----------	--	-----------	---------

Part III Welfare Benefit Contract Information

If more than one contract covers the same group of employees of the same employer(s) or members of the same employee organizations(s), the information may be combined for reporting purposes if such contracts are experience-rated as a unit. Where contracts cover individual employees, the entire group of such individual contracts with each carrier may be treated as a unit for purposes of this report.

8 Benefit and contract type (check all applicable boxes)

- a** ☐ Health (other than dental or vision)
b ☐ Dental
c ☐ Vision
d ☐ Life insurance
e ☐ Temporary disability (accident and sickness)
f ☐ Long-term disability
g ☐ Supplemental unemployment
h ☐ Prescription drug
i ☐ Stop loss (large deductible)
j ☐ HMO contract
k ☐ PPO contract
l ☐ Indemnity contract
m ☐ Other (specify) ▶

9 Experience-rated contracts:

a Premiums: (1) Amount received	9a(1)		
(2) Increase (decrease) in amount due but unpaid	9a(2)		
(3) Increase (decrease) in unearned premium reserve	9a(3)		
(4) Earned ((1) + (2) - (3))		9a(4)	
b Benefit charges (1) Claims paid	9b(1)		
(2) Increase (decrease) in claim reserves	9b(2)		
(3) Incurred claims (add (1) and (2))		9b(3)	
(4) Claims charged		9b(4)	
c Remainder of premium: (1) Retention charges (on an accrual basis) --			
(A) Commissions	9c(1)(A)		
(B) Administrative service or other fees	9c(1)(B)		
(C) Other specific acquisition costs	9c(1)(C)		
(D) Other expenses	9c(1)(D)		
(E) Taxes	9c(1)(E)		
(F) Charges for risks or other contingencies	9c(1)(F)		
(G) Other retention charges	9c(1)(G)		
(H) Total retention		9c(1)(H)	
(2) Dividends or retroactive rate refunds. (These amounts were ☐ paid in cash, or ☐ credited.)		9c(2)	
d Status of policyholder reserves at end of year: (1) Amount held to provide benefits after retirement		9d(1)	
(2) Claim reserves		9d(2)	
(3) Other reserves		9d(3)	
e Dividends or retroactive rate refunds due. (Do not include amount entered in line 9c(2).)		9e	

10 Nonexperience-rated contracts:

a Total premiums or subscription charges paid to carrier	10a	
b If the carrier, service, or other organization incurred any specific costs in connection with the acquisition or retention of the contract or policy, other than reported in Part I, line 2 above, report amount. Specify nature of costs.	10b	

Part IV Provision of Information

11 Did the insurance company fail to provide any information necessary to complete Schedule A? ☐ Yes ☒ No

12 If the answer to line 11 is "Yes," specify the information not provided. ▶

SCHEDULE C (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Service Provider Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA). ▶ File as an attachment to Form 5500. (9) Net investment gain (loss) from 103-12 investment entities.....	2b(9)		
(10) Net investment gain (loss) from registered investment companies (e.g., mutual funds)	2b(10)		-4020926
c Other income	2c		-140974
d Total income. Add all income amounts in column (b) and enter total	2d		7406498
Expenses			
e Benefit payment and payments to provide benefits:			
(1) Directly to participants or beneficiaries, including direct rollovers	2e(1)	1588320	
(2) To insurance carriers for the provision of benefits	2e(2)		
(3) Other	2e(3)		
(4) Total benefit payments. Add lines 2e(1) through (3)	2e(4)		1588320
f Corrective distributions (see instructions)	2f		65886
g Certain deemed distributions of participant loans (see instructions)	2g		20635
h Interest expense	2h		
i Administrative expenses: (1) Professional fees	2i(1)		
(2) Contract administrator fees	2i(2)	52567	
(3) Investment advisory and management fees	2i(3)		
(4) Other	2i(4)	44434	
(5) Total administrative expenses. Add lines 2i(1) through (4)	2i(5)		97001
j Total expenses. Add all expense amounts in column (b) and enter total	2j		1771842
Net Income and Reconciliation			
k Net income (loss). Subtract line 2j from line 2d	2k		5634656
l Transfers of assets:			
(1) To this plan	2l(1)		
(2) From this plan	2l(2)		27429391

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: PANNELLE KERR FORSTER OF TEXAS, P.C

(2) EIN: 76-0356884

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

	Yes	No	Amount
4a		X	

	Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)			
4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?			
4k		X	
l Has the plan failed to provide any benefit when due under the plan?			
4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			
4n			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Akastor U.S. Companies 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Akastor U.S. Companies 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets Held at End of Year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Pannell Kerr Forster of Texas, P.C.

