ROSENDIN ELECTRIC 401(k) SAVINGS PLAN
FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2023 AND 2022

INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor of
Rosendin Electric 401(k) Savings Plan
San Jose, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rosendin Electric 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rosendin Electric 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Fidelity Management Trust Company, the trustee and custodian of the Plan, which is a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rosendin Electric 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rosendin Electric 401(k) Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rosendin Electric 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rosendin Electric 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROSENDIN ELECTRIC 401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 - Description of plan

General

The following description of Rosendin Electric 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan adopted by Rosendin Electric, Inc. (the "Company" and "Plan Sponsor"), to provide benefits to eligible employees who are not otherwise covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In June 2013, the Plan was amended to be a multiple employer plan by including Bladeroom USA, LLC, as a participating employer to the Plan. In 2018, Bladeroom USA, LLC was sold to an unrelated entity. The Plan was restated on October 4, 2021.

In April 2020, certain provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act and the Setting Every Community Up for Retirement Enhancement ("SECURE") Act were made available to plan participants. The provisions of the CARES Act were formally adopted in May 2023.

Administration

The Company has appointed a Fiduciary Committee (the "Committee") to manage the operations of the Plan. The purpose of the Committee is to review investment strategies and investment options, oversee plan expenses and monitor compliance with the Plan Document. The Company has contracted with Fidelity Management Trust Company to act as trustee, custodian. Fidelity Management Trust Company has contracted with Fidelity Workplace Services, LLC to act as administrative and recordkeeping agent. Fidelity Management Trust Company and Fidelity Workplace Services, LLC (collectively "Fidelity") process and maintain participant data and accounting records and monitors compliance with governmental regulatory requirements. During 2023 and 2022, the Company also contracted with Bank of America Merrill Lynch for investment consulting services.

Contributions

Participants may contribute up to 60% of their pretax annual compensation, as defined in the Plan Document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). The Plan allows Roth contributions and Roth rollover contributions into the Plan. The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants' deferral rates are set at 5% of eligible compensation, subject to annual automatic deferral increases up to 15%, unless changed by the participant. Contributions of participants enrolled under auto enrollment are invested in a designated balanced fund until changed by the participant. Participants direct the investment of their contributions and non-discretionary matching contributions into various investment options offered by the Plan. The Company makes non-discretionary matching contributions equal to 100% of each participant's salary reduction contribution up to a maximum amount of \$2,000 annually. The Plan also allows for annual discretionary profit-sharing contributions in an amount determined by the Company's board of directors. For the years ended December 31, 2023 and 2022, the Company did not make any discretionary profit-sharing contributions to the Plan. Contributions are subject to certain IRS limitations.

ROSENDIN ELECTRIC 401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 - Description of plan (continued)

Participant accounts

Each participant's account is credited with the participant's contributions, Company matching and profit-sharing contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's non-discretionary matching and discretionary profit-sharing contributions for each participant's account is based on years of continuous service. A participant is 100% vested upon completing six years of credited service. Employees become 100% vested in the employer portion of their accounts upon retirement, death or disability, as defined in the Plan Document.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, or \$100,000 or 100% of their vested account balance for a CARES Act loan. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 10%, which are commensurate with local prevailing rates as determined by the Plan's third-party administrator. Loan terms range up to five years or may exceed five years for the purchase of a primary residence. A participant may only have one loan outstanding at any given time. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of benefits

Upon reaching the age of 59½ and at the discretion of the participant or upon termination of service due to death, disability, or retirement, a participant or the designated beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Upon termination, if the participant's or beneficiary's vested account balance is \$5,000 or less, the Plan allows the trustee to distribute the vested account balance to an Individual Retirement Account ("IRA") for the participant's benefit.

Vested balances of \$1,000 or less will be distributed as a lump-sum amount without the participant's consent.

Forfeited accounts

Forfeitures are first used to pay administrative expenses of the Plan, if elected by the Plan trustees, and any remaining amounts may be used to reduce future employer contributions. At December 31, 2023 and 2022, forfeited non-vested accounts amounted to \$314,182 and \$302,327, respectively. For the years ended December 31, 2023 and 2022, forfeitures used to reduce employer discretionary matching contributions were \$674,340 and \$738,556, respectively.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

The Plan's investment in the Putnam Stable Value Fund represents an indirect investment in a fully-benefit responsive investment contract, which is reported at fair value without presenting the adjustment for contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan Document. No allowance for credit losses was deemed necessary by the Plan Sponsor based on an assessment of the outstanding notes receivable from participants at December 31, 2023 and 2022.

Excess employee and employer contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. Excess participant contributions amounted to \$2,464,232 and \$1,749,758 for the years ended December 31, 2023 and 2022, respectively. The Plan has also recognized a payable in the amount of \$225,808 and \$161,603 related to excess contributions made by the Plan Sponsor during 2023 and 2022, respectively. The Plan expects to refund the excess 2023 employee contributions to its participants during 2024 and use the excess employer contributions to offset future employer contributions and pay administrative expenses. The 2022 excess employer contributions were used to offset employer contributions funded to the Plan in 2023 and the excess employee contributions and accumulated investment earnings or losses thereon were refunded to participants in 2023.

