INDEPENDENT AUDITORS REPORT

To the Plan Administrator
Alpine Management Services III 401(k) Profit Sharing Plan & Trust
San Francisco, CA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of Alpine Management Services III 401(k) Profit Sharing Plan & Trust ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2023 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- The amounts and disclosures in the accompanying 2023 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2023 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and the supplemental schedule of assets (held at end of year) as of and for the year ended December 31, 2023, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Accountant's Compilation Report on the 2022 Financial Statement

Management is responsible for the accompanying statement of net assets available for benefits as of December 31, 2022, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with the Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2022 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2022 financial statement.

Alpine Management Services III 401(k) Profit Sharing Plan & Trust
Notes to Financial Statements
December 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN

The following description of Alpine Management Services III 401(k) Profit Sharing Plan & Trust ("Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution savings plan, sponsored by Alpine Management Services LLC ("Plan Sponsor"), which provides benefits to eligible employees, as defined in the plan document, of the Plan Sponsor and Alpine Operations Group LLC, a wholly owned subsidiary of the Plan Sponsor (collectively "Employers"). The Plan was established in 2002 and is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), and subsequent laws.

Plan administration

The Plan Sponsor is the Plan Administrator. The Plan Sponsor contracted with Mid Atlantic Trust Company ("MATC") to serve as the custodian and the directed trustee, and with Paychex, Inc. to provide recordkeeping services to the Plan. In addition to the assets held by MATC, the Plan Sponsor has an arrangement with Fidelity Investments ("Fidelity") to allow participants to invest in self-directed brokerage accounts, carried by National Financial Services LLC ("NFS"), a wholly owned subsidiary of Fidelity. Brokerage services are provided by Fidelity Brokerage Services LLC, an affiliate of NFS.

Eligibility

The Plan covers substantially all employees, except employees who are covered by a collective bargaining agreement, leased employees and certain non-resident aliens. Eligible employees, who are at least age 18, may participate in the Plan and are eligible to receive safe harbor matching contributions.

Contributions

Each year, participants may contribute up to 92% of their eligible pre-tax or after-tax (as Roth contributions) compensation, as defined by the plan document, up to the maximum annual amount allowed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

All newly eligible participants are automatically enrolled in the Plan at 3% of their eligible pre-tax compensation, unless they affirmatively opt out of participation or make an alternative deferral election, with automatic annual escalation of 1% up to a maximum of 6% on the first day of each plan year. Participants who are automatically enrolled in the Plan may change their contribution rate or cease contributions at any time.

Participants are also allowed to make rollover contributions to the Plan from other qualified defined benefit or defined contribution plans.

The Employers make safe harbor matching contributions equal to 100% of the first 1% and 50% of the next 5% of each participant's eligible deferred compensation, as defined in the plan document. For the year ended December 31, 2023, the Employers contributed approximately \$966,000 in safe harbor matching contributions.

Participants direct the investment of contributions to their respective accounts into the investment options offered by the Plan.

Alpine Management Services III 401(k) Profit Sharing Plan & Trust
Notes to Financial Statements
December 31, 2023 and 2022

Vesting

Participants are immediately 100% vested in their elective contributions, plus earnings thereon. Participants are 50% vested in the Employers safe harbor matching contributions, plus earnings thereon, after one year of service and fully vested after two years of service, as defined in the plan document. Participants become fully vested in the event of death or disability, as defined in the plan document.

Forfeitures

Forfeited nonvested account balances included with Plan assets are approximately \$22,700 and \$500 as of December 31, 2023 and 2022, respectively. These accounts can be used to reduce future Employers contributions or plan expenses, as permitted by the plan document.

Participant accounts

Each participant's account is credited with the participant's contributions, Employers contributions, and allocations of plan earnings. Accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants direct the investment of their account into various investment options offered by the Plan.

Notes receivable from participants

Participants may borrow from their account a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 47.5% of their vested account balance. Notes receivable from participants ("participant loans") are issued by the Plan and secured by the balance in the participant's account. Participant loans must be repaid within 4.5 years, unless the participant's loan is used to acquire a primary residence, in which case the repayment period may be longer. Participant loans bear a rate of interest equal to the prime rate plus 1%. Principal and interest can be paid ratably through payroll deductions with payments made each pay period; participants can also make loan repayments directly to the Plan, outside of payroll. Outstanding participant loans at December 31, 2023 bear annual interest rates ranging from 4.25% to 9.50%.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, disability or death. The Plan permits in-service and hardship withdrawals under certain conditions, as described in the plan document. Upon termination, participants with total vested account balances of up to \$1,000 may automatically receive a lump sum cash distribution from the Plan. Unless affirmatively elected otherwise by the participant, if a participant's vested account balance is greater than \$1,000 and not more than \$5,000, the balance may be automatically rolled over into an individual retirement account, preselected by the Plan. If a participant's vested account balance is greater than \$5,000, the participant may consent to either a distribution from the Plan or postpone payment to a later date and remain in the Plan, as described in the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the change therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements
December 31, 2023 and 2022

Notes receivable from participants

Participant loans are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded on an accrual basis. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions are separated from a participant's pay by the Employers, which is the pay date. Contributions from the Employers are recorded in the year earned to coincide with the year the Employers record the contributions in their financial statements. Rollover contributions from participants are recorded based on the date the contributions are received by the Plan.