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 1 - Description of Plan

The following description of the Akastor U.S. Companies 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan, established on August 1, 2015 and restated effective January 1, 2022, is a defined contribution plan covering substantially all employees of MH Wirth, Inc, Hydril USA Distribution, LLC, and, Bronco Manufacturing, as adopting employers, as defined in the *Plan Document* (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Effective January 1, 2022, Philly Shipyard, Inc. was removed from the Plan as a participating employer.

Plan trustee and recordkeeper

Prudential Bank & Trust ("Prudential") is the trustee for the Plan. During 2021 and through March 31, 2022 Prudential Retirement Insurance and Annuity Company ("PRIAC") was the custodian of the guaranteed income fund and recordkeeper for the Plan. Effective April 1, 2022, Empower Annuity Insurance Company of America ("EAICA") acquired the full-service retirement business of PRIAC, and as such, became the custodian of the guaranteed income fund and recordkeeper for the Plan.

Eligibility and contributions

Participants are eligible to participate in the Plan immediately upon hire and are automatically enrolled in the Plan at 3% of the employee's eligible compensation. The participant's deferral percentage will automatically increase by 1% per year, up to a maximum of 10% of eligible compensation. Employees may elect a different percentage or elect not to participate in the Plan.

In general, substantially all employees may elect to contribute pre-tax and after-tax contributions up to 75% of their annual compensation, as defined in the *Plan Document*. Participants may also contribute amounts representing distributions from other qualified plans.

The Company may make discretionary match contributions. The Company determines its match program on an annual basis. The Company may also make non-elective contributions as described in the *Plan Document*. Certain classifications of employees are excluded from the Company's discretionary match and non-elective contributions. Contributions are subject to certain Internal Revenue Code ("IRC") limitations. For the year ended December 31, 2022, non-elective contributions were \$1,354,605.

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 1 - Description of Plan (Continued)Participant accounts

Each participant's account is credited with the participant's contribution, an allocation of the employer matching and non-elective contributions, if any, Plan earnings/losses and expenses. Allocations are based on participant earnings or account balances as defined in the *Plan Document*. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants direct the investment of their account balances in any of several investment options. Participants can change their investment allocation among the various investment options either through direct transfers from one fund to another or by changing the percentage of future contributions allocated among the investment options.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years and may be increased up to 20 years for the purchase of a primary residence. The notes are collateralized by the vested balance in the participant's account and bear interest at a rate as determined by the *Plan Document*. Principal and interest are paid ratably through biweekly payroll deductions.

Vesting

Participants are immediately vested in their contributions, rollovers, and employer matching contributions, plus actual earnings thereon. Vesting in the employer non-elective contributions is based on years of continuous service according to the following schedule:

<u>Year(s) of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

In addition, the participants shall be fully vested in their matching and discretionary employer contributions upon the attainment of age 65, disability as defined in the agreement, death or the partial or complete termination of the Plan.

Forfeited balances of terminated participants' nonvested accounts are used, at the discretion of the Company, to reduce the employer contributions to the Plan and/or to pay operating expenses of the Plan for the current and succeeding years. Forfeitures of \$40,216 were used to reduce employer contributions and pay operating expenses during 2022. Total forfeitures available for use by the Plan totaled approximately \$43,543 and \$72,692 as of December 31, 2022 and 2021, respectively.

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 1 - Description of Plan (Continued)Benefit payments

On termination of employment due to death, disability or retirement, a participant ordinarily receives a lump-sum amount equal to the value of the vested interest in his or her account, unless the participant elects an optional form, which includes annuity contracts and installment payments over a period chosen by the participant but not to exceed the participant's life expectancy or the joint life expectancy of the participant and his or her designated beneficiary. Hardship withdrawals may also be granted in accordance with the guidelines of the IRC.

