INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Industrial Metal Supply Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Industrial Metal Supply Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for plan benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of December 31, 2023 and Schedule H, Line 4i – Schedule of Assets (held at year end) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDUSTRIAL METAL SUPPLY COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the Industrial Metal Supply Company 401(k) Plan (the “Plan”) is provided for general information only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a profit-sharing plan and was adopted as of April 1, 1980 to provide benefits to employees of Industrial Metal Supply Company (the “Employer”). The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (“IRC”) and the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Plan is a voluntary salary-deferral plan designed to enable employees to maintain tax-deferred savings accounts.

Administration

The Employer has appointed a Plan Administrator to manage the operation and administration of the Plan. Fidelity Management Trust Company is the trustee and recordkeeper for the Plan. Benefit Financial Services Group is the Investment Advisor for the Plan.

Eligibility

Each full-time employee shall be eligible to participate on the first day of the month following the completion of three months of employment and are at least 18 years old. Each part-time employee shall be eligible to participate as long as they are 21 years old and after completing at least 1,000 hours of service during any Plan eligibility computation period (12-consecutive-month period beginning on an employee’s employment commencement date and each 12-consecutive month period beginning on an anniversary of the employment commencement date). Leased employees and nonresident aliens, who do not receive U.S. source income are excluded from the Plan.

Employee Contributions

Employees may contribute up to 60% of their pretax annual compensation pursuant to a salary deferral agreement subject to maximum amounts allowable by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to the maximum of 60% of compensation. Participants may also rollover amounts representing distributions from other qualified defined or contribution plans. Contributions are subject to certain limitations. Employees are automatically enrolled at 2% deferral rate when they become eligible, and the deferral rate increases 1% each year automatically unless the employees elect a different rate. The Plan allows Roth contributions as of April 28, 2023.

Employer Discretionary Contributions

The Employer may make discretionary contributions to the Plan. Such contributions may not exceed limitations imposed by the IRC. No discretionary contributions were made for the year ended December 31, 2023.

The Employer may make discretionary matching contributions to the Plan based upon a percentage, determined by the employer, of the participants’ contributions. Such contributions may not exceed limitations imposed by the IRC.

INDUSTRIAL METAL SUPPLY COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Discretionary Contributions (Continued)

The Employer-matching contributions were made according to the following graduated scale for the year ended December 31, 2023:

- 75% of a participant's salary deferral up to 2% of a participant's gross compensation
- 50% of a participant's salary deferral for amounts between 2% and 4% of a participant's gross compensation
- 25% of a participant's salary deferral for amounts between 4% and up to 6% of a participant's gross compensation

Participant Accounts

Each participant's account is credited with the participant's contribution, rollovers from qualified plans, employer match, and allocations of employer contributions and Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, rollovers from other plans and earnings thereon. Employer discretionary and matching contributions are subject to a four-year vesting schedule of 25% per year for each year of service. Participants also become fully vested upon retirement due to disability, upon death and upon termination of the Plan.

Investment Options

Participants must direct their salary deferral contributions to selected investments, as made available and determined by the Trustee Committee. Employer contributions are invested in the same manner as deferral contributions. Participants may change their investment options at any time throughout the year via the third-party administrator's website.

Notes Receivable from Participants

Participants may borrow from their vested fund accounts up to a maximum of the lesser of \$50,000 or 50% of their account balance. Loan terms are up to five years for general-purpose loans and up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participants' account and bear interest at a rate commensurate with the local prevailing rate as determined by the Plan Administrator. Participants may have two loans outstanding at any time. Defaulted participant loans are reclassified as distributions based upon the term of the Plan document. At December 31, 2023, interest rates on notes receivable from participants ranged from 4.25% to 9.5% and mature through 2028 with principal and interest paid ratably through payroll deductions. At December 31, 2022, interest rates on notes receivable from participants ranged from 4.25% to 7.25% and mature through 2027 with principal and interest paid ratably through payroll deductions.

