RO HEALTH 401(k) PLAN
FINANCIAL STATEMENTS
AND SUPPLEMENTAL SCHEDULES
DECEMBER 31, 2023 and 2022
(With Independent Auditor's Report)

Independent Auditor's Report

To the Limited Trustee and Administrator of
The Ro Health 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ro Health 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ro Health 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ro Health 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ro Health 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ro Health 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and

other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RO HEALTH 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Ro Health 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Ro Health 401(k) Plan (the Plan) was created effective January 1, 2015. The Plan is a contributory, defined contribution plan covering eligible employees of Ro Health, Inc. (the Company or Plan sponsor). Employees are eligible to participate in the Plan upon reaching at least 21 years of age. In addition, employees must have completed at least one year of service in order to be eligible for participation in matching (safe harbor or discretionary) and profit-sharing contributions. Eligible participants may enter the Plan on the first day of the calendar month following completion of the eligibility criteria.

(b) Contributions

Participants may contribute to their deferred contribution account on a pre-tax basis up to the statutory limits prescribed by the Internal Revenue Code, including catch-up contributions for those participants who have reached age 50. The Company will make a safe harbor matching contribution on deferrals of eligible participants, including catch-up deferrals, of 100% of deferrals that are less than or equal to 3% and 50% of deferrals that are greater than 3%, but less than or equal to 5%. The Company may also make discretionary qualified matching or profit-sharing contributions to eligible employees. The employee deferrals are funded with each pay period. The safe-harbor match and profit-sharing contribution, if any, are funded annually.

(c) Participants' Accounts

Each participant's account is credited with the participant's contribution, employer contributions, and an allocation of earnings of the Plan. Allocations of Plan earnings are based on participants' account balances, as defined by the Plan. Allocations of the profit-sharing contributions, if any, are based upon eligible participants' compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participants' account.

Each participant directs the investment of their account by selecting from alternative investment funds offered by the trustee.

Note 1 - continued

(d) Vesting

Participants are immediately vested in their contributions and safe harbor matching contributions, plus earnings thereon. Participants are vested in the discretionary profit-sharing contributions at a rate of 10% after one year of service with full vesting after six years of service. All employer contributions vest upon death, attainment of normal retirement age (65), or total and permanent disability.

(e) Payment of Plan Benefits and Other Distributions

Participants are eligible for distributions upon termination of service, retirement, death or disability. Upon termination, if the participant's account balance is less than \$5,000, the amount will be distributed from the Plan, either in cash, or by rollover to an IRA or another employer qualified plan. Account balances in excess of \$5,000 may stay in the Plan until the participant requests a distribution, or becomes subject to minimum distributions at age 70-1/2.

Upon attainment of age 59-1/2 or normal retirement age (age 65), a participant may receive an in-service distribution of vested balances.

Active employees may also request loans from the Plan. Loans are limited to \$50,000 or 50% of the vested account balance in the Plan. Payments on the loans are made with each pay period, and upon termination of employment, the loan becomes payable in full.

(f) Plan Expenses

Participants are assessed direct fees for processing specific transactions, such as loans and distributions. Otherwise, the Company bears the cost of administering the Plan to the extent such expenses are not offset by revenue sharing arrangements.

(g) Forfeitures

The non-vested portion of a terminated participant's account balance, if any, will be forfeited and generally used to reduce the employer's contribution. The balance of the forfeiture account at December 31, 2023 was \$730. There were no forfeited, non-vested account balances at December 31, 2022.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Note 2 - continued

(b) Investments

The Plan's assets consist primarily of mutual funds, and are stated at fair value as determined by quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The change in market value and realized gains and losses during the year are recognized as net appreciation (depreciation) in fair value of investments in the accompanying statement of changes in net assets available for plan benefits. Purchases and sales of securities are reflected on a trade date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date basis.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Interest is based on the prime rate in effect at the date of the loan's inception plus 1%. Principal and interest are paid with each pay period. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Based on the adequacy of collateral on the notes receivable, no allowance for credit losses is recorded.

(d) Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from these estimates.

NOTE 3 - INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The Plan administrator has obtained certification from Ascensus Trust Company that the following information is complete and accurate.

1. Amounts included as investments in the statement of net assets available for benefits at December 31, 2023 and 2022, in Note 4, and on the supplemental schedule of Assets (Held at End of Year).
2. Notes receivable from participants at December 31, 2023 and 2022;
3. Investment income and interest on the notes receivable from participants included in the statement of changes in net assets available for benefits for the year ended December 31, 2023.

NOTE 4 - INVESTMENTS

FASB ASC 820, Fair Value Measurements and Disclosures establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability; and

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified within level 1 of the valuation hierarchy.

Money market funds are valued at the quoted closing price reported on the active market on which the securities are traded.

There has been no change in valuation methodologies used for fair value in 2023 and 2022.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - TAX STATUS

Effective January 1, 2015, the Plan trustees adopted a prototype plan. The prototype plan has been updated and amended (most recently in July 2022) to include applicable regulations enacted since adoption by the Plan. It is the intent of the prototype plan to be exempt from federal income taxes. A determination letter dated June 30, 2020, from the Internal Revenue Service has been obtained by the prototype plan sponsor, that states that the form of the prototype plan is acceptable under section 401 of the Internal Revenue Code. The Plan Administrator and Trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirement of the Internal Revenue Code. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has concluded that, as of December 31, 2023, the Plan has not taken any uncertain positions that would require recognition or disclosure. The Plan is subject to routine audits by taxing jurisdiction, generally for three years after filing; however, there are currently no audits in progress, and management believes that years prior to 2020 are no longer open for audit.

NOTE 6 - PLAN TERMINATION

Although it has not expressed an intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS:

In addition to services provided by Ascensus, Vanguard acts as an advisor for the Plan. Therefore, transactions with Vanguard, also qualify as party-in-interest transactions.

NOTE 9 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 9, 2024, the date on which the financial statements were available for issue.