Upon termination, if the value of the participant's account balance is less than \$1,000, the payment will be made in cash in a single lump-sum distribution without a participant's consent. If the value of the participant's account balance is more than \$1,000 but less than \$5,000 and the participant does not consent to a lump-sum distribution, the account balance will be distributed to an individual retirement account for the benefit of the participant. Any taxable distribution paid by the Trustee directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Administrative expenses

Certain expenses incurred in administering the Plan are paid by the Company or paid by the Plan through the reduction of assets.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan in whole or in part at any time, subject to the provisions of ERISA. In the event of Plan termination, the net assets would be allocated among the participants of the Plan in accordance with the provisions of the Plan.

Note 2 - Summary of Significant Accounting PoliciesBasis of accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to use estimates and assumptions that may affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 2 - Summary of Significant Accounting Policies (Continued)Investment valuation and income recognition

The Plan's investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 3). The guaranteed income fund is fully benefit-responsive and is valued at contract value, as provided by EAIC (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividend income is recorded as of the ex-dividend date.

Determination of realized and unrealized gain or loss on investments

Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statement of changes in net assets available for benefits.

Financial instruments and credit risk

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits. Plan participants bear the risk of any investment losses.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivables from participants are recorded as distributions, based upon terms of the *Plan Document*, upon liquidation of their account balance.

Benefit payments

Benefit payments are recorded when paid.

Subsequent events

The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued and determined that there were no subsequent events to be disclosed.

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy in accordance with the fair value standard which establishes a hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 - quoted prices in active markets for identical assets or liabilities;
- Level 2 - inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds - valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 20,980,010	\$ -	\$ -	\$ 20,980,010
Investments at fair value	\$ 20,980,010	\$ -	\$ -	\$ 20,980,010

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 3 - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 41,556,656	\$ -	\$ -	\$ 41,556,656
Investments at fair value	\$ 41,556,656	\$ -	\$ -	\$ 41,556,656

Note 4 - Guaranteed Income Fund

The Plan invests in a fully benefit-responsive investment contract with EAIC, recorded at contract value in the statements of net assets available for benefits. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Contract value is also often referred to as book value.

The guaranteed income fund offers a full guarantee of principal and accumulated interest. Interest rates are declared in advance and guaranteed for six-month periods. The fund invests in a broadly diversified, fixed-income portfolio within EAIC's general account.

The general account is invested in publicly traded and privately placed debt securities and mortgage loans, and, to a lesser extent, real estate and other equity investments. The overall credit quality of the portfolio is investment grade and the exposure to high yield assets is limited to ten percent. In most circumstances, participants may not directly transfer amounts from guaranteed income fund to a competing fund. A transfer out of this investment must be directed to and remain in a non-competing fund for a period of 90 days before it can be invested in a competing fund. Participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes.

Generally, there are no events that could limit the ability of the Plan to transact at contract value or allow EAIC to terminate the contract at an amount other than contract value.

Note 5 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2022 and 2021, and net depreciation in value of investments and interest and dividends for the year ended December 31, 2022, was obtained by the Company and agreed to or derived from information certified as complete and accurate by EAICA, PRAIC, and Prudential.

Note 6 - Parties-in-Interest

Certain Plan assets are managed by the EAICA and, therefore, qualify as party-in-interest transactions.

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 6 - Parties-in-Interest (Continued)

Fees paid to a company for administrative expenses were \$21,912 for the year ended December 31, 2022. Fees paid to a company for investment consulting services were \$20,951 for the year ended December 31, 2022, respectively.

Note 7 - Tax Status

The prototype plan, adopted by the Company, received its latest opinion letter dated April 29, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and was tax-exempt as of December 31, 2022.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2022	2021
Net assets available for benefits per the financial statements	\$ 27,022,760	\$ 48,742,242
Participant contributions receivable	(157,098)	(109,849)
Employer contributions receivable	(147,799)	(119,797)
Other	(2)	-
Net assets per Form 5500	<u>\$ 26,717,861</u>	<u>\$ 48,512,596</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income per Form 5500 for the year and period ended December 31, 2022:

Net increase in assets available for benefits per the financial statements	\$ 5,709,909
Change in participant contributions receivable	(47,249)
Change in employer contributions receivable	(28,002)
Other	<u>(2)</u>
Net loss per Form 5500	<u>\$ 5,634,656</u>

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 9 - Transfer of Assets Out of This Plan