INDUSTRIAL METAL SUPPLY COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Forfeitures

Forfeitures may be applied to pay certain administrative expenses of the Plan and/or reduce Employer contributions. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$80,541 and \$64,521, respectively. For the year ended December 31, 2023, \$38,087 of forfeitures were used for plan expenses.

Plan Expenses

For the year ended December 31, 2023, administrative expenses included recordkeeping fees and loan origination fees charged by Fidelity Investments Institutional Operations Company, Inc. and audit fees paid to the Plan's independent accountants. Other costs of administration are ordinarily paid by the Employer and are excluded from these financial statements.

Payments of Benefits

Benefits are payable when one of the following occurs:

- a. The participant reaches normal retirement age as defined by the Plan agreement.
- b. The participant terminates employment.
- c. The participant reaches age 59 1/2 and elects to withdraw part or all of his or her account.

In any case, benefits shall be paid at age 72. Special provisions apply in the case of death or disability.

For any participants whose account balance is less than \$5,000, the balance will be paid as a lump sum distribution. Participants with balances greater than \$5,000 must elect to receive the vested interest in the account in a lump sum or required minimum distributions at age 73.

Financial Hardship Distributions

The Plan allows hardship withdrawals in accordance with Internal Revenue Service (IRS) regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

INDUSTRIAL METAL SUPPLY COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared in accordance with principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of Plan assets available for plan benefits as of the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Registered investment companies and money market funds are stated at aggregate fair market values based on prices or net asset values quoted on the last business day of the year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for additional discussion of fair value measurement.

The stable value fund is a fully benefit-responsive investment contract, which is stated at contract value. See Note 6 for additional discussion on stable value fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees charged to the Plan for investments are based on assets invested and are deducted on a daily basis. Management fees are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance based on the interest rate and repayment terms specified in the loan documents. Related fees are recorded as administrative expenses and are expensed when they are incurred.

INDUSTRIAL METAL SUPPLY COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants (Continued)

At December 31, 2023 and 2022, there was no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and notes are collateralized by the participants' account balances. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits paid to participants are recognized when paid.

Income Taxes

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the United States Department of Labor ("DOL"). The Plan's management has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability, asset, or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 3 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors will occur in the near term, and that such changes would materially affect participants' account balances, and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

NOTE 4 – CERTIFIED INFORMATION

The Plan's management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for plan benefits, as of December 31, 2023 and 2022;

INDUSTRIAL METAL SUPPLY COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 – CERTIFIED INFORMATION (Continued)

- Net appreciation in fair value of investments, dividend and interest income, other income, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2023;
- Assets reflected on the Supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023.

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The fair values of registered investment companies and cash in interest bearing money market mutual fund accounts are based on quoted net asset values of the shares held by the Plan at year-end. All investments were valued using Level 1 Fair Value Measurements.

The three levels of the fair value hierarchy under ASC 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability; and• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

INDUSTRIAL METAL SUPPLY COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered investment companies/mutual funds:

Valued at the daily closing price reported by the fund. Registered investment companies/mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission (SEC).

These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies/mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds:

Valued at cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022 for recurring items:

	Reported Fair Value	Fair Value Measurements Using Quoted Prices in Active Markets for Identical Assets (Level 1)
December 31, 2023		
Registered investment companies	\$ 27,018,858	\$ 27,018,858
Money market funds	<u>2,053,730</u>	<u>2,053,730</u>
Total	<u>\$ 29,072,588</u>	<u>\$ 29,072,588</u>

INDUSTRIAL METAL SUPPLY COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

	Reported Fair Value	Fair Value Measurements Using Quoted Prices in Active Markets for Identical Assets (Level 1)
December 31, 2022		
Registered investment companies	\$ 22,076,570	\$ 22,076,570
Money market funds	<u>1,949,256</u>	<u>1,949,256</u>
Total	<u>\$ 24,025,826</u>	<u>\$ 24,025,826</u>

NOTE 6 – STABLE VALUE FUND

At December 31, 2023, the Plan maintained a stable value common trust fund. The fund is operated by T. Rowe Price Trust Company. The contract underlying this investment option is considered to be fully-benefit responsive in accordance with U.S. GAAP. Contract value is the relevant measurement attribute for that portion of the Plan's net assets available for plan benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the term of the defined contribution plan that invests in the trust.

