were liquidated on December 29, 2023 using the closing values as of the end of business day, and the resulting cash was held in a non-interest bearing cash account ("due from broker"), totaling \$48,514,860 as of December 31, 2023, until the cash was transferred to the new custodian. Participant accounts totaling \$48,990,900 were transferred to Vanguard on January 2, 2024 and the assets were not allocated to participant accounts until January 12, 2024.

- B. Eligibility** – Eligibility requirements of the Plan are three months of service and attaining the age of 18. Union, nonresident aliens, residents of Puerto Rico, leased employees, and temporary or seasonal employees regularly scheduled to work less than 1,000 hours during a Plan year are not eligible to participate in the Plan.

Employees who have completed 1,000 or more hours of services in a period of twelve consecutive months and have attained the age of 18 are eligible to receive employer safe harbor and discretionary matching contributions. Eligible employees who have completed 500 or more hours of service in a period of twelve consecutive months and have attained the age of 18 are eligible to receive employer profit-sharing contributions, unless such employee terminates employment during the Plan year due to death, disability, or reaching normal retirement age, as defined per the Plan agreement.

For purposes of participating in the Plan for elective deferrals and employer contributions, Plan entry is on a quarterly basis and on the first day of the month following the date the employee satisfies the eligibility requirements.

- C. Contributions** – Participants may contribute from 1% to 80% of their compensation on a pre-tax or after-tax basis (Roth), as defined by the Plan, subject to certain limitations prescribed by the IRS. Roth elective deferrals are treated in the same manner as elective deferrals for all Plan purposes. Participants may also contribute amounts representing distributions from other qualified pension plans. Unless a participant elects otherwise, the Plan will withhold an automatic deferral amount equal to 3% of eligible compensation each payroll period.

401(k) & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(1) Description of the Plan (continued)

The Company makes a safe harbor contribution equal to 3% of participants' eligible compensation. In addition, the Company may make discretionary matching and profit-sharing contributions. For the year ended December 31, 2023, the Company made discretionary matching contributions equal to 100% of the first 5.50% of each participants' eligible compensation deferred. Contributions under the profit-sharing portion of the Plan are made at the discretion of the Company. During 2023, the Company authorized profit-sharing contributions equal to approximately 1.55% of eligible compensation. These discretionary contributions were remitted to the Plan during April 2024 and are included in the employer contributions receivable as of December 31, 2023.

- D. Participant accounts** – Each participant's account is credited with the participants' contributions, safe harbor contributions, Company's matching and profit-sharing contributions, and an allocation of Plan earnings/losses, and forfeitures. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- E. Vesting** – Participants are immediately vested in their voluntary and rollover contributions, and the Company's safe harbor contribution plus actual earnings thereon. Upon death or total disability of a participant prior to retirement, the participant's account balance shall become fully vested. Participant vesting in the Company's discretionary matching and profit-sharing contributions portion of the accounts plus actual earnings thereon is based on years of continuous service as follows:

<u>Years of Service for Vesting</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

The Plan defines a year of credited service to be a Plan year with the participant rendering at least 1,000 hours of service.

- F. Payment of benefits** – In general, distributions from the Plan will be made in one lump-sum payment in cash. If the value of a participant's vested benefit is more than \$5,000 on termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum payment amount equal to the value of his or her account, or annual installments over a certain period, and in no event exceeding the life expectancy of the participant as determined at the time of distribution. If the value of a participant's vested benefit is \$5,000 or less, a lump sum payment will be made to the participant. The Plan provides for the payment of benefits in amounts up to the entire vested balance in a participant's account upon one of the following:
- a. Termination of employment
 - b. Death or disability of participant
 - c. Attainment of age 59½
 - d. Demonstrated hardship

The Plan also allows for in-service distributions to participants who have not separated from service, provided that they have attained the age of 55 and 15 years of service.