During 2022, the Plan transferred \$27,868,283 in assets to a qualified plan. This is related to the removal of Philly Shipyard, Inc. as a participating employer in the Plan in 2022.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Akastor U.S. Companies 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Akastor U.S. Companies 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets Held at End of Year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 1 - Description of Plan

The following description of the Akastor U.S. Companies 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan, established on August 1, 2015 and restated effective January 1, 2022, is a defined contribution plan covering substantially all employees of MH Wirth, Inc, Hydril USA Distribution, LLC, and, Bronco Manufacturing, as adopting employers, as defined in the *Plan Document* (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Effective January 1, 2022, Philly Shipyard, Inc. was removed from the Plan as a participating employer.

Plan trustee and recordkeeper

Prudential Bank & Trust ("Prudential") is the trustee for the Plan. During 2021 and through March 31, 2022 Prudential Retirement Insurance and Annuity Company ("PRIAC") was the custodian of the guaranteed income fund and recordkeeper for the Plan. Effective April 1, 2022, Empower Annuity Insurance Company of America ("EAICA") acquired the full-service retirement business of PRIAC, and as such, became the custodian of the guaranteed income fund and recordkeeper for the Plan.

Eligibility and contributions

Participants are eligible to participate in the Plan immediately upon hire and are automatically enrolled in the Plan at 3% of the employee's eligible compensation. The participant's deferral percentage will automatically increase by 1% per year, up to a maximum of 10% of eligible compensation. Employees may elect a different percentage or elect not to participate in the Plan.

In general, substantially all employees may elect to contribute pre-tax and after-tax contributions up to 75% of their annual compensation, as defined in the *Plan Document*. Participants may also contribute amounts representing distributions from other qualified plans.

The Company may make discretionary match contributions. The Company determines its match program on an annual basis. The Company may also make non-elective contributions as described in the *Plan Document*. Certain classifications of employees are excluded from the Company's discretionary match and non-elective contributions. Contributions are subject to certain Internal Revenue Code ("IRC") limitations. For the year ended December 31, 2022, non-elective contributions were \$1,354,605.

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 1 - Description of Plan (Continued)Participant accounts

Each participant's account is credited with the participant's contribution, an allocation of the employer matching and non-elective contributions, if any, Plan earnings/losses and expenses. Allocations are based on participant earnings or account balances as defined in the *Plan Document*. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants direct the investment of their account balances in any of several investment options. Participants can change their investment allocation among the various investment options either through direct transfers from one fund to another or by changing the percentage of future contributions allocated among the investment options.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years and may be increased up to 20 years for the purchase of a primary residence. The notes are collateralized by the vested balance in the participant's account and bear interest at a rate as determined by the *Plan Document*. Principal and interest are paid ratably through biweekly payroll deductions.

Vesting

Participants are immediately vested in their contributions, rollovers, and employer matching contributions, plus actual earnings thereon. Vesting in the employer non-elective contributions is based on years of continuous service according to the following schedule:

Year(s) of Service	Vesting Percentage
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

In addition, the participants shall be fully vested in their matching and discretionary employer contributions upon the attainment of age 65, disability as defined in the agreement, death or the partial or complete termination of the Plan.

Forfeited balances of terminated participants' nonvested accounts are used, at the discretion of the Company, to reduce the employer contributions to the Plan and/or to pay operating expenses of the Plan for the current and succeeding years. Forfeitures of \$40,216 were used to reduce employer contributions and pay operating expenses during 2022. Total forfeitures available for use by the Plan totaled approximately \$43,543 and \$72,692 as of December 31, 2022 and 2021, respectively.

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 1 - Description of Plan (Continued)Benefit payments

On termination of employment due to death, disability or retirement, a participant ordinarily receives a lump-sum amount equal to the value of the vested interest in his or her account, unless the participant elects an optional form, which includes annuity contracts and installment payments over a period chosen by the participant but not to exceed the participant's life expectancy or the joint life expectancy of the participant and his or her designated beneficiary. Hardship withdrawals may also be granted in accordance with the guidelines of the IRC.

