Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☐ Unmodified (2) ☐ Qualified (3) ☒ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **RSM US LLP**

(2) EIN: **42-0714325**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditor's Report

Audit Committee and Plan Participants
Buckingham Browne and Nichols School DC Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Buckingham Browne and Nichols School DC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 6 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Emphasis of Matter—Investments

As discussed in Note 4, the financial statements include one investment representing 18% and 19% of total assets as of December 31, 2023 and 2022, respectively, whose fair value has been estimated using unobservable inputs in the absence of readily ascertainable fair values. Our disclaimer of opinion is not modified with respect to this matter.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to, and we do not express an opinion on the supplemental schedule referred to above.

Buckingham Browne and Nichols School DC Retirement Plan

Notes to the Financial Statements

Note 1. Description of the Plan

The following description of Buckingham Browne and Nichols School DC Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a complete description of the Plan's provisions.

General and eligibility: The Plan operates under the provisions of the Internal Revenue Code (the Code) Section 403(b), and it is funded with annuity contracts and custodial accounts that comply with that Section. The Plan is a defined contribution plan covering all employees of Buckingham Browne and Nichols School (the Employer), except employees who normally work less than 20 hours a week (1,000 hours a year). Eligible employees can participate in the Plan and choose to have elective deferrals and receive employer contributions immediately upon hire (Participants). The Plan was established in 1976, and was most recently restated effective June 1, 2022, to comply with the requirements of Code Section 403(b). The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974. All investments are participant directed.

Contributions: Participants may elect to defer up to 100% of their pretax eligible compensation, as defined by the Plan, however, the amount may not exceed limits established by the Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Each year, the Employer makes a contribution to the Plan in the amount of 8% of a participant's eligible compensation, as defined by the Plan. Participants are also required to complete the necessary enrollment forms and return them to the employer to be eligible to receive an employer contribution. Each pay period, the Employer will match contributions in an amount equal to 100% of the amount contributed by a participant to the Plan, up to a maximum of 2% of the participant's eligible compensation, as defined by the Plan, and subject to limits established by the Code. In order to receive an employer matching contribution, a participant must defer at least 2% of his or her eligible compensation. The Employer may make a supplemental employer contribution to the Plan. Any supplemental employer contribution will be made to qualifying participants in an equal flat-dollar amount, determined by the Employer. There were no supplemental employer contributions for the year ended December 31, 2023.

Participant accounts: Each participant's account is credited with participant contributions, employer contributions, employer matching contributions, individual investment earnings and an allocation of the supplemental employer contribution, if any, and charged with an allocation of administrative expenses and plan servicing credits, if any. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a Participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in participant, rollover, employer and employer matching contributions, plus actual earnings thereon. Participants hired after June 1, 2022, are subject to a special vesting rule through which participants will forfeit all employer contributions if the participant terminates employment prior to 15 months of employment, and has a break in service.

Investment options: Participants direct their investments into various investment options offered by the Plan, as more fully described in the Plan's literature. Participants may change their allocation on a daily basis.

Notes to the Financial Statements

Note 1. Description of the Plan (Continued)

Payment of benefits: A Participant may receive the balance from his or her account upon the earliest of the following events: termination of service, death, attainment of age 59½, or termination of the Plan. Participants may withdraw from their rollover balance at any time. Participants who become eligible for a Qualified Reservist Distribution may take a distribution from their participant contribution balance. Participants may elect to receive their benefit payments in a lump sum, partial payment, installment payment, or towards the purchase of an annuity contract, as allowed under the applicable funding vehicle. Hardship withdrawals are permitted for certain financial hardships from their participant contribution balance.

Notes receivable from participants: Subsequent to June 1, 2019, all new loans will be participant loans and will be funded directly from participant account balances. Participants may borrow a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms are up to five years (or longer for the purchase of a primary residence) and a participant cannot have more than three outstanding loans at any one time. The loans are secured by the vested balance in the participant's account, and bear a reasonable rate of interest established by the plan administrator. These participant loans are included in notes receivable from participants in the statements of net assets available for benefits. Loans outstanding as of December 31, 2023, bear interest at rates ranging from 4.25% to 9.50% and mature through November 2028.

Plan loans: Through June 1, 2019, Participants were allowed to take plan loans directly from the Teachers Insurance and Annuity Association (TIAA) secured by the participant's balance in the TIAA Traditional Annuity (fixed annuity contract). Plan loans follow the same requirements as notes receivable from participants, however, Participants must transfer an amount equal to 110% of their outstanding loan balances from their fund accounts to the TIAA Traditional Annuity to be held as collateral for the loans. This collateral remains invested in the Plan. In the event of default, such loans are reportable to the Participants as taxable income, but remain outstanding and continue to accrue interest until repaid by the Participant or the Participant becomes eligible to receive a distribution under the terms of the Plan. Principal and interest is paid through monthly or quarterly payments made directly to TIAA by Participants. The plan administrator has concluded that these loans are not plan assets, and that such arrangements are exempt transactions.

