Independent Auditor's Report

To the Retirement Plan Committee and Plan participants
of the Midwest Motor Supply Corporate 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements

We have performed an audit of the financial statements of the Midwest Motor Supply Corporate 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Midwest Motor Supply Corporate 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Midwest Motor Supply Corporate 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Midwest Motor Supply Corporate 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Midwest Motor Supply Corporate 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Midwest Motor Supply Corporate 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedules Required by ERISA

The supplemental schedules of (1) Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, and (2) Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

We have audited the 2022 financial statements, and in our report dated October 5, 2023, we expressed an unmodified opinion on those 2022 financial statements.

The accompanying notes and independent auditor's report are an integral part of this financial statement.

1. Description of the plan

The following description of the Midwest Motor Supply Corporate 401(k) Plan (the "Plan"), formerly the Midwest Motor Supply Co. Profit Sharing Plan, is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA").

General

The Plan is a defined contribution plan covering employees, except sales representatives and field sales managers, of Midwest Motor Supply Company and affiliates (the "Employer") who have completed 60 days of service and have attained age 21. Prior to January 1, 2023, eligibility required one year of service with at least 1,000 hours and attainment of age 21.

Amendment

Effective January 1, 2023, the Plan was amended to change the name of the Plan as noted above, modify the service requirement to 60 days, and remove the employer profit-sharing contribution while adding a participant voluntary contribution and matching provision, as detailed under Employer and Participant Contributions below.

Transfer from the Midwest Motor Supply Sales 401(k) Plan

The Employer maintains the Midwest Motor Supply Sales 401(k) Plan, formerly known as the Midwest Motor Supply 401(k) Plan, which was amended on January 1, 2023, to exclude associates who are not sales representatives or field sales managers of the Employer. As a result of this amendment, the net assets of participants no longer eligible for the Midwest Motor Supply Sales 401(k) Plan were transferred to the Midwest Motor Supply Corporate 401(k) Plan during 2023.

Trustees and custodians

Reliance Trust Company is the trustee ("Trustee") and holds the Plan's investments. T. Rowe Price Retirement Plan Services, Inc. ("TRPRPS"), an affiliate of T. Rowe Price ("TRP"), is the third party recordkeeper. Previously, two officers served as trustees ("Former Trustees") without receiving compensation for their services, and the Plan's investments were held in custodial accounts with Merrill Lynch, American Funds, T. Rowe Price, and Vanguard ("Custodians").

Administration

The Plan is administered by the Employer.

Contributions

Employer
Matching:
Effective January 1, 2023, the Employer provides a safe harbor matching contribution of 100% on the first three percent and 50% on the next two percent of the participant's voluntary tax-deferred and catch-up contributions, based on a payroll period basis.

Profit sharing:
Prior to January 1, 2023 the Employer provided a discretionary profit sharing contribution.

Participant
Participant's voluntary contributions:
A participant may elect to make a voluntary tax-deferred contribution of his or her annual compensation up to the maximum permitted under Section 402(g) of the Internal Revenue Code (the "Code") adjusted annually. Section 401(k) of the Code may limit this voluntary tax-deferred contribution. Tax-deferred contributions were limited to $22,500 for 2023.

Catch-up contribution:
Participants who reached age 50 during the Plan year are eligible to make catch-up contributions in accordance with the Code. In 2023, total catch-up contributions were limited to $7,500.

Investment options

Participant contributions can be directed into various investment options offered by the Plan solely at the participant's discretion. If a participant makes no investment fund election, any contributions made into such participant's account are invested into the Plan's default investment funds. The default investment funds are the age-appropriate T. Rowe Price Target Date mutual funds, which are selected based on the participant's date of birth. Prior to January 1, 2023, the Former Trustees administered the Plan and directed the Custodians regarding the Plan's investments.

Participant accounts

Each participant's account is credited with the participant's contributions and allocated investment income (loss). The benefit to which a participant is entitled is the vested balance in the participant's account.

Vesting

A participant is fully and immediately vested for voluntary, rollover contributions, employer matching contributions.

A participant is credited with one year of vesting service in the Employer's profit sharing contributions and related investment income (loss) for each Plan year that the participant is credited with at least 1,000 hours of service.

A summary of vesting percentages relating to Employer's profit sharing contribution and related investment income is as follows:

Years of vested service	Percentage
Less than 3 year	0%
3 or more	100%

Forfeitures

The Plan requires that forfeitures be used to reduce the Employer contribution for the Plan year in which the forfeitures occurred. There were no unused forfeitures at December 31, 2023 and 2022.