Upon termination, if the value of the participant's account balance is less than \$1,000, the payment will be made in cash in a single lump-sum distribution without a participant's consent. If the value of the participant's account balance is more than \$1,000 but less than \$5,000 and the participant does not consent to a lump-sum distribution, the account balance will be distributed to an individual retirement account for the benefit of the participant. Any taxable distribution paid by the Trustee directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Administrative expenses

Certain expenses incurred in administering the Plan are paid by the Company or paid by the Plan through the reduction of assets.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan in whole or in part at any time, subject to the provisions of ERISA. In the event of Plan termination, the net assets would be allocated among the participants of the Plan in accordance with the provisions of the Plan.

Note 2 - Summary of Significant Accounting PoliciesBasis of accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to use estimates and assumptions that may affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 2 - Summary of Significant Accounting Policies (Continued)Investment valuation and income recognition

The Plan's investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 3). The guaranteed income fund is fully benefit-responsive and is valued at contract value, as provided by EAIC (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividend income is recorded as of the ex-dividend date.

Determination of realized and unrealized gain or loss on investments

Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statement of changes in net assets available for benefits.

Financial instruments and credit risk

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits. Plan participants bear the risk of any investment losses.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivables from participants are recorded as distributions, based upon terms of the *Plan Document*, upon liquidation of their account balance.

Benefit payments

Benefit payments are recorded when paid.

Subsequent events

The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued and determined that there were no subsequent events to be disclosed.

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy in accordance with the fair value standard which establishes a hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 - quoted prices in active markets for identical assets or liabilities;
- Level 2 - inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds - valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 20,980,010	\$ -	\$ -	\$ 20,980,010
Investments at fair value	\$ 20,980,010	\$ -	\$ -	\$ 20,980,010

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 3 - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 41,556,656	\$ -	\$ -	\$ 41,556,656
Investments at fair value	\$ 41,556,656	\$ -	\$ -	\$ 41,556,656

Note 4 - Guaranteed Income Fund

The Plan invests in a fully benefit-responsive investment contract with EAIC, recorded at contract value in the statements of net assets available for benefits. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Contract value is also often referred to as book value.

The guaranteed income fund offers a full guarantee of principal and accumulated interest. Interest rates are declared in advance and guaranteed for six-month periods. The fund invests in a broadly diversified, fixed-income portfolio within EAIC's general account.

The general account is invested in publicly traded and privately placed debt securities and mortgage loans, and, to a lesser extent, real estate and other equity investments. The overall credit quality of the portfolio is investment grade and the exposure to high yield assets is limited to ten percent. In most circumstances, participants may not directly transfer amounts from guaranteed income fund to a competing fund. A transfer out of this investment must be directed to and remain in a non-competing fund for a period of 90 days before it can be invested in a competing fund. Participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes.

Generally, there are no events that could limit the ability of the Plan to transact at contract value or allow EAIC to terminate the contract at an amount other than contract value.

Note 5 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2022 and 2021, and net depreciation in value of investments and interest and dividends for the year ended December 31, 2022, was obtained by the Company and agreed to or derived from information certified as complete and accurate by EAICA, PRAIC, and Prudential.

Note 6 - Parties-in-Interest

Certain Plan assets are managed by the EAICA and, therefore, qualify as party-in-interest transactions.

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 6 - Parties-in-Interest (Continued)

Fees paid to a company for administrative expenses were \$21,912 for the year ended December 31, 2022. Fees paid to a company for investment consulting services were \$20,951 for the year ended December 31, 2022, respectively.

Note 7 - Tax Status

The prototype plan, adopted by the Company, received its latest opinion letter dated April 29, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and was tax-exempt as of December 31, 2022.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2022	2021
Net assets available for benefits per the financial statements	\$ 27,022,760	\$ 48,742,242
Participant contributions receivable	(157,098)	(109,849)
Employer contributions receivable	(147,799)	(119,797)
Other	(2)	-
Net assets per Form 5500	<u>\$ 26,717,861</u>	<u>\$ 48,512,596</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income per Form 5500 for the year and period ended December 31, 2022:

Net increase in assets available for benefits per the financial statements	\$ 5,709,909
Change in participant contributions receivable	(47,249)
Change in employer contributions receivable	(28,002)
Other	<u>(2)</u>
Net loss per Form 5500	<u>\$ 5,634,656</u>

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 9 - Transfer of Assets Out of This Plan

During 2022, the Plan transferred \$27,868,283 in assets to a qualified plan. This is related to the removal of Philly Shipyard, Inc. as a participating employer in the Plan in 2022.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Akastor U.S. Companies 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Akastor U.S. Companies 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets Held at End of Year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Pannell Kerr Forster of Texas, P.C.

