Independent Auditor's Report

To the Administrative Committee of
New Process Steel, L.P. Employee Retirement and Savings Trust
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the New Process Steel, L.P. Employee Retirement and Savings Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following brief description of the New Process Steel, L.P. Employee Retirement and Savings Trust (the “Plan”) is provided for general information purposes only. Participants should refer to the summary plan description and legal plan document for more complete information.

General

The Plan was established effective March 20, 1972 and covers substantially all U.S. employees of New Process Steel, L.P. (the “Employer”, “Plan Sponsor”, the “Company”, or “Plan Administrator”). The Plan covers employees on the first day of their employment. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and subsequent related amendments and revisions.

Administration of the Plan

The Plan Sponsor is the Plan Administrator. Fidelity Management Trust Company (“Fidelity” or the “Trustee”) is the trustee and recordkeeper of the Plan’s assets.

Eligibility

The Plan covers all employees, except (1) those covered by a collective bargaining agreement, unless the agreement requires the employees to be included under the Plan; (2) leased employees; and (3) nonresident aliens who do not receive any earned income from the Employer, which constitutes United States source income. There is no age or eligibility service requirement. Employees are eligible immediately upon hire date.

Contributions

Plan participants may contribute up to 100% of their eligible compensation on a pre-tax basis or up to 85% of their eligible compensation on an after-tax basis through payroll deductions. Participants may also contribute amounts, representing distributions (rollovers) from other qualified defined benefit or defined contribution plans. A safe harbor matching contribution equal to a percentage of the amount of the pre-tax contributions the participant elected to defer for the plan year is made by the Company. The Company contributes safe harbor matching contributions to the Plan equal to 100% of the first 3% of the active participant’s compensation contributed on a pre-tax basis to the Plan and 50% of the next 2% of the active participant’s compensation contributed on a pre-tax basis to the Plan. Safe harbor matching contributions are not made on catch-up contributions. During the year ended December 31, 2023, employer safe harbor matching contributions totaled \$1,072,795. The Company may make additional discretionary contributions each plan year as determined by the Plan’s administrative committee. These additional discretionary contributions will be made only to those participants who are actively employed and have completed 1,000 hours of service as of the last day of the plan year. The Company made no additional discretionary contributions for the year ended December 31, 2023.

Participant contributions and any related employer safe harbor matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant’s compensation. Additional discretionary employer contributions are recorded in the relevant period in accordance with the terms in the plan document.

Participant and employer contributions are subject to certain statutory limitations as defined by the Internal Revenue Code (“IRC”) and subject to annual cost-of-living adjustments. Such limitation for 2023 was \$22,500. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions of up to \$7,500 for 2023. The amount of a participant’s annual compensation which may be taken into account for purposes of determining the amount of the employer matching contributions or for any other purpose under the Plan shall not exceed the amount permitted annually by IRC, which was \$330,000 for 2023.

NEW PROCESS STEEL, L.P. EMPLOYEE RETIREMENT AND SAVINGS TRUST

Notes to Financial Statements

Participant Accounts

Separate accounts are maintained for each participant. Participant accounts are credited with employee deferral contributions, rollover contributions, the Company's safe harbor matching contributions, the Company's discretionary contribution, and an allocation of investment earnings and losses. Participant accounts are charged with withdrawals and an allocation of plan administrative expenses. Participants are able to self-direct their investment accounts in various funds offered by the Trustee. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants' contributions and the Employer's safe harbor matching contributions and earnings thereon are immediately 100% vested. Participants are 100% vested in the Employer's additional discretionary contributions upon completion of six years of service or upon death, permanent disability, attainment of Plan's retirement age 65. Participants receive vesting credit on the additional discretionary contributions for the number of years that he or she has worked for the Employer as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Benefits

Participants are eligible for a distribution in the event of death, disability, termination of service or attainment of age 65. Upon normal retirement, death, full or permanent disability, a participant is entitled to receive 100% of their account balance. Participants or beneficiaries will receive their benefits in a single lump-sum distribution, as a cash distribution, direct rollover distribution or both. In addition, participants are permitted to request in-service distribution of their vested balance upon attaining age 59½ or upon incurring substantial financial hardship, as defined in the plan document. Participants, regardless of age, are permitted to request in-service distribution of their 100% vested employer contribution balances.

Forfeitures

Forfeiture of the Employer's discretionary contributions may occur if a participant terminates employment prior to becoming fully vested in the Employer's discretionary contributions. Forfeitures are retained in the Plan and may first be used to pay plan administrative expenses. Any remaining amounts will be used to reduce future employer contributions. As of December 31, 2023 and 2022, forfeited unallocated accounts totaled \$8 and \$14, respectively. During the year ended December 31, 2023, \$853 of forfeitures were used to reduce employer contributions. No forfeitures were used to pay administrative expenses during 2023.