The balances of outstanding plan loans as of December 31, 2023 and 2022, are \$52,617 and \$82,032, respectively. Under the borrowing terms, \$57,879 and \$90,235 of plan assets serve as collateral to these loans. The loans bear interest at rates ranging from 4.00% to 5.89%, which are commensurate with local prevailing rates at date of loan inception, as determined periodically by TIAA, and mature through August 2024. During the year ended December 31, 2023, no new loans went in default. As of December 31, 2023 and 2022, loans in default amount to \$50,495 and \$48,140, respectively, including principal and accrued interest.

Plan administration: Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee received compensation from the Plan. The Employer is the plan administrator, and has the authority to appoint person(s) or entities to carry out the operation of the Plan (Plan Administrator).

Buckingham Browne and Nichols School DC Retirement Plan

Notes to the Financial Statements

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (U.S. GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to U.S. GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (FASB ASC). The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts: Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits: Benefit payments are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Employer, and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. Certain investments charge an annual plan servicing fee that is deducted from the participant's accounts on a quarterly basis. Fees related to the administration of notes receivable from Participants are charged directly to the participant's account, and are included in administrative expenses.

Plan servicing credits are credits received from TIAA, which represent excess revenue generated that is returned to the Plan by TIAA. These funds may be used to pay reasonable and necessary expenses for the Plan, and can also be used to provide plan servicing credits to participants. During the year ended December 31, 2023, the Plan received \$77,033 in plan servicing credits, which are included in other income in the statement of changes in net assets available for benefits, recognized net appreciation in the fair value of \$7,675 and used \$44,110 to pay plan expenses. As of December 31, 2023 and 2022, plan servicing credits totaled \$170,065 and \$129,467, respectively. The remaining balance as of December 31, 2023, will be used to pay expenses or be allocated to participants in accordance with the terms of the agreement.

Buckingham Browne and Nichols School DC Retirement Plan

Notes to the Financial Statements

Note 2. Significant Accounting Policies (Continued)

Income taxes: U.S. GAAP requires plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by federal, state or local tax authorities for three years following the date filed.

Note 3. Information Certified and Provided by TIAA and CREF

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by TIAA and College Retirement Equities Fund (CREF), as issuer of the variable rate annuities, the insurance investment contracts and the pooled separate account, and as agent for TIAA, FSB, the custodian of the mutual funds, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from TIAA and CREF that the information provided to the Plan Administrator by TIAA and CREF related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets:

	2023	2022
Investments certified by TIAA and CREF as issuer:		
Investments at fair value:		
Variable rate annuities	\$ 53,449,668	\$ 47,647,658

Notes receivable from participants	<u>\$ 281,595</u>	<u>\$ 204,058</u>

* Investments certified at contract value, which approximates fair value.

TIAA and CREF also certified to the completeness and accuracy of \$15,428,565 of net appreciation in the fair value of investments and \$1,348,309 of interest and dividends related to the aforementioned assets, \$10,348 of interest income on notes receivable from participants and \$77,033 of other income for the year ended December 31, 2023.

Notes to the Financial Statements

Note 4. Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual funds: The fair value of the mutual funds offered by TIAA-CREF are determined based on the daily unit value published on NASDAQ. These funds are not traded on this exchange. The value of the unit holder's investment rises and falls with the returns on the underlying assets in the fund. The other mutual funds are valued based on quoted market prices of the funds, when available.

Variable rate annuities: CREF variable rate annuities are valued at the daily unit value published on NASDAQ. The funds are not traded on this exchange. TIAA Access variable rate annuities unit values are valued at net asset value (NAV) per unit, based on the underlying investments, which are generally valued using market quotations obtained from independent pricing services. The NAV is used as a practical expedient to estimate fair value. The value of the unit holder's investment rises and falls with the returns on the underlying assets in the fund.

Pooled separate account: TIAA offers the Real Estate Account (REA), which is a separate account of TIAA. This account is a variable account similar to CREF variable accounts; as such, returns are not guaranteed, and its accumulations and returns fluctuate based on performance of the underlying investments. The REA reflects a structure similar to mutual funds, and have a readily determinable fair value as published on NASDAQ each day that current transactions are recorded. The fund is not traded on this exchange.

