Independent Auditor's Report

To the Board of Trustees
SNFC Mortgage Company 401(k) Plan

Opinion

We have audited the accompanying financial statements of **SNF Corporation Mortgage Company 401(k) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SNFC Mortgage Company 401(k) Plan

Notes to the Financial Statements

For the Years Ended December 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN

The following description of the **SNFC Mortgage Company 401(k) Plan** (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering qualified employees of Security National Mortgage Company and its mortgage subsidiaries (Company/Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees of the Company are eligible to participate in the Plan upon hire if they are at least 21 years of age for purposes of elective deferrals. Employees are eligible to receive employer matching contributions and employer discretionary contributions if the employee is at least 21 years of age and has completed one year of service. A year of service for purposes of eligibility is a consecutive 12-month period during which the employee has 1,000 or more hours of service.

Entry Date

Employees may enter the plan on their date of hire or after attaining age 21, whichever is later. Employees are eligible to receive employer matching contributions and employer discretionary contributions on the first day of each calendar quarter (January 1, April 1, July 1, and October 1) coinciding with or following the date they satisfy the Plan’s eligibility requirements.

Contributions

Each year, participants may contribute up to 75% of their pretax annual compensation, as defined in the Plan document. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Company provides a safe-harbor match of 100% of the first 3% of the base compensation that a participant contributes to the Plan and matches 50% of contributions up to 5% of base compensation contributed to the Plan. Additional amounts may be contributed at the discretion of the Company’s board of directors, which is allocated to participants according to the following three classes: senior executive officer class, executive officer class, and employee class. The Company did not provide discretionary contributions for the year ended December 31, 2023.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and the Company’s matching contribution, as well as an allocation of the Company’s discretionary contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant’s earnings, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes to the Financial Statements

For the Years Ended December 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are vested immediately in employee contributions and in the Employer safe-harbor contributions, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service.

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investment Options

Upon enrollment in the Plan, a participant may direct deferrals and Employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Participant loans are secured by the participant's vested balance and bear an interest rate based on the prime interest rate plus 1%, determined at the time funds are borrowed. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years unless the proceeds of the loan were used to acquire the participant's residence in which case the loan cannot exceed 10 years. A participant may have no more than one outstanding loan at any time.

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination of service, death or disability. A terminated employee with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan document.

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid.

Notes to the Financial Statements

For the Years Ended December 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN (Continued)

Forfeitures

As of December 31, 2023 and 2022, the values of forfeited non-vested accounts were **\$17,710** and \$24,635, respectively. These accounts can be used to reduce future employer contributions or pay Plan expenses. During the year ended December 31, 2023, there were no forfeited non-vested accounts used to reduce employer contributions, but there were \$15,648 of forfeitures used to pay Plan expenses.

Death Benefits

The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would be 100% vested in their Employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Revenue Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

SNFC Mortgage Company 401(k) Plan

Notes to the Financial Statements

For the Years Ended December 31, 2023 and 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions Receivable and Allowance for Doubtful Accounts

Employer contributions which are due to the Plan and have not been credited to the participant accounts as of the end of the fiscal year are recorded as contributions receivable. An allowance for doubtful accounts is deemed unnecessary and is not provided as of December 31, 2023 and 2022.

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net asset available for benefits. In addition, certain investment-related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

3. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 25, 2013, that the Plan was designed in accordance with the applicable regulations of the IRC. Subsequent to this issuance of the determination letter, the Plan was amended. However, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income examination for the years prior to 2020.

4. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to the Financial Statements

For the Years Ended December 31, 2023 and 2022

5. **FAIR VALUE MEASUREMENTS**

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

Mutual funds - Valued at fair value based on the quoted net asset value (NAV) of shares held by the Plan at year end.

Money market mutual funds - Valued at the quoted NAV of shares held by the Plan at year end.

Common collective fund - Valued at fair value based on the NAV of the observable market prices of the underlying assets within that account less liabilities.

Common stock - Valued at fair value based on the closing price reported on the active market on which the individual securities are traded.

Other funds - The SIA Target Date Funds are Valued at the quoted NAV of shares held by the Plan at year end.

The fair value methods used by the Plan may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values.

For the Years Ended December 31, 2023 and 2022

5. FAIR VALUE MEASUREMENTS (Continued)

Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair values of investments measured on a recurring basis at December 31, 2023 and 2022 are as follows:

		Fair Value Measurements at Reporting Date Using:		
	Total	Level 1	Level 2	Level 3
<u>December 31, 2023</u>				
Common stock of Plan sponsor	\$ 12,243,451	\$ 12,243,451	\$ -	\$ -
Common collective fund (a)	425,093	-	-	-
Mutual funds	10,197,491	10,197,491	-	-
Other funds	7,143,244	7,143,244	-	-
Money market mutual funds	643,785	643,785	-	-
Total	<u>\$ 30,653,064</u>	<u>\$ 30,227,971</u>	<u>\$ -</u>	<u>\$ -</u>
<u>December 31, 2022</u>				
Common stock of Plan sponsor	\$ 11,280,866	\$ 11,280,866	\$ -	\$ -
Common collective fund (a)	318,943	-	-	-
Mutual funds	8,528,842	8,528,842	-	-
Other funds	6,463,282	6,463,282	-	-
Money market mutual funds	1,307,970	1,307,970	-	-
Total	\$ 27,899,903	\$ 27,580,960	\$ -	\$ -

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluated the transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2023 and 2022, there were no transfers in or out of levels 1, 2, or 3.

Notes to the Financial Statements

For the Years Ended December 31, 2023 and 2022

6. NET ASSET VALUE PER SHARE

The Plan's investments in the mutual funds are stated at net asset value or its equivalent, which is the practical expedient for estimating the fair value of those investments. The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share as of December 31, 2023 and 2022:

	<u>Fair Value Estimated Using Net Asset Value per Share</u>				
	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Other Redemption Restrictions</u>	<u>Redemption Notice Period</u>
<u>December 31, 2023</u>					
Common collective fund	\$ 425,093	\$ -	Daily	None	Daily
Total	\$ 425,093	\$ -			
<u>December 31, 2022</u>					
Common collective fund	\$ 318,943	\$ -	Daily	None	Daily
Total	\$ 318,943	\$ -			

The objective of the common collective fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. The fund seeks to achieve this objective by investing primarily in a variety of high quality stable value investment contracts (the performance of which may be predicated on underlying fixed income securities), as well as cash and cash equivalents.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Investments, the custodian as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. The notes receivable from participants as of December 31, 2023 and 2022 in the amount of **\$1,100,088** and \$968,504, respectively, are party-in-interest transactions. Also the investments in common stock of the Plan's sponsor as of December 31, 2023 and 2022 in the amount of **\$12,243,451** and \$11,280,866 respectively and **\$616,386** of dividends from this stock (dollar value of stock dividends) for the year ended December 31, 2023 are party-in-interest transactions. These transactions are exempt party-in-interest transactions under ERISA.
