INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
RE/SPEC Inc. Employee 401(k) Retirement Plan
Rapid City, South Dakota

Report on the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of RE/SPEC Inc. Employee 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023, and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain other internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RE/SPEC INC. EMPLOYEE 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 and 2022

(1) Summary of Significant Accounting Policies

Method of Accounting

The financial statements of RE/SPEC Inc. Employee 401(k) Retirement Plan (the Plan) are prepared using the accrual method of accounting.

Nature of Operations of Plan Sponsor

RE/SPEC Inc. (the Company, the Employer, and the Plan Sponsor) is a consulting and services firm with expertise in mining and energy, infrastructure design, water and natural resources, and information technologies. Work is regularly performed for clients throughout the United States, Canada and other foreign countries. The Company provides solutions to both governmental and commercial entities through time-and-materials, cost plus fixed fee, fixed price and deliverable type contracts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investments are exposed to various risks, such as interest, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Valuation and Income Recognition

The Plan's investments, except as defined below, are stated at fair value on a recurring basis as determined by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Trustee (Notes 3 and 7). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fully benefit-responsive investment contracts are reported as Guaranteed Investment Contracts (GIC) within the notes to the financial statements.

Net Change in Fair Value of Investments

The net appreciation in fair market value of investments is composed of the realized gains and losses in securities sold or otherwise disposed of during the year and the unrealized gains and losses in securities held at the end of the year.

Contributions

Contributions from Plan participants and the discretionary matching contributions from the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation.

RE/SPEC INC. EMPLOYEE 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 and 2022

(1) Summary of Significant Accounting Policies

Participant Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023, and 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan Administrator has evaluated subsequent events through October 1, 2024, the date which the financial statements were available for issue.

(2) Plan Description

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan covering all Company employees age 21 and older. Plan entry is offered monthly. The Plan is designed to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute pretax annual compensation, as defined in the Plan, up to certain IRS limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan provides for discretionary employer matching contributions. For the year ended December 31, 2023, no employer matching contributions were made. Instead, the Company elected to make all matching contributions to the RESPEC Inc. Employee Stock Ownership Plan (ESOP) for the year ended December 31, 2023.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three percent of eligible compensation and their contributions invested in the moderate investment model portfolio until changed by the participant.

The Plan allows Roth elective deferrals. Contributions to Roth 401(k) accounts are made on an after-tax basis and contributions to a Roth 401(k) account are included in the participant's gross income. Future distributions of Roth elected contributions and earnings thereon will not be taxed, if certain criteria are met. Roth elective deferrals to the Plan are permanently designated as Roth elective deferrals in participant accounts. The participants' Roth deferrals and gains and losses attributable to such deferrals are accounted for separately.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 and 2022

(2) Plan Description

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's discretionary contributions, and an allocation of plan earnings or losses and charged with an allocation of administration expenses. The benefit to which a participant is entitled is the benefit provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions to any investments offered by the Plan. Participants may change their investment options at any time.

Participant Notes Receivable

Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan transactions are treated as transfers to (from) the investment fund from (to) the participant notes fund. Loan terms range from one to five years or up to 20 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. Principal and interest is paid ratably through payroll deductions. Participant notes receivable are valued at the principal balance of the note, plus accrued but unpaid interest.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant with benefits in excess of \$1,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual, quarterly, or monthly installments over a specified period of time not exceeding a participant's life expectancy or the joint life expectancy of a participant and a participant's beneficiary. If no election is made by the participant upon termination of employment, distributions between \$1,000 and \$5,000 are deposited into an individual retirement account, benefits less than \$1,000 are paid in one lump sum as soon as administratively feasible.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants vest at a rate of 20 percent per year of credited service. A participant is 100 percent vested after completing five years of service, or if less than five years, upon retirement, disability, death, or termination of the Plan.