NEW PROCESS STEEL, L.P. EMPLOYEE RETIREMENT AND SAVINGS TRUST

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in the prior twelve months or 50% of their vested account balance. Participants may have only one note outstanding at any time. Note terms can range up to five years for general purpose notes and up to 10 years for home purchase notes. Participant loans mature on various dates through 2031, bearing interest rates ranging from 5.25% to 10.50%. The notes are collateralized by the balances in the participants' accounts and bear interest at rates determined from time to time by the Plan's administrator based on prevailing market rates. Principal and interest are paid ratably through payroll deductions.

Fees and Expenses

The Plan's expenses are paid either by the Plan or the Employer. Expenses that are paid directly by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable and distributions from participants and other participant directed expenses are charged directly to the participant's account and are included in expenses of the Plan. Investment related expenses are included in net appreciation of fair value of mutual funds.

Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the Master Services Agreement, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay plan administrative expenses or allocated to participant accounts. As of December 31, 2023 and 2022, the Plan had revenue credits of \$45,724 and \$36,425, respectively. For the year ended December 31, 2023, the excess amount deposited into the revenue credit program account was \$90,967 and the revenue credit amount used to pay for Plan's expenses totaled \$84,058.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP"), as codified by the Financial Accounting Standards Board ("FASB") in its Accounting Standards Codification ("ASC").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Benefit Payments

Benefit payments to participants are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

NEW PROCESS STEEL, L.P. EMPLOYEE RETIREMENT AND SAVINGS TRUST

Notes to Financial Statements

Purchase and sales of shares are recorded on trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment adviser and the Trustee. See Note 4 for discussion of fair value measurement.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Risks and Uncertainties

The Plan's assets include various investments, including mutual funds and a common collective trust fund, and such investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statement of net assets available for benefits and the statement of a changes in net assets available for benefits.

Subsequent Events

The Plan Administrator has evaluated all events and transactions subsequent to the statements of net assets through October 10, 2024, the date which the financial statements were available to be issued.

3. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule are in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures* ("ASC 820"), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are as follows:

- Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

NEW PROCESS STEEL, L.P. EMPLOYEE RETIREMENT AND SAVINGS TRUST

Notes to Financial Statements

- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - a. Quoted prices for similar assets or liabilities in active markets;
 - b. Quoted prices for identical or similar assets or liabilities in inactive markets;
 - c. Inputs other than quoted prices that are observable for the asset or liability; and
 - d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the assets or liability.

- Level 3 - Inputs that are unobservable inputs for the asset or liability.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- *Common/Collective Trust:* Units held in the common/collective trust fund ("CCT") are valued at the net asset value ("NAV") based on fair market value of the underlying investments of the account less its liabilities. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. CCT invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions ("Contracts"), fixed income securities, and money market funds. Under the terms of the Contracts, the assets of the fund are invested in book value separate accounts and wrappers. There were no unfunded commitments. Participants directed redemptions are allowed daily with no restrictions. Plan sponsor directed withdrawals are subject to 12 months' notice.
- *Mutual Funds:* Determined based on quoted market prices ("fair value") on the last business day of the plan year as reported by the Trustee of the Plan's assets. Investments are generally subject to the volatility of the major stock markets in which the underlying investments are held.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

NEW PROCESS STEEL, L.P. EMPLOYEE RETIREMENT AND SAVINGS TRUST

Notes to Financial Statements

The assets measured at fair value on a recurring basis subject to the disclosure requirements of ASC 820 fair value hierarchy levels as of are as follows:

	Assets as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 32,466,138	\$ -	\$ -	\$ 32,466,138
Total Investments in the fair value hierarchy	32,466,138	-	-	32,466,138
Investment in Common Collective Trust, measured at net asset value*				4,592,583
Total Investments at fair value	\$ 32,466,138	\$ -	\$ -	\$ 37,058,721

	Assets as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 27,115,240	\$ -	\$ -	\$ 27,115,240
Total Investments in the fair value hierarchy	27,115,240	-	-	27,115,240
Investment in Common Collective Trust, measured at net asset value*				5,201,500

* In accordance with ASC 820, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

5. Party-in-Interest Transactions

The Plan's assets are managed by Fidelity Management Trust Company, Trustee of the Plan and the Plan issues participant notes receivable. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Trustee amounted to \$8,325 for the year ended December 31, 2023. Fees paid by the Plan to its investment advisor amounted to \$84,058 for the year ended December 31, 2023.

6. Tax Status

The Plan uses a prototype plan document sponsored by Fidelity Management & Research Company ("FMRC"). FMRC received an advisory letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Code. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America requires the Employer to evaluate tax positions taken by the Plan and recognize tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. As of December 31, 2023, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2019 forward.
