Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **EISNERAMPER LLP**

(2) EIN: **87-1363769**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

| | Yes | No | Amount |
|--|-------------------------------------|-------------------------------------|---------|
| a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries of the
Mitsui & Co. (U.S.A), Inc. Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Mitsui & Co. (U.S.A), Inc. Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2023 and reportable transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF THE PLAN

The following brief description of Mitsui & Co. (U.S.A.), Inc. Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

The Plan is a non-contributory defined benefit pension plan covering substantially all eligible full and part-time employees of Mitsui & Co. (U.S.A.), Inc. and certain affiliated employers that have adopted the Plan (collectively, the "Company" and "Employer") except for those who are covered by another retirement plan or under a collective bargaining agreement, individuals on a commission-paid basis, leased employees, or persons providing services to a participating employer pursuant to a contractual arrangement. Individuals whose employment commencement date and/or reemployment commencement date is on or after January 1, 2007, are not eligible to participate in the Plan.

The Pension Plan Committee (the "Plan Administrator") appointed by the Board of Directors of the Company, controls and manages the operation and administration of the Plan.

Aetna Life Insurance Company and State Street Bank and Trust Company together with Mercer Global Investments, Inc. (collectively, the "Pension Fund Managers"), manage the Plan's investments.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

[2] Pension benefits:

Upon the normal retirement age (65), a participant is entitled to an annual annuity for the life of the participant, payable monthly, commencing upon the participant's normal retirement date, in an amount equal to 1.4% of final average earnings multiplied by credited service as of the participant's normal retirement date. For participants retiring, final average earnings will be the average of the 5 highest consecutive years' earnings, as defined by the Plan document, within the last 10 consecutive years prior to the retirement date, and will not take into account any earnings attributable to periods in which the employee was not eligible to participate.

Retirement benefits are paid to pensioners or beneficiaries monthly in single life, various forms of joint and survivor annuities, and guaranteed payment forms with amounts reduced actuarially. Participants of the Plan with 15 years of service may retire early at any time after age 55. Benefits for participants retiring before the normal retirement date are proportionately less; however, no reduction is made for participants retiring after age 62 with 15 years of service. Effective December 2006, the Company amended the Plan to terminate coverage in the Plan to all employees whose commencement date and/or reemployment date is on or after January 1, 2007.

The Plan provides that a married participant will be deemed to have elected a joint and survivor option at the time benefit payments commence unless the participant's spouse specifically revokes such option in writing.

Effective November 1, 2017, the Plan allows all terminated vested participants to elect at any time without regard to their termination date, a lump sum distribution or any other available form of distribution whether or not the participant has satisfied the requirements for early retirement benefits under the Plan.

[3] Death and disability benefits:

If a participant at the date of death was a vested member and eligible for retirement, the surviving spouse or other elected beneficiary will receive a death benefit as elected by the participant commencing at the first day of the month after the death. If a participant becomes disabled, as defined by the Plan, they will receive the benefit to which they would be entitled in the event of their retirement on the disability retirement date.

Notes to Financial Statements December 31, 2023 and 2022

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements of the Plan are prepared on the accrual method of accounting.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Pension Plan Committee determines the Plan's valuation policies utilizing information provided by its investment advisors, custodians, and the insurance company. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefit payments to participants are recorded upon distribution.

[5] Administrative expenses:

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from the Plan's financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

NOTE C - FUNDING POLICY

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in amounts as determined by the Plan's independent actuary. The Company met the minimum funding requirements of ERISA for the years ended December 31, 2023 and 2022.

NOTE D - ADJUSTED FUNDING TARGET ATTAINMENT PERCENTAGE ("AFTAP")

The Pension Protection Act (the "Act") included many provisions and numerous revisions to rules surrounding defined benefit plans, including rules that govern Plan funding. The Act established minimum funding standards for defined benefit plans and limited benefit increases and accruals for underfunded plans. Pursuant to the Act, each year the actuaries are required to certify to the Plan's funded percentage. The Plan received such certification for the 2023 Plan year for the AFTAP, which is one way of measuring the funded status of a plan using actuarial assumptions mandated by the IRS, and the actuary determined that the 2023 AFTAP for the Plan is 116.21%.