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 1 - Description of Plan

The following description of the Akastor U.S. Companies 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan, established on August 1, 2015 and restated effective January 1, 2022, is a defined contribution plan covering substantially all employees of MH Wirth, Inc, Hydril USA Distribution, LLC, and, Bronco Manufacturing, as adopting employers, as defined in the *Plan Document* (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Effective January 1, 2022, Philly Shipyard, Inc. was removed from the Plan as a participating employer.

Plan trustee and recordkeeper

Prudential Bank & Trust ("Prudential") is the trustee for the Plan. During 2021 and through March 31, 2022 Prudential Retirement Insurance and Annuity Company ("PRIAC") was the custodian of the guaranteed income fund and recordkeeper for the Plan. Effective April 1, 2022, Empower Annuity Insurance Company of America ("EAICA") acquired the full-service retirement business of PRIAC, and as such, became the custodian of the guaranteed income fund and recordkeeper for the Plan.

Eligibility and contributions

Participants are eligible to participate in the Plan immediately upon hire and are automatically enrolled in the Plan at 3% of the employee's eligible compensation. The participant's deferral percentage will automatically increase by 1% per year, up to a maximum of 10% of eligible compensation. Employees may elect a different percentage or elect not to participate in the Plan.

In general, substantially all employees may elect to contribute pre-tax and after-tax contributions up to 75% of their annual compensation, as defined in the *Plan Document*. Participants may also contribute amounts representing distributions from other qualified plans.

The Company may make discretionary match contributions. The Company determines its match program on an annual basis. The Company may also make non-elective contributions as described in the *Plan Document*. Certain classifications of employees are excluded from the Company's discretionary match and non-elective contributions. Contributions are subject to certain Internal Revenue Code ("IRC") limitations. For the year ended December 31, 2022, non-elective contributions were \$1,354,605.

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 1 - Description of Plan (Continued)Participant accounts

Each participant's account is credited with the participant's contribution, an allocation of the employer matching and non-elective contributions, if any, Plan earnings/losses and expenses. Allocations are based on participant earnings or account balances as defined in the *Plan Document*. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants direct the investment of their account balances in any of several investment options. Participants can change their investment allocation among the various investment options either through direct transfers from one fund to another or by changing the percentage of future contributions allocated among the investment options.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years and may be increased up to 20 years for the purchase of a primary residence. The notes are collateralized by the vested balance in the participant's account and bear interest at a rate as determined by the *Plan Document*. Principal and interest are paid ratably through biweekly payroll deductions.

Vesting

Participants are immediately vested in their contributions, rollovers, and employer matching contributions, plus actual earnings thereon. Vesting in the employer non-elective contributions is based on years of continuous service according to the following schedule:

Year(s) of Service	Vesting Percentage
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

In addition, the participants shall be fully vested in their matching and discretionary employer contributions upon the attainment of age 65, disability as defined in the agreement, death or the partial or complete termination of the Plan.

Forfeited balances of terminated participants' nonvested accounts are used, at the discretion of the Company, to reduce the employer contributions to the Plan and/or to pay operating expenses of the Plan for the current and succeeding years. Forfeitures of \$40,216 were used to reduce employer contributions and pay operating expenses during 2022. Total forfeitures available for use by the Plan totaled approximately \$43,543 and \$72,692 as of December 31, 2022 and 2021, respectively.

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 1 - Description of Plan (Continued)Benefit payments

On termination of employment due to death, disability or retirement, a participant ordinarily receives a lump-sum amount equal to the value of the vested interest in his or her account, unless the participant elects an optional form, which includes annuity contracts and installment payments over a period chosen by the participant but not to exceed the participant's life expectancy or the joint life expectancy of the participant and his or her designated beneficiary. Hardship withdrawals may also be granted in accordance with the guidelines of the IRC.