Notes to Financial Statements

December 31, 2023 and 2022

Note 2 - Summary of accounting policies (continued)

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, participants' withdrawals, and managed advisory services are charged directly to the participants' accounts. Such fees, adjusted for administrative revenue allowance, totaled \$81,434 and \$114,339 for the years ended December 31, 2023 and 2022, respectively. Fees paid by the Plan for investment fund expenses and administrative services ranged from 0.015% to 1.11% and 0.015% to 1.12% of the respective fund value for the years ended December 31, 2023 and 2022. These fees are included as a reduction of the net appreciation and depreciation of each investment fund and charged to participants' accounts. The Plan's investment advisor receives a fixed fee per quarter, which was paid directly by the Plan Sponsor in 2023 and 2022.

Subsequent events

In preparing its financial statements, the Plan Sponsor has evaluated subsequent events through October 11, 2024, which is the date the financial statements were available to be issued.

Note 3 - Certified investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation and depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee and custodian of the Plan.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. The Plan's investments in mutual funds are valued at the daily closing price as reported by these funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV), and to transact at that price. The mutual funds are deemed to be actively traded.

ROSENDIN ELECTRIC 401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Note 4 - Fair value measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

No assets were noted at Levels 2 and 3 for the years ended December 31, 2023 and 2022. There have been no changes in the valuation methodologies used at December 31, 2023 and 2022.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total

Investments at fair value	<u>\$ 115,438,386</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 118,552,928</u>

*In accordance with ASC subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

ROSENDIN ELECTRIC 401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Note 4 - Fair value measurements (continued)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2023 and 2022:

Investments	Fair Value as of December 31,		Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
	2023	2022			
Common Collective Trust - Putnam Stable Value Fund	\$ 3,157,901	\$ 3,114,542	n/a	Daily	7-30 days

The Plan's common collective trust fund asset is invested in high-quality guaranteed investment contracts and in synthetic wrap contracts, including insurance separate accounts as well as high-quality money market instruments and cash equivalents. The underlying investments may include asset-backed securities, corporate bonds, mortgage-backed securities, and securities issued or backed by U.S. government agencies. The fair value of the Putnam Stable Value Fund, a common collective trust fund, is based on the investments (NAV) per unit, as reported by the manager of the fund. The initial pricing input is the quoted price obtained for the underlying fund, which is then adjusted to apply factors disclosed in the contract. There is no immediate recognition of the investment gains and losses on the fund's securities. Instead, gains or losses are recognized over time by periodically adjusting the interest rate credited to the fund under the synthetic wrap. The synthetic wrap allows a stable value fund to maintain a constant NAV and protects the fund in certain circumstances.

All of the contracts that the Putnam Stable Value Fund (the "Fund") purchases are benefit-responsive at contract value for all plan permitted, participant directed transactions. There are no exceptions to this stipulation. Additionally, the Fund negotiates contracts with certain employer-initiated transaction provisions including percentage allowances for targeted layoffs, bankruptcy resulting in employee job loss, reorganizations, spin-offs, and plan terminations. Due to the size of the Fund and the specific percentage allowances negotiated by the Fund, it is highly unlikely that any event would occur that would limit the Fund's ability to transact at contract value with each issuer under these events.

The only event or circumstance that would allow issuers to immediately terminate a fully benefit-responsive wrap contract with the Fund at an amount different from contract value would be if they were provided with willingly fraudulent information about the Fund by the trustee. This would constitute a breach of contract and would allow for termination at a value that could be different from contract value. Additionally, most wrap contracts have provisions that allow the issuer to terminate at book value over a specified period of time, normally the duration of the portfolio being wrapped. At no point may an issuer of a wrap contract immediately terminate at market value (other than as specified above) if the market value of the underlying portfolio is less than the book value.

Note 5 - Rollover contributions

During 2023, rollover contributions of \$1,540,136 from other plans were from thirty-nine active participants. During 2022, rollover contributions of \$2,380,136 from other plans were from thirty-nine active participants.

ROSENDIN ELECTRIC 401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Note 6 - Related party transactions and party-in-interest transactions

Plan investments in mutual funds are managed by Fidelity and other fund managers, and the stable value fund is managed by Putnam Investments. Fidelity is also the trustee, custodian and recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Refer to **Note 2 - Expenses** for expenses of the Plan paid by the Plan Sponsor as well as the Plan participants to these parties-in-interest. All these transactions are considered party-in-interest transactions under ERISA regulations but are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan Document to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 - Tax status

The Internal Revenue Service has determined and informed Fidelity by letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving this opinion letter, plan management and Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date and through the date of issuance of the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position not likely to be sustained upon examination by taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 9 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Market risks include global events such as an international conflict or economic instability, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