MITSUI & CO. (U.S.A.), INC. PENSION PLAN

Notes to Financial Statements December 31, 2023 and 2022

NOTE E - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions, which are attributable, under the Plan's provisions, to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' compensation during each year of credited service. The accumulated Plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date (the valuation date). Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated Plan benefits.

The actuarial present value of accumulated Plan benefits is determined by an independent actuary, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of December 31, 2023 and 2022 were:

MITSUI & CO. (U.S.A.), INC. PENSION PLAN

Notes to Financial Statements December 31, 2023 and 2022

NOTE E - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (CONTINUED)

The changes in the actuarial present value of the Plan's accumulated plan benefits for the year ended December 31, 2023 is as follows:

| | |
|--|----------------------|
| Actuarial present value of accumulated plan benefits - December 31, 2022 | <u>\$ 88,296,612</u> |
| Increase (decrease) during the year attributable to: | |
| Increase in interest due to decrease in discount period | 5,113,955 |
| Benefits accumulated and (gains)/losses | 3,736,969 |
| Change in actuarial assumptions (mortality tables) | (979,078) |
| Benefits paid | <u>(6,218,640)</u> |
| Actuarial present value of accumulated plan benefits - December 31, 2023 | <u>\$ 89,949,818</u> |

The foregoing actuarial assumptions are based on the presumption that the Plan will continue indefinitely. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that certain changes in these estimates and assumptions could be material to the financial statements.

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2024 and 2023. Had the valuations been performed as of December 31, 2023 and 2022 there would be no material differences.

NOTE F - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE F - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Collective trust fund - Valued at their closing net asset value ("NAV") as reported on each business day, as a practical expedient for fair value. Unit values are determined by the financial institution sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. No withdrawal from the CCT shall be made until a 15 days' notice (or such shorter period as may be determined by the trustee) is given to the trustee. There are no unfunded commitments associated with the common collective trust funds.

Money market fund - Valued using amortized cost.

Pooled separate account - Valued at NAV, as a practical expedient, based on the market value of the underlying investments. The NAV is not a publicly-quoted price in an active market. The pooled separate account is comprised of a wide variety of underlying investments such as cash equivalents and a mutual fund. The investment objective is to maximize short-term investment returns while preserving capital by limiting risk exposure and maintaining adequate liquidity to meet daily cashflow needs. There are no unfunded commitments, redemption restrictions, or redemption notifications associated with the pooled separate account.

Insurance contract - A fixed income fund comprised of assets (bonds, commercial mortgages) invested in Segment 4 of Aetna Life Insurance Company's general account. Estimated at fair value based upon contributions made under the contract, plus interest at the contract rate, less funds used to pay administrative expenses, less benefits paid to participants, with an adjustment on the unreserved portion of the account balance using a market value factor. The reserve portion of the account balance represents Aetna-guaranteed annuities being paid to Plan retirees. The reserve is calculated based on the present value of benefits for the retirees based on premium rate tables in the contract. If the account balance falls below the reserve, a deposit is required to bring the balance of the account up to at least equal to the reserve. There are no reserves against fair value for credit risk of the contract issuer. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed by the issuer on a quarterly basis for resetting. The investment in the insurance contract is categorized as Level 3. The significant unobservable inputs for the year ended December 31, 2023 were the weighted average bond duration of 7.5 years and a yield to maturity of 5.13%, which is equal to the Yield to Worst on the U.S. Corporate Investment Grade Index. The average portfolio instantaneous rate of return on the contract was 4.32% as of December 31, 2023.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F - FAIR VALUE MEASUREMENTS (CONTINUED)

Change in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE G - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, State Street Bank and Trust Company and Aetna Life Insurance Company have certified to the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, the statement of changes in net assets available for benefits for the year ended December 31, 2023 and the accompanying supplemental schedules of assets (held at end of year) as of December 31, 2023 and of reportable transactions for the year ended December 31, 2023.