Upon termination, if the value of the participant's account balance is less than \$1,000, the payment will be made in cash in a single lump-sum distribution without a participant's consent. If the value of the participant's account balance is more than \$1,000 but less than \$5,000 and the participant does not consent to a lump-sum distribution, the account balance will be distributed to an individual retirement account for the benefit of the participant. Any taxable distribution paid by the Trustee directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Administrative expenses

Certain expenses incurred in administering the Plan are paid by the Company or paid by the Plan through the reduction of assets.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan in whole or in part at any time, subject to the provisions of ERISA. In the event of Plan termination, the net assets would be allocated among the participants of the Plan in accordance with the provisions of the Plan.

Note 2 - Summary of Significant Accounting PoliciesBasis of accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to use estimates and assumptions that may affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 2 - Summary of Significant Accounting Policies (Continued)Investment valuation and income recognition

The Plan's investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 3). The guaranteed income fund is fully benefit-responsive and is valued at contract value, as provided by EAIC (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividend income is recorded as of the ex-dividend date.

Determination of realized and unrealized gain or loss on investments

Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statement of changes in net assets available for benefits.

Financial instruments and credit risk

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits. Plan participants bear the risk of any investment losses.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivables from participants are recorded as distributions, based upon terms of the *Plan Document*, upon liquidation of their account balance.

Benefit payments

Benefit payments are recorded when paid.

Subsequent events

The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued and determined that there were no subsequent events to be disclosed.

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy in accordance with the fair value standard which establishes a hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 - quoted prices in active markets for identical assets or liabilities;
- Level 2 - inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds - valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 20,980,010	\$ -	\$ -	\$ 20,980,010
Investments at fair value	\$ 20,980,010	\$ -	\$ -	\$ 20,980,010

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 3 - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 41,556,656	\$ -	\$ -	\$ 41,556,656
Investments at fair value	\$ 41,556,656	\$ -	\$ -	\$ 41,556,656

Note 4 - Guaranteed Income Fund

The Plan invests in a fully benefit-responsive investment contract with EAIC, recorded at contract value in the statements of net assets available for benefits. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Contract value is also often referred to as book value.

The guaranteed income fund offers a full guarantee of principal and accumulated interest. Interest rates are declared in advance and guaranteed for six-month periods. The fund invests in a broadly diversified, fixed-income portfolio within EAIC's general account.

The general account is invested in publicly traded and privately placed debt securities and mortgage loans, and, to a lesser extent, real estate and other equity investments. The overall credit quality of the portfolio is investment grade and the exposure to high yield assets is limited to ten percent. In most circumstances, participants may not directly transfer amounts from guaranteed income fund to a competing fund. A transfer out of this investment must be directed to and remain in a non-competing fund for a period of 90 days before it can be invested in a competing fund. Participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes.

Generally, there are no events that could limit the ability of the Plan to transact at contract value or allow EAIC to terminate the contract at an amount other than contract value.

Note 5 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2022 and 2021, and net depreciation in value of investments and interest and dividends for the year ended December 31, 2022, was obtained by the Company and agreed to or derived from information certified as complete and accurate by EAICA, PRAIC, and Prudential.

Note 6 - Parties-in-Interest

Certain Plan assets are managed by the EAICA and, therefore, qualify as party-in-interest transactions.

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 6 - Parties-in-Interest (Continued)

Fees paid to a company for administrative expenses were \$21,912 for the year ended December 31, 2022. Fees paid to a company for investment consulting services were \$20,951 for the year ended December 31, 2022, respectively.

Note 7 - Tax Status

The prototype plan, adopted by the Company, received its latest opinion letter dated April 29, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and was tax-exempt as of December 31, 2022.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2022	2021
Net assets available for benefits per the financial statements	\$ 27,022,760	\$ 48,742,242
Participant contributions receivable	(157,098)	(109,849)
Employer contributions receivable	(147,799)	(119,797)
Other	(2)	-
Net assets per Form 5500	<u>\$ 26,717,861</u>	<u>\$ 48,512,596</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income per Form 5500 for the year and period ended December 31, 2022:

Net increase in assets available for benefits per the financial statements	\$ 5,709,909
Change in participant contributions receivable	(47,249)
Change in employer contributions receivable	(28,002)
Other	<u>(2)</u>
Net loss per Form 5500	<u>\$ 5,634,656</u>

Akastor U.S. Companies 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 9 - Transfer of Assets Out of This Plan

During 2022, the Plan transferred \$27,868,283 in assets to a qualified plan. This is related to the removal of Philly Shipyard, Inc. as a participating employer in the Plan in 2022.
