Report of Independent Auditors

To the Administrator of American International Group, Inc. Incentive Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of American International Group, Inc. Incentive Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and December 31, 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant

ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

American International Group, Inc. Incentive Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the American International Group, Inc. Incentive Savings Plan (the “Plan”) provides only general information. Plan participants should refer to the Plan document for a complete description of the Plan’s provisions. Copies of the Plan documents are available from the Plan Administrator. The Plan Administrator is the AIG Retirement Board (the “Board”).

General

The Plan was established on April 1, 1985 and was most recently restated as of January 1, 2016 and has been subsequently amended.

The Plan is a defined contribution 401(k) plan with matching contributions and non-elective 401(a) profit-sharing contributions. For 2023, the Plan satisfies the safe harbor rule under Section 401(k)(12) of the Internal Revenue Code of 1986, as amended (the “Code”), and thus is not subject to certain nondiscrimination testing. The Plan satisfies nondiscrimination testing requirements under Code Section 401(k)(12) and is intended to comply with Section 404(c) of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan is sponsored by American International Group, Inc. (the “Company” or “AIG”).

The overall Plan design is the responsibility of the Compensation and Management Resources Committee (the “CMRC”) of the Board of Directors of AIG. The CMRC is not a fiduciary of the Plan. The overall responsibility for the administration of the Plan rests with the Board. The Board, whose members are appointed by the CMRC, is responsible, either directly or through delegations, for the day-to-day operations of the Plan. In addition, the AIG Investment Committee (the “Committee”), whose members are also appointed by the CMRC, is responsible for monitoring fund performance and examining and selecting new fund options for the Plan. The Board and Committee are named fiduciaries of the Plan.

Any common law employees of AIG and certain of its subsidiaries and affiliates regularly employed in the United States (including certain U.S. citizens employed abroad on a U.S. dollar payroll), are eligible to enroll in the Plan as soon as administratively feasible following an employee’s date of hire. Certain employees of Crop Risk Services, Inc., paid on an hourly basis, also are eligible to enroll in the Plan. U.S. citizens employed by AIG (or an AIG subsidiary) in Bermuda and who are not married to Bermuda citizens are permitted to participate in the Plan.

Alight Solutions LLC (“Alight”) is the service provider for Plan recordkeeping and administration services.

The main custodian and trustee of the Plan is The Northern Trust Company (“Northern Trust”), and the trustee of the AIG Master Trust is Northern Trust. The AIG Master Trust holds the Galliard Stable Value Fund (the “Stable Value Fund”) and the AIG Stock Fund (the “Stock Fund”). The custodian of the Stock Fund is Northern Trust. Effective February 22, 2022, the custodian for the Stable Value Fund changed from Wells Fargo Bank, N.A. to Delaware Charter Guarantee & Trust Company, conducting business as Principal Trust Company.

Effective August 1, 2015, participants have the ability to appoint an investment advisor that is designated by the Board and the Investment Committee to make investment elections with respect to a participant’s account in the Plan. The Plan’s designated investment adviser is Alight Financial Advisors, LLC.

American International Group, Inc. Incentive Savings Plan

Notes to Financial Statements

Participant Accounts

Each participant's Plan account is credited with his/her employee contributions, the associated Company matching contributions, loan repayments and a non-elective, non-discretionary Company contribution of 3% of eligible compensation, plus an allocation of the investment income and/or (loss) and certain expenses, where applicable. The Plan benefit to which a participant is entitled is the amount of the participant's vested Plan account balance.

Contributions and Vesting

The Plan provides employees the opportunity to voluntarily contribute, on a pre-tax and/or Roth after-tax basis, an amount from 1% to 50% of their Plan eligible compensation, which is generally defined as base salary, commissions, overtime pay and annual short term incentive awards; provided, however, that no such contribution can exceed the maximum IRS employee deferral/contribution limit applicable for such year. The Plan permits acceptance of lump-sum rollover contributions from a qualified plan of a prior employer or other Plan as deemed acceptable under the terms of the Plan. Newly hired or re-hired employees are automatically enrolled in the Plan at a 3% pre-tax contribution rate that will increase (escalate) by 1% each subsequent calendar year until a 6% pre-tax contribution rate is attained. Automatic enrollment into the Plan begins sixty (60) days from an employee's date of hire or re-hire; however, employees have the right to "opt-out" and forgo automatic enrollment during the 60-day period. In addition, participants who are not enrolled in the 1% automatic escalation feature noted above may elect voluntary "Auto-Escalation," which provides for automatic annual increases to their savings rates.