NOTE H - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by State Street Bank and Trust Company, Mercer Global Investments, Inc. and Aetna Life Insurance Company for the year ended December 31, 2022. Therefore, these transactions qualify as party-in-interest transactions as defined in section 3(14) of ERISA. Fees paid by the Plan to these parties were \$724,011 for the year ended December 31, 2023. Fees paid by the Plan to other parties in interest for legal, actuarial and accounting fees were \$138,105. The remaining administrative fee of \$455,532 was paid to the PBGC for premiums.

NOTE I - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 27, 2014, stating that the Plan is qualified under the Internal Revenue Code ("IRC") and therefore the related trust is exempt from taxation. The Plan has been amended since receiving the tax determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks, as well as the financial strength of the insurance company. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

mitsui & co. (u.s.a.), inc. pension plan

Notes to Financial Statements December 31, 2023 and 2022

NOTE J - RISKS AND UNCERTAINTIES (CONTINUED)

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2023 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE K - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions as set forth in ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Benefits attributable to employee contributions, taking into account those paid out before termination.
- b. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- c. Other vested benefits insured by the Pension Benefit Guaranty Corporation (the "PBGC") (a U.S. government agency) up to the applicable limitations.
- d. All other vested benefits (that is, vested benefits not insured by the PBGC).
- e. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE L - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 8, 2024, the date the financial statements were available to be issued.

2023 SCHEDULE SB, PART V | ACTUARIAL ASSUMPTIONS AND METHODS

Actuarial Cost Method

The Funding Target Liability is the present value of accrued benefits based on compensation and service to date. The Funding Target Normal Cost is the present value of benefits expected to be accrued during the current plan year, reflecting the effect of expected compensation increases during the year and including expected plan expenses to be paid from plan assets during the year.

Asset Valuation Method

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value. The method was elected in 2009.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Valuation Date

Beginning of the plan year (January 1, 2023).

APPENDIX A: ACTUARIAL ASSUMPTIONS AND METHODS

Interest Rates

The interest rates used for the plan year (as elected in 2010) are the 24-month average corporate bond segment rates, with a 4-month lookback, subject to funding stabilization. Under stabilization, the interest rates are constrained within a corridor around a 25-year average of corporate bond rates. For 2012 through 2020, the stabilization corridor was 10%. For 2021 through 2029, the stabilization corridor was 5%, then increasing at 5% per year until reaching 30% for 2034. The rates for the 2023 plan year are as follows:

| | Minimum Funding Requirement | Maximum Deductible Contribution | Benefit Restrictions (AFTAP) | PBGC Variable Rate Premium |
|-------------------------|-----------------------------|---------------------------------|------------------------------|----------------------------|
| For years 1-5 | 4.75% | 1.41% | 4.75% | 1.41% |

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

2023 SCHEDULE SB, PART V | SUMMARY OF PLAN PROVISIONS

The following summary describes the current principal plan provisions assumed in calculating the cost of the plan.

General Information

| | |
|----------------------------------|-----------------------------|
| Original Effective Date: | January 1, 1964 |
| Adoption Date of Last Amendment: | December 11, 2019 |
| Plan Year: | January 1 to December 31 |
| Employer Fiscal Year: | April 1 to March 31 |
| Plan Administrator's EIN: | 13-2559853 |
| Plan Administrator: | Mitsui & Co. (U.S.A.), Inc. |

Eligibility

For an Employee of a Participating Employer, any portion of whose income is subject to withholding of income tax and/or for whom Social Security contributions are made by the Participating Employer, as well as any other Employee qualifying as a common law employee of a Participating Employer other than:

- (a) A person whose terms and conditions of employment are the subject of a collective bargaining agreement between the Participating Employer and a collective bargaining agent unless and until participation in the Plan shall have been negotiated for and agreed to in writing by the representatives of the Participating Employer and the collective bargaining agent;
- (b) An Employee who is paid in whole or in part on a commission basis;
- (c) An Employee who is covered by a separate pension plan or similar arrangement maintained by an Affiliate;
- (d) A Leased Employee except if the requirements of Code Section 414(n)(2) require such inclusion to meet the requirements of Code Section 414(n) and only if the coverage requirements of Code Section 410(b) could otherwise not be met;

APPENDIX A: SUMMARY OF PRINCIPAL PLAN PROVISIONS

- (e) A person providing services to a Participating Employer pursuant to a contractual arrangement either with that person or with a third party other than one specifically providing for a common law employment relationship with the Participating Employer; or
- (f) An Employee whose employment commencement date and/or reemployment commencement date is on or after January 1, 2007.

