Independent Auditor's Report

To the Plan Administrator
Ardagh Metal Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Ardagh Metal Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the years then ended and the statement of accumulated plan benefits as of December 31, 2022 and the related statement of changes in accumulated plan benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the years then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To the Plan Administrator
Ardagh Metal Pension Plan

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at end of year as of December 31, 2023 and reportable transactions for the year ended December 31, 2023 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of Ardagh Metal Pension Plan (the "Plan") provides only general information. Participants should refer to the plan agreement and related union agreements, if applicable, for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2022 and is a defined benefit plan covering certain U.S. union and nonunion employees of Ardagh Metal Packaging USA Corp. (the "Company" or the "Plan Sponsor"). The Plan was a result of a spinoff from Ardagh North America Retirement Income Plan upon divestiture of the Company. The obligation and related assets of the covered employees were transferred out of the Ardagh North America Retirement Income Plan to the Plan (see Note 7). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is frozen to new entrants; existing participants are governed by provisions that are described in their respective division agreements in accordance with the plan document. Existing participants continue to accrue benefits in accordance with the plan document.

Pension Benefits

Participants fully vest after 5 years of service based on the participant's respective division agreements in the plan document. Once vested, participants are entitled to annual pension benefits beginning at normal retirement age, which, for most divisions, is age 65. The benefits utilize compensation, years of service, and certain defined pension formula multipliers, which vary based on the participant's division agreement within the plan document. The Plan permits full early retirement at age 60 with 30 years of service or a reduced retirement at age 60 with 10 years of service. Reduced benefits are further described in each division agreement.

Employees may elect to receive their pension benefits in the form of a life annuity, as a joint and survivor annuity, or as of a certain period ranging from 5 to 10 years. More specific provisions are presented in the division agreements within the plan document. If a participant's actuarially calculated benefit is equal to or less than \$5,000, the participant will receive a lump-sum distribution of their benefit upon retirement or termination.

Death Benefits

If an active or terminated employee who has a vested interest in the Plan dies prior to his or her normal retirement age, a death benefit equal to the benefit the employee would have received under the qualified joint and survivor annuity form had they retired on the day immediately preceding the date of his or her death will be paid to the surviving spouse. Beneficiaries of unmarried participants and those who have elected to waive the preretirement surviving spouse benefit will receive a lump-sum benefit or monthly installments equal to the actuarial equivalent of the participant's vested accrued normal retirement benefit at the date of break in service.

Funding

Contributions are made by the Company in actuarially determined amounts. The Company's policy is to make contributions necessary to satisfy ERISA funding standards. Annual contributions meet the minimum funding requirements of ERISA. No participant contributions are permitted.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by State Street Bank and Trust Company or its affiliates. State Street Bank and Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

December 31, 2023 and 2022

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation

The Plan's investments are stated at fair value.

The money market fund is valued at fair value based on its outstanding balances. Mutual funds are valued based on quoted market prices reported in active markets. See Note 4 for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments that are attributable, under the Plan's provisions, to the service employees have rendered. These include benefits expected to be paid to:

- (a) Retired or terminated employees or their beneficiaries
- (b) Beneficiaries of employees who have died
- (c) Present employees or their beneficiaries

Actuarial Assumptions

The actuarial present value of accumulated plan benefits is determined by an actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and probability of payment between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation of the Plan at December 31, 2022 are summarized as follows:

Actuarial cost method	Projected unit credit cost method
Retirement age	Rates graded by age, ranging from 55 to 70
Mortality basis	A modified version of Pri-2012 base table with MMP-2021 projection scale, which is based on the MP-2021 projection scale
Discount rate	5.52 percent

The decrease of approximately \$17.8 million on the statement of changes in accumulated plan benefits for changes in actuarial assumptions is primarily related to the change in discount rate from 3.04 percent to 5.52 percent.

The increase of approximately \$769,000 on the statement of changes in accumulated plan benefits for changes in plan provisions is primarily related to a change in benefit multipliers.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

December 31, 2023 and 2022**Note 2 - Summary of Significant Accounting Policies (Continued)*****Risks and Uncertainties***

Contributions to the Plan and the accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 4, 2024, which is the date the financial statements were available to be issued.