The Company matches 100% of the first 6% of eligible compensation contributed by a participant on a pre-tax and/or Roth after-tax basis and also provides a non-elective, non-discretionary Company contribution of 3% of eligible compensation up to the Internal Revenue Service ("IRS") maximum employee compensation limit; a company-match true-up provision is also in effect as described below. There is no Company match provided on rollover contributions.

Amounts allocated to a participant's Plan account, regardless of the source, immediately vest.

For 2023, pursuant to IRS rules, the total amount of a participant's pre-tax and/or Roth after-tax contributions was limited to \$22,500. In addition to these amounts, participants who attain the age of 50 by the end of the Plan year are provided an opportunity to contribute an additional \$7,500 in pre-tax and/or Roth after-tax age 50 catch-up contributions ("Catch-Up Contributions"). Catch-Up Contributions are not eligible for Company matching contributions. The maximum total employee and employer contribution limit as per Code Section 415(c) is \$66,000 for 2023.

True-up provision

Company match true-up contributions, which are determined on an annual Plan year basis, are made to the Plan accounts of any employees who, during the Plan year, do not receive the maximum Company matching contribution permissible under the terms of the Plan because of the contribution percentage they select combined with the timing of their employee contributions. During 2024 and 2023, the Company made true-up contributions into employee Plan accounts totaling \$4,746,794 with respect to the 2023 Plan year and \$5,148,144 with respect to the 2022 Plan year.

American International Group, Inc. Incentive Savings Plan

Notes to Financial Statements

Investment Options

Plan assets are invested in the investment options offered under the Plan at the direction of Plan participants, and in accordance with the Plan document. If a new participant fails to select one or more investment options, such participant's account will be invested in the Plan's qualified default investment alternative, the Vanguard Target Retirement Date Trust Plus Fund ("Trust Plus" share class) applicable for the participant's age.

Except as specified below, participants may make transfers between existing funds or change the allocation of their current contributions on a daily basis. Transfers and exchanges directly from the Stable Value Fund to the Vanguard Federal Money Market Fund (a competing fund) are not allowed. Instead, transfers from the Stable Value Fund must be invested in a non-competing fund for a minimum of ninety (90) days before being exchanged to the Vanguard Federal Money Market Fund.

Prior to May 4, 2009, only employer matching contributions could be invested in the Stock Fund, a fund that is invested in AIG common stock, if the participant had elected the Stock Fund as an investment option. As of May 4, 2009, no new contributions could be invested in the Stock Fund. However, contributions invested in the Stock Fund prior to May 4, 2009 could remain invested or could be sold at the participant's selection.

To reduce administrative and fund transaction costs associated with short-term trading by participants which can impact all investors in a particular fund, restrictions are placed on frequent or short-term trading. If a participant exchanges out of a Vanguard fund, except for the Vanguard Federal Money Market Fund, or transfers an amount of \$5,000 or more from the MFS Large Cap Value Trust Fund, he or she cannot exchange back into that fund for thirty (30) days. Effective October 2, 2023, if a participant exchanges an amount of \$10,000 or more out of a Vanguard fund, except for the Vanguard Federal Money Market Fund, he or she cannot exchange back into that fund for thirty (30) days.

Distributions

A participant can withdraw the vested portion of his or her Plan account upon termination of employment, retirement, or death. In-service withdrawals are permitted at any age due to financial hardship, or disability. At age 59½ or older, participants are permitted to make in-service withdrawals of their vested amounts, at any time, while actively employed. An amendment effective as of September 1, 2022 added Qualified Reservist Distributions, and removed the \$500 minimum in-service withdrawal amount, and the limit on the number of in-service withdrawals that can be taken in a calendar year.