If any person is excluded as an Eligible Employee pursuant to the preceding paragraphs (d) and (e) shall be determined by a court, federal, state or local regulatory or administrative authority to have provided services as a common law employee of the Participating Employer, such determination shall not alter such person's ineligibility to participate in the Plan. If any person excluded as an Eligible Employee pursuant to the preceding paragraphs (d) and (e) is reclassified by the Participating Employer as a common law employee of the Participating Employer for which the Participating Employer is required to contribute Federal Insurance Contribution Act taxes, such person shall be an Eligible Employee prospectively from the effective date of that reclassification only, and then only if he or she otherwise meets the definition of an Eligible Employee.

The decision of the Committee as to whether an Employee is an Eligible Employee, shall be in all respects final and conclusive.

Participation

To become a Plan Participant, you must be:

- (a) A Participant who was participating in this Plan immediately prior to the Restatement Date shall continue to participate.
- (b) Any other Eligible Employee shall become a Participant in the Plan on the first of the month following the completion of one Year of Eligibility Service and attainment of age 20-1/2. Notwithstanding the foregoing, no Employee whose first Hour of Service is on or after January 1, 2007 shall become a Participant in the Plan.
- (c) Notwithstanding the foregoing, an Eligible Employee on a FMLA Leave or on leave by reason of Qualified Military Service who satisfies the eligibility requirements of this Article prior to January 1, 2007 while on such leave shall be eligible to become a Participant as of the first day on which he returns to the employ of a Participating Employer as an Eligible Employee.

APPENDIX A: SUMMARY OF PRINCIPAL PLAN PROVISIONS

A Participant ceases to be a Participant when all benefits to which he is entitled under the Plan have been distributed in accordance with the terms hereof.

Participating Employer

A Participating Employer shall mean the Company and any Affiliate which by resolution of its board of directors and with the approval of the Board, elects to participate in the Plan as to some or all of its Employees by adopting this Plan. Such Participating Employers shall be listed in an Appendix to the Plan.

Hour of Service

An Employee shall be credited with an Hour of Service for:

- (a) Each hour for which an Employee is directly or indirectly paid, or entitled to payment, by a Participating Employer or an Affiliate for the performance of duties. These hours shall be credited to the Employee during the appropriate Computation Period in which the duties are performed;
- (b) Each hour for which an Employee is directly or indirectly paid, or entitled to payment, by a Participating Employer or an Affiliate on account of a period of time during which no duties are performed (irrespective of whether employment has terminated) due to vacation, holiday, illness, incapacity (including Disability), jury duty, military duty, leave of absence, or layoff. These hours shall be credited to the Employee during the Computation Period in which the nonperformance of duties occurs, but the total credit for any single continuous period during which the Employee performs no duties (whether or not in a single Computation Period) of such hours shall not exceed 501 hours. The computation of non-work hours described in this subsection will be computed in accordance with the provisions of the Department of Labor regulation Section 2530.200b-2;
- (c) Each hour for which back pay, irrespective of mitigation of damages, has been either awarded or agreed to by a Participating Employer or an Affiliate. These hours will be credited to the Employee for the Plan Year to which the award or agreement pertains, but the same Hours of Service shall not be credited both under paragraph (a) or (b) as the case maybe, and under this paragraph (c); and
- (d) Each hour for which an Employee must be credited, pursuant to any applicable Federal law. By way of example, but not limitation, each hour of paid FMLA Leave taken by an Employee shall be treated as an Hour of Service to the same extent as any other hour of paid leave of absence, pursuant to the rules described above. Hours of unpaid FMLA Leave shall be taken into account for

APPENDIX A: SUMMARY OF PRINCIPAL PLAN PROVISIONS

purposes of benefit accrual, eligibility for participation, or vesting only to the extent that such credit is provided to other Employees who are on unpaid leave of absence. However, hours during a period of unpaid FMLA Leave shall be treated as Hours of Service solely for purposes of avoiding a One-Year Break in Service. Any leave of absence shall be granted without discrimination among Employees in like circumstances and on a basis precluding individual selection.