Notes to the Financial Statements

Note 4. Fair Value Measurements (Continued)

Non-benefit responsive insurance investment contracts: Non-benefit responsive insurance investment contracts are reported at contract value, which approximates fair value (see Note 5). This determination is based on TIAA and CREF's credit rating and yield during 2023 and 2022 being comparable to similar alternative investments and the interest rate, which re-sets quarterly being comparable to a 10-year treasury bond.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no transfers in or out of Level 3.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

		December 31, 2023			
		Level 1	Level 2	Level 3	Total

(a) In accordance with FASB ASC 820-10, certain investments that are measured at fair value using NAV per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is based on NAV per share as of December 31, 2023 and 2022, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

	2023	2022	Unfunded Commitments	Redemption Frequency	Notice Period
Investments:					
Variable rate annuities	<u>\$ 3,719,581</u>	<u>\$ 3,402,404</u>	<u>\$ -</u>	Daily	90 days

The following table represents the Plan's Level 3 investments, the valuation techniques used to measure fair value of those investments and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2023 and 2022:

2023				
Instrument	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
Insurance investment contracts:				
TIAA Traditional Annuity: Non-benefit responsive	<u>\$ 22,476,821</u>	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	4.00%-6.75%
2022				
Instrument	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
Insurance investment contracts:				
TIAA Traditional Annuity: Non-benefit responsive	<u>\$ 21,675,727</u>	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	3.70%-6.25%

Note 5. Insurance Investment Contracts with TIAA and CREF

The Plan has insurance investment contracts with TIAA and CREF. Under these contracts are sub-contracts, some of which are fully benefit-responsive, while others are not. Contracts are determined to be non-benefit responsive due to the restrictions on withdrawals from the contract. TIAA and CREF maintains the contributions held under the TIAA Traditional Annuity contract in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the insurance investment contract buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited.

For insurance investment contracts that are fully-benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value, as reported to the Plan by TIAA and CREF. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Notes to the Financial Statements

Note 5. Insurance Investment Contracts with TIAA and CREF (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3.00%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Employer or other Employer events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

For insurance investment contracts that are non-benefit responsive, fair value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the guaranteed investment contract. Investment contracts that are non-benefit responsive are included in the financial statements at contract value, which approximates fair value as reported by TIAA and CREF. Average yields for non-benefit responsive investment contracts for the year ended December 31, 2023 are as follows:

	2023	2022
Average yields:		
Non-benefit responsive:		
TIAA Traditional Annuity:		
Based on actual earnings	4.72%	4.13%
Based on interest rate credited to participants	6.25%	5.68%

Note 6. Excluded Contracts

The Plan Administrator may have excluded from investments certain annuity and custodial accounts that may have been issued to current and former employees without the Plan Administrator's knowledge prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the statement of changes in net assets available for benefits. U.S. GAAP requires that these accounts and the related income and distributions be included in the accompanying financial statements. The Plan Administrator is not able to determine the amount of these excluded annuity and custodial accounts and the related income and distributions because records relating to these are not available or do not exist.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, benefits will be provided as if all participants were then eligible for retirement.

Notes to the Financial Statements

Note 8. Transactions with Parties in Interest

The Employer provides to the Plan certain accounting and administrative services for which no fees are charged. The employees that provide these services also are participants in the Plan. These transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. However, under the provisions of ERISA, these transactions meet the criteria for exemption, are not considered prohibited transactions and do not need to be reported in the supplementary schedules of Form 5500.

The Plan invests in investments that are managed by TIAA and CREF. TIAA and CREF acts as custodians for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 9. Tax Status

The Plan has adopted a volume submitter plan sponsored by TIAA. The volume submitter plan has received an advisory letter dated August 7, 2017, from the Internal Revenue Service, as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Code.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Approximately 18% and 19% of the Plan's investments are held in an account with TIAA and CREF, the TIAA Traditional Annuity, as of December 31, 2023 and 2022, respectively. Approximately 20% of the Plan's investments are held in an account with TIAA-CREF, the CREF Stock R2, as of December 31, 2023 and 2022. As such, these are considered to be a concentration of credit risk.

U.S. GAAP requires the financial statements to present the fair value of investments. The investments in non-benefit responsive investment contracts outlined in Note 5 have been presented at contract value, which approximates fair value, as reported to the Plan by TIAA and CREF. This determination is based on TIAA and CREF's credit rating and yield during 2023 and 2022 being comparable to similar alternative investments, and the interest rate, which re-sets quarterly being comparable to a 10-year treasury bond. In subsequent periods, if market conditions change, such as the insurance company credit rating or interest rate environment, the difference between contract value and fair value could become significant.