Participants who retire, leave the Company or become disabled and terminate employment can elect to receive a lump sum distribution equal to the entire value of their vested account, can elect to receive partial distributions or defer distributions from the Plan until age 73 (or age 72 if the participant had attained age 70½ after 2019 but prior to 2023) if the account balance is more than \$1,000. Distributions are mandatory for account balances of \$1,000 or less, and \$5,000 or less for spousal beneficiaries or alternate payees pursuant to a qualified domestic relations order. Assuming the account balance is more than \$5,000, spousal beneficiaries may leave their account in the Plan until the later of December 31 of the calendar year following the calendar year in which the Plan participant dies, or December 31 of the calendar year following the calendar year in which the Plan participant would have attained age 73.

American International Group, Inc. Incentive Savings Plan

Notes to Financial Statements

A non-spousal beneficiary generally must receive the full value of the participant's account by December 31 of the calendar year following the calendar year in which the participant dies. Funds taken out of the Plan (including pre-tax funds or earnings on pre-tax and after-tax funds) by the participant and not reinvested into another qualified plan or an individual retirement account subject the participant to income tax and, depending on the Plan participant's age at distribution, may be subject to a 10% penalty tax. Participants requesting distributions from amounts invested in the Stock Fund may elect to receive the total in cash, in shares of AIG common stock, or in some combination of cash and shares. Fractional shares will be distributed in cash.

The Plan was amended in 2020 to allow eligible Plan participants to take a COVID-Related Distribution as provided for in the Coronavirus Aid, Relief, and Economic Security (CARES) Act through December 31, 2020 of up to \$100,000 from their vested Plan account balance, and such COVID-Related Distribution was permitted to be repaid from the Plan over a three (3) year period beginning on the day after the date of such distribution, with the timing and amount repaid at the participant's discretion.

Participant Loans

The Plan has a general loan provision which enables employees who have a Plan account balance of at least \$2,000 to borrow up to 50% of the value of their vested accounts, except that no loans will be made for less than \$1,000 or more than \$50,000. General purpose loans are granted for a period not to exceed five (5) years. A second loan option is available for the purchase of a primary residence. Primary residence loans are granted for a period not to exceed fifteen (15) years. The maximum amount that can be borrowed remains \$50,000 minus the highest outstanding loan balance, if any, the participant had at any one time during the one (1) year period ending immediately before the date of the new loan; and the usual loan origination fee will continue to apply to each loan. The Company 3% Contributions are considered in determining the maximum amount available for a loan.

The rate of interest on any loan to a participant under the Plan will be determined by the Plan Administrator and will be equal to the prime rate of interest at the beginning of the quarter in which the loan originates. Loans outstanding at December 31, 2023 have been issued at interest rates between 3.25% and 10.763%, and maturities range from January 2024 to November 2038. Loan repayments by participants who are employed by the Company including principal and interest are generally made through after-tax payroll deductions or ACH payments from an employee's personal, U.S. bank account. Manual loan repayments by participants who are no longer employed by the Company are submitted directly to the Plan.

Each loan is secured by the vested balance in the participant's Plan account. If a participant defaults on his or her loan by failing to make timely repayments, the outstanding principal and interest due on the loan is treated as a deemed distribution and reported as a taxable distribution to the participant in the year of default. If the participant has an outstanding loan and takes a total distribution of his or her Plan benefit, the outstanding principal and interest due on the loan is deducted from the amount distributed to the participant. If a participant takes a partial distribution the remaining account balance must be sufficient enough to cover the outstanding loan balance. The participant can elect to continue repaying the loan.

