FINANCIAL STATEMENTS AND
INDEPENDENT AUDITORS' REPORT
DECEMBER 31, 2023 AND 2022

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of KBP Brands 401(k) Plan
Leawood, Kansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of KBP Brands 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, and supplemental Schedule of Assets as of December 31, 2023, are presented for purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KBP BRANDS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

1. DESCRIPTION OF THE PLAN

The following description of the KBP Brands 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions. The Plan was originally established April 1, 2011.

General – The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) for employees of KBP Brands, LLC (the “Company”).

Delaware Charter Guarantee & Trust Company dba Principal Trust Company (“Principal”) serves as the trustee/custodian, participant recordkeeper, and third-party administrator for the Plan. Officers of the Company serve as the Plan’s trustees.

Previously, John Hancock Trust Company LLC (“John Hancock”) served as the Plan’s investment custodian and John Hancock Retirement Plan Services served as the participant recordkeeper. FuturePlan served as the third-party administrator for the Plan, and officers of the Company served as trustees.

Plan Restatement – The Plan was restated effective October 1, 2023, with the following changes made to the Plan’s provisions:

- Employees must complete 1,000 hours of service in a 12-month period.
- Participants may enter the Plan immediately after completing the eligibility requirements.

Eligibility – An individual is eligible to participate in the Plan for purposes of salary deferrals and employer contributions after attaining age 21 and completing 1,000 hours of service in a 12-month period. Participants may enter the Plan immediately after completing the eligibility requirements.

Contributions – Participants may contribute amounts up to 100% of their annual compensation, subject to certain Internal Revenue Code (“IRC”) limitations. The Company may make discretionary matching contributions to the Plan. In 2023, the Company made discretionary matching contributions to the Plan, contributing 25% of the first 8% of eligible compensation that a participant contributed to the Plan. The Company may also make a discretionary profit-sharing contribution. The profit-sharing contribution is allocated to eligible participants in accordance with applicable provisions of the Plan. In order to share in the profit-sharing contribution, a participant must be employed on the last day of the Plan year and have at least 1,000 hours of service during that Plan year. There was no profit-sharing contribution in 2023.

Participant Accounts – Each participant’s account is credited with the participant’s and Company’s contributions, investment earnings and losses, and is charged with the participant’s withdrawals and distributions, and an allocation of expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options – The Plan offers a variety of mutual funds, pooled separate accounts, a guaranteed interest contract, and common collective trusts (“CCT”) as investment options for participants. Previously, the Plan offered a money market fund.

Vesting – Participants' contributions are fully vested at all times. Discretionary employer matching and profit-sharing contributions vest in 20% increments, with 20% vested after 2 years of service and becoming fully vested after 6 years.

In the event of permanent disability, death, reaching normal retirement age, or termination of the Plan, the Company contributions will become fully vested. An employee must work at least 1,000 hours in a year to earn one year of service.

Forfeitures – Forfeitures occur upon termination of employment by a participant who is not fully vested in the Plan. Forfeitures are used to reduce future employer contributions or to pay administrative expenses. As of December 31, 2023 and 2022, there were \$85,684 and \$84,889 in forfeitures, respectively. During 2023, forfeitures in the amount of \$113,438 were used to reduce employer contributions, and forfeitures in the amount of \$19,922 were used to pay administrative expenses.

Payment of Benefits – Distributions of a participant's vested balance may occur upon normal retirement, termination of employment, death or permanent and total disability. A lump sum payment is the only form of payment available. Participant balances under \$5,000 may be automatically distributed. If a participant's account balance is between \$1,000 and \$5,000, the balance will be automatically rolled over to an IRA, unless a different election is made.

In-Service Withdrawals – Certain participants may make withdrawals prior to termination of employment. Hardship withdrawals are available to Plan participants, as defined by the Plan Adoption Agreement and permitted by the Internal Revenue Code ("IRC"). Hardship withdrawals are limited to the participant's account balance that is 100% vested.

Participants who have attained the age of 59½ may elect to receive a distribution of all or any portion of their vested account balances in a single lump sum payment.