401(k) & PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(1) Description of the Plan (continued)

- G. Notes receivable from participants** – Participants may borrow an amount not to exceed 50% of their vested account balance, up to a maximum of \$50,000 (but not less than \$1,000). Notes receivable must be repaid over a reasonable period of time, are secured by the balance in the participant's account, and shall bear interest at a rate comparable to rates available at commercial lending institutions. All notes receivable from participants are repaid through payroll deductions.
- H. Plan termination** – Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan is terminated, each participant's account becomes fully vested.
- I. Forfeited Accounts** – Forfeitures of nonvested accounts are utilized to pay administrative expenses and employer contributions, or may be reallocated to participant accounts, as required by the Plan agreement. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$91,107 and \$49,569, respectively. During the year ended December 31, 2023, no forfeited nonvested accounts were utilized.
- J. Expenses of the Plan** – Substantially all administrative expenses of the Plan are paid by the Company except for participant investment advisory and loan and distributions fees.

(2) Significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting – The accompanying financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Management's use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the Plan to make estimates and assumptions that affect the reported amounts of net assets and the reported amounts of additions to and deductions from net assets. Actual results may differ from those estimates.

Investment valuation and income recognition – The mutual funds are reported at fair value and the fully benefit-responsive investment contract is measured at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year. Following is a description of the valuation methodologies used for the investments held by the Plan. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- *Mutual funds* – Stated at net asset value, which is the readily determinable fair values of the shares as they are published daily and are the basis for current transactions.
- *Guaranteed investment contract* – Stated at contract value as more fully described in Note 4.

**NEW ENGLAND UTILITY CONSTRUCTORS, INC.
401(k) & PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(2) Significant accounting policies (continued)

The Plan's investments in mutual funds are measured using Level 1 inputs within the fair value hierarchy table and totaled \$12 and \$35,875,416 as of December 31, 2023 and 2022, respectively.

Fair value measurement – The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. If a Level 1 input is available, it must be used.
- Level 2: Inputs other than quoted prices that are observable for assets or liabilities, either directly or indirectly. Examples include matrix pricing utilizing yield curves, prepayment speeds, credit risks, etc.; quoted prices for similar assets in active markets; and inputs derived from observable market data by correlation or other means.
- Level 3: Unobservable inputs, which contain assumptions by the party valuing those assets or liabilities. For Level 3 inputs, there is no market data or correlations with market assumptions. Examples would include limited partnership interests, closely held stock, etc.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Risks and uncertainties – The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's exposure to interest rate risk, credit risk and market risk are dictated by the Plan's provisions as well as those of ERISA and the participants' investment preference. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Payment of benefits – Benefits are recorded when paid.

Subsequent events – Plan management has evaluated subsequent events through October 10, 2024, which is the date the financial statements of the Plan were available to be issued.

401(k) & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(3) Information certified by the trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the Plan's trustee, has certified that the following information included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments
- Notes receivable from participants
- Interest income on notes receivable from participants
- Interest and dividends on investments
- Net appreciation in fair value of investments
- Due to/from broker
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Investment contract with insurance company

The Plan participates in an investment contract with the Standard Insurance Company (the "Standard"). The Standard Stable Asset Fund A is collateralized by the general account assets of the Standard. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire portfolio compared to the minimum interest credit rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code ("IRC") or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan Sponsor or other Plan Company events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the Plan to transact at contract value with the participants.

**NEW ENGLAND UTILITY CONSTRUCTORS, INC.
401(k) & PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(4) Investment contract with insurance company (continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from the contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreement without the consent of the issuer

(5) Income tax status

The Plan has adopted a prototype plan document, which obtained a favorable advisory opinion letter dated June 30, 2020, stating that the Plan and related trust are designed in accordance with the applicable IRC. Although the Plan has been amended since receiving the advisory opinion letter, the Plan administrator and the Company believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified, and the related trust is tax exempt as of and for the year ended December 31, 2023.

(6) Party-in-interest transactions

Certain Plan investments are managed by Reliance Trust Company, the Plan's trustee, as defined by the Plan. Reliance Trust Company provided the Plan with contract administration and investment management services, which qualify as party-in-interest transactions. Total administrative fees and expenses paid by the Plan to parties-in-interest for the year ended December 31, 2023, totaled \$67,684 and related to investment management and record keeping services.

(7) Delinquent participant contributions

Plan management determined that certain participant contributions and loan repayments amounting to \$36,848 and \$210 during the years ended December 31, 2023 and 2022, respectively, were not withheld timely and were remitted late by the Company based upon guidelines established by the DOL. Plan management corrected these contributions and loan repayments during the 2023 and 2024 Plan years. Lost earnings associated with the corrections were de minimis.