Investment valuation

The Plan's investments are reported at fair value. MATC, a qualified institution, certifies the fair value of all investments, except for assets held in self-directed brokerage accounts. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 4.

Income recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain administrative expenses were charged to participant accounts, as permitted by the plan document and ERISA. Other administrative expenses were paid directly by the Plan Sponsor for the year ended December 31, 2023 and they are excluded from these financial statements; the Plan is not expected to reimburse the Plan Sponsor for these expenses. Investment fees, which may vary according to the individual investment options selected, are paid out of the assets of the Plan.

Subsequent events

The Plan has evaluated subsequent events through October 10, 2024, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY MATC

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information was certified as complete and accurate by MATC, and was not subjected to any auditing procedures performed by the independent auditors:

- Investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, except those assets held in self-directed brokerage accounts.
- Net appreciation in fair value of investments, dividend and interest income, reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023, except for net income of approximately \$420,000 from assets held in the self-directed brokerage accounts.
- Investments reflected on the Schedule of Assets (Held at End of Year), except those assets held in the self-directed brokerage accounts.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.
- Level 2 - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Self-directed brokerage accounts: Investments elected by participants through the Plan's individual brokerage account option, which include interest-bearing cash, corporate bonds, mutual funds, ETFs and common stock. Interest-bearing cash is valued at amortized cost plus accrued interest. Corporate bonds are valued using pricing models maximizing the user of observable inputs for similar securities. Mutual funds, ETFs and common stock investments included in the brokerage account are valued at the closing price reported on the active market on which the individual securities are traded.

Notes to Financial Statements
December 31, 2023 and 2022

Mutual funds: Valued at the daily closing price as reported by the funds. The funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,656,143	\$ -	\$ -	\$ 11,656,143
Self-directed brokerage accounts	\$ 2,451,598	\$ -	\$ -	\$ 2,451,598
Investments, at fair value	<u>\$ 14,107,741</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,107,741</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,967,751	\$ -	\$ -	\$ 6,967,751
Self-directed brokerage accounts	\$ 2,075,101	\$ -	\$ -	\$ 2,075,101
Investments, at fair value	<u>\$ 9,042,852</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,042,852</u>

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

6. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Employers and their employees, and certain others. Certain Plan investments are managed by Fidelity or its affiliates. As such, transactions conducted by Fidelity and its affiliates, qualify as party-in-interest transactions. The Employers paid certain fees and expenses on behalf of the Plan to Paychex and MATC. These transactions qualify as party in interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

7. PROHIBITED TRANSACTIONS

The Employers failed to remit certain participant deferrals and loan repayments of approximately \$2,608,000 within the period allowed by the DOL. During 2024, the Plan Sponsor made contributions to the majority of the affected participants' accounts to compensate those participants for lost earnings due to the delays. The Plan Sponsor is in the process of making corrections for any remaining uncorrected prohibited transactions.

8. TAX STATUS

The Plan has adopted a non-standardized pre-approved defined contribution plan document that has received a favorable opinion letter from the Internal Revenue Service dated August 31, 2020, which stated that the plan document, as then designed, was in accordance with applicable sections of the IRC. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RECONCILIATION TO FORM 5500

The following is a reconciliation of the net assets available for benefits reported in the financial statements and the net assets reported on Form 5500 as of December 31:

	2023	2022 (unaudited)
Net assets available for benefits, per the financial statements	\$ 14,951,535	\$ 9,689,220
Contributions receivable at year end	-	(564,058)
Net assets, per Form 5500	<u>\$ 14,951,535</u>	<u>\$ 9,125,162</u>

The following is a reconciliation of the change in net assets available for benefits reported in the financial statements and the net income reported on Form 5500 for the year ended December 31:

	2023
Changes in net assets available for benefits, per the financial statements	\$ 5,262,315
Contributions receivable at December 31, 2022	564,058
Net income, per Form 5500	<u>\$ 5,826,373</u>

10. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants would become fully vested in their account balances in the event the Plan is terminated.
