Independent Auditor's Report

To the Participants and Administrator of
GLOCK, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of GLOCK, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of the Plan, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GLOCK, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

Note 1: Description of Plan

The following description of GLOCK, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan, effective January 1, 1995, covering substantially all employees, except union employees subject to collective bargaining agreements and nonresident aliens, of GLOCK, Inc. (the Plan Sponsor or the Company). In order to participate in the elective deferral portion of the Plan, employees must be at least 18 years of age and have completed three months of consecutive service with the Company. Employees are permitted to enter the Plan on the date the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan includes a provision under Internal Revenue Code (IRC) Section 401(k) whereby participants may deposit the maximum amount of pre-tax or Roth contributions allowed under the IRC. Additionally, employees who have attained age 50 are eligible to deposit catch-up contributions in accordance with and subject to limitations under the IRC.

The Plan Sponsor may match, subject to limitations under the IRC, a portion of each participant's pre-tax or Roth contributions. The participant is eligible to participate in the matching contribution portion of the Plan after they have reached 18 years of age and completed one year of service, defined as at least 1,000 hours of service during the first 12 months of employment. If the 1,000-hour requirement is not met, the computation period shifts to the Plan Year. The amount of the matching contribution, if any, is determined by the Plan Sponsor each pay period. During 2023, the Plan Sponsor elected to match 50% of each participant's pre-tax or Roth contributions up to a maximum of 6% of each participant's compensation. Such matching contributions totaled \$586,613 in 2023. There are no requirements to share in the matching contribution.

In addition to any matching contributions, the Plan Sponsor may deposit discretionary profit sharing contributions to all eligible participants. The participant is eligible to participate in the profit sharing portion of the Plan after they have reached 18 years of age and completed one year of service, defined as at least 1,000 hours of service during the first 12 months of employment. If the 1,000-hour requirement is not met, the computation period shifts to the Plan Year. Participants must be employed on the last day of the Plan Year to share in the allocation of such contributions, which are subject to limitations under the IRC and allocated to employees based on each participant's compensation and classification. Participants not actively employed at the end of the plan year who have completed 500 hours or participants who are not employed due to death, total or permanent disability, or normal retirement will also qualify for profit sharing contributions. There was no discretionary profit sharing contribution made in 2023.

At the discretion of the plan administrator, employees may deposit rollover contributions from another qualified plan and rollover contributions may be made even though an employee is not eligible to participate in the Plan. Rollover contributions are placed in a separate account and are subject to the rules for investment established by the plan administrator.

Administration

The Company serves as the plan administrator. The plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, among other things, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions, which may affect eligibility for benefits. The Company has engaged Retirement Plan Administrators, LLC (RPA), a third-party administrator, to assist in the administration of the Plan. Three employees/officers of the Plan Sponsor serve as trustees of the Plan.

John Hancock Life Insurance Company (John Hancock) is the designated custodian of the Plan. John Hancock receives all contributions made under the Plan, holds plan assets, pays benefits as directed by the plan administrator and assists in the administration of the Plan. John Hancock serves as the intermediary for all asset purchases and redemptions. Additionally, John Hancock manages certain investment options of the Plan (see Note 6).

Expenses

Administrative expenses of the Plan are liabilities of the Plan but may be paid by the Company. These expenses include, but are not limited to, legal, accounting and recordkeeping fees, and investment expenses. For administrative expenses not paid by the Company, a proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Participant Accounts

Each participant account is credited with pre-tax contributions made by the participant and the participant's portion of the Plan Sponsor's matching and discretionary contributions and plan earnings. Earnings, expenses, and gains and losses on investments are allocated based on participant account balances, as defined in the plan document.

Vesting

Participants are immediately vested in the Plan Sponsor's qualified non-elective contributions and income earned thereon. Participants' vesting in the Plan Sponsor's matching and discretionary profit-sharing contributions and income earned thereon is based on years of service during which an employee completes at least 1,000 hours of service during the Plan year with the Plan Sponsor. The vesting percentages are as follows:

Years of Service	Percentage
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants also become 100% vested upon termination of the Plan, on reaching the normal retirement age of 59½, or upon disability or death while an employee of the Plan Sponsor.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments totaling 100% among various investment options, including certain options for which the custodian or its affiliates serve as investment advisors (see Note 6), selected by the plan administrator.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are limited to one outstanding note at a time, secured by the participant's account balance and payable in level periodic payroll deductions over a period not to exceed five years. Notes receivable from participants used for financing the purchase of a participant's principal residence may be repaid over a period not to exceed thirty years. The interest rate on notes receivable from participants is determined by the plan administrator based on prevailing rates at the time of the note. Interest rates on notes receivable from participants ranged from 5.25% to 10.50% as of December 31, 2023. Principal and interest are paid ratably through biweekly payroll deductions. Related fees are recorded as administrative fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent participant loans are recorded as distributions on the basis of the terms of the plan document.

Withdrawals

A participant may withdraw up to 100% of pre-tax contributions, employer matching contributions, profit sharing, and rollover accounts in the event of a participant's heavy and immediate financial hardship, as defined in the plan document. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant. If a participant receives a hardship withdrawal, the right to make pre-tax contributions will be suspended for six months.

