INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and the Participants of the
Employee Retirement Plan for Closure Systems International
Memphis, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Employee Retirement Plan for Closure Systems International (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMPLOYEE RETIREMENT PLAN FOR CLOSURE SYSTEMS INTERNATIONAL
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Employee Retirement Plan for Closure Systems International (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General: The Plan was established as of December 9, 2019 (“Effective Date”) in connection with the sale of Closure Systems International, Inc., Closure Systems International Packaging Machinery, Inc., CSI Sales & Technical Services Inc., Southern Plastics Inc. and Closure Systems Americas, Inc. to Closure Systems International Holdings LLC (“Primary Employer”). At that time, the portion of the Employee Savings Plan for Evergreen Packaging (formerly the Employee Savings Plan for Evergreen Packaging and CSI) (“the Evergreen Plan”) covering Continuing Employees spun off from the Evergreen Plan and merged into this Plan. Continuing Employees mean an Eligible Employee who was actively employed by the Primary Employer or an Adopting Employer as of the date immediately preceding the Effective Date (or who was on an authorized leave of absence as of that date) and who continues employment with the Primary Employer or an Adopting Employer on and after the Effective Date. An Eligible Employee is any employee of the Primary Employer or an Adopting Employer of the Plan with limited exclusions, see the Plan document for additional details. Participants should refer to the Plan document for a complete list of Adopting Employers.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the Retirement Benefits Committee.

Eligibility: All employees are eligible to participate in the Plan at the date of employment with the exception of non-resident aliens with no U.S. source income, independent contractors, leased employees, residents of Puerto Rico, and employees designated by the employer as a special project employee.

Contributions: Participants may make voluntary contributions to the Plan on both a pre-tax and after-tax basis, not to exceed 75% of compensation or the maximums prescribed by law.

A Participant who is age 50 or older by the end of the taxable year shall be eligible to make catch-up contributions to the maximums prescribed by law. A Participant may not make catch-up contributions on bonuses.

The Plan allows for 6% automatic enrollment for participants who do not make a deferral election following the employment commencement date. For participants that were automatically enrolled, the Plan automatically increases their pre-tax contributions by 1% each January 1, up to a maximum automatic elective pre-tax contribution equal to 15%.

Participants are entitled to receive a matching contribution from their respective employer equal to the first 6% of eligible compensation contributed by the participant.

Discretionary Employer contributions to the Plan are allowed. For the year ended December 31, 2023, there were no discretionary Employer contributions to the Plan.

All contributions are subject to certain limitations of the Internal Revenue Code (the “Code”).

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. If the participant does not provide any instructions, the trustee will automatically invest the participant balance in a target retirement fund based on the participant’s date of birth, as defined by the Plan, until the participant changes their election. The Company’s contributions are allocated in the same manner as that of the participant’s elective contributions.

EMPLOYEE RETIREMENT PLAN FOR CLOSURE SYSTEMS INTERNATIONAL
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Effective January 1, 2023, the Plan was amended to provide for an in-plan Roth conversion feature.

Participant Accounts: Each participant's account is credited with the participant's contribution, employer matching and discretionary contributions and allocations of plan earnings and expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are always fully vested in their voluntary contributions. Participants fully vest upon death; permanent disability; or after attaining age 65.

The vesting percentage for matching contributions, Employer Retirement Income Contributions (ERIC), or discretionary contributions allocated to a participant under this Plan is as follows: 0% for vesting service less than two years, and 100% for two or more years of service.

Payment of Benefits: Upon termination of service, a participant may elect to receive a lump sum amount equal to the value of the vested balance allocated to his account. The Plan will automatically roll over a participant's vested benefit between \$1,000 and \$5,000 to an IRA, unless otherwise directed, or pay the participant a lump-sum benefit if the participant's vested benefit is less than \$1,000 at the time of termination.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

If a participant dies after becoming eligible for retirement benefits, but before the payment of retirement benefits has commenced, the surviving spouse or beneficiary receives a lump-sum payment.

Notes Receivable from Participants: Loans are permitted under the Plan and are subject to such conditions and limitations as the CSI Retirement Benefits Committee deems necessary for administrative convenience and to preserve the tax-qualified status of the Plan.

Participants may borrow from their accounts in increments of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance of loans in the previous year; or the greater of one-half the participant's vested balance or \$10,000, reduced by any outstanding loan balance, subject to certain limitations. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate determined under the provisions of the Plan.

Forfeitures: Upon termination of employment, participants forfeit their nonvested balances. If a participant is rehired within a five-year period, the forfeited contributions are eligible for reinstatement. Forfeited balances of terminated participants' nonvested accounts are used first to pay for Plan expenses and then to reduce the future employer contributions.

Expenses: The Plan's administrative expenses are paid by the Plan, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: Investments held by the Plan are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. See Note 5 for further discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as payments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks as well as the risks associated global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE 4 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the trustee of the Plan).

(Continued)

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Registered Investment Companies: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. Except as noted, the collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement. The collective trust offered by Fidelity Investments is restricted to one redemption per 60-day period, with a minimum redemption of \$1,000.

Pooled Separate Accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. The pooled separate accounts are restricted to one redemption per 30-day period.

NOTE 6 - TAX STATUS

Through December 31, 2023, the Plan operated under an individually designed Plan document. The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated October 21, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, plan management believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date. Effective January 1, 2024, the Plan has adopted a non-standardized pre-approved plan, which has obtained an IRS letter dated June 30, 2020, in which the IRS stated that the form of the Plan was acceptable under Section 401 of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company is the Plan's trustee, and therefore, the Plan's payment of trustee fees, investment management and administrative fees to the trustee, or affiliates of the trustee, qualify as party-in-interest transactions. Fees paid to other service providers also qualify as party-in interest transactions. Certain plan investments are pooled separate accounts managed by affiliates of the trustee of the Plan, and these investments qualify as party-in-interest investments. Notes receivable from participants also reflect party-in-interest transactions.
