Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Burr & Forman LLP Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Burr & Forman LLP Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Burr & Forman LLP Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Burr & Forman LLP Profit Sharing Plan's ability to continue as a going concern for year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Burr & Forman LLP Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Burr & Forman LLP Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a – Schedule of Delinquent Participant Contributions, Schedule H, line 4i - Schedule of Assets (Held at End of Year), Schedule H, line 4i – Schedule of Assets (Acquired and Disposed of Within Year), and Schedule H, line 4j – Schedule of Reportable Transactions as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Burr & Forman LLP Profit Sharing Plan
Notes to Financial Statements
December 31, 2023 and 2022

Note 1. Description of Plan and Summary of Significant Accounting Policies

The following description of the Burr & Forman LLP Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A. **General** - The Plan is a defined contribution plan covering substantially all employees (excluding those classified as associates, law clerks, summer associates, and law school students) and self-employed persons of Burr & Forman LLP (the Partnership). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- B. **Contributions** - Each year participants may contribute a percentage of pretax annual compensation or after-tax Roth elective deferral contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit plans or contribution plans. Each year the Partnership may make contributions to the Plan in the amount necessary to provide the top heavy minimum contribution. The Partnership may make nonelective employer contributions. Contributions are subject to certain limitations.
- C. **Participant Accounts** - Each participant's account is credited with the participant's contribution and an allocation of (a) the Partnership's contribution, if applicable, and (b) plan earnings. Plan earnings are credited on a daily basis. Allocations are based on participant earnings or account balances, as defined in the Plan agreement.
- D. **Vesting** - All contributions to the Plan by the Partnership and voluntary contributions by participants, as well as all earnings on those contributions, are fully vested for participants who earn one hour of service.
- E. **Payment of Benefits** - Upon retirement, death, disability, or other termination of employment, a participant (or beneficiary) may elect to receive the entire amount of his/her account in one lump sum payment or on an installment basis.
- F. **Life Insurance** - Participants have individual life insurance contracts through various life insurance companies. The aggregate premiums allowed to be paid for this benefit is limited as defined in the Plan agreement. The Plan currently does not allow the purchase of insurance contracts as part of its investment options.

Note 1. Description of Plan and Summary of Significant Accounting Policies - Continued

- G. **Administration** - The Plan is administered by the Partnership. For the years ended December 31, 2023 and 2022, Empower Annuity Insurance Company of America and Empower Trust Company, LLC were appointed trustees of the Plan. Effective August 1, 2022, Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC were renamed Empower Annuity Insurance Company of America and Empower Trust Company, LLC, respectively. All funds in the Plan are held in trust by the trustees. Certain administrative expenses for trustee fees and record-keeping fees are paid directly by the Partnership.
- H. **Forfeited Accounts** - If any portion of a participant's account is forfeited during a plan year, it will be applied to reduce the Partnership's contribution or be used to pay administrative expenses of the Plan for that Plan year. There were no balances in unallocated forfeiture accounts for the year ended December 31, 2023. Unallocated forfeiture accounts totaled \$1,312 for the year ended December 31, 2022.

Basis of Accounting

The Plan's policy is to prepare its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Revenues are recognized in the period in which they are earned. Expenses are recognized in the period in which they are incurred.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Sponsor determines the Plan's valuation policies. See Note 9 for more information concerning fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation in fair value of investments is the difference between the proceeds received or aggregate fair market value of investments determined at the end of the year and the aggregate fair value of investments determined at the beginning of the year or cost if acquired during the year. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Transfers to Plan

Through September 30, 2022, the Partnership provided eligible employees the option of participating in the Burr & Forman, LLP Employees' 401(k) Plan. Once qualifying employees who were participating in the Burr & Forman, LLP Employees' 401(k) Plan, reached one year of service, the employees became eligible to participate in the Plan. Once the qualifying employee became eligible, their account was automatically transferred from the Burr & Forman, LLP Employees' 401(k) Plan to the Burr & Forman LLP Profit Sharing Plan.