American International Group, Inc. Incentive Savings Plan

Notes to Financial Statements

Forfeitures

Effective January 1, 2012, participants are fully vested at all times in amounts allocated to their accounts. Prior to January 1, 2012, participants terminating employment forfeited their non-vested Company contributions on the earlier of (1) the distribution of the entire non-forfeitable portion of their account, or (2) upon incurring a period equal to five consecutive one-year breaks in service. Forfeitures were available to reduce future Company contributions and administrative expenses. Participants who terminated and were reemployed with the Company before incurring five consecutive one-year breaks in service were entitled to the reinstatement of their non-vested or forfeited amounts, subject to certain provisions as stated in the Plan document. Amounts in the Plan's forfeiture account was \$1,134,636 and \$1,174,057 at December 31, 2023 and 2022, respectively. In 2023, forfeited contributions of \$525 were used to pay administrative expenses of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires plan management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein; and disclosures including those for contingent assets and liabilities, at the date of the financial statements. Actual results could differ from those estimates and those differences could be material.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

The net appreciation/(depreciation) in the fair value of investments, including realized gains/(losses) and net change in unrealized gains/(losses), is reflected in the Statement of Changes in Net Assets Available for Benefits. Realized gains/(losses) on the disposal of investments are determined by specific identification and recognized on the trade date basis. Interest income is recorded on an accrual basis. Dividend income is recognized on the ex-dividend date. Purchases and sales are recorded on a trade date basis.

Loans Receivable from Participants

Participant loans are classified as Loans receivable from participants in the Statements of Net Assets Available for Benefits and are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

American International Group, Inc. Incentive Savings Plan

Notes to Financial Statements

Distributions

Distributions paid to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from the financial statements. Loan origination fees and other related fees associated with loan receivables from participants, and Alight Financial Advisors, LLC. (for 2022 and 2023) professional management fees are charged directly to the participant accounts and are included in administrative expenses.

3. Certified Investment Information

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the information in this footnote, as well as any information related to investments and investment activity, was prepared by or derived from information certified by the trustee and custodian, which was furnished to Plan management. Plan management has obtained certifications from the trustee and custodian that such information is complete and accurate.

	December 31,

In addition, disclosures included in Notes 4 and 5 and the Supplemental Schedule of Assets (Held at End of Year) which are related to the investments and investment income detailed above have been derived from information certified by the trustee and custodian.

4. Fair Value Measurements

The Plan carries its investments at fair value, which for disclosure purposes are classified in accordance with a fair value hierarchy that prioritizes inputs to valuation techniques based on whether those inputs are observable or unobservable. Observable inputs, which reflect market data obtained from independent sources, and unobservable inputs, which reflect the Plan's market assumptions, create the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820, described as follows:

- Level 1 – Fair value measurements based on quoted prices for identical instruments in active markets.
- Level 2 – Fair value measurements based on quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and significant inputs and significant value drivers that are observable in active markets.

American International Group, Inc. Incentive Savings Plan

Notes to Financial Statements

- Level 3 – Fair value measurements based on valuation techniques using one or more significant inputs or significant value drivers that are unobservable.

This hierarchy requires the Plan to use observable market data, when available, and to minimize the use of unobservable inputs when determining fair value. The Plan's investments are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The inputs or methodologies used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. Based on the Plan's investment strategy, Plan management believes it has no significant concentrations of risk.

Following are descriptions of the valuation methodologies used for instruments carried at fair value in the Plan; the methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other entities, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mutual Funds

Shares of mutual funds are valued at the net asset value ("NAV") of the shares held by the Plan at year end. The NAV per share is calculated daily by each fund based on observable market values of the underlying securities within each fund. Mutual Funds are classified as Level 1 in the valuation hierarchy because mutual funds are publicly traded, and the NAV is quoted in active markets and may be redeemed daily.

Common Collective Trust Funds

Shares of common collective trust funds are valued at NAV of the shares held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Accordingly, the investments in common collective funds held at December 31, 2023 and 2022 were excluded from the leveling table. The NAV per share is calculated daily by each fund based on observable market values of the underlying securities within each fund. Each common collective trust fund provides for daily redemptions by the Plan at reported net asset values per share, with no significant restrictions. These investments do not have unfunded commitments.

Investments at Fair Value by Level

The following tables present information about the Plan's investments measured at fair value and indicates the level of the fair value measurement based on the observability of the inputs used at December 31, 2023 and 2022, respectively.