Forfeited Accounts

Forfeitures are used to reduce the administrative expenses of the Plan or employer contributions. Non-vested amounts are forfeited unless participants return to employment and contribute the distribution received at termination, within a specified time. Forfeited, non-vested amounts totaled approximately **\$6,000** and \$27,000 at December 31, 2023 and 2022, respectively. During the years ended December 31, 2023 and 2022, Plan expenses were reduced by approximately **\$42,000** and \$5,000 from forfeited non-vested accounts. Forfeitures used to reduce employer contributions were approximately **\$-0-** and \$37,000 for the years ended December 31, 2023 and 2022, respectively.

DECEMBER 31, 2023 and 2022

(2) Plan Description

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying Statements of Changes in Net Assets Available for Benefits.

Fees related to the administration of notes receivable from participants and payment benefits are charged directly to the participant's account and are included in administrative expenses.

(3) Investments -- Information Certified by Trustee

The Trustee holds the Plan's investments, execute investment transactions, and perform all related accounting functions. The Trustee determined the fair value of investments at December 31, 2023 and 2022.

The Plan is administered by the Company. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company is the Trustee for the years ended December 31, 2023 and 2022. The Plan investments are held and managed by the Trustee.

In accordance with Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator has received certification from the Trustee as to the accuracy and completeness of certain financial information of the Plan as of and for the years ended December 31, 2023 and 2022. Information contained in the following has been certified by the Trustee:

Statements of Net Assets Available for Benefits (except for participant notes receivable and employee contributions receivable)

Statement of Changes in Net Assets Available for Benefits (except for Contributions, Benefits Paid to Participants, and Administrative Expenses)

Supplemental Schedule of Assets Held at End of Year (except for participant notes receivable)

The Plan invests in a guaranteed investment contract, mutual funds and pooled separate accounts with underlying assets consisting of any combination of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks.

(4) Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. Generally Accepted Accounting Principles (U.S. GAAP) requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Department of Labor or IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Participant Withdrawals

Vested, undistributed account balances of terminated Plan participants total approximately **\$13,354,000** and \$10,841,000 at December 31, 2023 and 2022, respectively.

(6) Guaranteed Investment Contract

In 2017, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company (Principal) totaling **\$9,215,719** and \$9,836,863 for 2023 and 2022, respectively. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent or greater than 3 percent. The crediting rate is reviewed on a semi-annual basis for resetting. The rate was **1.55** and 1.75 percent as of December 31, 2023 and 2022, respectively. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are occurring.

The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

(7) Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

- Level One: inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level Two: inputs include
 1. quoted prices for similar assets or liabilities in active markets;
 2. quoted prices for identical or similar assets or liabilities in inactive markets;
 3. inputs other than quoted prices that are observable for assets or liabilities;
 4. inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability
- Level Three: inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Fair Value represents the value of the fund shares, which is calculated daily based on the valuation of the funds' underlying investments at fair value. The pooled separate accounts consist of either Level 1 mutual funds which are valued at the closing price reported on the active market on which the individual fund is traded or Level 2 bonds.

The following tables present the assets carried at fair value as of December 31, 2023 and 2022, in the accompanying Statements of Net Assets Available for Benefits by fair value hierarchy, as described above. All are measured on a recurring basis.

December 31, 2023:	Level One	Level Two	Level Three	Fair Value Measurement
Mutual Funds	\$ 48,410,450	\$ -	\$ -	\$ 48,410,450
Pooled Separate Accounts	-	2,502,242	-	2,502,242
Total assets in the fair value hierarchy	\$ 48,410,450	\$ 2,502,242	\$ -	\$ 50,912,692

December 31, 2022:	Level One	Level Two	Level Three	Fair Value Measurement
Mutual Funds	\$ 38,906,742	\$ -	\$ -	\$ 38,906,742
Pooled Separate Accounts	-	889,894	-	889,894
Total assets in the fair value hierarchy	\$ 38,906,742	\$ 889,894	\$ -	\$ 39,796,636

(8) Related Party Transactions

Fees for legal and professional services rendered to the Plan may be paid by the Company at its discretion. The Plan allows participants to take out loans against their account balances. Certain plan investments are shares of a pooled separate account and guaranteed investment contract managed by Principal Trust Company, the Trustee.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(9) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.