Administrative Expenses – Administrative expenses incurred by the Plan may be paid by the Plan or by the Company. During 2023, the Plan paid administrative expenses of \$107,422.

Termination of the Plan – Although the Company has not expressed any intent to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA. In the event that the Plan should be terminated, participants shall become fully vested, and all remaining Plan assets shall be allocated to the participants as described in the full text of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully-benefit responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions – Employer and employee contributions are reported in the year services are rendered to the Company by the Plan participants.

Investment Valuation and Income Recognition – The Plan’s investments are stated at fair value, except for the guaranteed interest contract which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Excess Refundable Contributions – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits – Benefit payments are reported in the year paid.

Date of Management’s Review – Subsequent events have been evaluated through October 10, 2024, which is the date the financial statements were available to be issued, and there were no material events requiring recognition or disclosure.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Mutual Funds and Money Market Fund – Valued at the published net asset value (“NAV”) of shares held by the Plan at year end.

Pooled Separate Accounts – The investment advisors calculate a unit value (similar to a NAV) of a separate account. It is the sum of the market value of the underlying investments as determined by quoted market prices, less operating expenses accrued but not deducted, if any.

Common Collective Trust – Valued at the trust NAV per unit based on fair value of the underlying investments, as determined by the issuer. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan's investments are reported at fair value as follows at December 31, 2023 and 2022:

Investments measured at fair value			\$ 10,410,845

- (a) Certain investments are measured at fair value based on NAV per share practical expedient at December 31, 2023 and 2022. These investments have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. These investments are valued daily, may be redeemed daily without restrictions, and with no notice requirements. Additionally, there are no unfunded commitments.

4. RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

5. INFORMATION CERTIFIED BY CUSTODIANS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Delaware Charter Guarantee & Trust Company dba Principal Trust Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2023, and for the period October 1, 2023, to December 31, 2023. Additionally, John Hancock Trust Company LLC, the previous custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate with respect to investments as of December 31, 2022, and for the period January 1, 2023, to September 30, 2023:

- Investments, at fair value and contract value
- Dividend and interest income
- Interest on guaranteed interest contract
- Net appreciation in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. INSURANCE COMPANY GENERAL ACCOUNT

The Plan provides the Principal Fixed Income Guaranteed Option, a fully benefit-responsive group annuity contract with a fixed rate of interest issued by Principal Life Insurance Company ("PLIC"), as an investment option for participants. The objective of this investment option is to guarantee principal and provide a stated interest crediting rate backed by PLIC. The contract is included in the financial statements at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is that amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events that may limit the ability of the Plan to transact at contract value are not considered probable of occurring.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Plan investments include pooled separate accounts, and a guaranteed interest contract managed by Principal. Principal is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

The Plan pays certain fees to Principal to administer the Plan. These transactions qualify as party-in-interest.

Previously, Plan investments included a CCT managed by John Hancock. John Hancock was the custodian as defined by the Plan and, therefore, these transactions qualified as exempt party-in-interest transactions. The Plan also previously paid certain fees to John Hancock and FuturePlan to administer the Plan. These transactions qualified as party-in-interest.

8. TAX STATUS

The Plan has adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA, which obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Company believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax exempt as of December 31, 2023. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. PROHIBITED TRANSACTIONS

During the year ended December 31, 2023, employee deferrals of \$3,710 were withheld from one payroll and not remitted on a timely basis (as defined by the Department of Labor "DOL") by the Plan Sponsor. The Plan Sponsor subsequently remitted all such deferrals to the trust, will file and pay the appropriate excise tax, and contribute lost earnings to the affected participants. This transaction was prohibited according to the provisions of the DOL.

During the year ended December 31, 2022, employee deferrals of \$304,224 were withheld from several payrolls and not remitted on a timely basis (as defined by the Department of Labor "DOL") by the Plan Sponsor. The Plan Sponsor subsequently remitted all such deferrals to the trust, filed and paid the appropriate excise tax, and contributed lost earnings to the affected participants. This transaction was prohibited according to the provisions of the DOL.