Investment transactions are accounted for on the trade date basis for financial reporting purposes; transactions in investment contracts do not affect contract value until the settlement date. Income and expenses are recorded on the accrual basis. Income from investment contracts is recorded at the contract rate, which is referred to as the crediting rate. Crediting rates are determined in accordance with contract terms and are net of investment-related costs permitted by the contract, generally issuer fees and custody charges for underlying assets. Under the terms of fully benefit-responsive contracts, earnings on the underlying assets, including interest income, dividends, and realized and unrealized gains and losses, as well as dividends and capital gain distributions received from investments in other trusts, if any, generally are factored into the next computation of the crediting rate which resets on a quarterly basis and cannot result in a crediting rate less than zero. Crediting interest rates were 3.12% and 2.39% as of December 31, 2023 and 2022, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code, (2) premature termination of the contract, (3) Plan termination or merger, (4) changes to the Plan's prohibition on competing investment options or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

INDUSTRIAL METAL SUPPLY COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6 – STABLE VALUE FUND (Continued)

The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 7 – TERMINATION OF THE PLAN

Although the Employer has not expressed any interest in doing so, it has the right to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their account.

NOTE 8 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan paid Fidelity Management Trust Company ("FMTC") \$15,520 during the year ended December 31, 2023 for recordkeeping services. FMTC is the trustee of the Plan.

Investment fees incurred by the Plan are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Employer generally pays directly any other fees related to the Plan's operations. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. For the year ended December 31, 2023, the Plan paid such fees out of forfeitures.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for plan benefits and changes in net assets available for plan benefits per the financial statements to Form 5500:

	<u>2023</u>	<u>2022</u>

Excess employee contributions liabilities at year end	<u>44,423</u>
Changes in net assets available for plan benefits per Form 5500	<u>\$ 5,207,707</u>

NOTE 10 – PROHIBITED TRANSACTIONS

As required by ERISA Section 2510.3-102, the Employer is required to segregate participant contributions from its general assets and remit them to the Plan as soon as administratively feasible.

During the plan year ended December 31, 2022, the Employer inadvertently failed to remit certain participant contributions totaling \$182,555 of participant deferrals within the required timeframe as stated by the United States DOL. The Employer calculated the lost earnings on the \$182,555 of late participant deferrals outside of the DOL's Voluntary Fiduciary Correction Program. Lost earnings totaling \$265 was paid from the Employer's assets in the fourth quarter of 2023.

NOTES TO FINANCIAL STATEMENTS

NOTE 11 – TAX STATUS

The Employer adopted a non-standardized pre-approved volume submitter profit-sharing plan that is the subject of a favorable tax opinion letter from the IRS dated June 30, 2020. The Employer routinely self-reviews the administration of the Plan and has identified an operational error related to updating deferral rates for certain participants. The Employer is in the process of correcting these errors. As of the report date, the Employer assessed the impact of the operational error as immaterial to the financial statements. The plan administrator believes the Plan is currently being operated in accordance with the applicable provisions of the IRC and, accordingly, the plan administrator believes that the Plan is exempt from income taxes.

NOTE 12 – SUBSEQUENT EVENTS

Effective April 5, 2024, the Plan made an amendment removing the eligibility requirements of part time employees for participation into the Plan.

The Plan administrator has evaluated all activity through October 10, 2024, the date the financial statements were available to be issued, and concluded that the following subsequent event has occurred that would require recognition in the financial statements, or disclosure in the notes to the financial statements.