Note 3 - Certified Information

State Street Bank and Trust Company (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements, supplemental schedule of assets held at end of year, and supplemental schedule of reportable transactions are based solely on information certified by the Trustee.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

December 31, 2023 and 2022

Note 4 - Fair Value Measurements (Continued)

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2023 and 2022:

Assets Measured at Fair Value on a Recurring Basis at December 31, 2023			
	Investments (at Fair Value)	Level 1	Level 2
Money market fund	\$ 100,967	\$ -	\$ 100,967
Mutual funds	34,236,017	34,236,017	-
Assets Measured at Fair Value on a Recurring Basis at December 31, 2022			
	Investments (at Fair Value)	Level 1	Level 2
Money market fund	\$ 1,167,825	\$ -	\$ 1,167,825
Mutual funds	25,276,054	25,276,054	-

Note 5 - Tax Status

The Plan has applied for a determination letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). As of the date of the financial statements, the Plan has not received a response from the IRS.

Note 6 - Plan Termination

Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guaranty while other benefits may not be provided for at all.

Note 7 - Transfers

Effective January 1, 2022, the Ardagh North America Retirement Income Plan transferred approximately \$26.7 million to the Plan.

Actuarial Methods

Asset Methods

The asset valuation method is an average of the adjusted market value for each year during the last two years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110% and no less than 90% of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant Methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.
- **Disabled participants:** The liabilities for participants on long-term disability have been included with the liabilities for terminated vested participants.

Minimum Funding Methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Unpredictable Contingent Event Benefits (UCEBs)

The USW plans provide for supplemental benefits in the event of a plant closure or shut down. Under the Pension Protection Act of 2006, the additional cost associated with these supplemental benefits is required to be included with the Funding Target. After consideration, the likelihood of a shutdown having a material impact on the plan's liability is de minimis based on discussions with the plan sponsor that there is no expectation in the near to mid-term that any plants will be closed.

Schedule SB, Part V — Summary of Plan Provisions**Non-Union Hourly**

<i>Effective Date</i>	July 1, 2016
<i>Eligibility</i>	Non-union hourly employees at: • Olive Branch, MS • Fairfield, CA • Fremont, OH Participation begins on the later of 1) July 1, 2016 and 2) January 1 following the later of a) date of hire and b) the participant's 20th birthday. Employees hired or rehired on or after July 1, 2020 are not eligible to enter the plan.
<i>Plan Status</i>	Plan participation is closed to new entrants.
<i>Vesting Service</i>	Elapsed time from date of hire.
<i>Credited Service</i>	Elapsed time from participation including prior plan service under the Ball/Rexam Pension Plan.
<i>Compensation</i>	Generally, base pay, pay for overtime at the regular straight-time rate, wage continuation payments and success sharing bonuses. Highest five-year average compensation is determined based on the highest 60 consecutive months, multiplied by 12, over the participant's career.
<i>Normal Retirement</i>	Age 65.
<i>Early Retirement</i>	
<i>Full</i>	Age 60 with 30 years of service.
<i>Reduced</i>	Age 60 with 10 years of service.
<i>Disability Retirement</i>	10 years of service.
<i>Normal Retirement Benefit</i>	1.9% of highest five-year average compensation times credited service minus the lesser of a) 1.67% of Primary Social Security Benefit times years of credited service and b) 50% of the Primary Social Security Benefit. Maximum benefit equals 60% of the five-year average compensation.
<i>Prior Plan Offset</i>	The Ardagh benefit is based on all service and offset by the prior Ball/Rexam Plan benefit. Ardagh will pay the full benefit (reflecting any early retirement subsidies) at retirement, offset by the prior plan benefit at the participant's earliest retirement date under the prior plan.

Schedule SB, Part V — Summary of Plan Provisions**Non-Union Hourly (continued)**

<i>Early Retirement Benefit</i>	Unreduced accrued benefit at full early retirement. Otherwise, accrued benefit reduced 6% a year before the earlier of age 65 or age 60 with 30 years of service. A terminated vested participant who has completed 10 years of service can begin receiving their benefit as early as age 60. The accrued early retirement benefit is reduced 6% for each year by which early retirement precedes the normal retirement date.
<i>Disability Benefit</i>	Unreduced accrued benefit.
<i>Normal Form of Benefit</i>	Retirement benefits are normally paid for the duration of a single member's life. The normal form of benefit for a married member is a reduced benefit payable for life with 50% of such reduced benefit continued to his or her spouse upon the death of such member.
<i>Optional Forms of Benefit</i>	In addition to the normal form of benefit, the following optional forms of benefit may be available on an actuarial equivalent basis: • Joint and 50% Survivor Annuity • Joint and 75% Survivor Annuity • Joint and 100% Survivor Annuity • 5-Year Certain and Life • 10-Year Certain and Life.
<i>Spouse's Benefit</i>	Upon the death of a participant with a surviving spouse, the amount paid to the surviving spouse is equal to the amount that would have been paid had the participant terminated employment on the date of death and survived to age 60, retired with a qualified joint and 50% survivor annuity,
<i>Termination and Vesting</i>	If a member terminates employment with at least 5 years of service, he is fully vested in the amount of his accrued benefit.
<i>Contributions</i>	The Company bears the full cost of benefits under the plan.