Benefits paid to participants or beneficiaries

The full value of participants' accounts becomes payable upon retirement (age 65), early retirement (age 55) with ten years of service, disability, or death. Upon termination of employment for any other reason, participants' accounts, to the extent vested, become payable. Those participants with vested account balances greater than $5,000 have the option of leaving their accounts invested in the Plan. For participants with vested account balances less than $5,000, who have not elected to either have such distribution paid to them or to an eligible retirement plan, shall be rolled over to an individual retirement account (IRA) with a properly accredited and regulated financial institution. All benefits will be paid as a lump-sum distribution. Participants have the option of having the benefit paid directly to an eligible retirement plan specified by the participant.

Terminated participants based on age are required to take minimum annual distributions in accordance with Section 401(a)(9) of the Code. Minimum annual distributions are also required for participants who are 5% owners (as defined in Section 416 of the Code).

Upon reaching age 55 with fifteen years of service, an active participant may withdraw up to 100% of their vested account balance.

A participant may also request a hardship distribution due to an immediate and heavy financial need based on the terms of the Plan.

Amounts allocated to participants withdrawn from the plan

There are no amounts allocated, but not yet paid, to participants withdrawn from the Plan as of December 31, 2023 and 2022.

Administrative expenses

Certain expenses of maintain the Plan are paid directly by the Employer and are excluded from these financial statements. Additionally, Plan participants pay administrative expenses of the Plan through fees deducted directly from participant accounts on a quarterly and per-participant basis.

Prior to January 1, 2023, expenses of the Plan (primarily management fees for investments held by the Plan) which the Employer had elected not to pay were allocated and deducted from participants' accounts. The Employer had elected to pay all other expenses of the Plan.

2. Summary of accounting policies

Basis of presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

Risks

The Plan invests in various investments as described in Note 1. Any investment is exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. These risks could result in a material effect on participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Net appreciation (depreciation) in fair value of investments

Net realized and unrealized appreciation (depreciation) are recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Investment valuation and income recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis using fair value. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis.

Contributions

Contributions from Plan participants, and the related matching contributions from the Employer, are recorded in the year in which the participant contributions are withheld from compensation.

Excess contributions

Amounts payable to participants for contributions in excess of amounts allowed by the Code are recorded as a liability with a corresponding reduction to contributions. The Plan distributed $29,437 consisting of $26,342 in excess contributions and $3,095 in investment gains to the applicable participants subsequent to December 31, 2023.

Benefits paid to participants or beneficiaries

Benefits paid to participants or beneficiaries are recorded in the statement of changes in net assets available for benefits when paid.

Subsequent events

The Plan was amended, effective January 1, 2024, to allow for participant Roth deferrals.

Subsequent events have been evaluated through October 9, 2024, the date the financial statements were available to be issued.

3. Fair value measurement

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 — Inputs to the valuation methodology include

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the quoted market price in the active market which the individual securities are traded and are classified within level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022.

	Assets at fair value as of December 31, 2023			
	Level 1	Level 2	Level 3	Investments at Fair Value
Mutual funds	$ 27,941,096	$ -	$ -	$ 27,941,096

	Assets at fair value as of December 31, 2022			
	Level 1	Level 2	Level 3	Investments at Fair Value
Mutual funds	$ 12,038,996	$ -	$ -	$ 12,038,996

4. Nonparticipant – directed investments

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant – directed investments is as follows.

	2023	2022
Net assets:		
Mutual funds	$ -	$ 12,038,996

	2023
Changes in net assets:	
Investment earnings	$ 80,530
Transfer to participant - directed investments	(12,119,526)
	$(12,038,996)

5. Unaudited information certified by the Plan's trustee

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held, net appreciation in fair value of investments, and investment earnings as of and for the year ended December 31, 2023, was prepared by or derived from information certified by Reliance Trust Company (Trustee) and furnished to the plan administrator. The plan administrator has obtained a certification from the Trustee that such information is complete and accurate within the meaning of CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. No certification was obtained for 2022.

The following table disaggregates the certified and uncertified information as of and for the year ended December 31, 2023:

	Certified by Trustee	Uncertified
Investments	$ 27,941,096	$ -
Earnings from investments	866,934	80,530
Net appreciation in fair value of investments	2,455,064	-

6. Tax status

The Plan sponsor adopted a non-standardized pre-approved plan document. The Internal Revenue Service ("IRS") has determined and informed the pre-approved plan sponsor, by an opinion letter dated on June 30, 2020, that the pre-approved plan is designed in accordance with applicable sections of the Code. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan termination

Although the Employer has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time. The Employer has the right at any time to terminate the Plan subject to provisions of ERISA. Upon Plan termination or partial termination, participants will become fully vested in their accounts.

8. Parties-in-interest

The Employer provides certain administrative services to the Plan at no charge. The investments held by the Plan are managed by TRP for which they receive management fees. These fees result in a reduction of earnings from investments. These transactions are party-in-interest transactions, which are exempt under ERISA.