In calculating Hours of Service, in lieu of actual hour counting for Employees paid on a salaried basis, the following equivalency shall be used: One week of employment for which the Employee would have been credited under the general rules with at least one Hour of Service shall be treated as 45 Hours of Service. In interpreting the foregoing equivalency, the Committee shall rely on Department of Labor regulation Section 2530.200b-3 which is incorporated herein.

Eligibility Service

An Employee shall be credited with a Year of Eligibility Service if he or she performs 1,000 or more Hours of Service during the Computation Period commencing with the date of his or her hire or most recent rehire following a One- Year Break in Service or, if such Employee fails to perform 1,000 or more Hours of Service in that Computation Period, he or she shall be credited with a Year of Eligibility Service if he or she performs 1,000 or more Hours of Service in any Computation Period commencing after his or her hire or rehire date.

Vesting Service

An Employee shall be credited with a Year of Vesting Service for a Computation Period if he or she has completed 12 Months of Vesting Service. An Employee shall be credited with a "Month of Vesting Service" for each month that the Employee is credited with at least one Hour of Service, except that any month prior to the date on which the Employee has attained age eighteen (18) shall be excluded.

APPENDIX A: SUMMARY OF PRINCIPAL PLAN PROVISIONS

Credited Service

A Participant shall be credited with Years of Credited Service equal to the sum of:

- (a) Prior to January 1, 1976 – All years and months of employment with a Participating Employer subsequent to the attainment of age 20 1/2 but prior to January 1, 1976; plus
- (b) On or After January 1, 1976 – All Computation Periods in which such Participant completed at least 1,000 Hours of Service with a Participating Employer.

Notwithstanding the above, a Participant shall not receive any years of Credited Service for Hours of Service completed following Termination from the Participating Employers on or after January 1, 2007 even if he or she is later reemployed by a Participating Employer.

Vesting Schedule

Upon the termination of employment after five or more years of vesting service, a participant shall have a vested interest in his accrued benefit which will be payable at normal retirement date. The percentage vested shall be:

| <u>Years of Service</u> | <u>Vested Percent</u> |
|-------------------------|-----------------------|
| Less than 5 | 0% |
| 5 or more | 100% |

APPENDIX A: SUMMARY OF PRINCIPAL PLAN PROVISIONS

Earnings

Earnings shall mean the Participant's base rate of salary or wages (which shall exclude overtime, commission, bonus, incentive payments or other special payments) received from a Participating Employer, determined as of December 31 of the Plan Year, or if earlier, as of the Participant's Termination Date. Notwithstanding the preceding sentence, Earnings with respect to Participants who are assigned by a Participating Employer for not more than four (4) years to positions located at an Affiliate that is not a Participating Employer shall mean the Participant's base rate of salary or wages (which shall exclude overtime, commission, bonus, incentive payments or other special payments) received from the Participating Employer and the non-participating Affiliate, provided that in the aggregate not less than fifty-one percent (51%) of such Participant's base salary or wages is paid by a Participating Employer, determined as of December 31 of the Plan Year, or if earlier, as of the Participant's Termination Date.

- (a) Earnings shall also include any remuneration which is currently excluded from the Participant's gross income by reason of the application of Sections 125, 132(f)(4), 402(a)(8), 401(h)(1)(B) or 403(b) of the Code.
- (b) Earnings shall exclude:
 - (1) Any earnings directly paid or payable as fringe benefits or other special allowances;
 - (2) Any contributions (except for tax-deferred contributions under a plan qualified under Section 401(k) of the Code) made by the Employer for or on account of the Employees under this Plan or under any other employee benefit plan other than any specifically excepted herein;
 - (3) Any earnings paid or payable by reason of services performed after the date the Employee ceased to be a Participant.
- (c) For Plan Years beginning on or after January 1, 2002, the annual Earnings of each Participant taken into account in determining benefit accruals in any Plan Year shall not exceed \$200,000 as adjusted for cost-of-living increases in accordance with Section 401(a)(17)(B) of the Code. The cost-of-living adjustment in effect for a calendar year applies to any determination period with or within such calendar year.
 - (1) If a determination period consists of fewer than twelve (12) months, the annual Earnings limit will be multiplied by a fraction, the numerator of which is the number of months in the short determination period, and the denominator of which is twelve (12).