Schedule SB, Part V — Summary of Plan Provisions**Non-Union Hourly – Elk Grove EMD**

<i>Effective Date</i>	July 1, 2016
<i>Eligibility</i>	Non-union hourly employees at the Equipment Manufacturing Division (EMD) in Elk Grove Village, IL. Participation begins on the later of 1) July 1, 2016 and 2) January 1 following the later of a) date of hire and b) the participants 20th birthday. Non-union hourly employees at the Equipment Manufacturing Division hired or rehired after July 1, 2016 are not eligible to enter the plan.
<i>Plan Status</i>	Plan participation is closed to new entrants.
<i>Vesting Service</i>	Elapsed time from date of hire.
<i>Credited Service</i>	Elapsed time from date of hire.
<i>Compensation</i>	Generally, base pay, pay for overtime at the regular straight-time rate, wage continuation payments and success sharing bonuses. Highest five-year average compensation is determined based on the highest 60 consecutive months, multiplied by 12, over the participant's career.
<i>Normal Retirement</i>	Age 65 with 5 years of service or age 62 with 10 years of service.
<i>Early Retirement</i>	
<i>Full</i>	30 years of service for employees hired before January 1, 1995.
<i>Reduced</i>	Age 60 with 10 years of service.
<i>Disability Retirement</i>	10 years of service.
<i>Normal Retirement Benefit</i>	December 31, 1994 accrued benefit plus 1% final average compensation for service after January 1, 1995. The December 31, 1994 accrued benefit multiplier is increased \$1 if over age 50 on December 31, 1994. Additionally, a special lump sum retirement allowance applies to employees hired before January 1, 1995 that is based on eligible vacation hours and hourly vacation rate of pay.
<i>Prior Plan Offset</i>	The Ardagh benefit is based on all service and offset by the prior Ball/Rexam Plan benefit. Ardagh will pay the full benefit (reflecting any early retirement subsidies) at retirement, offset by the prior plan benefit at the participant's earliest retirement date under the prior plan.

Schedule SB, Part V — Summary of Plan Provisions**Non-Union Hourly – Elk Grove EMD (continued)**

<i>Early Retirement Benefit</i>	Unreduced accrued benefit at full early retirement. Otherwise, accrued benefit reduced 6% a year before age 62. A terminated vested participant's early retirement benefit is actuarially reduced for each year the first payment precedes the employee's normal retirement date. Actuarial equivalence is determined using the 1994 Group Annuity Reserving Mortality Table and 6% interest.
<i>Disability Benefit</i>	Unreduced accrued benefit, plus supplemental benefit payable to age 62 equal to \$365 per month minus any Social Security disability benefit.
<i>Normal Form of Benefit</i>	Retirement benefits are normally paid for the duration of a single member's life. The normal form of benefit for a married member is a reduced benefit payable for life with 50% of such reduced benefit continued to his or her spouse upon the death of such member.
<i>Optional Forms of Benefit</i>	In addition to the normal form of benefit, the following optional forms of benefit may be available on an actuarial equivalent basis: • Joint and 50% Survivor Annuity • Joint and 75% Survivor Annuity • Joint and 100% Survivor Annuity.
<i>Spouse's Benefit</i>	Upon the death of a participant with a surviving spouse, the amount paid to the surviving spouse is equal to the amount that would have been paid had the participant terminated employment on the date of death and survived to age 60, retired with a qualified joint and 50% survivor annuity, then died the next day. For participants with 10 or more years of service and hired before January 1, 1995, a supplemental survivor benefit of \$132.50 is payable to a surviving spouse starting the first of the month following the date of death and application for the death benefit, and ceasing at retirement. At retirement, the surviving spouse receives the greater of 1) the 50% joint and survivor benefit and 2) \$132.50.
<i>Termination and Vesting</i>	If a member terminates employment with at least 5 years of service, he is fully vested in the amount of his accrued benefit.
<i>Contributions</i>	The Company bears the full cost of benefits under the plan.

Early Retirement Benefit	Unreduced accrued benefit at full early retirement. Otherwise, accrued benefit reduced 6% a year before age 62. Terminated vested participants with less than 10 years of service can only receive their benefit at normal retirement date.				