The plan administrator may be required by law to recognize obligations the participant incurs as a result of court-ordered support or alimony payments. The plan administrator must honor a qualified domestic relations order (QDRO). If a QDRO is received by the plan administrator, all or a portion of the participant's account balance may be used to satisfy the obligation.

Upon normal retirement, disability, or death, a participant or beneficiary may receive the value of the account through a lump sum distribution. In-service withdrawals of all or a portion of a participant's rollover account may be made at any time and, under certain circumstances, after reaching age 59½.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, death or disability, may receive the value of their vested account through a lump sum distribution or rollover. In general, if the participant's account balance, as defined in the plan document, is greater than \$5,000 (the involuntary cash-out amount), the account may not be distributed without the participant's consent. However, regardless of participant election as to payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is less than the involuntary cash-out amount.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties unless the distribution is transferred to another qualified plan or individual retirement account.

Forfeitures

Non-vested account balances of terminated employees are forfeited upon the complete distribution of the vested portion of their account, subject to the possibility of reinstatement before the end of five consecutive breaks in service, as defined in the plan document. Forfeitures of terminated employees' non-vested accounts from Plan Sponsor contributions will be used to reduce future Plan Sponsor contributions, as defined in the plan document. Forfeitures of terminated employees' non-vested accounts totaled \$11,649 and \$8,067 in 2023 and 2022, respectively. As of December 31, 2023 and 2022, the Plan had an unused forfeiture balance of \$1,377 and \$2,279, respectively, to be used to reduce future Plan Sponsor contributions. The Plan Sponsor applied \$12,550 of forfeitures against Plan Sponsor contributions for the year ended December 31, 2023.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates in Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include cash and highly liquid investments, excluding such investments held in pooled separate accounts, that are readily convertible into cash and have maturities of ninety days or less when purchased.

Payment of Benefits

Benefit payments are recorded when paid by the Plan.

Risks and Uncertainties

The Plan's invested assets ultimately consist of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Note 3: Information Certified by Custodian (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock, except for comparing such information to information included in the Plan's financial statements:

	2023	2022
Statements of net assets available for benefits:		
Investments:		
Pooled separate accounts	\$ 19,732,654	\$ 16,962,415
Cash and cash equivalents	1,377	2,279
Statement of changes in net assets available for benefits:		
Investment income:		
Net appreciation in fair value of investments	\$ 3,005,798	

Note 4: Fair Value Measurements

Accounting standards for fair value measurement establish a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no material changes in the methodologies used at December 31, 2023 and 2022.

- Cash and cash equivalents carrying value approximates fair value.
- Investments in the pooled separate accounts are valued at net asset value (NAV). The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying assets owned by the group annuity contract, minus any liabilities, and then divided by the number of shares outstanding. This practical expedient would not be used if it is determined to be probable that the investment will sell for an amount different from the reported NAV.

Net appreciation in the fair value of investments represents the change in fair value during the year, including realized and unrealized gains and losses, net of investment expenses charged by John Hancock.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts (a)	\$ -	\$ -	\$ -	\$ 19,732,654
Cash and cash equivalents	<u>1,377</u>	<u>-</u>	<u>-</u>	<u>1,377</u>
Total assets at fair value	<u>\$ 1,377</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 19,734,031</u>

Assets at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts (a)	\$ -	\$ -	\$ -	\$ 1,692,415
Cash and cash equivalents	<u>2,279</u>	<u>-</u>	<u>-</u>	<u>2,279</u>
Total assets at fair value	<u>\$ 2,279</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,694,694</u>

- (a) In accordance with Subtopic 820-10, these investments were measured at net asset value per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statement of net assets available for benefits.

Note 5: Income Tax Status

The Plan Sponsor has entered into a non-standardized adoption agreement of the *Retirement Plan Administrators, LLC Prototype Standardized Cash or Deferred Profit Sharing Plan* (the prototype plan) sponsored by RPA. The prototype plan received a favorable opinion letter from the IRS dated March 31, 2014, which stated that the prototype plan and related trust were designed in accordance with the applicable sections of the IRC.

The Plan has not received an individual determination letter and has since been amended; however, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and that the Plan was qualified and that the related trust is tax-exempt as of December 31, 2023.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 6: Party-in-Interest Transactions

John Hancock performs services for, sells products to, and manages and maintains certain investments of the Plan for which fees are charged to the Plan. While the Plan Sponsor pays most of the fees, an insignificant portion is paid by the Plan (see Note 1).

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7: Excess Contributions Payable

During 2023 and 2022, the Plan was not in compliance with IRC Section 401(k). As a result, excess contributions totaling \$19,395 and \$13,397 were payable to certain participants at December 31, 2023 and 2022, respectively. Such amounts were deducted from participant contributions in the accompanying statement of changes in net assets available for benefits and are included in excess contributions payable in the statements of net assets available for benefits.

Note 8: Prohibited Transactions

During 2022, the Plan Sponsor deducted, via payroll withholding, an aggregate of \$37,010 from participants' gross wages that were not remitted in a timely manner to the Plan in accordance with DOL regulations. The Plan Sponsor made a restoration contribution to restore lost earnings for the 2022 late remittances in 2023.

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 10: Subsequent Events

The Plan Sponsor has evaluated for subsequent events between the date of the statement of net assets available for benefits as of December 31, 2023, and the report date, which is the date these financial statements were available for issuance. Management has concluded there were no subsequent events requiring recognition or disclosure in the financial statements.