APPENDIX A: SUMMARY OF PRINCIPAL PLAN PROVISIONS

- (2) If Earnings for any prior determination period is taken into account in determining an Employee's benefits accruing in the current Plan Year, the Earnings for that prior determination period is subject to the annual Earnings limit in effect for that prior determination period. For this purpose, in determining benefits in Plan Years beginning on or after January 1, 1989, and before January 1, 1994, the annual Earnings limit is in effect for determination periods beginning before January 1, 1989 is \$200,000. In determining benefits in the Plan Years beginning on or after January 1, 1999, and before January 1, 2002, the annual Earnings limit in effect for determination periods beginning before January 1, 2002 is \$150,000. In determining benefits in Plan Years beginning on or after January 1, 2002, the annual Earnings limit in effect for determination periods beginning before that date is \$200,000.

Final Average Earnings

Final Average Earnings shall mean the Participant's average Earnings for the five (5) highest consecutive calendar years within his or her last 10 consecutive calendar years of Plan participation while in Service with a Participating Employer (subject to Section 1.21 with respect to a Participant assigned a non-participating Affiliate) (or the total number of years as a Participant if less than 10), except that Earnings paid before the Participant became a Participant shall not be included in such average.

If a participant has fewer than 5 years of employment, the Average Earnings is calculated by summing all earnings and dividing by the total number of years the participant received these earnings.

Employee Contributions

None.

Accrued Benefit

The monthly Accrued Benefit is equal to $1/12^{\text{th}}$ of the greater of (a) or (b):

- (a) with respect to a Participant whose Normal Retirement Date is prior to January 1, 1998, 1.2% of the Participant's Final Average Earnings multiplied by the number of Years of Credited Service such Participant would have completed had he or she remained an Eligible Employee until his or her Normal Retirement Date, multiplied by a fraction (the value of which shall not exceed one), the numerator of which is the Participant's actual Years of Credited Service as of the Participant's Termination Date and the denominator of which

APPENDIX A: SUMMARY OF PRINCIPAL PLAN PROVISIONS

is the Years of Credited Service such Participant would have completed had he or she remained an Eligible Employee until the earlier of his or her Normal Retirement Date or attainment of age 62 with 20 Years of Credited Service.

- (b) with respect to a Participant whose Normal Retirement Date is on or after January 1, 1998, 1.4% of the Participant's Final Average Earnings multiplied by the number of his or her Years of Credited Service as of his or her Termination Date.

Normal Retirement

Normal Retirement date is the first of the month coincident with or next following the later of attainment of age 65. The Normal Retirement Benefit is equal to the Accrued Benefit.

Early Retirement

Upon vesting, a participant may elect to retire at any age. The participant will receive a monthly benefit for life beginning at Normal Retirement Date equal to the benefit accrued at early retirement date. For a participant with at least 15 years of service, payments may commence immediately with the benefit being reduced by four percent for each year that the commencement precedes the participant's 62nd birthday, down to age 55. For ages earlier than 55 and for those participants without 15 years of service, the benefit will be reduced based on actuarial equivalence using the unisex UP-1984 Mortality Table and an interest rate of 8.00% (reduced from age 55 for those participants with 15 years of service and age 65 for those participants with less than 15 years of service).

Late Retirement

A participant may continue in the employment of the Employer after his Normal Retirement Date. In such event he will receive at actual retirement the normal retirement benefit calculated using compensation and service to the Actual Retirement Date or, if greater, the benefit that would have been payable at Normal Retirement Date increased .67% for each month that Retirement is postponed. Effective December 31, 2005, the .67% increase was eliminated for periods of employment on or after January 1, 2006.