5. Master Trust Information – AIG Master Trust

A portion of the Plan's investments are held in the AIG Master Trust, which is a master trust established by AIG to hold certain assets for various defined contribution plans. The AIG Master Trust holds the Stable Value Fund and the Stock Fund, which were contributed by the participating plans to the AIG Master Trust on January 3, 2011. The trustee of the AIG Master Trust is Northern Trust. The custodian of the Stock Fund is Northern Trust. The custodian of the Stable Value Fund is the Delaware Charter Guarantee & Trust Company, conducting business as Principal Trust Company.

Each participating plan has a divided interest in the AIG Master Trust based on the individual plan participants' investment elections. The value of each plan's interest is based on the beginning of the year value of the plan's interest in the AIG Master Trust plus the plan's participants' contributions and allocated investment income, less withdrawals, and allocated expenses. The participating plans' percentage interests in the investment funds comprising the AIG Master Trust for 2023 and 2022 are summarized below:

Investment Valuation

Following are descriptions of the valuation methodologies used for AIG Master Trust investments carried at fair value:

Common Stock

Valued at the closing price reported on the active market on which the security is traded.

Collective Trusts

Valued at the contract value of the underlying investments held by the fund less its liabilities.

Fully-benefit Responsive Investment Contracts

The Stable Value Fund invests in fully-benefit responsive investment contracts issued by insurance companies and other financial institutions. Contract value is the relevant measurement attributable to the portion of net assets available for benefits attributable to the fully benefit-responsive investment contracts. Contract value represents contributions made to the investment contract plus earnings, less participant withdrawals and administrative expenses.

The Plan is exposed to credit risk in the event of non-performance by counterparties to these contracts. However, the Company does not anticipate non-performance by these counterparties.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Plan management does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

6. Tax Status

The Plan received a determination letter from the IRS dated November 28, 2017, stating that the Plan is qualified under the appropriate sections of the Code and, therefore, the related trust is exempt from taxation. The Plan was amended since receiving that determination letter, and the Plan Administrator and legal counsel believe the Plan document remains in compliance with ERISA and the Code, and that the Plan is being operated in material compliance with the applicable requirements of the Code. In Announcement 2015-19, issued on July 21, 2015, the IRS said it is eliminating the staggered five-year determination letter remedial amendment cycles for individually designed tax-qualified retirement plans effective January 1, 2017.

Tax positions taken by the Plan must be evaluated and a tax liability (or asset) recognized if the Plan Administrator deems it more-likely-than-not that the Plan has taken an uncertain position that would not be sustained upon examination by the IRS. As of December 31, 2023, it was determined that there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

American International Group, Inc. Incentive Savings Plan

Notes to Financial Statements

7. Administrative Expenses

The Plan recorded administrative expenses including asset management, trustee and recordkeeping fees amounting to \$37,467 for the year ended December 31, 2023. Professional fees and all administrative expenses in excess of any forfeited contributions used to pay those fees and expenses are paid by the Company.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA.

9. Related Party Transactions

Northern Trust is the trustee of the Plan, and the trustee of the AIG Master Trust that holds the Stable Value Fund and the Stock Fund. Effective February 22, 2022, the custodian for the Stable Value Fund changed from Wells Fargo Bank, N.A. to Delaware Charter Guarantee & Trust Company, conducting business as Principal Trust Company. The custodian of the Stock Fund is Northern Trust. Therefore, the Plan's investments with these financial institutions may be considered party-in-interest transactions.

The Plan holds shares of AIG common stock through the Stock Fund. The Plan held 49,687 and 53,673 units of the Stock Fund with a fair value of \$3,366,354 and \$3,394,281 at December 31, 2023 and 2022, respectively. The Plan purchased \$19,448 and \$48,120 of the Stock Fund during the years ended December 31, 2023, and 2022, respectively. Also, the Plan sold \$41,478 and \$2,512,221 of the Stock Fund during the years ended December 31, 2023, and 2022, respectively. The Plan received dividends of approximately \$72,353 on the Stock Fund for the year ended December 31, 2023.

Additionally, for the Plan year ended December 31, 2023, the Company paid fees of \$687,788 to Alight. These fees are calculated quarterly based on the number of plan participants.

10. Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate fluctuations, market volatility and credit risk. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks and changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan investments include a variety of investments that may directly or indirectly invest in securities with contractual cash flows. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

At December 31, 2023 and 2022, less than 1% of the Plan's total investments were invested in the Stock Fund. The value of the underlying Company stock is subject to operational and market risks.

Notes to Financial Statements

11. Plan Transfers

On February 13, 2023, American International Group, Inc. announced its intent to form an independent Managing General Agency (“MGA”) to serve the High and Ultra High Net Worth markets with Stone Point Capital LLC, a leading private equity firm. The establishment of Private Client Select Insurance Services LLC (“PC SIS”) as an MGA closed on July 3, 2023 and some AIG Private Client Group employees became employees of PC SIS effective as of July 1, 2023. In connection with this transaction, on August 11, 2023, AIG completed a trust-to-trust transfer of the account balances (including any outstanding loans) of the AIG employees who transferred to PC SIS in the amount of \$67.8 million from the Plan to the Private Client Select Insurance Services, LLC 401(k) Retirement Plan, which is established and maintained under a non-standardized prototype plan document provided by Automatic Data Processing, Inc. (“ADP”). The Plan was amended accordingly permitting the trust-to-trust transfer.

On July 3, 2023, AIG announced the completion of the sale of its subsidiary, Crop Risk Services, Inc. (“CRS”) to American Financial Group. As a result of that sale, the CRS employees are eligible for distribution of their account balances, if any, from the Plan.

On November 1, 2023, AIG announced the completion of the sale of Validus Re, including AlphaCat and the Talbot Treaty reinsurance business, to Renaissance Re. Upon the completion of the sale transaction, U.S.-based Validus Re employees who transferred with the sale were eligible for distribution of their account balances from the Plan.

12. Subsequent Events

The Plan’s management evaluated subsequent events through October 2, 2024, the date on which the financial statements were available to be issued, and with the exception of the events discussed below, no additional disclosures or adjustments were required.

Deconsolidation and Divestitures

On June 10, 2024, AIG announced that it had met the accounting requirements for the deconsolidation of Corebridge Financial (CRBG). There was no impact to the Plan as a result of the deconsolidation since the accounts of CRBG employees who previously participated in the Plan were transferred to the Corebridge Financial, Inc. Retirement Savings 401(k) Plan. Distributions totaled \$2,410,773,528 million in 2022.

On June 26, 2024, AIG announced that it had entered into a definitive agreement to sell its global individual personal travel insurance and assistance business to Zurich Insurance Group for \$600 million in cash, plus additional earn-out consideration. The agreement includes the Travel Guard business and its servicing capabilities, excluding Japan and an AIG joint venture arrangement in India. Travel coverages offered through AIG’s Accident & Health business are also excluded from this agreement. The sale is expected to close by the end of 2024, subject to customary closing conditions, including regulatory approvals.

Legislative Amendment

Pursuant to the SECURE 2.0 Act of 2022 (the “Act”), the Plan was amended effective as of January 1, 2023 to increase the required minimum distribution (“RMD”) starting age from 72 to 73 for those individuals who attain age 72 after December 31, 2022, and attain age 73 before January 1, 2033. The Act will also require a second increase from age 73 to age 75 effective as of January 1, 2033 for those individuals who attain age 73 after December 31, 2032.

American International Group, Inc. Incentive Savings Plan

Notes to Financial Statements

As permitted by the Act, the Plan was amended effective July 26, 2023 modifying existing language to permit participants to self-certify their financial need for hardship withdrawal.

Pursuant to the Act, the Plan was amended effective January 1, 2024 eliminating the requirement that RMDs be taken from Roth 401(k) accounts. Beginning with the 2024 Plan year, RMDs will be calculated and made only from the tax-deferred portion of a Plan participant's 401(k) account.

The Act requires that "long-term part-time employees" be permitted to participate in qualified plans with respect to their own elective deferrals. Effective January 1, 2024, the Plan was amended to permit part-time employees, with the exception of individuals classified as interns, to participate in the Plan.