Schedule SB, Part V — Summary of Plan Provisions**USW Collectively Bargained Employees – Master (continued)**

<i>Disability Benefit</i>	Unreduced accrued benefit plus supplemental benefit payable to age 62 equal to \$365 per month minus any Social Security disability benefit. Disability supplement increases to \$500 per month under the Rule of 70/75 or Rule of 65/20.
<i>Normal Form of Benefit</i>	Retirement benefits are normally paid for the duration of a single member's life. The normal form of benefit for a married member is a reduced benefit payable for life with 50% of such reduced benefit continued to his or her spouse upon the death of such member.
<i>Optional Forms of Benefit</i>	In addition to the normal form of benefit, the following optional forms of benefit may be available on an actuarial equivalent basis: • Joint and 50% Survivor Annuity • Joint and 75% Survivor Annuity • Joint and 100% Survivor Annuity • 10-Year Certain and Life.
<i>Spouse's Benefit</i>	Upon the death of a participant with a surviving spouse, the amount paid to the surviving spouse is equal to the amount that would have been paid had the participant terminated employment on the date of death and survived to the earliest retirement date, retired with a qualified joint and 50% survivor annuity, then died the next day. For participants with 10 or more years of service, a supplemental survivor benefit of \$225 is payable as a supplement to a surviving spouse starting the first of the month following the date of death and ceasing at retirement. At retirement, the surviving spouse receives the greater of 1) the 50% joint and survivor benefit and 2) \$225.
<i>Termination and Vesting</i>	If a member terminates employment with at least 5 years of service, he is fully vested in the amount of his accrued benefit.
<i>Contributions</i>	The Company bears the full cost of benefits under the plan.

The normal retirement benefit for participants hired on or after September 21, 2008 was frozen, effective December 31, 2018.

Prior Plan Offset

The Ardagh benefit is based on all service and offset by the prior Ball/Rexam Plan benefit. Ardagh will pay the full benefit (reflecting any early retirement subsidies) at retirement, offset by the prior plan benefit at the participant's earliest retirement date under the prior plan.

Early Retirement Benefit

Unreduced accrued benefit at full early retirement. Otherwise, accrued benefit actuarially reduced before age 62.

Terminated vested participants with less than 10 years of service can only receive their benefit at normal retirement date.

Disability Benefit

Accrued benefit (minimum \$250 per month) plus supplemental benefit payable to age 62 equal to \$400 per month.

Normal Form of Benefit

Retirement benefits are normally paid for the duration of a single member's life. The normal form of benefit for a married member is a reduced benefit payable for life with 50% of such reduced benefit continued to his or her spouse upon the death of such member.

Optional Forms of Benefit

In addition to the normal form of benefit, the following optional form of benefit may be available on an actuarial equivalent basis:

- Joint and 75% Survivor Annuity.

Schedule SB, Part V — Summary of Plan Provisions**USW Collectively Bargained Employees – Valparaiso (continued)**

<i>Spouse's Benefit</i>	Upon the death of an active participant with a surviving spouse, the amount paid to the surviving spouse is equal to the amount that would have been paid had the participant terminated employment on the date of death and survived to normal retirement age, retired with a qualified joint and 50% survivor annuity, then died the next day. For active participants 10 or more years of service, the surviving spouse can begin receiving the benefit immediately. Upon the death of a deferred vested participant with a surviving spouse who had 10 or more years of service, the surviving spouse can begin receiving the benefit as early as age 60.
<i>Termination and Vesting</i>	If a member terminates employment with at least 5 years of service, he is fully vested in the amount of his accrued benefit.
<i>Contributions</i>	The Company bears the full cost of benefits under the plan.

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan are included in this valuation.

Plan amendments excluded: Amendments adopted after the valuation date or effective after the current plan year are excluded from the valuation.

- **Late retirement increases:**
 - *Active participants:* The plan provides benefit suspension notices to participants who work beyond normal retirement; therefore, late retirement actuarial increases only apply to participants who defer retirement beyond age 70½. This valuation includes increases for current participants over age 70.
 - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Schedule SB, Part V — Summary of Plan Provisions**Plan Provisions Specific to Funding****Additional Benefits Included or Excluded**

- **IRC Section 436 benefit restrictions:**
 - *Plan amendments:* See above.
 - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
 - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Scheduled benefit increases:** Scheduled benefit increases effective after the end of the current plan year are excluded from minimum funding requirements.
- **Unpredictable contingent event benefits:** This valuation does not value the plan's unpredictable contingent event benefits based on discussions with the plan sponsor that there is no expectation in the near to mid-term that any plants will be closed.