APPENDIX A: SUMMARY OF PRINCIPAL PLAN PROVISIONS

Disability Retirement

All participants with ten years of service and eligible for Social Security disability benefits who become totally and permanently disabled before their Normal Retirement Date, may retire and receive a disability retirement benefit calculated as his Accrued Benefit as of the date of disability. Payments may commence immediately, with the benefit being reduced by four percent for each year that commencement precedes the participant's 62nd birthday.

Pre-Retirement Death Benefit

In the event of a married participant's death after the attainment of Normal Retirement Age, it will be assumed the participant had retired on the day prior to death and elected a 100% Joint and Survivor Annuity.

In the event of a married vested participant's death before reaching Normal Retirement Age, his surviving spouse shall receive a benefit based on the participant's vested accrued benefit as of the date of death, but payable as if the participant separated from service on the date of death, began receiving benefits in the form of an immediate Qualified 50% Joint and Survivor Annuity at the earliest eligible commencement date, and died on the day after the earliest eligible commencement date.

Notwithstanding, if the Actuarial Equivalent lump sum value of the death benefit is \$5,000 or less, such benefit shall be paid to the Participant's Spouse or other Beneficiary in a lump sum as soon as administratively feasible

Minimum Required Distributions

If a Participant reached the age of 70½ in 2019, the Participant's minimum required start date is the later of April 1st of the plan year following the attainment of age 70½ or termination from the plan. However, if a Participant reaches the age of 70½ in 2020 or later, the Participant's minimum required start date is the later of April 1st of the plan year following the attainment of age 72 or termination from the plan.

Forms of Payment

| | |
|----------------------|--|
| Normal Form | Single Life Annuity |
| Automatic Forms | |
| Single Participant: | Single Life Annuity |
| Married Participant: | 50% Qualified Joint and Survivor Annuity |
| Optional Forms | All optional forms of payment are Actuarially Equivalent |

APPENDIX A: SUMMARY OF PRINCIPAL PLAN PROVISIONS

Single Life Annuity – This form of payment provides an annuity for the lifetime of the participant. Upon the participant's death no further benefits are payable. For a married participant, spousal consent is required to elect this optional form.

50%, 75%, or 100% Joint & Survivor Annuity – This form of payment provides an annuity for the lifetime of the participant. Upon the participant's death, if the designated beneficiary is still alive, a reduced benefit is paid to the beneficiary for the remainder of his life. The beneficiary's benefit is equal to the original participant's benefit times the percentage elected, 50%, 75% or 100%. If the beneficiary dies first, no further payments are made upon the participant's death.

10 Year or 15 Year Certain and Continuous Annuity – This form of payment provides an annuity for the lifetime of the participant. Upon the participant's death, if the designated beneficiary is still alive, the remaining number of guaranteed payments (120 or 180 payments) is paid to the beneficiary for the remainder of his life. The beneficiary's benefit is equal to the original participant's benefit. If the beneficiary dies first and all of the guaranteed payments are paid to the participant, no further payments are made upon the participant's death.

Lump Sum – This form of payment is a one-time payment, and no further benefits are payable upon the death of the participant. For a married Participant, spousal consent is required.

Prior to October 20, 2017, in lieu of a monthly annuity payment, a one-time lump sum payment is available to participants terminating on or after January 1, 2014. Vested terminations prior to 2014 were offered the opportunity to elect a lump sum during the period from April 15, 2014 through May 31, 2014. Participants who made an election during that time period were paid a lump sum (or commenced an immediate annuity) on July 1, 2014. The lump sum method of settlement is the greater of the actuarial equivalent of the immediate annuity and the actuarial equivalent of the annuity deferred to age 65. The actuarial equivalence for lump sum determination is based on the 417(e) lump sum mortality table in effect for the plan year and the 417(e) segment rates with a 2-month lookback to November of the previous plan year.

Involuntary Lump Sum Payment – This form of payment is a one-time payment, and no further benefits are payable upon the death of the participant. A Lump Sum is only payable to Participant's whose Actuarial Equivalent Accrued Benefit is less than \$1,000. No other Forms of Payments are available.
