Independent Auditor's Report

To the Plan Administrator of
Harte Auto Group 401(k) Plan
Hartford, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Harte Auto Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2023, and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion--

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HARTE AUTO GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 1- DESCRIPTION OF THE PLAN:

The following description of the Harte Auto Group 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan established on May 30, 2015, available to all employees, excluding nonresident aliens, interns, and residents of Puerto Rico, of George Harte Nissan, Inc., Harte Infiniti, Inc., Harte Family Motors, Inc., Harte Properties, Inc., Harte Enterprises, Inc., and George Harte Infiniti, (collectively, the Company or Plan Sponsor) who have completed six months of service and are age 18 or older. Participants are eligible to participate on the first of the month coinciding with or next following the date requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The plan administrator oversees governance of the Plan. The plan administrator, along with the custodians, also determines the appropriateness of the Plan's investments and monitors investment performance.

Participant Contributions and Investment Options:

Participants may voluntarily contribute a percentage of their pre-tax and post-tax annual eligible compensation as limited by the Internal Revenue Code (the Code) and as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Effective January 1, 2020, the Plan includes an affirmative election of at least the minimum automatic deferral amount. Participants hired prior to the amendment effective date who do not have an affirmative deferral election greater than or equal to 4% will be enrolled in the Plan at 4%. The amendment also includes an escalation of the automatic deferral amount by 1% up to a maximum of 10% annually starting in the third year.

Participants direct the investment of their accounts into various investment options offered by the Plan with various objectives and degrees of financial risk. The Plan currently offers mutual funds, common/collective trusts and a fully benefit-responsive investment contract as investment options for participants.

Employer Contributions:

Each year, the Plan Sponsor makes a matching contribution equal to 25% of the participant's elective deferral up to a maximum of 4% of participant's compensation. The Plan Sponsor may also make a discretionary non-elective profit sharing contribution to the Plan. This contribution, if made, would be a [located to all employees eligible to contribute to the Plan. There were no non-elective profit sharing contributions made to the Plan for the years ended December 31, 2023 and 2022.

HARTE AUTO GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 1- DESCRIPTION OF THE PLAN (Continued):

Participant Accounts:

Each participant's account is credited with the participant's contribution and Company matching contributions, as well as an allocation of the Company's discretionary nonelective profit sharing contribution, if any. Participant accounts are also credited with an allocation of investment earnings or losses, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Unit Values:

Participants do not own specific securities or assets in the various funds, but have an interest represented by units within the account. Unit values are calculated on a daily basis.

Contributions to, and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit value as last determined, and the participant's accounts are charged or credited with the number of units properly attributed to each participant.

Vesting:

Participants are immediately 100% vested in their voluntary contributions, matching and rollover contributions, including actual earnings thereon. Participants will become 100% vested in any discretionary non-elective profit sharing contributions after 3 years of service. In addition, participants become fully vested upon death or total and permanent disability, as defined by the Plan.

Notes Receivable from Participants:

Participants may borrow from their account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loans are evidenced by written promissory notes for the amount of the loan, are secured by the participant's vested account balance and bear interest at rates which are commensurate with prevailing rates as determined by the plan administrator. Notes receivable are repaid over a period not to exceed five years, except when the use of proceeds is for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions. Delinquent participant loans are reclassified as deemed distributions in accordance with the provisions of the Plan. Participants may have two outstanding loans at any one point. These loans are subject to certain restrictions as defined by the Plan document and applicable restrictions under the Code.

Loan balances outstanding at the time that the participant separates from employment will be repaid to the Plan via a reduction of the final benefit payment to the extent not paid prior to the determination of the distribution or reclassified as deemed distributions.

HARTE AUTO GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 1- DESCRIPTION OF THE PLAN (Continued):

Forfeitures:

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$3,021 and \$4,363, respectively. Forfeitures typically represent unvested Company matching contributions and discretionary non elective profit sharing contributions, and are first used to pay Plan expenses and then to reduce future Company contributions. Plan expenses in 2023 and 2022 were reduced by \$13,031 and \$15,700, respectively, from forfeited nonvested accounts. No forfeitures were used to reduce employer contributions in 2023 or 2022.

Payment of Benefits:

Upon termination of service due to death, disability, retirement or other reason (all as defined), a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account balance, or to receive annual or more frequent installments over a period not to extend beyond the life expectancy of the participant, or beneficiary. All required mandatory distributions will be made as defined in the Plan and in accordance with federal law. The Plan also allows for in-service distributions of the participant's vested accounts upon reaching the age of 59 ½ or due to hardship, as defined by the Plan. The Plan allows for in-service withdrawals for participants 55 years of age from fully vested employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates:

The preparation of financial statements in conformity with US GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expense during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 6).

HARTE AUTO GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Investment Valuation and Income Recognition (continued):

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as deemed distributions in accordance with the provisions of the Plan. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and included in administrative expenses when incurred. Management has evaluated notes receivable from participants for collectability and has determined that no allowance is considered necessary.

