INDEPENDENT AUDITORS' REPORT

The Pension Committee
Prima CARE, P.C. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Prima CARE, P.C. Profit Sharing Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Administrator
Prima CARE, P.C. Profit Sharing Plan

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PRIMA CARE, P.C. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. Description of Plan

The following description of the Prima CARE, P.C. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Prima CARE, P.C. (the Company) which was established in 1996. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

The Plan has engaged EPIC Advisors, Inc. (EPIC) to be its recordkeeper and third-party administrator. The investment custodian of the Plan is Matrix Trust Company (a d/b/a of MG Trust Company).

Effective January 1, 2022, the Plan was amended to operate under a nonstandardized pre-approved plan document sponsored by EPIC. There were no significant changes to the Plan as a result of this restatement.

Eligibility

Employees who have reached the age of twenty-one and have completed at least ninety days of service are eligible to participate in the Plan for employee contributions, and are eligible to receive employer safe harbor contributions and any discretionary matching contributions.

Contributions

Participants may voluntarily contribute a portion of their compensation subject to Internal Revenue Service (IRS) limits on a pre-tax or after-tax basis. The Plan includes an auto-enrollment and auto-escalate feature where employees will be enrolled at 6% and this rate will increase by 1% each year until it reaches 12% unless otherwise elected by the employee. The Company makes safe harbor contributions in the amount of 3% of participants' compensation. The Company may also elect to make discretionary matching contributions; no such contributions were made in 2023 and 2022. Participants may elect to rollover distributions from other qualified plans.

Participant Accounts

Each participant's account is credited with an allocation of contributions and Plan earnings. Administrative fees are allocated and charged against each participant's account. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their contributions to be invested in any of the investment options offered by the Plan.

PRIMA CARE, P.C. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. Description of Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions, the Company's safe harbor contributions, and rollover amounts. Vesting in the Company's discretionary contributions is based on years of continuous service. A participant is 100% vested after six years of service.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Notes Receivable From Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Participants are allowed to have two outstanding notes from the Plan at any time. Note terms generally range from 1 to 5 years. The notes are secured by the balance in the participant's account and bear interest at a rate of Prime plus 1%. Principal and interest are paid ratably through payroll deductions.

Forfeitures

Forfeitures of amounts attributable to the nonvested portion of a participant's account can be used to offset administrative expenses of the Plan or to reduce future employer contributions. At December 31, 2023 and 2022, forfeited amounts included in net assets available for benefits totaled \$59,064 and \$46,774, respectively.

Distribution of Benefits

On termination of service due to death, disability, retirement, or any other reason, a participant may elect to receive a distribution in a single lump-sum. In addition, participants who have attained the age of 59 1/2 may elect to withdraw all or part of their vested balance from the Plan without penalty. The Plan also allows automatic mandatory distributions to an individual retirement account for inactive participants with vested account balances of \$1,000 or less.

Additionally, the Plan allows hardship distributions from employee deferral sources when certain requirements are met. The Plan also provides for automatic rollover distributions to an individual retirement account for inactive participants with vested balances greater than \$1,000 and less than \$5,000.

Administrative Expenses

The Plan pays substantially all administrative expenses. To the extent expenses are not paid by the Plan, they are paid by the Company.

PRIMA CARE, P.C. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options which in turn invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investments

The Plan's investments are reported at fair value. See note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments that were both bought and sold during the year, as well as unrealized appreciation (depreciation) on investments held at year end.

Notes Receivable From Participants

Notes receivable from participants are measured at the notes' unpaid principal balance plus accrued but unpaid interest. Defaulted notes receivable are reclassified as a distribution in accordance with the terms of the Plan documents.

Payment of Benefits

Benefits are recorded when paid.

Contributions

Employee contributions are recorded when they are withheld from the employee's pay. Safe harbor employer contributions are recorded when the related compensation becomes payable. Discretionary matching contributions, if any, are recorded in the year to which they relate.

For the purposes of recognition and disclosure in these financial statements, management of the Plan has evaluated subsequent events through October 10, 2024, which is the date these financial statements were available to be issued.

3. **Information Certified**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the information certified by Matrix Trust Company, except for comparing such certified information to information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has determined that the custodian meets the requirements of a qualified institution as defined by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

As of December 31, 2023 and 2022 and for the years then ended, the custodian certified as complete and accurate the Plan's investments and related income and transactions, including net appreciation (depreciation) in fair value of investments. Notes receivable from participants and the related income were subject to audit procedures under auditing standards generally accepted in the United States of America.

4. **Fair Value Measurements**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Plan uses various methods including market, income and cost approaches. Based on these approaches, the Plan often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy based on the lowest level of any input that is significant to the fair value measurement. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 – Valuations based on quoted prices in active markets for identical assets or liabilities. Valuations are obtained from readily available pricing sources for market transactions involving assets or liabilities.

4. Fair Value Measurements (Continued)

Level 2 – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.

Level 3 – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities. All assets and liabilities for which the fair value measurement is based on significant unobservable inputs are classified as Level 3.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2023</u>				
Money market fund	\$ 4,609,022	\$ –	\$ –	\$ 4,609,022
Mutual funds	<u>70,146,100</u>	<u>–</u>	<u>–</u>	<u>70,146,100</u>
	<u>\$74,755,122</u>	<u>\$ –</u>	<u>\$ –</u>	<u>\$74,755,122</u>
<u>2022</u>				
Money market fund	\$ 2,290,310	\$ –	\$ –	\$ 2,290,310
Mutual funds	<u>59,084,590</u>	<u>–</u>	<u>–</u>	<u>59,084,590</u>
	<u>\$61,374,900</u>	<u>\$ –</u>	<u>\$ –</u>	<u>\$61,374,900</u>

The money market fund and mutual funds are valued at the closing price reported in the active market in which the security is traded. There have been no changes in the methodologies used at December 31, 2023 and 2022.

5. Tax Status

A qualifying plan is one for which the employer may currently deduct contributions on its income tax return, the employee is not currently taxed on the contribution, and the plan income is not taxable.

The Plan has adopted a nonstandardized prototype plan sponsored by EPIC for which the IRS issued a favorable opinion letter dated June 30, 2020. The Plan has subsequently been amended. The Plan Administrator believes that the Plan has been operated within the applicable sections of the Internal Revenue Code upon which the favorable opinion was based.

5. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

6. Party-in-Interest Transactions

The Plan pays administrative fees to EPIC, the Plan's recordkeeper and third-party administrator (TPA) and such fees amounted to \$350,292 and \$334,886 in 2023 and 2022, respectively. Transactions with EPIC and Plimoth Investment Advisors qualify as party-in-interest transactions. In addition, notes receivable from participants qualify as party-in-interest.

7. Reconciliation of Financial Statements to Form 5500

Participant notes receivable are reflected as investments in the Form 5500 as of December 31, 2023 and 2022 and the related interest income is shown as investment income on the Form 5500 for the years ended December 31, 2023 and 2022.
