Report of Independent Auditors

The Benefits Committee
Helena Agri-Enterprises, LLC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Helena Agri-Enterprises, LLC Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a

material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Helena Agri-Enterprises, LLC Savings Plan

Notes to Financial Statements

December 31, 2023

1. Description of the Plan

The following brief description of the Helena Agri-Enterprises, LLC Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description or Plan document for more complete information.

General

The Plan is a defined contribution plan covering substantially all of the employees of Helena Agri-Enterprises, LLC and its subsidiaries, Helena Industries, LLC and Diversified Applications, Inc. (collectively, the Company). The Plan became effective April 1, 1985, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Administration

The Plan administrator is the Benefits Committee. Members are appointed by the Board of Managers.

Bank of America, N.A. (Trustee) is the trustee of the Plan. The trust agreement authorizes the Trustee to invest and reinvest all or part of the Plan's assets in accordance with the participants' investment directions in any available investment fund selected by the Plan administrator. The Trustee has the authority to make payments from the Plan assets, as directed by the Plan administrator.

Administrative Expenses

Administrative expenses of the Plan are paid by the Company at its discretion. In 2023 and 2022, substantially all administrative expenses were paid by the Company. Participants are charged an annual fee directly to their accounts which was \$38 per year billed quarterly for the year ended December 31, 2023.

Contributions

Employees become eligible to participate and contribute to the Plan upon active employment. Participants may defer 1% to 75% of earnings into the Plan, subject to the maximum allowed by the Internal Revenue Code (the Code) on a pre-tax or Roth basis. Participants who have attained age 50 before the end of the Plan year may make Catch-up contributions subject to the maximum allowed by the Code. Catch-up contributions are not subject to Company matching contributions.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Effective January 1, 2023, participants may also make additional after-tax contributions up to the annual Code Section 415 limits.

The Plan has implemented an automatic enrollment policy. New employees are defaulted to a 5% contribution to the Plan, and the rate increases by 1% annually up to a maximum of 15% of compensation. Participants have the ability to opt not to receive the automatic increase and can opt not to contribute the 5% default contribution.

Effective October 1, 2022, the Company matches 100% of participant contributions based on years of service for those participants employed after January 1, 2007. Participants employed less than six years have a maximum match of 5% of compensation. The maximum match increases by 1% annually up to a maximum match of 10% of compensation. Participants employed prior to January 1, 2007 receive a matching contribution of 50% of the first 3% of participant contributions up to a maximum of 1.5% of the participant's eligible earnings. The Company's matching contribution begins immediately upon enrollment. In addition, true-up Company contributions will be made to employed participants at year-end.

Changes to the investment direction or contribution percentages may be made at any time.

Forfeited balances of terminated participants' nonvested accounts will be used to pay administrative expenses or to reduce future Company contributions.

Vesting

Participants hired or rehired before October 1, 2022 are 100% vested in Company contributions after the completion of one year of service. Participants hired or rehired on or after October 1, 2022 are 100% vested in Company contributions after the completion of three years of service.

Benefit Payments

Upon termination of service for retirement, death or disability, a participant or his or her beneficiaries may receive a lump-sum amount equal to the value of his or her account. If termination is for some other reason and his or her account is in excess of \$1,000, a participant may elect to receive payment at any time after termination prior to normal retirement age. Distributions and withdrawals from the Plan can be made under other limited circumstances.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Effective January 1, 2006, active participants and retirees over age 59½ will be able to receive quarterly periodic withdrawals.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum not to exceed the lesser of \$50,000 or 50% of their vested account balances. Loan terms range from one to five years. Loan terms may be extended at the discretion of the Benefits Committee if the loan is for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest at the Federal Reserve Board's prime rate of interest plus 1%. The rate of interest on the loans granted each quarter is based upon the prime rate plus 1% as of the last business day in the preceding quarter. Principal and interest are paid ratably through payroll deductions.

Plan Termination

Although the Company intends to continue the Plan indefinitely, the Plan may be terminated by resolution of the Company's Board of Managers at any time for any reason, subject to the provisions of ERISA. In the event of the termination or partial termination of the Plan or upon the complete discontinuance of contributions under the Plan, the rights of each affected participant to the entire amount credited to his or her account on the date of such termination or discontinuance will become 100% vested and shall be nonforfeitable. Payment of such amounts to each participant or beneficiary, upon the termination of the Plan or upon the complete discontinuance of contributions under the Plan, shall be made by the Trustee at such time and in such manner as is directed by the Benefits Committee.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting. Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Shares of mutual funds are valued based on quoted market prices determined in an active market which represent the net asset value of shares held by the Plan at year-end. Money market funds are valued at the net asset value (NAV) of \$1 per unit. Common/collective trusts (CCTs) are valued using the NAV, which is determined daily, published and is the basis for current transactions with the CCT's investment manager or issuer. Self-directed brokerage accounts primarily consist of U.S. government securities, money market funds and common stock. U.S. government securities are valued generally at matrix-calculated prices that are obtained from various pricing services. Money market funds are valued at the NAV of \$1 per unit. Common stock are valued at the closing price reported in the active market in which the individual securities are traded.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized as earned. Dividends are recorded as of the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Notes to Financial Statements (continued)

3. Investments

Certain investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest income from notes receivable from participants and investment income for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee of the Plan.

4. Fair Value Measurements

The Plan follows a framework for measuring fair value which uses a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The valuation methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

December 31, 2023				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 575,238	\$ —	\$ —	\$ 575,238

Total investments at fair value	<u>\$ 58,592,375</u>	<u>\$ 526,258,787</u>	<u>\$ —</u>	<u>\$ 584,851,162</u>

December 31, 2022				
	Level 1	Level 2	Level 3	Total
Cash, interest bearing	\$ 81,295	\$ —	\$ —	\$ 81,295
Mutual funds	134,552,442	—	—	134,552,442
Common/collective trust funds	—	343,936,737	—	343,936,737
Total investments at fair value	<u>\$ 134,633,737</u>	<u>\$ 343,936,737</u>	<u>\$ —</u>	<u>\$ 478,570,474</u>

5. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated October 16, 2014, stating the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended and restated, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Helena Agri-Enterprises, LLC Savings Plan

Notes to Financial Statements (continued)

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of January 1, 2023, participants with \$100,000 or greater invested in their 401(k) account have the option to open a self-directed brokerage account that allows employees to invest in the funds of their choice outside of the Company's fiduciary responsibilities.

7. Subsequent Events

Subsequent events have been evaluated through October 11, 2024, the date the financial statements were available to be issued.