Payment of Benefits:

Generally, benefits are recorded when paid. As of December 31, 2023, there were benefits in the amount of \$27,433 requested before year end, that were paid after year end. As of December 31, 2022, there were no benefits requested before year end, that were paid after year end.

Administrative Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Excess Participant Contributions Payable:

Excess participant contributions payable represent payments due to certain active participants to return excess contributions in order to satisfy the relevant nondiscrimination provisions of the Plan. The Plan distributes the excess contributions to applicable participants prior to March 15th each year. Excess participant contributions payable for the year ended December 31, 2023, totaled \$17,861. There were no excess contributions for the year ended December 31, 2022.

HARTE AUTO GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Subsequent Events:

Management has evaluated subsequent events through October 10, 2024, the date which the financial statements were available to be issued.

Reclassifications:

Certain 2022 amounts have been reclassified to conform to the 2023 presentation. Such reclassifications had no material effect on the financial statements.

NOTE 3 - RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - CERTIFIED INVESTMENTS:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments (at fair value), fully benefit responsive investment contract (at contract value), and notes receivable from participants held at December 31, 2023 and 2022, and investment income (loss) and interest income on notes receivable from participants for the years ended December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Standard Insurance Company (Standard) and Charles Schwab Bank (Charles Schwab), qualified institutions and the custodians of the Plan.

NOTE 5 - FAIR VALUE MEASUREMENTS:

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, as of the measurement date. Authoritative guidance establishes a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs).

HARTE AUTO GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued):

The following summarizes the fair value hierarchy:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient are not required to be reported within the hierarchy.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded, and therefore Level 1.

Common/Collective trust funds (CCT): Valued at the NAV of shares of the collective trust funds held by the Plan at year-end. The NAV is used as a practical expedient to estimate fair value, and is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (issuances and redemptions) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities' liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

HARTE AUTO GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued):

The following table presents the fair value of the Plan's investments at December 31, 2023 and 2022, classified using the fair value hierarchy:

December 31, 2023:	<u>Level 1</u>	<u>Level 2</u>	<u>Level3</u>	<u>Total</u>
Mutual funds	\$ 5,500,158	\$	\$	\$ 5,500,158
Common/collective trusts (a)				7,162,628
	\$ 5,500,158	<u>\$</u>	<u>\$</u>	<u>\$ 12,662,786</u>
December 31, 2022:	<u>Level 1</u>	<u>Level 2</u>	<u>Level3</u>	<u>Total</u>
Mutual funds	\$ 3,446,761	\$	\$	\$ 3,446,761
Common/collective trusts (a)				7,292,617
	<u>\$ 3,446,761</u>	<u>\$</u>	<u>\$</u>	<u>\$ 10,739,378</u>

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2023 and 2022, there were no transfers of investments into or out of Level 3, respectively.

NOTE 6 - FULLY BENEFIT-RESPONSIVE CONTRACTS:

The Plan has a traditional fully benefit-responsive guaranteed investment contract with Standard totaling \$615,886 and \$648,650 at December 31 2023 and, 2022, respectively. Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than one percent. The crediting interest rate for these contracts is reviewed on a quarterly basis for resetting by the issuer. The contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

HARTE AUTO GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 6- FULLY BENEFIT-RESPONSIVE CONTRACTS (Continued):

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with Standard. Such events include: (1) termination of the contract, (2) spin-offs, divestitures, layoffs, or corporate relocation, (3) partial or total plan termination, (4) retirement incentive programs, or (5) liberalization of plan withdrawal or transfer rules.

In addition, certain events allow Standard to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) contract owner's failure to abide by state or federal law, (2) failure to render performance necessary to comply with the terms of the contract, (3) failure to maintain assets of at least \$25,000, (4) plan disqualification, and (5) failure to adopt the plan in a reasonable period of time.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 7 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Certain plan investments are shares of mutual funds, common/collective trusts, and an investment in a fully benefit-responsive investment contract managed by Standard and Charles Schwab. Standard and Charles Schwab are the custodians of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants are also party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 8 - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are entitled to the entire amount of their employer contribution.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 9 -TAX STATUS:

The Plan is being operated under a prototype non-standardized profit-sharing plan and trust agreement which received an Internal Revenue Service opinion letter stating that the form of the prototype is acceptable under Section 401(a) of the Code. The Plan has not submitted for a determination letter. Although the Plan has been amended since receiving its opinion letter, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 10- RECONCILIATION TO FORM 5500:

The differences between these financial statements and the Form 5500, if any, are immaterial.

NOTE 11- DELINQUENT CONTRIBUTIONS:

During the year ended December 31, 2022, the Company failed to deposit participant deferrals in the amount of \$60 within the required timeframe as stated by the United States Department of Labor (DOL). DOL regulations require that employee contributions be transferred to the custodian as of the earliest date on which such contributions can be reasonably segregated from the employer's general assets. The Company has taken corrective action to ensure future compliance with timely transmission of participant contributions to the trustee. As of December 31, 2023, the Company is pending a corrective contribution to the participant's account for lost earnings on the delinquent contributions identified. The lost earnings have an immaterial effect on the financial statements and are included in employer contributions in the statements of changes in net assets available for benefits.