Effective October 1, 2022, the Burr & Forman LLP Profit Sharing Plan was amended to remove the one year of service eligibility requirement. This resulted in eligible employees having their accounts automatically transferred from the Burr & Forman LLP Employees' 401(k) Plan to the Burr & Forman LLP Profit Sharing Plan. From October 1, 2022 forward, newly hired employees who are not from an excluded job class (those classified as associates, law clerks, summer associates, or law school students) will become participants of the Burr & Forman LLP Profit Sharing Plan upon hire. Employees who are not eligible for the Burr & Forman LLP Profit Sharing Plan and who are not summer associates or law school students will be eligible for the Burr & Forman LLP Employees' 401(k) Plan.

Note 2. Tax Status

The Plan adopted a non-standardized pre-approved form of a plan sponsored by Great-West Trust Company, LLC. The IRS has determined and informed Great-West Trust Company, LLC by an opinion letter dated June 30, 2020, that the prototype plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Effective August 1, 2022, Great-West Trust Company, LLC was renamed Empower Trust Company, LLC. Although the Plan has been amended since receiving the opinion letter, Plan management and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, the accompanying financial statements do not include a provision for income taxes.

Notes to Financial Statements - Continued
December 31, 2023 and 2022

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be 100% vested in their accounts.

Note 4. Participant Loans

The Plan permits the trustee to make loans to participants. The amount of loans outstanding may not exceed certain dollar limitations established by the Plan. Generally, participants must use their vested account balance as security for the loan, provided that the outstanding account balance of all loans does not exceed 50% of the participant's vested account balance. The participant is charged a reasonable rate of interest based on interest rates for similar types of loans from other lenders. Participant loans are valued at net realizable value which approximates fair value.

Note 5. Information Prepared and Certified by Trustee (Unaudited)

The following is a summary of the investment information regarding the Plan as of December 31, 2023 and 2022, and for the years then ended, included in the Plan's financial statements and supplemental schedules that were prepared or derived from information prepared by the trustees of the Plan, and furnished to the Plan administrator. The Plan administrator had obtained certification from the trustees that such information is complete and accurate.

The trustees providing such information were Empower Annuity Insurance Company of America and Empower Trust Company, LLC for the year ended December 31, 2023 and 2022.

Note 6. Risks and Uncertainties

The Plan permits participants to invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investments. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Note 7. ERISA Bond Requirements

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets, and is required to be the lesser of 10% of the plan's assets at the beginning of the plan year or \$500,000. At December 31, 2023 and 2022, the Plan's sponsor maintained bond coverage in the amount of \$500,000.

Note 8. Parties-in-Interest Transactions

The investments of the Plan are shares of mutual funds managed by the trustee, and therefore, these transactions qualify as party-in-interest transactions.

Note 9. Fair Value of Assets

The Plan accounts for fair value measurements in accordance with FASB ASC 820. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered investment companies: Valued at the daily closing prices as reported by the funds. Net Asset Value for the mutual funds are generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation (IDC).

Common collective trust: Valued using net asset value per share/unit as a practical expedient. NAVs are generally obtained directly from the fund house or other investment provider.

Burr & Forman LLP Profit Sharing Plan
Notes to Financial Statements - Continued
December 31, 2023 and 2022

Note 9. Fair Value of Assets - Continued

Fixed annuity contract: Valued at fair value of the investment contract. Prior to contract termination, fair value equals contract value. Fair value is determined by using a discounted cash flow valuation methodology where the interest rate for the portfolio investment contract is reset at least as frequently as annually.

Variable annuity contract: Valued at fair value of the investment contract calculated daily by the annuity provider according to methods described in the annuity contract. The annuity contract disclosures for pricing methods are considered an observable input.

Self-directed brokerage account: Valued at the daily closing prices as reported by the funds. Net Asset Value for the mutual funds are generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation (IDC).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets and liabilities itemized below were measured at fair value during the years ended December 31, 2023 and 2022 using the market and income approaches.

The following tables set forth, by level within the hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022.

Note 13. Plan Amendments - Continued

On October 31, 2022, the Plan was amended, effective October 1, 2022, to remove the one year of service eligibility condition for elective deferrals.
